Who Told You So? W. T. Crawford says that H. O. Ewert told him that he heard Jim Gudgeon say that Bob Vance told him that Kope Elias heard that there was no doubt that W. W. Rollins said that Tom Johnston thought that Bob Purman had told Biting Bull that Buffalo Bill had declared to J. H. Courtney that it was generally believed that Dan Reynolds had said in plain terms that he heard Jack Worley say that his friend J. M. L. Sullivan had said that Bill Denver informed him at the congressional convention in this city that it was a well known fact that the House-keepers' Union had caught Gen. Clingman in saying that in his opinion it was a matter of fact and of great public interest that J. J. Mackey intimated to J. M. Lowry that Bill Nye had said while attending the county convention last Saturday that anyone caught reading this shall repair at once to the store of A. D. COOPER, North Court Square, and inspect his mammoth stock of all kinds of Groceries, Provisions, &c., where arrangements have been made to furnish you all kinds of Staple and Fancy Groceries of the Best Quality at the Lowest Prices.

COMMON SENSE TALK. Our Fall and Winter stock of goods is all in, and is complete. This stock was bought so that we can sell it at our old prices. All goods bought since the new republican tariff went into effect Oct. 6th will be from 10 cts. to 50 cts. on the dollar higher, particularly Shoes and Tinware. We shall sell our present stock of Fall and Winter goods in all lines at same prices as heretofore, and that is cheaper than any other store in Asheville. We keep everything in Dress Goods, Clothing, Shoes, Hats, Factory Cloth, Tinware, Lamps and Glassware. We can fit out a family with everything to wear, from a tiny shoe for the baby to an overcoat for the grandfather, from a marriage to a funeral. You must buy your sugar and coffee from the grocer, then come to us, we can fill out the balance of your wants. It is but little trouble to come to our store and learn our prices before you buy, and it often amounts to a big saving in money. Country people particularly will save money if they will price our stock before they buy their winter supplies of Shoes, Hats, Clothing, Dresses, Overcoats, Pant Cloth, and Blankets. If we do not sell them as good goods for less money than anyone else in Asheville they can buy elsewhere, only be sure to come to our store before you buy, and remember the place, The "BIG RACKET"

H. REDWOOD & CO. Our Autumn stock is now very full and attractive, and we are selling a large quantity of goods. The stock was selected with great care, assuring very late and fashionable styles at bottom figures, the important advance in prices which has occurred since the purchase making the goods specially cheap. As we shall have to pay higher prices in the near future, the moral would seem to be: Buy early such articles as you expect to use this season. H. REDWOOD & CO. Clothing, Wraps, Shoes, Dry Goods, Underwear, Upholstery Goods, Hats, Carpets and General Smallwares. 7 & 9 PATTON AVE.

THE NEWS! BY ASSOCIATED PRESS TO THE CITIZEN. A NEW KIND OF ALLIANCE IN MASSACHUSETTS. THEY WILL TRY TO DEFEAT ALL ANTI-LABOR LEGISLATORS. BOSTON, Oct. 22.—Representatives of thirty labor organizations and of the nationalists and socialists attended the meeting of the united labor alliance last night. The secretary read communications from fifty organizations in various parts of the state which endorsed the aim and objects of the alliance, promising to support the measures adopted. Every effort will be made to secure the defeat of all candidates for legislative positions who will not unqualifiedly promise to vote in the interest of the coming convention, and measures shall receive the endorsement of the labor and other economic associations. LABOR CONVENTION. Registered Gompers Issues a Call For One at Detroit. NEW YORK, Oct. 22.—President Gompers, of the American Federation of Labor, has issued a call for a convention of the order December 8, at Detroit, Mich. He says: "On the one hand the corporate and speculative classes have become more arrogant in their efforts to intimidate and crush out the spirit of the workers by methods hitherto unheard of in labor difficulties; and on the other, the demand of the wage-workers to be larger shares of the product of their toil has become so loud and impressive that the forthcoming convention of the American Federation of Labor will be without doubt the most important gathering of laborers' hosts within the annals of history."

Her Costume Invited It. CINCINNATI, Oct. 22.—In Peter's Concert Hall two night ago Annie Suits, a very comely singer was on the stage doing her "turn," attired in a jockey's costume. A wealthy young man "clucked" at her very loudly, and in other ways made himself obnoxious. Miss Suits, in a fit of anger, and made for the offending swell. Before he could disarm her she had soundly whaled him, to the intense delight of the spectators. Miss Suits is the wife of Harry Maddox, and is a Californian by birth. Gladstone On the Tipperary Affair. LONDON, Oct. 22.—Gladstone addressed an audience of 5,000 persons in Edinburg last evening. He referred to the Tipperary affair and said it was grossly illegal to close the doors of a court house against the people. The appointment of Angus de Shannan to try the case was a gross scandal, not merely because he was an executive officer, but also because he had been involved in a serious personal altercation with Dillon. Hardly a Modest Requirement. LONDON, Oct. 22.—Gen. Booth, commander in chief of the Salvation Army, speaking of the proposals set forth in his book, "In Darkest England," for the alleviation of the physical distress of the masses before close attention is paid to their moral and spiritual wants, says that he requires \$5,000,000 to carry out the scheme. Member of a Suicide Club. BRIDGEPORT, Conn., Oct. 22.—Daniel Cowell, said to have been a member of the alleged suicide club, of Bridgeport, which has attained some notoriety in recent years, committed suicide last night by taking prussic acid. Cowell is said to have been the last but one member of the alleged suicide club. Sir Charles Russell's Retainer. LONDON, Oct. 22.—Sir Charles Russell has been retained for the defence of Joe McAuliffe and Frank Slavin. His brief was marked 400 guineas, with a daily retainer of 75 guineas. Richard K. Fox and Lord Lansdale have promised to pay all the expenses. A Society Flutter. WASHINGTON, Oct. 22.—Washington society is much interested in the rumor that Nicolaus Alexandrovitch, the heir to the Russian throne, proposes to visit this country. A Rasca! Any way. OTTAWA, Oct. 22.—Oswald Birchall, brother of the condemned murderer, has written to the crown from England praying for clemency. He thinks his brother is not guilty of the murder, but admits his rascality. Debounced the Use of Tobacco. LOCKPORT, N. Y., Oct. 22.—Dean Cannon, rector of St. Patrick's Cathedral, preached a denunciatory sermon on the use of tobacco yesterday morning. South Dakota's Increase. WASHINGTON, Oct. 21.—The total population of South Dakota is 327,848; increase in ten years 229,580. THIS MEANS BUSINESS. Chas. Loney, of Monroe, arrived in Charlotte the other day and showed a Chronicle reporter some fine specimens of gold, which were taken from his gold mine in Union county. Two pans of ore produced two ounces of gold. Durham still continues to move up along the line of enterprises, says the Sun. The Mallory Durham cereal company has been organized with J. T. Mallory, president, R. C. Pleasant, treasurer and E. Hackney, secretary. The capital stock is \$30,000. The Hotel Fountain property, Winston, has been sold for \$20,000. This is the house that was burned there about three months ago. It is generally believed that Dr. D. W. C. Benbow, of Greensboro, has his eye on building a mammoth transient hotel on the spot. The Winston-Salem land and improvement company has been organized with capital stock placed at \$200,000. The company's main line of development will be the securing of large industries to be located on their business lots. The company is now negotiating with large northern firms for the removal of their factories there, and several have made known their intentions of doing so.

VANDERBILT'S BRICKS. An Interesting Process of Manufacture Described. George W. Vanderbilt is pushing work on his estate at Biltmore rapidly. He now has about 300 men employed. One of his chief undertakings is that of manufacturing the brick to be used in the construction of his residence, and the tile to be used on the estate. The brick machine which is being used is a very wonderful piece of mechanism. The daily output of this machine, running 10 hours, is about 32,000 bricks. This is an average of 53 a minute, or nearly one every second. The number has reached as high as seventy-five a minute. The process of manufacturing the brick is quite interesting. The clay is brought on train cars from a place some distance below the works on the Swannanoa. It is taken into the building on these cars and deposited on the floor. From here it is shoveled down through an opening in the floor, to a series of conical rollers which press and crush it and remove the stones. From here the material is conveyed by means of an endless belt to what is called the "pug mill," where it is ground and thoroughly pulverized by knives. Water is also mixed with the clay at this juncture. After passing through this process the clay is ready for the mill. It is shoveled into the machine and comes out in a continuous stream of clay, the breath and thickness of a brick. This stream of clay is conducted on a continually moving belt to a revolving wheel which is so arranged as to cut the clay into a proper length for bricks. At this point there is an automatic meter which registers the number of brick made each day. From this place the brick are packed on cars and taken into the "drying room." The moisture is all forced from them here and they are then ready for the kiln. The brick are for the present burned at the tile kilns, and some in the old fashioned kilns. Soft coal is used. The tile kilns will hold 40,000 brick apiece. Two brick kilns are being built now. These are of the best and most improved kind and will hold 250,000 brick apiece. The tile machine is not in use now. It produces tile from 2 1/2 to 8 inches in diameter. The motive power for the brick works is furnished by a Westinghouse seventy-five horse power engine. The boiler is 100 horse power. Mr. O. B. Wheeler, of New York, is in charge of the manufacture of the brick. HORRIBLE. Almost Incredible Cruelty of Rev. Ebenezer Officers. Reports were received here last night of a peculiar tragedy in Johnston county. Deputy Collector Pat Massey and Deputy Marshal D. S. Flowers, were raiding the vicinity of Four Oaks township for illicit distilleries. The officers found a still in a secluded place and also saw two men there. But the men saw the officers also, and ran off toward a house on the opposite side. The officers went to the house and asked a Mrs. Creech where the men were. She either didn't know or would not tell anything about the men. Then Flowers began to curse Mrs. Creech, and threatened to kill her if she did not tell where the men were. She was in a delicate condition, and Flowers' terrible abuse and threats had a fatal effect, for she fell down and died in the presence of the officers. Flowers at once left the section and he has not been seen since the occurrence. The people of the community are very indignant, and reports come to the effect that they are hunting for Flowers, and if he is caught he will be lynched. AN M. C. Taken to Jail. TIPPERARY, Oct. 22.—David Sheely, member of the house of commons for South Galway, who is one of the defendants on trial here on charge of conspiracy, and who was yesterday adjudged guilty of contempt of court, and sentenced to one week's imprisonment, was taken to-day under a strong escort from this place to Clonmel jail. AFFAIRS OF CONSEQUENCE. FOREIGN. The Parliament of Holland will meet to decide whether in view of the King's health a regency shall be appointed. Captain Sir Richard Francis Burton well known for his explorations in Africa and other countries died in London yesterday. The British foreign office has formally recognized the Brazilian republic and has ordered British ships on the south-east American station to salute the Brazilian flag. It is announced in Berlin that the eldest daughter of United States Minister Phelps is engaged to be married to Lieutenant General Reuter and that the youngest daughter is engaged to Baron Wetzelstein. A London cable says Henry M. Stanley has written to the Times appealing to the public to subscribe to the remaining 2,700 pounds of the sum of 5,000 pounds required to build the mission steamer for Uganda. He contrasts the English apathy with the German activity in the same direction. HOME. The directors of the Illinois Central railroad company have effected a new organization. The press club has extended an invitation to ex-President Cleveland to speak in November at the auditorium in the auspices of the club. William Nye and his sons Harry and Grant Nye, all prominent business men of Ada, O., were arrested yesterday for passing counterfeit bills. They were taken to Toledo for hearing. It has been discovered that the usual penalties do not apply in the case of Mr. Wheat, the late postmaster of the United States house of representatives, because he was not an officer of the United States government. The Baltimore oyster dredgers report that all along Kent Island off the "Lumps" and down the western shore as far as Patuxent, Cooper Island, oyster banks found are "dead." What has killed the oyster is not known. The Congressional ministers of Boston and the eastern synod of the Reformed Church in the United States, in session at Reading, Pa., have adopted resolutions declaring against the opening of the World's Fair at Chicago on Sunday.

HORRIBLE MURDER DONE. MRS. H. T. MORRISON KILLED AND HER HUSBAND MISSING. THE BODY FOUND SOME MILES FROM THEIR HOME. TWO BULLET HOLES AND A HORRIBLE GASH MADE. Mrs. H. T. Morrison was murdered in a horrible manner by her husband, it is now believed, near Asheville, Friday. A year ago Morrison and his wife and his brother-in-law, Wm. Sullivan and his wife, came here from Anderson county, South Carolina. Morrison and his wife took rooms near the old depot, in the western part of the city, and Sullivan made his home on T. L. Clayton's farm about two miles west of Asheville, near the French Broad river. Morrison got a position in the shops of the furniture factory. He is about 20 years old and his wife was but 18. Sullivan worked in Clayton's lumber mill. One day last week Morrison and his wife quarreled about something and she went to the house of Sullivan, her brother. Last Thursday evening, before Sullivan reached home from his work, Morrison went to the house where Mrs. Sullivan and his wife were. It is said that he knocked his wife down with a stick and beat her brutally with a pair of brass knuckles. He then pinioned her arms with a rope and dragged her away from the house, swearing that he would kill her unless she went back to live with him. She, it is said, told him that she would do so if he would stop abusing her. When Sullivan reached home he set out to look for his sister, thinking that her husband had probably mistreated her after leaving his house. He went to Morrison's home, near the old depot, but did not find the couple there. Not hearing anything the next day (Friday) he telegraphed to his father in Anderson county, S. C., that his sister was missing. THE BODY FOUND. Saturday morning some workmen of Vanderbilt's place found the body of a woman about one-half mile from Biltmore, near Vanderbilt's railroad. The body was covered with brush and was near a small stream of water. Later, it was identified as that of Mrs. Morrison. There were two bullet holes in the woman's left breast and one above the right eye in the temple. There was also a terrible gash about ten inches long, beginning at the chin, on the right side and extending down to the chest, laying it open and exposing the backbone. The body was put in a wagon by the workmen and taken to the station at Biltmore. The woman's father arrived from South Carolina on a freight train a short while after the body was found and, on reaching the place, took charge of the body. He had the remains boxed and returned to South Carolina with them. The body has been buried there. TELEGRAPHED FOR THE REMAINS. The case has been put in the hands of the Pinion Detective agency by Mr. Sullivan, the murdered woman's brother. The matter was not reported to Chief Deaver by Sullivan until this morning, and Mr. Deaver notified Coroner Hilliard of the occurrence. Mr. Deaver has telegraphed to South Carolina for the body to be exhumed and sent back to Asheville. Mrs. Morrison had an uncle living in Philadelphia who has been notified of his niece's terrible death. He has telegraphed an offer of \$500 for the arrest of Morrison. Morrison has fled however. They Remembered. From P. T. Barnum's Stories. A clergyman was called on to go down to a country village a few miles away and preach a sermon. He did so and took for his text, "Remember Lot's wife." Two years afterward he was called again, the minister being absent, to come down and preach a sermon. He put his hand in the barrel and drew out the first one that came handy and put it in his pocket and went down to preach it. As a singular coincidence it proved to be the same sermon that he preached before. When he rose and read the text, "Remember Lot's wife," a man in the congregation called out, "We haven't forgotten her since you were here before."

ANTIMIGRAINE. NEVER FAILING CURE FOR HEADACHE. TRADE MARK REGISTERED. ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY. Cures Every Variety of Headache AND NOTHING ELSE. ANTIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without. For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTI-PYRINE, MORPHINE, CHLORAL AND COCAINE. Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients. The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known. DIRECTIONS FOR USE. The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In severe cases the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of Headache, if taken when first feeling the preliminary symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.
