

As far as the different methods of advertising are concerned, the daily paper is decidedly the best. That is the broad, swift channel; and when you float your boats upon it, you are sure of a quick return.—Henry Curtin.

Asheville Daily Citizen.

A paper advertisement sets forth facts that the buyer needs to know, with agreeable manners. What the advertiser needs to think of is, "What are the facts that a buyer needs to know about my stuff?" And what the advertisement writer needs to think of is, "How can I state these facts in a way to command respect as well as attention?"—J. L. Powers.

We promise low prices and good goods, and where our guarantee goes with an article if it doesn't turn out like we say it will we refund the money. THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN.

THE LABOR BILL TO BE CALLED UP IN THE SENATE.

THREE BILLS VETOED BY THE PRESIDENT.

WASHINGTON, D. C., Oct. 1.—In the senate to-day the Chaplain in the opening prayer asked the divine assistance of the services that were about to conclude this day, and asked that in God's own time the senators should again be brought together in peace. He also prayed that the nation should be made a pattern of all that is true and pure and good among nations. The reading of yesterday's journal having been dispensed with, Senator Sherman offered a resolution for the appointment of a committee of two senators to join a like committee on the part of the house to wait upon President Harrison and inform him that unless he shall have any further communication to make the two houses are ready to adjourn. Mr. Blair—I desire before adjournment to call up the labor bill and have action upon it and I would not like any resolution to be adopted that would interfere with the disposition of that bill. Mr. Sherman—The resolution looks merely to asking the president whether he has any further communication to make. Mr. Blair—But it also contains a statement that both houses are ready to adjourn. I insist that the senate shall consider this bill. Vice president—Is there any objection to the present consideration of the resolution. Mr. Blair—I object, if its consideration is to interfere with the consideration of the labor bill. Mr. Edmunds—The resolution will not interfere with the motion. Mr. Blair—It concludes with the intimation that we are ready to adjourn. Vice president—Does the senator from New Hampshire object? Mr. Blair—I withdraw my objection on the intimation that the resolution will not interfere. The labor bill resolution was agreed to and Senators Sherman and Harris were appointed a committee on the part of the senate.

Senator Manderson, from the committee on printing, reported back the house bill to revise the wages of certain employees in government printing office, with amendments providing that the pay of all employees engaged exclusively on night work between 5 p. m. and 8 p. m. shall be twenty percent, in addition to amount paid for day labor. Senator Edmunds moved to proceed with the executive business and Senator Blair appealed to the senate from Vermont to withdraw that motion in order that the labor bill might be taken up. Mr. Edmunds—I should be most glad to join with my friend from New Hampshire in passing a suitable bill but it is perfectly impossible that such a bill become a law at this time. It would have to go back to the house of representatives, which is probably somewhat short in the number of its members. Mr. Edmunds insisted on his motion. The motion was agreed to and the senate proceeded to the consideration of executive business.

The vice president laid before the senate three veto messages from the president, two on bills referring claims to the court of claims; the third, on a bill to prohibit bookmaking and pool selling in the District of Columbia for the purpose of gambling. The president's objection to the latter bill is that it does not prohibit bookmaking and pool selling, but on the contrary permits it in the case of the Washington Jockey club and other club owning race tracks. If that form of gambling was to be prohibited (as the president thinks it should be), prohibiting should apply to all persons and all places. The three messages were laid on the table. The senate then took a recess for half an hour, till 2.15.

NO QUORUM PRESENT. The Office of Postmaster of the House Vacant. WASHINGTON, Oct. 1.—In his prayer this morning, the chaplain of the house referred to the approaching end of the session and invoked the divine blessings upon members during the vacation. Before the reading of the journal Mr. Breckinridge, of Kentucky, raised the point of order that there was no quorum present. While waiting for a quorum, a message from the senate announced the agreement to the conference report on the tariff bill. The house committee on accounts had under consideration the testimony in the case of charges against the postmaster of the house. The committee, after the report of the chairman, declared in favor of the office of the postmaster vacant. A report will be made to the house in a short while. The report of committee concerning the matter was unanimous. Shortly before 1 o'clock, Mr. Breckinridge, of Ky., withdrew his point, but it was immediately renewed by Mr. Kilgore, of Texas; a few minutes afterwards Kilgore withdrew his point, and the journal was read.

AN APPEAL REFUSED. Dillon, O'Brien and Their Associates to Have a Hearing. DUBLIN, Oct. 1.—The appeal of Dillon, O'Brien and their fellows accused, to the high court of justice for a writ to prohibit the magistrates at Tipperary from proceeding with the conspiracy cases on ground of bias, has been decided this morning not to grant a writ. No further steps can be taken. It is understood to be with the view to changing magistrates before whom the hearing is to be continued, but nationalists feel that their protests persistently made against being tried by magistrates whom they have reasons to believe are biased against them, will have much effect on public opinion. Attention has been strikingly directed to the composition of the court before which political offenders, as nationalists consider the arrested men, are being tried. The case for the prosecution continued at Tipperary to-day without striking episodes.

A Strike at Pittsburgh. PITTSBURGH, Pa., Oct. 1.—The Howard plate glass works at Cochran station near this city, have shut down on account of a strike. The men to the number of 200 demanded the reinstatement of some fellow unionists who had been discharged and being refused went on a strike.

Effects of the McKinley Bill. CAPE VINCENT, N. Y., Oct. 1.—On account of the McKinley bill two large seed houses here, the Cape Vincent seed company and the Cleveland seed company are both busily engaged in freighting from Canada all peas grown there for them. The Cape Vincent seed company have four schooners carrying peas day and night and are now running their warehouse both day and night.

Postmasters Confirmed. WASHINGTON, Oct. 1.—The senate to-day confirmed the nominations of the following postmasters: Alabama, P. D. Barker, Mobile; Florida, August Hoppe, Apalachicola; Georgia, Jos. F. Doyle, Savannah; D. K. Kike, Thomasville; Mississippi, Wm. S. Hamilton, Greenville; Wm. Fly, Water Valley; North Carolina, T. E. McCrory, Lexington; L. A. Bristol, Morganton; South Carolina, R. R. Tolbert, Greenwood.

An Accident to Gen. Earle. LYNCHBURG, Va., Oct. 1.—Gen. John A. Earle had a narrow escape from death this afternoon. He was standing in front of a building on Main street which was recently burned, when, suddenly, and without a moment's warning it fell, burying him in the mass of debris. He was rescued in about twenty minutes, only slightly hurt, from under some large timbers, which held the debris off his body.

\$2,000,000 FOR DOCTORS.

How the Republicans Spend the People's Money.

WASHINGTON, Oct. 1.—The number of pension claims already filed under the new dependent pension law has reached 445,018, and they are increasing at the rate of about 15,000 a week. The entire number of claims may go above three quarters of a million. As yet none of the new cases have been taken up, nor will they be until the new force of 400 clerks shall be secured. The greatest delay in adjusting the claims will be due to the time taken to get the reports of the examination by the local examining boards. The new law will put at least \$2,000,000 in the pockets of those doctors all over the country who are lucky enough to be members of the local boards. About one third of these doctors are Democrats, it being the custom to appoint two Republicans and one Democrat on a board. The claim agents will make about \$5,000,000 out of the new bill, the fee being \$10, with \$2 for postage and several odd silver quarters for affidavits.

Effects of the McKinley Bill. CAPE VINCENT, N. Y., Oct. 1.—On account of the McKinley bill two large seed houses here, the Cape Vincent seed company and the Cleveland seed company are both busily engaged in freighting from Canada all peas grown there for them. The Cape Vincent seed company have four schooners carrying peas day and night and are now running their warehouse both day and night.

He was rescued in about twenty minutes, only slightly hurt, from under some large timbers, which held the debris off his body.

Again, Jack the Ripper. LONDON, Oct. 1.—The police of the Whitechapel district have received warning from "Jack the Ripper" that he is about to kill another woman. The handwriting of the letter is identical with that of others which it has been the custom of the murderer to send to the police prior to the murder and mutilation of some poor creature in Whitechapel.

Holston Conference. BRISTOL, Tenn., Oct. 1.—The Holston annual conference convened in this city to-day with Bishop J. C. Keener in the chair. A preliminary meeting was held in Main street church last night. One hundred and fifty preachers and delegates have arrived and 250 are expected.

Socialists Illuminate. BERLIN, Oct. 1.—Several of the working men's quarters of Berlin were illuminated last night in honor of the expiration of the socialist law. Italian socialists sent congratulations to their German brethren as champions of proletarianism.

Lord Wolseley in Command. LONDON, Oct. 1.—General Lord Wolseley, accompanied by his staff, has gone to Dublin to assume command of troops in Ireland.

An Important Transfer. Mr. George Heck has sold his farm, known as "the Strawberry Hill" place, to Hon. Wharton J. Green, of Fayetteville, for \$30,000. The property is 15 miles west of Asheville, on the French Broad river, and Hominy Creek. It contains 90 acres. Mr. Heck bought the place 18 months ago from E. A. Carner and J. A. Clark, for about \$9,000. He has put about \$3,000 worth of improvements on it. Mr. Green will finish the house which Mr. Heck has started and will make it his summer home. This is another evidence of what Asheville real estate can do, and it is the opinion of many business men that the price paid by Mr. Green was very cheap.

COULD NOT STAND IT.

EWART AWAY FROM THE CAMPAIGN.

Crawford Making Many Votes for Himself in McDowell County—His Majority in That County May be Three Hundred. From a staff correspondent. OLD FORT, McDowell county, Sept. 29, 1890.—Just as I expected! Ewart could not stand the pressure! He was absent to-day without leave. Whether he has deserted the canvass and acknowledges his defeat thus early in the fight, is a question. None of his friends knew to-day where he was until a telegram announced his whereabouts, and his "appliance starter," Morris, of the Farmer and Mechanic, was thoroughly nonplussed, and left on the afternoon train for Hendersonville, sweating he would bring him to the scratch if he was alive. The sequel will show what influence he has with his chief.

The rain poured down to-day from daylight till dark. There was a good crop present, however, when the hour for speaking arrived, the school house being full. Crawford expressed his regret that Ewart was not present to take his dose of physic, and a telegram was received from the absent republican nominee saying that he was at home in Hendersonville, in the bosom of his family, suffering from a severe cold throat.

Crawford surpassed himself even in his speech to-day. He spoke for nearly an hour and a half, and would have spoken as much longer, but for the fact that he had to go to Marion on the afternoon train. There is no doubt about his having made votes to-day. McDowell's majority for Johnston two years ago was 165, and we have heard no estimate which places Crawford's majority below 250. We think it can safely be placed at 300. The democratic candidates for the county offices are all good and popular men, and a full vote will be gotten out, which is always a great advantage to the dominant party. Tomorrow we go to Bryansville, which will make three speeches in McDowell. From there we close down on the cotton belt of Rutherford and Polk, where the 100 per cent. duty on cotton ties as provided in the McKinley bill will be added to Ewart's dose of physic, should he ever appear on the scene again.

Prominent Arrivals. Is There Any One Here That Knows You? Swannanoa.—A. L. West, N. Y. P. O. Walton, N. C.; Miss Coralie Henderson, Miss Marie Green, New Orleans; J. McC. Thum, Swannanoa; Mrs. J. H. W. Richardson, Master Alford Richardson, S. C.; R. A. Doering, Fla.

Ashton, Bettie Bernard Chase, company; B. M. Hawley, Lansing, Pa.; S. Arthur, Franklin, N. C.; George E. Boggs, Waynesville, N. C.; Jno. H. Tolbert, S. C.; P. F. Patton, Fletcher, N. C.

Y. M. C. A. Work. The Y. M. C. A. educational committee held a meeting yesterday afternoon. It was decided to order the same list of periodicals and newspapers for the next year that has been taken this year, with the addition of "Public Opinion." It was reported at the meeting that medical lectures for the winter season had been engaged as follows: Tuesday, December 1, "narcotics and stimulants," by Dr. G. W. Pinchov; Tuesday, February 2, "The eye and ear," by Dr. J. H. Williams; Tuesday, April 7, "First aid to the injured," by H. L. Taylor.

The evening educational classes will begin Monday, October 5, and it is requested that all who wish to enter classes in commercial arithmetic, penmanship, bookkeeping stenography, should hand in their names at once.

Affairs of Consequence. FOREIGN. The King of Holland shows no sign of improvement, and his condition excites the gravest apprehension. The trial of the Irish nationalists at Tipperary went on, the judges refusing to suspend it notwithstanding the appeal to the high court at Dublin of the question of Magistrate Shannon's sitting in the cases.

ANTIMIGRAINE.

—THE—

NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REGISTERED.

ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache

AND NOTHING ELSE.

Has earned for itself the enviable reputation of being the most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The numerous favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without it. For its curative powers it does not depend upon the action of such poisonous drugs as ANTI-EMETIC, MORPHINE, CHLORAL AND COCAINE, since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is a Cathartic, does not disarrange the stomach, and contains no toxic or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no impression or annoying after-effects, as in the case of other so-called "barbarous remedies." These qualities make it the most popular and reliable article in the market, wherever known.

GRAND LOSS FOR ASH. The loss of an hour is two responsibilities in a work man's world. Time is either lost or won, according to age. In either case the loss can be repaired every thirty minutes and a cure is effected. One dose will always give away an attack of headache, a headache which, not using the proprietary "Antimigraine," will be followed by a second attack, and the attack is followed by a third, and so on, until the patient is exhausted, and the headache is followed by a fourth, and so on, until the patient is exhausted, and the headache is followed by a fifth, and so on, until the patient is exhausted, and the headache is followed by a sixth, and so on, until the patient is exhausted, and the headache is followed by a seventh, and so on, until the patient is exhausted, and the headache is followed by an eighth, and so on, until the patient is exhausted, and the headache is followed by a ninth, and so on, until the patient is exhausted, and the headache is followed by a tenth, and so on, until the patient is exhausted, and the headache is followed by an eleventh, and so on, until the patient is exhausted, and the headache is followed by a twelfth, and so on, until the patient is exhausted, and the headache is followed by a thirteenth, and so on, until the patient is exhausted, and the headache is followed by a fourteenth, and so on, until the patient is exhausted, and the headache is followed by a fifteenth, and so on, until the patient is exhausted, and the headache is followed by a sixteenth, and so on, until the patient is exhausted, and the headache is followed by a seventeenth, and so on, until the patient is exhausted, and the headache is followed by an eighteenth, and so on, until the patient is exhausted, and the headache is followed by a nineteenth, and so on, until the patient is exhausted, and the headache is followed by a twentieth, and so on, until the patient is exhausted, and the headache is followed by a twenty-first, and so on, until the patient is exhausted, and the headache is followed by a twenty-second, and so on, until the patient is exhausted, and the headache is followed by a twenty-third, and so on, until the patient is exhausted, and the headache is followed by a twenty-fourth, and so on, until the patient is exhausted, and the headache is followed by a twenty-fifth, and so on, until the patient is exhausted, and the headache is followed by a twenty-sixth, and so on, until the patient is exhausted, and the headache is followed by a twenty-seventh, and so on, until the patient is exhausted, and the headache is followed by a twenty-eighth, and so on, until the patient is exhausted, and the headache is followed by a twenty-ninth, and so on, until the patient is exhausted, and the headache is followed by a thirtieth, and so on, until the patient is exhausted, and the headache is followed by a thirty-first, and so on, until the patient is exhausted, and the headache is followed by a thirty-second, and so on, until the patient is exhausted, and the headache is followed by a thirty-third,
