This insures you perfectly fresh and wholesome goods at prices that we guarantee to be as low as they can be bought in any market.
Respectfully,
POWELL & SNIDER,
Cor. Patton Avenue and Main Street.

THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN TO-DAY.
TERRIBLE FLOODS IN NEW YORK STATE.
RAILWAYS BLOCKADED AND THE TRACK CARRIED AWAY.
WATERBURY, N. Y., Sept. 13.—The rain which has fallen in torrents almost continually for five days past has swollen every stream in this section to spring freshet height and to-day the effects are seriously felt, hereabouts by an almost complete tying up of the Rome, Watertown and Ogdensburg railway and its branches, and the destruction of mills and farm property.
A big washout occurred on the Rome, Watertown and Ogdensburg between Mansfield and Pierpont, in this county, last night, the flood carrying away the track for about thirty feet and making a deep channel across the line.
A new iron bridge which had just been completed at Centerville, one mile west of Richland on the Rome branch, was also carried away during the night.
This morning one of the stone abutments was washed away and the other will go now.
Near Deer river, west of Carthage on the Utica and Black river division, there is another washout, but this will be repaired within a few hours.
The present direct railway and mail communication from northern New York is shut off.
At Copenhagen, Lewis Campbell's shops were tipped over by the flood.
THE SUGAR SCHEDULE.
House Committee Considering the Senate Tariff Bill Amendments.
WASHINGTON, Sept. 13.—The ways and means committee this morning began formal consideration of the senate amendments to the tariff bill and made excellent progress. By noon, when adjournment was had, all of the dutiable schedules had been acted upon, leaving the free list yet to be considered. In the case of each amendment non-concurrence was recommended where a reduction of the existing duties was proposed. Democratic members moved concurrence, but otherwise they contented themselves with a simple negative vote on each proposition.
The Louisiana delegation, Representatives Rice, Coleman, Blanchard, Boatner and Wilkinson, were admitted to the room when the sugar schedule was under consideration and united in a strong objection to the date (March) in next when it is proposed that the changes made in that schedule should take effect. They represented that the effect of adherence to that date would be ruinous to the planters who would then have incurred the loss of their crops and who would be compelled to sell them in a market brought down in price by free sugar. They proposed an extension of time to July 1, or, failing in that, asked that the new rates take effect immediately upon approval of the bill. The committee declined to do so, but recommended non-concurrence in the senate amendments to the sugar schedule.
There is little doubt that consideration of the bill in committee will be concluded Monday and then some arrangements will be proposed to bring it before the house.
FEEL IS FEEL.
It's Rule and Nothing Else With Him.
WASHINGTON, Sept. 13.—In the house to-day the approval of the journal of Tuesday's proceedings, was the first question presented and the clerk proceeded to call the roll on this question. The journal was approved, yes 157, nays none, the clerk then called a quorum. Every one present and not joined, voted in the affirmative. The clerk then proceeded to the reading of the journal of Wednesday's proceedings, which Mr. O'Ferrill, of Virginia, demanded should be read in full.
Speaker Reed suggested that this would tend only to consume time which had been assigned to Mr. Beck's colloquies. Mr. O'Ferrill retorted that he was aware of what he was doing; he was responsible to his constituents and not to the speaker. The speaker suggested that the gentleman was responsible to the country. Mr. O'Ferrill expressed his readiness to take all the responsibility that attached to him.
Mexicans Under Water.
St. Louis, Sept. 13.—Dispatches from Texas say that the Rio Grande river at Eagle Pass is higher than it has been for ten years. All the lower part of the city, which is densely populated by Mexicans, is six feet under water and much property was swept away, but no lives lost.
The Baltimore's Quick Run.
STOCKHOLM, Sept. 13.—The United States man-of-war Baltimore, with the body of Capt. Ericsson on board, arrived here last evening. She made the run from New York to Gothensburg within seventeen days, which is the fastest time on record for a man-of-war.
OUT ON THE FARM.
There is a report from the country that a new and voracious bug is playing havoc with the rice. Mr. Hiram Hunt says it stays in the ground at night and comes up in the morning and cuts off the heads. His crop of thirty acres has been almost ruined.—Goldboro Dispatch.
A gentleman of long experience in the care and treatment of bees informs us that if one of his swarms happens to lose its queen he catches a wasp and puts it in the hive. The bees seem to recognize it as a "boss" and at once go to work.—Madison Leader.
The farmers' alliance of Union county will have an alliance picnic in Monroe, October 3. The object of the picnic is that the farmers may all meet and have a day of recreation and rejoicing over the fine crops.
Francis M. Miller wants to gin at Waco (Cleveland county) cotton for the 25th part, to insure all cotton free while at his gin and furnish new bagging and ties for seventy-five cents per bale.
The Tarboro Banner says that most, if not all, the cotton coming to that market is covered with jute bagging.

MISCELLANEOUS.
TO BE REVIVED.
A Meeting of the Y. M. D. C. to be Held Tuesday Night.
Mr. H. B. Carter, president of the Young Men's Democratic Club, will issue a call for a meeting of that club to be held Tuesday night. The call will appear Monday. The club was one of the strongest in the state during the campaign of 1888 and much good is expected from it this year.
FOUR INCHES OF SNOW!
THE MERCURY GOES BELOW FREEZING.
This seems unlikely, but Mr. [Name] says the signal service at Washington—Damages to Crops—Tobacco Men Warned.
St. Paul, Sept. 13.—Snow has fallen in North Dakota, Montana, Northwestern Minnesota and Manitoba from a quarter of an inch to several inches.
An inch fell at St. Vincent, Minn.; two inches at Dakota, N. D.; four inches at Ardeck, N. D.; four or five inches at Hallock, Minn.; and the ground was generally spread with a wintry white mantle.
In some quarters cold rains quickly disposed of the snow, and the snow and rain combined have done some little damage to wheat that is still in the shock. Snow-capped shocks are reported around Hallock and Warren, Minn., as well as at other places. While the snow has been limited the wave extended over both Dakota and Minnesota and is working its way into Iowa. Most of the crops are too far advanced to be much damaged.
ARPOCK, N. D., Sept. 13.—Snow lies four inches on the ground here. Threshing is delayed at least a week.
WASHINGTON, Sept. 13.—Special weather bulletin from the signal office reads as follows:
Signal service reports of yesterday and this morning show the advance from the northwest over Dakota, Nova Scotia, Iowa, Kansas, northern Texas, Missouri and northern Illinois, of a severe cold wave which has produced unprecedented low temperatures and unusually early frosts throughout these sections. Following are some of the minimum temperatures below freezing:
Wichita, Kan., 3 below
Davenport, Ia., " " "
Keokuk, Ia., " " "
Chicago, Ill., " " "
Springfield, Mo., " " "
Killing frosts were reported this morning from central and northwestern Iowa, from two weeks to three days earlier than ever before. Light frosts were reported from other portions of Iowa, Nebraska and from Northern Kentucky. The frost warnings were sent yesterday to Northwestern Iowa and Dakota and this morning were issued from the Cranberry and tobacco districts of Wisconsin and the tobacco districts of Missouri, Western Kentucky and Northwestern Tennessee.
MONEY STRINGENCY.
Windom Calls a Meeting of New York Bankers.
CRENSHAW SPRINGS, Pa., Sept. 13.—The president declared nearly two hours of yesterday afternoon to telegraphic conference with Secretary Windom, at Windimstown, Mass., as to the best means of relieving the present stringency in the money market.
One of the results of the conference was an order for the prepayment of interest aggregating \$5,000,000 in currency, six and for an advance of the purchase rate for 4 per cent bonds to 125.
NEW YORK, Sept. 13.—Secretary Windom arrived at the sub-treasury to-day and notices were at once sent out to twenty bankers to attend the conference on exchange views on the financial situation.
Entangling Randall.
WASHINGTON, Sept. 13.—In the senate to-day as soon as the journal of yesterday was read senator Quay offered the usual resolutions of sorrow and condolence in regard to the death of Samuel J. Randall and proceeded to address the senate.
The Wyoming Election.
CHEYENNE, Sept. 13.—The republicans now claim the state by 2,000 majority. The democrats concede it by 1,200. The republicans carry the legislature and will have a working majority in both branches.
Cotton Supply.
NEW YORK, Sept. 13.—Total visible supply of cotton for the world, 1,111,601 bales, of which 586,901 is American, against 856,987 and 500,187 respectively last year 713,736; receipts at all interior points, 130,907.
OBITUARY.
Lester Ferguson, age 21 years, of Shannon township, died recently of typhoid fever, after an illness of seventeen days.
A telegram received in this office by Mr. W. K. Phillips conveys the intelligence of the death of his uncle, Mr. D. F. Massey, of Princeton.—Goldboro Dispatch.
News was received in Charlotte Saturday of the sudden death of Rev. S. Ward Johnson, son of Rev. Dr. Johnson, of Bible Institute, which occurred Saturday evening in Pittsburg, Pennsylvania, of typhoid fever. Mr. Johnson was to be married this week, and he and his intended bride had made every arrangement for their wedding, which was to be on the 1st of October.
CHURCH AND CLERGY.
The outlook for the Presbyterian church at LaGrange, N. C., is quite encouraging. Building will soon commence.
There have been twenty-nine conversions so far in the Centenary M. E. church revival meeting, Winston. Rev. Mr. Norman is conducting it without aid and is doing a great work.
During the life meeting at Newton, there were 500 conversions. Four of these were distillers, who immediately closed up their business. The people of Newton showed their appreciation of Mr. Fife's services by presenting him with a check for \$635.
At a recent protracted meeting held in this county such interest was manifested that at one time every person in a large congregation, with the exception of four, were on their knees, and one of the four afterwards went to the pastor and explained his failure to assume that attitude by saying that he had a large bull on each of his knees, and that it was impossible for him to kneel.—Wadesboro Messenger.

MAKES THE BLOOD BOIL.

APPARENT COURAGE OF U. S. OFFICIALS.
HOW GENERAL BARRUNDIA WAS MURDERED.
INSULTS TO OUR GUNBOATS BY GUATEMALANS.
NEW YORK, Sept. 13.—The Pacific mail steamer Acapulco, which reaches this port to-day, brought from the isthmus some of the passengers who were on board the steamer Acapulco at the time of the killing of Gen. Barrundia by the Guatemalan officers while the Acapulco lay in the harbor at San Jose. The Associated Press is indebted to an eye witness of the tragedy for the following narrative:
The steamer Acapulco left San Francisco August 13, and on her arrival at Acapulco, Mexico, Gen. Barrundia, ex-minister of war of Guatemala, came on board from the Starbuck, a sister ship.
When the ship arrived at Champerico, Guatemala, the authorities demanded that the general be surrendered to them. Capt. Pitts promptly refused to accede to this demand.
August 27th the steamer arrived at San Jose. No sooner had the Acapulco cast anchor than two boat-loads of soldiers were sent off from shore to keep close watch that no one without proper credentials should leave the vessel for the shore. Within a pistol shot of where the Acapulco lay were two United States gunboats. Capt. Pitts made a personal appeal to them for help. The response was that the men-of-war could do nothing without an order from the port captain.
Next day the ship was again invaded by the commandante with a boat load of soldiers. This time the Guatemalan officers came furnished with an "order of arrest" signed by American Minister Mizner. The commandante made a formal demand for the delivery of Barrundia. Then the entire force of Guatemalan officers proceeded to Barrundia's room. Captain Pitts going with them.
As soon as the room was reached Capt. Pitts, after deprecating the necessity of surrendering his passenger to the authorities, began to read the order for the general's arrest. Barrundia reached into his room for his revolver, and making the remark, "Very good," first the ball just missed Capt. Pitts, who, together with the commandante, ran, leaving the man-hunting to the special officers.
Barrundia was a short-sighted man and was unable to do any damage, though he chased them in and out of the scullery and hallway. At once the officers dropped him from different points, riddled with shot, on the hurricane deck. The brave commandante thereupon came from his hiding place, walked up to the dead body and fired into his skull.
The dead body was rolled up in a piece of canvass and bundled down the gangway and conveyed ashore. The boat conveying the perpetrators of the deed, their revolvers opened displayed in their hands, made a detour round by the United States warships on their way to the shore. As they left the shipsome smilingly waved their hands and one placed his thumb to his nose and extended the other fingers in a familiar way.
Still the incident was not over. Guatemalans had to wipe their feet a little more on the suffering ship and she was not allowed to proceed until the baggage belonging to Barrundia had been searched, presumably for evidence incriminating others. This was submitted to, the gun boats still silent and sleep, not 100 yards away. Indeed at the time of the tragedy an officer from one of them was aboard the Acapulco.
AFFAIRS OF CONSEQUENCE.
FOREIGN.
Miss Addie Smith, of Toronto, gave an exhibition of dancing before Queen Victoria.
The potato crop in county Limerick, Ireland, is totally destroyed by the blight.
The legislative assembly of New South Wales favors a federation of Australian colonies.
The Southampton strikers have decided to return to work, and as a result complete quiet prevails in that city.
The revolt in Berne has collapsed. It has been agreed that the question of the revision of the constitution be submitted to a popular vote.
WASHINGTON.
Two deaths from grippe are reported from Washington.
A salute of fifteen guns has been fired upon for the assistant secretary of the navy.
Representative Kennedy has decided to publish his speech attacking Senator Quay.
A new appointment bill has been introduced in the house, providing for a total membership of 354.
James C. Miller and D. H. Willard have been appointed storekeepers and gaugers, fifth district of North Carolina.
HOME.
Snow was reported Thursday morning from Fort Assiniboine, Mont.
The mechanical difficulties in the application of the new ballot law are attracting attention in New York. One of the greatest undertakings will be the printing, perforating and numbering of the eight million official ballots, which must be done in ten days.
John Dawson, a fourteen-year-old son of Alderman Dawson, of Cohoes, N. Y., was attacked on Wednesday night with spasms of the heart, induced by eating a large quantity of grapes. He died before medical aid arrived. The boy's heart had been weakened by cigarette smoking.
An Indian living near Juarez, Mexico, on leaving home put his girl and boy, aged four and five years, in a large box and nailed down the lid to prevent their eating fruit in the orchard during his absence. On his return Sunday evening found both suffocated. He was arrested.
To finish Talmage's new tabernacle, Russell Sage has advanced \$125,000 on a six per cent. mortgage on the property and \$25,000 insurance policy on the pastor's life, made payable to Mr. Sage, and by bonds guaranteeing the payment of the loan signed by trustees of the tabernacle.

MISCELLANEOUS.
ANTIMIGRAINE.
— THE —
NEVER FAILING CURE FOR HEADACHE.
TRADE MARK REGISTERED.
ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.
Cures Every Variety of Headache AND NOTHING ELSE.
ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.
For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTIPIRYNE, MORPHINE, CHLORAL AND COCAINE. Since it does not contain an atom of either of these, it is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.
The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.
DIRECTIONS FOR USE.
The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of headache, if taken when first feeling the premonitory symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding one. One will after, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.
