The Lesson of Tuesday.

It was a great victory! And it was a righteous one, too. But it was not altogether and wholly a democratic victory. It will be well not to forget that fact.

But these exceptions aside there remains the transfer to the democratic side of an immense number of voters. What influenced them? Certainly the belief, perhaps newly and slowly forced in upon them, that the democratic party is nearer right on the great questions of the day than is the republican.

What are the republicans going to do about it? We confess we do not care. They are probably weeded to their hideous idols. What the democrats will do with their newly acquired power is the important question for the country.

A Southern Republican's View. The November number of the North American Review is before us. A number of the articles are political in character, though the issue is interspersed with contributions of high character, varied and instructive in subject and treatment.

One article, from its title and the locality of its author, merits some notice. It is that by Mr. A. W. Shaffer, of North Carolina, "A Southern Republican on the Lodge Bill." Prima facie, this article is expected and calculated to carry great weight with it.

It is more difficult than usual to predict the vote this year. The thinking and independent men are not going to vote the republican ticket—Springfield Republican.

THE LATEST NEWS FROM NORTH CAROLINA.

W. A. BLAIR. J. V. BROWN.

—Clement Manly, of Newberne, one of the ablest attorneys of Eastern North Carolina, has moved to Winston-Salem.

—Goldboro Argus: Since making the notice of Mr. Arnold Borden's wonderful hooping, polo-toss, a measurement of the yield from 21 1/2 acres has been made, and it turns out that there were 975 bushels.

—Charlotte News: The executive committee of the construction company of the Roanoke and Southern railroad have awarded the contract for grading this line miles more of the road, stretching from the summit of the Blue Ridge mountains to Ronoque. This will complete the road from Winston to Ronoque.

—Bakersville Farmer: Died at his home in this place last Friday, Mr. J. M. Stafford, in the 46th year of his age. Judge Stafford, at the time of his death, was U. S. commissioner and mayor of our town. He was a man of great influence and widely known, and died in the full fellowship of the Baptist church.

—Mr. W. A. Smith, general manager of the Hendersonville Land and Improvement company, is preparing deeds for Mr. M. R. Wood, of Florida, to the lands known as the N. B. Reeves property, Mount Echo, just above the reservoir. It is said that Mr. Wood intends to erect for himself a nice summer residence on this property.—Hendersonville Times.

—There are only 193 convicts now in the penitentiary at Raleigh, out of a total of 300. You correspondents saw marching beside a great, white-haired convict, a small boy, and learned that the latter was Avery Baker, the lad who at Clinton assassinated his father and also his mother, and escaped the gallows.—Raleigh Correspondent Wilmington Messenger.

There will be no extra session. From the New York Herald. 4th Nov. There will be no extra session of congress. This conclusion was reached by the president yesterday. No one expects more than President Harrison that congress cannot be called together within the next week. He believes the time thus saved would possibly enable the republicans to control the Force bill through.

But he doubts the more the matter is agitated that the great majority of members of both houses are unalterably opposed to it. They went to their respective homes with the feeling that the Force bill is forced by the hands of the congressional light. A full session would result in their immediate return to Washington with all the depressing work of a four months' session before them wide out a day probably in which to rest. Such a prospect is, of course, far from pleasing to them, and they have protested vehemently against it.

A Railroad Commission. From the Raleigh Chronicle. The legislature is democratic by a large majority, and this induces the passage of a railroad commission and the reelection of Hon. Zebulon B. Vance to the U. S. senate. A democratic solicitor is elected in most of the districts, and in most counties democratic officers will serve the people.

Wake is Democratic. From the News and Observer. We have not only elected Bunn but an entire legislative ticket, and the entire county ticket.

We Did! From the New York Sun 4th. Vote the democratic ticket!

There Must Have Been More of Him. From the Charlotte Chronicle. J. W. Lewis, a wealthy and influential citizen of Rutherford county, has announced his intention to leave the republican party on account of its "general measures," and vote the democratic ticket.

'T would be Worth Hearing. From the Winston Daily. We would like to hear Rev. the President and Rev. S. M. Jones all use the question. Resulted, that is, is it better to find fault than to be perfect.

Ah! If You Only Could Hush It! From the Hendersonville Times. How the north center about the McKinley bill and the complaint of sectional legislation.

ASHEVILLE MUSIC HOUSE. A - Word - to - the - People - of - Asheville. The Steinway Piano is still the recognized Standard of the World, and C. Falk is Steinway's agent. The best music people in Asheville buy it and take no other. It takes money to buy it. I sell it very close, still some people cannot quite reach it. For these I have the A. B. Chase Piano, which is acknowledged and sold by Steinway as next to his. The first Piano has been in demand by other houses who wanted it for this territory, but C. Falk keeps it right here.

By my prices I may not get rich, but I make a host of friends. The Ferrand & Votey Organ will be something new in the market at this place, white Wilcox & White, Kimball & Waterloo Organs are constantly demanded and sold on good terms. I wish it to be understood that when I sell on installments, and purchasers do not wish to keep the instrument, I do not retain all money paid, but return all amounts paid above rent. I hope the character established for 12 years in Asheville will have its weight when you have to decide where to buy a Piano or other instrument. Respectfully, C. FALK, 35 North Main St.

Of course there's money in printer's ink, but the man who makes the most intelligent use of it gets the most money out of it. It does not pay to advertise something you haven't got, or anything you cannot do and do well. The man who advertises a fraud must have a "good" fraud, and he who advertises bargains in goods must be prepared to satisfy his customers.

THE SUN.

FOR 1891.

Some people agree with The Sun's opinions about men and things, and some (pretend) not; but everybody likes to get hold of the newspaper which is never dull and never afraid to speak its mind.

Democrats know that for twenty years The Sun has fought in the front line for Democratic principles, never wavering or weakening in its loyalty to the true interests of the party it serves with fearless intelligence and undisturbed vigor. At times opinions have differed as to the best means of accomplishing the common purpose. It is not The Sun's fault if it has been further into the millstone.

Eighteen hundred and ninety-one will be a great year in American politics, and everybody should read The Sun. Daily, per month, \$1.00; Daily, per year, \$10.00; Sunday, per year, \$5.00; Daily and Sunday, per year, \$12.00; Daily, per month, \$1.00; Weekly, one year, \$10.00.

Address THE SUN, New York.

A CARD. Editor Asheville Citizen. That our many friends may know we are getting on we will state that we took in \$6,000 in five weeks.

Tell the balance of the world to come and see "Old Ched" smile, and buy goods of us and save 10 to 25 per cent. nov16 dtf S. S. CHESTER & SON
