## THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN

### A PASSENGER TRAIN PLUNGES THROUGH A TRESTLE

PROBABLY TEN DEATHS WILL BE THE RESULT.

SALEM, Oregon, Nov. 13.—An overland Pacific train, south bound, last night went through the north end of the long trestle over Lake Lobish, about five miles from Salem. The trestle must have given away as soon as the engine struck it, and train and trestle went down together. The engine was overturned and left buried in the mud, and following this were tender, mail, baggage and express cars, all and smoking car and tourist sleeper. All were broken to pieces.

Engineer McFadden, Fireman Tim McNeal and an unknown man were killed. Nearly all of one hundred persons on the train were more or less injured, some quite seriously.

James McGarry, United States marshal of Utah, it is feared will die from his injuries.

Capt. Jack Crawford, the scout, was badly bruised.

Dr. Hammel and wife, of Philadelphia, who were returning from a trip around the world, were both injured about the spine.

It is probable the deaths will run up to ten as many of the injured are badly hurt.

### ANTI-BACILLUS.

Details of the New Discovery of a Cure for Consumption.

BERLIN, Nov. 11.—In accordance with his statement that he desires neither material advantage nor pecuniary reward for his discovery of a method for the cure of consumption, Professor Koch will in two or three days publish a full account of his researches in connection with the discovery.

The Frankfurt Zeitung affirms that the lymph used for inoculating the patients will be the result of all that and that it will cost only twenty-five marks for a small vial. The success of the treatment is certain in tubercular affections of the skin, joints and bones and also in the early stages of pulmonary complaints. The lymph destroys the tubercular bacillus.

Several authorities confirm the report of the cure by Dr. Koch's method of a case of lupus on the face and arms within five days. The lymph throws off the bacillus or the necrotic process.

Emperor William has summoned Professor Koch to an interview, in order to personally learn the results that have been obtained from the new consumption cure.

A Frankfurt telegram to the Berlin Post says that the emperor has made a personal gift of \$250,000 to Professor Koch and another of the same amount to employ a national institute for the production of the lymph used in Koch's process.

The lymph is described as a transparent, yellowish fluid, having a slight smell of carbolic acid. The patient who was cured of lupus on the face of sixteen years. The doctors who knew of the case were deeply interested in the wonderful and speedy results of the treatment.—N. Y. Herald.

### THE STOCK MARKET.

It Closes Weaker With Decline in Prices.

NEW YORK, Nov. 12.—The North River state bank did not open its doors and resume business this morning as expected it would. The cashier stated that, although the bank officials felt sure it would pull through all right, it could not resume business for several days to come.

11 A. M.—The stock market this morning felt the influence of the suspension of the North River bank and disclosures in regard to the North American company. The confident tone of last evening, being generally large fractions lower. A flood of North American stock was poured upon the market and sales were made all the way from 16 down to 7.

Louisville and Nashville and Villard's sympathized with the movement. North American rallied to eleven and the London market was stronger the stocks which were weak rallied and made an advance. At 11 o'clock the market was active and strong.

After 11 o'clock the market became weaker and lost part of the advance, the principal declines being in Villards and Granger. The selling was largely due to the reports of the embarrassed condition of the North American. The London market closed firm and slightly higher, New York, taking all the stock offered there.

### TRUE BILL RETURNED.

R. N. O'Brien Indicted for Maliciously Injuring Prince George.

MONTREAL, Nov. 13.—The grand jury yesterday rendered a true bill against R. N. O'Brien for "wickedly and maliciously intending to injure, vilify and prejudice his royal highness Prince George of Wales," by sending from here on Sept. 12, last, a dispatch which alleged that the prince had been arrested in Montreal by shooting himself through the head. Melancholia is assigned as the cause.

A Commercial Man Suicide.

CHARLOTTE, N. C., Nov. 13.—Walter M. Hester, of Winston, traveling for I. Faust & Son, Baltimore, committed suicide yesterday on a train near Kernersville by shooting himself through the head. Melancholia is assigned as the cause.

An Assignment in Richmond.

RICHMOND, Va., Nov. 13.—Henry H. Meyer, a dry goods dealer, assigned yesterday. Liabilities \$70,000, assets unknown. Among the preferred creditors is Samuel Siderly, of New York, for \$4,000.

### BIG RAILWAY COMBINE.

It May be Brought About—Gould in It.

SAN FRANCISCO, Nov. 13.—C. P. Huntington, president of the Southern Pacific railroad, said to-day he thought the report that Gould had obtained control of the Union Pacific plausible.

"Gould assumes the presidency of the Union Pacific does that mean progress toward a big combination that shall include the Southern Pacific, Union Pacific and Missouri Pacific roads and Atchison?" was asked of Mr. Huntington. He replied:

"I am in favor of consolidation, and have gone so far as to offer to consolidate. I told the Atchison people I was willing to combine all our respective properties and let them decide on a name for the joint company. The Atchison people have not accepted the proposition, and I cannot say if they will."

### THURMAN AND CLEVELAND

A GREAT DAY FOR A GREAT DEMOCRAT.

The Ex-President and the "Old Roman" Have a Talk—A Representative Gathering of the Faithful at Columbus.

COLUMBUS, Ohio, Nov. 13.—The city is decked out with flags, bunting and flowers in honor of the 77th anniversary of the birth of Judge Thurman, and each-incoming train brings prominent democrats who come to testify their affection and respect. At the armory this evening one thousand guests, representing the ablest men in the democratic party will be present.

Mr. Cleveland came in to-day on an early train and is the guest of Gov. Campbell at the executive mansion. Mr. Cleveland and Senator Calvin Brier called on Thurman in the forenoon. The Old Roman was feeling remarkably well and told the ex-president he hoped still to weather a few more years.

"But," said he, "I have lived long enough to find myself more than appreciated by the many kind friends who have remembered me on this day and my years could add to the warmth of the congratulations which they have showered upon me."

Mr. Cleveland assured Judge Thurman that the greetings of this day, which come from all quarters of the country, were but the spontaneous expression of a grateful people toward one whose proved and unswerving career had won for him alike the veneration of his party and the admiration of the nation.

"We hope, Judge," said Mr. Cleveland, "that you may yet be spared many years of usefulness to see the fullest fruition of your doctrines and your teachings."

### CRAWFORD'S MAJORITY.

He has 1098 More Votes Than Ewart.

The official count in Macon county shows the following democratic majorities: Crawford, 198; J. F. Ray, legisla- ture, 152; Jas. Candler, sheriff, 21; S. L. Rogers, clerk superior court, 335; J. S. Sloan, register of deeds, 271; C. W. Slagle, surveyor, 256; R. A. Wood, coroner, 246; Geo. A. Jones, solicitor, 396; Judicial voters, 264.

The Asheville Democrat gives the following majorities in the district:

CRAWFORD.	
Huncombe	384
Haywood	683
Jackson	504
Swain	328
Clay	295
Rutherford	153

This with the result in Macon gives Crawford a majority of 1098.

### SOUTH DAKOTA DEMOCRATIC.

And It Will Have a Democratic Senator.

PIERRE, S. D., Nov. 13.—In many of the counties the election on members of the legislature has been so close that the official canvass is necessary to determine who was elected. Corrected returns have been received from about all the counties in doubt and it is beyond question that the legislature is lost in both branches to the republicans. The House will probably give four majority for the democrats— independent-fusionists, while the Senate will have not less than three, giving a majority of seven on joint ballot to elect a United States Senator.

### AN APPEAL FOR AID.

Mr. E. L. Hunnicutt Needs Money for Expenses.

Mr. E. L. Hunnicutt who went to New York some time ago to take his little daughter who was bitten by a mad dog, for treatment appeals to the people of Asheville for pecuniary aid.

Mr. Hunnicutt is in New York himself and his daughter is undergoing the treatment at Pasteur Institute. He says he is constantly kept with his daughter and cannot do anything in the way of making expenses. He will need about \$50 to meet the necessary expenses and asks for help.

### EXOBITANT FREIGHT RATES.

Southerners Meet at Charlotte for a Purpose.

CHARLOTTE, N. C., Nov. 13.—Fifty representative manufacturers of the south held a meeting in the hall of the chamber of commerce last evening with the doors closed. Their object is not thoroughly understood, but the general impression is that they intend to formulate a basis of prices and to confer with railroad authorities regarding alleged exorbitant freight rates.

TOO BAD! Ingalls Not to be Defeated This Time.

ATCHISON Kan., Nov. 13.—W. J. Buchanan, chairman republican state central committee says: "I have no doubt Ingalls will be re-elected. I could, were I so inclined, give the names of the men who will vote for and elect him."

### TORPEDO CRUISER SUNK.

MOST OF HER OFFICERS AND CREW LOST.

British Vessel "Serpent" Strikes a Rock, Slides off Into Deep Water and Founders.

LONDON, Nov. 13.—The British torpedo cruiser Serpent was lost in a storm Monday while attempting to get into either Corunna or Vigo for repairs.

The disaster occurred at 11 o'clock at night. A heavy storm was prevailing and the night was densely black. When the Serpent struck her keel was torn off and a great hole stove in her bottom. She slipped off the rocks into deep water and immediately foundered.

The majority of the officers and crew were below when the vessels struck, and she sank so quickly afterward that none of them had time to reach the deck.

The disaster was so sudden and complete that it was impossible for those on deck to get a small boat into the water. The time between the striking and the sinking of the vessel was so short that nearly all on board went down without making a sign.

Three sailors who managed to reach the shore near Camarines were badly cut and bruised by being thrown by the seas against the rocks, and when they reached the land they were exhausted by their struggles. They were taken to a hospital.

The admiralty will hold an investigation into the circumstances attending the loss of the Serpent, and the survivors will be called upon to give their evidence. The Queen has repeatedly telegraphed asking for information regarding the disaster and expressing her sympathy with the families of the officers and crew who lost their lives. It is officially stated that the Serpent had become partially disabled in the hurricane and that it was necessary for her to repair before proceeding on her voyage. Her commanding officer therefore decided to put into Corunna or Vigo.

LATER.—The Serpent was lost twenty miles north of Cape Finisterre, Spain. Out of a total of 250 souls on board only three were saved.

### TRINITY COLLEGE.

Corner Stone Laid at Durham Monday.

DURHAM, N. C., Nov. 11.—The program of the ceremonies for laying the cornerstone of Trinity college was carried out in full and successfully here to-day. The procession formed on Main street at 12.30 p. m. and was composed of the Durham light infantry, the fire companies, schools, tobacco board of trade, Commercial club, Knights of Pythias, Odd Fellows, Knights Templar, Grand Lodge of Masons, and lastly the building committee and speakers.

The laying of the cornerstone was conducted by Grand Master S. H. Smith, of Winston, and at the conclusion Miss Lula Carr, as a representative of the Methodist Female Seminary, placed a garland of flowers in the cornerstone with appropriate remarks. The speakers, General Robert H. Vance, of Buncombe county, ex-Governor Jarvis, entertained the vast crowd with addresses appropriate to the interesting occasion.

W. Duke gave the handsome sum of \$85,000 to this institution, provided it should be removed to Durham. The amount was supplemented by J. S. Carr, with a site valued at \$20,000, and the citizens of Durham with a subscription of \$15,000, so the success of the institution is assured.—Richmond Dispatch.

### The Interstate Convention.

EDITOR THE CITIZEN.—As a citizen interested in every thing that redounds to the prosperity of Asheville I beg to express to you my appreciation of the hearty endorsement you have given the committee appointed to prepare and make ready for the reception of the grand assembly to meet here on the 17th of next month. This committee has a big job before them, but I know they they will not fail to have Asheville in order when they arrive. Every owner of a home must hold themselves in readiness, if need be, to take from two to six of these visitors. They will not come asking entertainment without charge, as I am informed, and so no good citizen will refuse to give them the very best he has in his shop. I enclose ten dollars to the committee, which you will kindly hand to them, and when they need more say so, and I am ready to give three times as much when all our good citizens fall into line, as I know they will. Asheville has never failed in this writing, and I know she will not now.

### Coming Here at Once.

Maj. W. W. Rollins, collector of internal revenue, says that he will commence moving his office equipments from Statesville to this city Saturday. It will take about a week for him to get fully established in his new quarters on North Main street.

### AFFAIRS OF CONSEQUENCE.

HOME.

John Stallman, a veteran of the war 1812, died in Pennsylvania.

The Irish delegates say they came to America "for a fighting, not a famine, fund."

Supports of Speaker Reed are blaming Secretary Blaine for the results of the recent election.

Some postoffice clerks have been dismissed in New York for not contributing to campaign funds.

The marine hospital service is taking active measures to prevent the landing of lepers at New Orleans.

The remains of the late Major-General Crook have been removed from Oakland, Md., to Washington for interment at Arlington.

The well-known prize herd of Berkshire hogs owned by M. K. Price & Son, of Okaloosa, Iowa, has been nearly destroyed by cholera.

The president is busily engaged in writing his annual message, and for this reason will be unable to accompany Mrs. Harrison to Indianapolis, whither she goes this week.

Mr. T. V. Powderly made his annual address as master workman to the general assembly of the Knights of Labor at Denver, Col., yesterday. Referring to the New York Central strike, he said if the organization could be kept up until the world's fair the company could refuse no just concession.
