## THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN.

### AMENDMENTS TO THE TARIFF BILL NOT PASSED ON.

PROBABLE THAT THE BILL WILL BE READY FRIDAY.

WASHINGTON, Sept. 25.—The situation at 12:30 to-day in regard to the conference on the tariff bill amendments is just as it was last night. No agreement has been reached respecting sugar and binder twine, although the republican conferees said that they expected to come to an amicable understanding to-day and be able to report the bill to-morrow. It is understood that the conferees have decided to make number sixteen the dividing line between free and dutiable sugars, the lowest duty on the higher grades to be 6-10 of a cent per pound, and that a duty of one cent per pound will be imposed upon binder twine. This cannot be confirmed by statement of the conferees.

It was suggested that the report would contain a disagreement upon the disputed subjects, but one of the conferees said he expected the report to cover the affirmative position on all amendments.

### O'BRIEN'S ESCORT.

It was a surprise to the men who arrested him.

DUBLIN, Sept. 25.—Patrick O'Brien, who was arrested at Cardiff Tuesday, was brought to this city on yesterday and placed in prison. The police refused to give any information as to where he would be taken to Tipperary for hearing; but last night it was learned that he would be conveyed by the morning train to-day when the nationalists at once made preparations to give him a worthy escort.

Therefore, much to the surprise of the authorities, a large delegation of prominent nationalists boarded the train at the same time the officers appeared with O'Brien. Among these were John Morley, who has been in Ireland for some time studying the Irish question, John Dillon, Alfred Blingworth, member of parliament for Bradford, T. M. Healdy, Commoner Harrington and several others.

On the arrival of the train at Tipperary the nationalists started for the court house in a body. A conflict ensued with the police and John Morley narrowly escaped being clubbed.

### A CHICAGO TIE-UP.

What if this was during the World's Fair?

CHICAGO, Sept. 25.—Trouble is brewing between the West Side street car company and its conductors and drivers. The main body of the employees claim the company is fostering an opposition union in an effort to break down the regular union and seeking for the political action of men in the coming election in November. The company on the other hand, denies these allegations and says the men are unruly and seem to be seeking to make trouble. There was a stormy conference between the managers and employees held yesterday and as a result of it a general meeting of conductors and drivers was called for Saturday night to consider the situation. The men threaten to tie up all the west side lines.

### MINNED \$8,000.

One of Duval's Successors in Detroit, Mich.

DETROIT, Sept. 25.—George Keiter, of this city, accompanied by Miss Mary Murphy, was driving along the Boulevard, from Jefferson avenue to Champlain street, shortly before ten o'clock in the evening when the carriage was stopped by two men, one held a revolver at Keiter's head while the other compelled the lady to alight. Miss Murphy was dragged several yards away and relieved of a two-hundred dollar diamond pin and other jewelry. The men then took \$8,000 from Keiter and made their escape. Keiter had \$8,000 hanging about his neck, which the robbers overlooked.

### JUSTIFIES HIS COURSE.

The Count of Paris and the Boulangist Movement.

PARIS, Sept. 25.—The monarchist journals express approval of a letter of the Count of Paris to Senator Bocher justifying the course he (Count of Paris) took in his dealings with the Boulangist movement. The republican papers strongly condemn the Count's action and accuse him of dishonorable compromises and of acknowledging that he was preparing to sacrifice the country to his ambition and hatred.

### OUT ON THE FARM.

A gentleman who has traveled extensively of late through the western and southern states says that nowhere has he found the farmers as well situated as in North Carolina.

There is no reason why in these "piping times of peace" the cultivation of sorghum should not be well prosecuted. It is really a very good and profitable thing for the household. Excellent sugar can be made from it.—Wilmington Messenger.

George Sugg, the champion pumpkin raiser of this county, says that his biggest pumpkin, weighing 100 pounds, was washed away by the heavy rains, but he has another that will tip the scales at ninety-four pounds.—Tarboro South-erner.

Deputy Collector of Internal Revenue, J. D. Grimsley, informs the Goldsboro Dispatch that there are in his division, now in operation, twenty-five fruit and two grain distillers. From this it would appear that the fruit crop is not very short after all.

Nearly all our farmers have cultivated some cane. Not only is the syrup made from it excellent, but the seed from an acre of cane is said to be worth as much for feeding stock as the corn would be raised on the same land. Dr. Charles Killbrew, of Edgecombe, made year before last 1,200 gallons of syrup which cost him only eleven cents a gallon, and which he sold for fifty cents a gallon.—Nashville Argonaut.

## THE CLUBS' CONVENTION.

In Every Way a Success It Would Be.

RALPH, Sept. 25.—The state convention of the young men's democratic clubs met at noon yesterday. One hundred and fifty delegates were present.

Mr. J. S. Carr, president, called the convention to order, and the call for the convention was read by the secretary, B. C. Beckwith.

The president then introduced Gov. D. G. Fowle, who made a very forcible speech, declaring that North Carolina by every constitutional means must resist the enforcement of the force bill. [Loud applause.] He also spoke of Cleveland as the democratic candidate for the presidency two years hence. [Applause.] He showed what the democratic party had done for the state, and stated that the earnings of the penitentiary, during the last eighteen months, were \$35,000, exclusive of the value of the products of the Roanoke farm. He also asserted that A. H. A. Williams, of the fifth district, and W. T. Crawford, of the ninth district, would be elected to congress.

In response, Mr. R. N. Hackett, of Wilkes county, made a stirring speech. His eulogy of Senator Vance was applauded to the echo.

Mr. C. B. Aycock, of Goldsboro, temporary chairman, said the democrats were not prepared for the campaign, but party fealty was higher than ever before in the history of the democratic party. He said the republicans are now disorganized, but can re-organize within forty-eight hours.

A committee was appointed to wait on Senator Vance and request him to address the convention.

At 1:30 o'clock the convention took a recess.

### THE BLUE AND THE GREY

Asked to Join in the Erection of a Monument.

LEXINGTON, Mo., Sept. 25.—A call has been issued requesting the survivors of the battle of Lexington, both federal and confederate, to forward their names and addresses to John McNalla, Bloomington, Ill.; J. D. Connor, Lexington, Mo.; or G. S. Groves, 525 Olive street, St. Louis, Mo. A monument is to be erected to the memory of the fallen dead and it is the first time in the history that the blue and the gray have joined hand to perpetuate the memory of those who were left behind on the field of battle.

### To Intercept Sealers.

PORT TOWNSEND, Wash., Sept. 25.—Revenue Cutter Wolcott has been receiving mysterious messages from O. S. Spaulding, assistant treasurer, since Saturday. It is known that the vessel has been ordered to get ready for sea, probably to intercept Canadian sealers now fitting out a Victoria for a western cruise.

### Will Go Back Again!

CHARLESTON, Sept. 25.—The democratic convention of the Seventh district has renominated Wm. Elliott, who was expelled from his seat in the house, to make room for Thos. E. Miller. The nomination was by acclamation.

### The Baltimore on the Way Back.

STOCKHOLM, Sept. 25.—The United States steamer Baltimore, which brought the body of Capt. Eison to this country, has sailed on her return to the United States.

### Six Millions of Indebtedness.

BOSTON, Sept. 25.—The footings of the Potter Lovell liabilities have been reached and the indebtedness of all kinds is found to have been about six millions.

### Helped Him Some.

WASHINGTON, Sept. 25.—The president reached Washington last evening. He expresses himself as feeling much benefited by his vacation.

### A Colored Opponent.

RICHMOND, Va., Sept. 25.—A special from Danville says Wm. H. Pleasant, colored, will oppose Congressman Lester in the fifth district.

### Not What They Want.

LONDON, Sept. 25.—McAuliffe and Slavin will be allowed to fight fifteen rounds under guard.

### More Chance for Experiment.

From Life.

Doctor—"He insulted me! He said he wouldn't have me attend a cat for him." "Maud—"Well, now I think that was unkind of him. I don't see why he should want to intrust a cat to your treatment. (The doctor looks surprised.) Indeed I don't. A cat has nine lives, you know."

### POLITICAL POINTERS.

The republicans of the Seventh district have refused to nominate a man for congress this year, leaving the field to Hon. John S. Henderson, democrat, and Mr. P. C. Thomas, independent, industrial unionist, Polk man, republican and farmer.

Republicans tell me quite frankly that they cannot put their hands with certainty upon the negroes this year. They will watch their registration closely. The democrats should have active workers in every township to see that their voters register.—Raleigh correspondence Durham Globe.

Surry county's convention, which was held at Dobson, was harmonious and largely attended. C. B. Denny was nominated for the senate. The delegates were instructed to vote for the senate.—The Jones county democratic nominating named Samuel Hudson for the house of representatives.

It is learned at democratic headquarters at Raleigh that it is the opinion of observant men in the Ninth congressional district that W. T. Crawford will be elected to congress. The condition of affairs is reported as much better than it was at the last election, in 1888. The democrats are working hard up in that mountain region and they want Vance to address them.—Durham Globe.

Senator Vance will make some twenty-five speeches in the state between the end of September and election day. Senator Ransom has promised to do the same thing. Among the other speakers who will go out under the auspices of the democratic state executive committee are T. J. Jarvis, A. Lenzler, H. A. Guldger, C. W. McClammy, R. B. Glenn, R. T. Bennett and T. M. Holt.

## A GREAT FALL OF RAIN.

PART OF HELENA, ARK., UNDER WATER.

Over Nine Inches of Rain Falls in One Night, and Four Inches To-Day—A Great Deal of Damage Done.

HELENA, Ark., Sept. 25.—Yesterday evening this city was visited by the most terrific and destructive rain storm ever known in its history. At about 3 o'clock in the afternoon a steady rain commenced and continued until 6 o'clock, when a veritable cloudburst occurred.

In an incredibly short time all of that portion of the city bounded by Walker street on the north, Columbia street on the east and College street on the west, was one vast sheet of water. Fences swept away, sidewalks torn up, out-houses overturned and chimneys demolished and the street car tracks were submerged.

The water spread rapidly and the lower portion of the city was soon submerged and hundreds of people driven from their homes. The total rain fall was 9 2/100 inches, supplemented by 4 inches more to-day. The total rain fall for the past two days has been 16 1/100 inches. It is still warm and cloudy and the prospects are good for more rain.

### NO ALLIANCE IN IT.

Messrs. Morgan and Gates Stand Alone It Appears.

From a reliable source THE CITIZEN gathers the following information which will be of interest to its readers: At the called meeting of the Buncombe county farmers' alliance held in the court house September 19, at the request of five sub-alliances, viz., Morgan Hill, Flat Creek, Antioch, Big Ivy and Bethel, to select an alliance ticket for the legislature and the county, after a harmonious discussion pro and con it was almost unanimously decided that no definite action would be taken until the regular county meeting on the second Friday in October, when the members would have more time to consider the matter and also what might be expected from the two political parties.

THE CITIZEN'S informant to-day also says that the Buncombe county alliance has nothing to do with the Gaze and Morgan mass meeting call for the 30th, but on the other hand he believes it will be very damaging to the order. THE CITIZEN learns from G. H. Burnham, master-workman of the Knights of Labor in this city, that that organization has given no instruction for such a meeting to be held.

It is the opinion of THE CITIZEN that this is a scheme gotten up by certain individuals for their own aggrandisement.

### LADIES' DAY.

Bachelors of the Athletic Club Invite an Innovation.

At a meeting of the executive committee of the Carolina Athletic club last night the committee decided to make Thursday of each week until January 1st "ladies' day" and extend the privileges of the club on that day to the ladies. This will doubtless prove quite an attraction and make it very pleasant for those who avail themselves of this courtesy on the part of the club. It is to be hoped the club may see fit to extend the time beyond January 1st, as they doubtless will if the scheme meets the approval and encouragement from the ladies that it should have.

It is a fact that the motion was made and secured by the only two married men on the committee, but every one else voted for it.

### Real Estate Transfers.

H. L. Taylor and wife to Mrs. E. J. Ware, lot 100332 on Liberty street, \$1,800. E. Baird and wife to D. D. Suttie and wife, lot 137852 on Highland street, 540. Charles Cochran and wife to J. J. Reich, lot 148302.

### AFFAIRS OF CONSEQUENCE.

FOREIGN.

Two thousand miners at Troppan, Austrian Silesia, have gone on strike. Trouble is feared.

WASHINGTON.

The population of Savannah, Ga., is 41,762.

Dr. William Brooke Jones, chief of the Washington bureau of vital statistics, died Wednesday aged 70.

The United States Senate confirmed George B. Maney, of Tennessee, as minister to Uruguay and Paraguay.

Throughout the Langston-Venable contest two democrats were kept on guard to watch Speaker Reed's count of votes.

There is talk among democratic congressmen of retaliating for the seating of Langston and Miller by obstructing the adoption of the conference report on the tariff bill.

In the House, Wednesday, the republicans secured a quorum and quickly unseated Venable, of Virginia, and Elliott of South Carolina, democrats, awarding their seats to Langston and Miller, colored republicans.

### HOME.

It is said Agnes Robertson, the divorced wife of Dion Bioncault, is on her way from London to claim her share of his estate.

Mrs. G. W. Combs, of Humboldt, Tenn., the wife of a carpenter, has, with her sister, fallen heir to \$500,000, which is the estate of her Scotch grandfather, who died in New York.

During the equinoctial storm of Monday at Florence, Ala., the rain was one of the heaviest experienced in that section, the fall being over 2 1/2 inches in 12 hours. Cotton is badly damaged by the falling rain.

The Chicago city council has requested the mayor to ask the attorney-general of Illinois to begin actions in quo warrant against the gas companies which form the gas trust, for the purpose of forfeiting their charters.

Goldwin Smith, president of the commercial union club, at the club's annual meeting in Toronto, Canada, made an address, in which he said the McKinley bill is a disaster that will affect Canadian farmers, but Canada would survive. England, he said, survived protection, but she has trebled her wealth under free trade.

## ANTIMIGRAINE.

NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REGISTERED.

ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache AND NOTHING ELSE.

ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTIPIRYNE, MORPHINE, CHLORAL AND COCAINE. Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.

DIRECTIONS FOR USE.

The dose for an adult is two teaspoonsful in a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of Headache, it taken when first feeling the premonitory symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding cure thereafter, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.
