THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN TO-DAY.

SENATE TARIFF AMENDMENTS NON-COINCURED IN.

THE CASE OF MR. KENNEDY COMES UP AGAIN.

WASHINGTON, Sept. 16.—In the house yesterday afternoon Mr. Vaux, of Pennsylvania, said he wanted the people to understand that free speech was gone in the house. Talk about a bill for a free ballot and fair count; the majority had better pass a bill giving free speech to the people's representatives which had been taken away by the misuse under which the house was governed. He wanted the people to understand that the inherent right of a representative to speak for his constituents had been taken away from him. The tariff bill was a matter of general interest yet, but two hours were given to a discussion of forty senate amendments, because the majority wanted to shield itself. He wished to say to the farmer and laborer that his bill was a cheat. Two thousand people were enriched by a tariff, and 60,000 were impoverished. The majority believed in every trust save one, trust in a righteous and just God.

Mr. McKinley said if the committee on rules had erred in reporting the resolution, it had erred in giving too much time for debate.

The senate amendments were non-concurred in—120 to 82.

Mr. Enloe then called up his resolution in regard to Mr. Kennedy's speech on September 3, and pending action, the house, on motion of Mr. McKinley, adjourned.

In the house to-day, on motion of Mr. Taylor, of Tennessee, the senate bill was passed for the relief of Admiral S. P. Carter.

On motion of Mr. Houk, of Tennessee, the senate bill was passed authorizing the construction of a bridge across the Tennessee river at Knoxville.

On motion of Mr. Lester, of Georgia, a bill was passed authorizing the construction of a bridge across the Altamaha river, Georgia.

The house then proceeded to consideration of the Enloe resolution relative to condensing Mr. Kennedy's speech the pending question being on the point of order against the resolution raised by Mr. Grosvenor, of Ohio, to the effect that the resolution should have been introduced, if at all, when Mr. Kennedy delivered his speech.

MISCELLANEOUS.

In Quay to Speak?

WASHINGTON, Sept. 16.—It is said that Senator Quay is preparing to reply to the Kennedy speech, and that it is in the line of a vindication of himself. Whether it proves to be a satisfactory vindication or not, his enemies will probably continue their efforts to force him from the national committee. If they succeed, J. S. Clarkson will at once succeed him.

Four Cars of Bullion.

CHATTANOOGA, Sept. 16.—There passed through Chattanooga yesterday on the Queen and Crescent, four cars loaded with silver bullion. The shipment consisted of 80,000 pounds of bullion from the United States mint at Philadelphia to the mint at New Orleans, where it will be turned into coin of the realm.

Bought a Huge Tract of Land.

KANSAS CITY, Mo., Sept. 16.—Mr. William Specht and Gustave Rager, of New York, have purchased 700,000 acres in "No Man's Land," Texas, and 550,000 acres more in northwestern Texas, making a total of 1,250,000 acres, for the purpose of renting to cattlemen as grazing lands.

Shuts Out the Colored Man.

BALTIMORE, Sept. 16.—The Maryland law school has determined that it will admit no more colored students. A number of students had left school and others refused to enter because of the presence of two colored men.

Let every Democrat attend the meeting of the Y. M. D. C. at the court house to-night.

NORTH CAROLINA FOLKS.

Mr. M. C. S. Cherry told the Greenville Reflector a good one not long since. He says that on Cherry Lane, near his place, lives a colored man of the name of Isaac Stone. The colored man has three children, the name of the first being Get All, of the second Will Have It, and of the third, Save All. There is a kind of warfare between Get All and Will Have It for the possession of whatever comes along, and while they are scrambling Save All makes away with it.

Dr. John McDonald, of Washington, N. C., a leading physician, who was carried home sick from Cleveland Springs, is dead. He was a man of commanding ability.

Our young and gifted friend, Mr. John W. Haver, Jr., of Oxford, has a bright illustrated article in Outlook for September, entitled "Hunting Antelopes East of the Rockies." One of the illustrations is by himself. He is one of the young Carolinians abroad with decided talents.—Wilmington Messenger.

Our talented townsman, Miss Mary Jones Beall, who has won for herself such an enviable reputation as an artist, has completed and shipped off to New York a number of pieces of beautiful tapestry painting—exceedingly difficult work—executed to the order of a wealthy lady in New York. Miss Beall's great talent has become very remunerative.—Lenoir Topic.

John C. Miller, of Goldsboro, has been elected to a professorship in the deaf, dumb and blind institution at Raleigh.

Professor F. B. Hendren has accepted a position as principal of the Hillsboro academy in Jackson county.—Winston Daily.

Senator Vance, Congressman Henderson, J. S. Carr, Dr. H. B. Battle, Col. John Robinson and others will speak at the Newton fair which begins on the 30th inst. and closes on the 4th prox.

A devout Methodist divine, who is also a farmer and a member of the alliance, in a private letter to the editor of the Raleigh Chronicle says, "Our dependence is: First, in God. Second, in the truth of democracy, and Thirdly, in Zeb Vance."

MISCELLANEOUS.

A WARNING.

Don't Get Asheville in the Clutch of an "Exclusive."

CHICAGO, Sept. 16.—A bill to forfeit the charters of the Chicago Gas Light & Coke company, the People's Gas Light & Coke company, the Consumer's Gas, Fuel & Gas Light company, Consumer's Gas company, and Equitable Gas Light company, was filed in the forenoon in the circuit court clerk's office by corporation counsel Hutchins in behalf of the city as complainant.

The charge is that they illegally combined under the title of the Chicago Gas Trust, the name of which was subsequently changed to the Chicago Gas company, for the purpose of suppressing competition and creating a monopoly, with the result that city and individual consumers are charged exorbitant rates for gas. The court is asked to forfeit the charters granted by the city to four companies.

THE ALHAMBRA BURNING.

One of the Notable Structures of the World.

MADRID, Sept. 16.—Fire broke out at 10 o'clock last night in the palace of the Alhambra, the ancient Moorish citadel in Grenada, and at 7 o'clock this morning was still burning. Great damage has been done.

The Alhambra is one of the most notable structures in the world and, such was its beauty, that it has been preserved by Spain as a work of art.

Let every Democrat attend the meeting of the Y. M. D. C. at the court house to-night.

\$40,000 Worth of Bullion.

PHILADELPHIA, Sept. 16.—The board of managers of the Philadelphia and Reading Railroad have decided to increase the salary of President and General Manager A. A. McLeod to \$40,000. This amount is said to be the largest paid to a railway official in the United States, with the exception of Channey M. Depew, of the New York Central, who it is said gets \$50,000.

Increased Wages Granted.

SOUTHAMPTON, Eng., Sept. 15.—Large crowds of dock laborers assembled outside the dock gates this morning waiting to resume work. The union royal mail steamship companies which were the last to hold out against the demands of the men this morning announced that increased wages would be granted all round.

The World's Fair.

CHICAGO, Sept. 16.—Last night the city council passed unanimously the amended ordinance desired by the World's fair directors allowing the use of much or little of the lake front as may be required for the purpose of the fair.

Elections in Brazil.

RIO JANEIRO, Sept. 16.—Elections for members of the constituent assembly passed off quietly. Among the candidates returned are ministers Bocaygua, Glycerio and Vanderplatt and ex-ministers Ladarrio and Sanctivendel.

The Georgia Cotton Crop.

ATLANTA, Sept. 16.—Rains since the first of August have made a vast difference in the cotton crop and the present outlook is that in Georgia it will be at least 25 per cent. short.

R. R. Hamilton's End.

LOUISVILLE, Ky., Sept. 16.—Dr. J. O. Green arrived here last night. He confirmed the truth of the finding of Robert Ray Hamilton's body in Snake river.

POLITICAL POINTERS.

Forsyth county democrats nominated W. H. Shepard for the house.

Person county democrats instructed their nominee to the house, Maj. J. T. Vance, to vote for Vance.

W. N. Rose, jr., has been nominated for the state senate by the Johnston county democracy in place of J. H. Pou, who declined to run.

The McDowell democratic convention endorsed Vance and nominated the following: J. W. Biddix, Esq., for the legislature; B. B. Price, superior court clerk; William McCurry, register of deeds; Capt. George H. Gardin, sheriff; I. B. Burgin, surveyor; J. L. McCoy, coroner.

Anson and Union counties have nominated as senator from the twenty-seventh senatorial district Geo. C. McLarty. Mr. McLarty made a short speech, saying he would do all in his power to re-elect "Old Zeb." At this time were thrown up and farmers and merchants alike felt the air with "Huzzas" and shouts of "Good!"

Senator Vance arrived in Goldsboro Friday evening direct from Washington and received a gratifying ovation. At 12 o'clock on Saturday he began to address a large assemblage of citizens from a stand in the courtyard. He spoke for an hour and forty minutes, and then the people were not tired out, but shouted "go on, go on!" He spoke on the issues of the day.

At the Moore county convention, says the Jonesboro Leader, Mr. E. J. Harrington's name was mentioned for the house of representatives. He, living in Pocket township, arose and said: "Mr. Chairman, I would ask my friends to please withdraw my name. It would never do to take two men out of a little pocket. You have just nominated Capt. Wilcox, of my township, for senator. Just let me stay at home and gather my big crop of corn, play with Katie and the children, and vote the democratic ticket this fall, and I'll be happy."

The Raleigh Progressive Farmer of this week contains the following: In a spirit of fairness we make the following proposition to Senator Vance. The Progressive Farmer will give him from two to three columns of space per week, so long as he may elect to use it, to show that his position and that of the American congress on the sub-treasury bill has been proper and right. In all this controversy we have done only what was our plain but painful duty. We yield to no one in admiration of the public life and services of Senator Vance. That we have shown our regard for him personally and officially, throughout the controversy, and even under the most trying provocation, we appeal to the columns of this paper to testify. Should the above proposition to Senator Vance be declined, the Progressive Farmer is done with the matter, unless it be forced to speak.

MISCELLANEOUS.

THE FORCE BILL AGAIN.

THERE MAY BE AN EXTRA SESSION.

HARRISON PARTICULARLY WANTED THE FEDERAL ELECTION BILL PASSED—Routine Business Done at Cresson Springs.

CRESSON SPRINGS, Pa., Sept. 16.—The president transacted considerable business this morning mainly of a routine character. Mr. G. W. Boyd, of the Pennsylvania railroad, has placed Vice-President Thomson's private car at President Harrison's disposal during his stay here. It will be used in making short trips to many points of interest in this vicinity.

The early adjournment of congress will shorten the president's vacation as it is his purpose to be in Washington during the closing of the session.

Information was received here this morning of the sudden death at Johnstown, Pa., of Chas. Chalmers Dick, one of the legal representatives of the Pennsylvania railroad.

There is reason to believe that the president is seriously considering the advisability of calling an extra session of congress with the view to an earlier consideration of the federal election bill. The president is known to be specially interested in the passage of the election bill and probably would feel justified in calling an extra session for its consideration and such others of the important measures now pending as may not be disposed of at this session.

Let every Democrat attend the meeting of the Y. M. D. C. at the court house to-night.

HORRIBLE!

Killed By Electricity in Full View of Thousands.

NEW YORK, Sept. 16.—An electric light lineman named Kapp was killed last night by the electric fluid on wires he was handling as he hung suspended in the air in front of the Park theatre, in full view of the audience which was passing out of the theatre.

The case was attended with all the tragic features which have characterized similar occurrences heretofore, with the addition that the accident occurred in plain view of multitudes of pleasure-seekers.

A \$70,000 STEAL.

That is if the Facts Are as Stated in This Dispatch.

BOSTON, Sept. 16.—Walter Potter and W. D. Lovell, of the firm of Potter, Lovell & Co., has been arrested on warrants charging them with embezzlement and larceny.

The complaint is made by Charles Richardson, of Philadelphia, president of the Edge Hill Furnace company. It alleges embezzlement and larceny of \$70,000 worth of the bonds of the Edge Hill Furnace company.

I. O. O. F. in Topeka.

TOPEKA, Kan., Sept. 16.—The delegates to the Sixty-sixth annual session of the sovereign grand lodge I. O. O. F., which convened here yesterday and will continue in session during the week, are arriving on every train. Grand Sir Underwood of Columbus, Ohio, arrived yesterday. The Virginia representatives were the first to arrive from the South. At 8:30 o'clock a procession was formed at Tenth and Kansas avenue and proceeded to the Grand Opera house where the opening exercises were conducted.

Fire Loss of \$150,000.

LYNSBURG, Va., Sept. 16.—Last night fire was discovered in the battery room of the Western Union Telegraph office and spread so rapidly that nothing was saved belonging to adjoining buildings and half of the block was destroyed. The estimated total loss in buildings and stock will amount to \$150,000.

An Affray Between Railroad Men.

Joe Sudderth and Monroe Bumgarner became engaged in a quarrel in the bar-room at the Glen Rock hotel last night and the former received several severe blows on his skull with a billiard cue. The men are both employees of the W. N. C. railroad, Sudderth being a night watchman at the yard here and Bumgarner a locomotive fireman. Sudderth is seriously injured, and Dr. Justice says his condition is very critical. The injured man was taken to the home of his mother near the depot. Bumgarner left last night on his regular run.

AFFAIRS OF CONSEQUENCE.

FOREIGN.

Diphtheria is epidemic in Berlin, and there are numerous cases of typhoid fever.

French warships bombarded several villages in the Society Islands, and afterward the marines landed and laid waste the country.

John Dillon, M. P., is to be subpoenaed to appear as a witness in the Parnell-O'Shaughnessy divorce suit, which will interfere with his proposed tour in America.

Mr. McGrath, a member of the National League, was murdered in Bullingarry by miners who resented his sheltering an evicted tenant farmer with whom they quarrelled.

Diligent search is being made in France for the heart of M. Gambetta, which was removed from the body after death and sent to M. Bert who died in the far east leaving no memorandum as to where the heart can be found.

TOMB.

Robert Ray Hamilton, of New York, was drowned in the Yellowstone Park in August.

It is now thought certain that Senator McAleer will get the democratic nomination to succeed Vaux in Randall's old (Pa.) district.

A mass meeting of New York Knights of Labor passed resolutions against Mr. Depew, in favor of State arbitration and government control of railroad property.

The report of the committee on temperance of the constitutional convention of Mississippi, says it is impracticable to bring the subject of either liquor traffic or prohibition before the convention.

MISCELLANEOUS.

ANTIMIGRAINE.

—THE—

NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REGISTERED.

ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache AND NOTHING ELSE.

ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTIPIRYNE, MORPHINE, CHLORAL AND COCAINE, Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.

DIRECTIONS FOR USE.

The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of Headache; if taken when first feeling the preliminary symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.

For sale at **GRANT'S PHARMACY.**

MISCELLANEOUS.

WHITLOCK'S,
