MISCELLANEOUS. Who Told You So?

W. T. Crawford says that H. G. Ewart told him that he heard Jim Gudger say that Bob Vance told him that Kope Elias heard that there was no doubt that W. W. Rollins said that Tom Johnston thought that Bob Purman had told Sitting Bull that Buffalo Bill had declared to J. H. Courtney that it was generally believed that Dan Reynolds had said in plain terms that he heard Jack Worley say that his friend John L. Sullivan had said that Bill Deaver informed him at the congressional convention in this city that it was a well known fact that the House-keepers' Union had caught Gen. Cleggman in saying that in his opinion it was a matter of fact and of great public interest that J. J. Mackey intimated to Jess Lowry that Bill Nye had said while attending the county convention last Saturday that anyone caught reading this shall repair at once to the store of A. D. COOPER, North Court Square, and inspect his mammoth stock of all kinds of Groceries, Provisions, &c., where arrangements have been made to furnish you all kinds of Staple and Fancy Groceries of the Best Quality at the Lowest Prices.

COMMON SENSE TALK.

Our Fall and Winter stock of goods is all in, and is complete. This stock was bought so that we can sell it at our old prices. All goods bought since the new republican tariff went into effect Oct. 6th will be from 10 cts. to 50 cts. on the dollar higher, particularly Shoes and Tinware. We shall sell our present stock of Fall and Winter goods in all lines at same prices as heretofore, and that is cheaper than any other store in Asheville. We keep everything in Dress Goods, Clothing, Shoes, Hats, Factory Cloth, Tinware, Lamps and Glassware. We can fit out a family with everything to wear, from a tiny shoe for the baby to an overcoat for the grandfather, from a marriage to a funeral. You must buy your sugar and coffee from the grocer, then come to us, we can fill out the balance of your wants. It is but little trouble to come to our store and learn our prices before you buy, and it often amounts to a big saving in money. Country people particularly will save money if they will price our stock before they buy their winter supplies of Shoes, Hats, Clothing, Dresses, Overcoats, Pant Cloth, and Blankets. If we do not sell them as good goods for less money than anyone else in Asheville they can buy elsewhere, only be sure to come to our store before you buy, and remember the place, The "BIG RACKET"

THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN.

MEETING AT PITTSBURG OF THE LOCOMOTIVE ENGINEERS.

NO STRIKE ORDERED ON THE ERIE AS REPORTED.

PITTSBURG, Pa., Oct. 21.—The business of the convention of the International Brotherhood of Locomotive Engineers is progressing rapidly, and an adjournment in about ten days is expected. The sessions continue secret, but it has been learned that the proposition of federation with the trainmen's organization has been rejected. A new executive committee has been appointed as follows: Edward Kent, of Erie, chairman; Col. Nat. Sawyer, N. Y. Central; B. M. Clarke, Denver; Col. Ash Kently, Winnipeg, Man.; Dan. Brown, Derry, Pa.; G. B. Torver, Temple, Texas.

At the meeting of the committee last night \$2,025 was distributed among the widows, orphans, and indigent members of fifty of the 452 divisions of the order. This amount was distributed among fifty-six persons. The committee on special charities, John Puffenberger, of New York, chairman, also held a meeting and disbursed considerable money.

Atlanta, Ga., and Minneapolis and St. Paul, Minn., have been suggested as the places for holding the next meeting. The Western delegates have combined in favor of St. Paul. A prominent delegate stated that the assertion made by a newspaper that the convention had ordered a strike on the Erie road, is false. The subject has not been brought before the meeting.

PRICES GO UP.

The McKinley Bill is Hard on the Poor.

PITTSBURG, Pa., Oct. 21.—Paul H. Hacke, the leading dry goods importer of the city, when asked about the effect of the new tariff, said:

"As the bill was gotten up solely in the interest of the manufacturer he must certainly be the gainer and he is. Low priced dress goods that cost 38 1/2 cents will cost 52 to 53 cents to import. The American manufacturer makes largely of low priced goods from 25 to 60 cents and right here it is plain where they will be the gainers. We have had to cancel our orders for low priced German and French goods. There is one thing certain—this bill is the best democratic measure that has been out for four years. Why, this is the first time the average buyer has been enabled to form an idea of what tariff really amounted to."

PROVIDENCE, R. I., Oct. 21.—The effects of the McKinley bill are already being manifested in this state. The Harris wool mill, the largest in Woonsocket, will shut down January 1, the owners desiring to wait before they start in on their spring goods till they can ascertain how the new tariff measures is affecting their business.

A Providence clothier sold a suit to a regular customer, and when the latter kicked at the price the merchant demonstrated to the purchaser ocularily that within seven days the price for that particular pattern had gone up to the extent of \$1.50.

ILLINOIS DEMOCRATS.

They Are Out for Victory and May Get It.

CHICAGO, Oct. 19.—The democrats of Illinois, undaunted by a long series of political reverses, are this year making a supreme effort. Under the brilliant and inspiring lead of ex-Governor Palmer they have in the last few days, closed their ranks, and are pressing forward so resolutely that some alarm exists among the republican bosses as to the outcome.

Illinois has been one of the most steadfast of republican states, and an unbroken line of republican governors for many years testifies to its loyalty to that party. In 1880 Garfield had a plurality of over 40,000. Blaine had 24,827 in 1884 and Harrison had 22,104 in 1888. These figures are not reassuring to Illinois democracy, and yet they have gone into the fight this year as if they meant and expected to win.—New York Herald.

SAILORS' BROKEN LEGS.

Accident on the British Squadron at Sea Saturday.

LONDON, Oct. 21.—The storm that prevailed along the north British coasts Saturday was followed by a dense fog. When it lifted to-day vice Admiral Sir Michael Culme Seymour and twenty-four officers and men belonging to the British fleet who were left on shore at Scarborough Saturday morning when the Squadron put to sea to escape being blown ashore, boarded the Camperdown. While shipping the anchor Saturday the cable of the Camperdown gave way and severely injured thirteen of the crew, three legs and arms and ribs being broken.

Three other vessels belong to the fleet have signalled that fatal accidents occurred on board during the storm.

A TELEPHONE GIRL.

Responsible For a Great Social Uplift in Texas.

FORT WORTH, Oct. 21.—Miss Addie Cullen, a telephone girl, left here last night ticketed through to New York city where she will be met by ex-Mayor W. S. Pendleton and a second marriage ceremony will be performed.

Mrs. Pendleton No. 1 was granted a divorce a few weeks since and this second marriage will close the most sensational social upheaval known in the history of Texas. Mr. Pendleton has begun the practice of law in New York city and has purchased a home there.

Under the Lincoln Monument.

SPRINGFIELD, Ill., Oct. 21.—Robert T. Lincoln has decided to bring the remains of his only son, Abraham Lincoln, to Springfield and deposit the body in a crypt in the Lincoln monument. The association yesterday passed resolutions agreeing to permit the burial hereafter of the Lincoln family in the same place.

Democratic Ex-Governor Dying.

ST. PAUL, Oct. 21.—Gen. H. Hastings Sibley, the first governor of Minnesota and the only democrat who ever held that office, suffered a stroke of paralysis yesterday and is in a critical condition.

INTERNAL REVENUE OFFICE.

Rooms on North Main Street Selected for the Office.

Major W. W. Rollins, internal revenue collector for this district, returned yesterday afternoon from Statesville. The collector's office and its equipments were turned over to Major Rollins in Statesville Saturday and the oath of office administered to him. The stamps from the branch offices throughout the district have been examined and returned to the offices.

General Revenue Agent Sewell came to Asheville with Major Rollins and together they spent this morning in looking for a place for the offices here. The rooms selected are in Hampton & Featherston's building, on North Main street. There are nine rooms in the suite and the occupy almost the entire second floor. The front rooms are all included and the remainder are to be moved to Asheville. Major Rollins will divide his time between Statesville and Asheville until the removal is made. He hopes to be ready to move by Nov. 10 at the very latest.

Mr. John Nichols, chief clerk of the office, who was also sworn in Saturday is now in charge of the business at Statesville.

Major Rollins' salary as collector will be \$4,500 per year. He will retain some of Eaves' clerks, but has not made the appointments yet.

ACCIDENT INSURANCE.

One Form is to Engage in a French Duel.

PARIS, Oct. 21.—A duel occurred to-day between M. Paul Deroulide and M. Kunch, growing out of the debate in the chamber of deputies yesterday relative to the action of the government against Boulanger. In the course of the debate M. Deroulide insulted M. Kunch by declaring him as "a lackey of all administrations." The weapons used at the duel were pistols. Twenty-five paces were marked off by the seconds, and the principals then took their positions.

At the world M. Kunch fired, but his shot fell wide of its mark. M. Deroulide did not fire. M. Kunch's seconds then proposed that the duel be continued, but M. Deroulide declined to accede to the proposal.

THEY WILL NOT FORGET IT.

Narrow Escape of Two Members of the British Iron Association.

CHATTANOOGA, Oct. 21.—Two members of the British Iron and Steel institute had an experience here that they will never forget.

They were walking over the trestle on the summit of the mountain and were caught by an approaching train. On one side was a rock wall 100 feet high; on the other a precipice of 100 feet. The ties were too short to stand on without being struck by the cars. In their fearful dilemma they lay down as far as they could get, but by the merest chance the engine was stopped just before it reached them.

THE HANGED ANARCHISTS.

Their Deaths to be Remembered by Speeches.

CHICAGO, Oct. 21.—The anarchists will commemorate, on Nov. 11, the hanging three years ago of Spies, Fischer, Engel and Parsons. The program outlined includes a visit to the anarchists' graves at Waldheim where Mr. Schultz, of New York, will speak in German, Mr. Mikondia in Russian and probably Prof. Gardine in English. A large hall will be secured for the memorial exercises and arrangements made for a big street parade.

BEAT THE NEW YORK.

The Teutonic Wins the Last Ocean Race.

LONDON, Oct. 21.—The steamer Teutonic, which cleared the bar at New York at 7.34 a. m., Oct. 15, bound for Liverpool, was signalled off Broadway at 9.27 this morning. The City of New York, sailed from New York for Liverpool the same day as the Teutonic and crossed the bar four minutes ahead of her, was signalled off the point at 11.39 a. m. to-day.

SHOT AT THE CZAR.

Another Attempt on the Life of Russia's Ruler.

PARIS, Oct. 21.—The Evrenment has advised from St. Petersburg stating that as the train in which the Czar was traveling on his way to St. Petersburg from his hunting trip in Poland, was passing Grodno, a shot was fired at the train from the railway station there.

Tobacco in Bond.

WASHINGTON, Oct. 21.—Applications have been made to the treasury department by importers, who had tobacco in bonded warehouses prior to the passage of the act of Oct. 1, 1890, for permission to withdraw the same at weights as ascertained at the time of said withdrawal.

Assistant Secretary Spaulding says that after a careful consideration of the matter, the department is of the opinion that such applications cannot be granted.

He's a Ladderspinner.

NORWICH, Oct. 21.—The gilded pine cross on the steeple of St. Patrick's church in this city has become rotten, and a copper one is to be put in its place. "Steeple" Charley Taylor, of Leominster, Mass., is doing the job. The steeple is 175 feet high, and the climber goes up the stone shaft on the outside. He works in the night so that people may not find out his process of ladderspinning.

Express Company Against the Lottery.

NEW YORK, Oct. 21.—The United States Express company has issued peremptory orders to all of its agents not to receive money, tickets or lists of drawings from the Louisiana lottery company, or in any way to assist in the transaction of lottery business.

Southern Coal for Europe.

NORFOLK, Va., Oct. 21.—Yesterday a shipment of seven hundred tons of Pocahontas coal was made from Lambert's Point to London in a British steamship. This is the first shipment of steamer coal ever made from the south to Europe.

NOTABLE IMPROVEMENTS. THEY ARE TO BE IN SOUTH-EAST ASHEVILLE.

The Asheville Park and Hotel Co. to Have Their Hotel Ready for 1891—A Street Railway to be Constructed.

The Asheville Park and Hotel company has issued a very handsome prospectus in pamphlet form, of their intended operations.

This company owns a magnificent site on the southern slope of Beaufort ridge, containing about two hundred acres of land and including what is known as "Hazzard's Point," and the Wharton and McDowell properties, with a frontage of 1,800 feet on South Main street, sheltered from winds and commanding a view of surpassing loveliness. The site overlooks the valleys of the Swannanoa and French Broad rivers and Asheville, and the property recently purchased by Mr. George Vanderbilt, and commands fine views of the mountains surrounding Asheville.

It is proposed to set apart about seventy-five acres of this tract for the hotel building and parks, and the remainder is to be divided into residence sites, to be sold. Wide roads will lead to the hotel with a line of electric street cars connecting with the present system of Asheville, and these with the electric road leading to Biltmore will make access easy.

A force of 50 hands is now at work on a street to lead from South Main at the Southern edge of the Buchanan property, by a circuitous and well graded route to the hotel. This road will be 50 feet wide and one mile in length. The distance to the hotel site from the court house by this street will be about a mile and three-quarters.

A street car line will be built on this street. It will in all probability be operated by the Asheville St. Railway Co.

Major T. H. Bomar, jr the civil engineer who has been engaged in the work of laying off the grounds.

The hotel to be built will contain about 400 rooms and plans will be submitted to the board of directors by prominent architects. The cost of the building when completed will be between three and four thousand dollars. It is expected to have the building ready by the opening of the winter season of 1891.

Interesting Subjects for Discussion.

Dr. DeWitt Webb will deliver an address on "Shell Mounds in Florida" before the Lyceum to-morrow night. The meeting is to be held in the new room in the Barnard building, which the ladies are temporarily preparing. Dr. Webb's subject is a very interesting one and will doubtless be well treated, as he has made a careful study of it. Col. J. D. Cameron, who had been selected to deliver an address on "Mica and its Associations" before the society Nov. 5, will by request speak to-morrow night instead. His subject is kindred to Dr. Webb's, although of more local interest, as it will treat of Western North Carolina.

Farmers Watch for Them.

It is understood that there are republicans from Henderson county in Buncombe claiming to be alliance men and democrats and trying to influence the members of the alliance to vote for Ewart. Democratic farmers would do well to watch for them.

Progress of Registration.

The total registration in the two wards of the city at 3 o'clock to-day was 1675. The east ward book showed 751 names, 459 white and 292 colored. In the west ward the number is 924, 705 white and 219 colored.

Marriage License.

Marriage license has been issued to W. Crook and Miss Emma Rollins, both of Buncombe.

Down on Low-Necked Dresses.

ELIZABETH, Oct. 21.—The Rev. Father Gessner of St. Patrick's church on last Friday night ordered some female members of his congregation to leave a sociable given by the Father Matthew Dramatic corps in aid of the church, because they appeared in low-necked dresses. He won't tolerate it at an affair given by the societies connected with the church.

A. F. Mullet Dead.

WASHINGTON, Oct. 21.—A. B. Mullet, formerly supervising architect of the treasury, and for several years a successful architect in private practice, shot and killed himself to-night at his home in this city.

An Expurgated Joke.

"What kind of a climate has H-bigo-land?" "Rather d-m-p, I fancy."

AFFAIRS OF CONSEQUENCE.

FOREIGN.

Mount Aetna is in a state of eruption, the whole eastern side being covered with a thick layer of cinders.

Tramway employes in Vienna are on a strike, and as a result the service in that city is entirely suspended.

During the past week there was great excitement at Lyons, France, over the McKinley tariff law, and the representative from that district in the chamber of deputies gave notice that he will in the chamber demand retaliation on increased duties which the new United States law places on French goods.

HOME.

Mr. and Mrs. Robert Garrett arrived in Baltimore Sunday from their European trip.

A committee of dentists will request Superintendent Porter, of the census, to withdraw the inquiries sent to them as manufacturers.

A number of other Italians have been arrested in New Orleans, charged with being accessories to the murder of Chief of Police Hennessy.

The lower house of the Ohio legislature after a stormy session, refused to pass the senate bill giving the governor power to remove the members of the Cincinnati board of improvements and providing for a new board with elections next April.

Dean Wagner, of Windsor, Ont., is exhibiting a painting which was sent him recently at the dying request of the mother superior of an Ursuline convent at Prague, Austria. The picture is without doubt one that has been searched after vainly for over 200 years. It is "The Crucifixion," painted by Hans Memling early in the fifteenth century.

MISCELLANEOUS. ANTIMIGRAINE.

NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REGISTERED.

ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache AND NOTHING ELSE.
