### Who Told You So?

W. T. Crawford says that H. G. Ewart told him that he heard Jim Guder say that Bob Vance told him that Kope Bliss heard that there was no doubt that W. W. Rollins said that Tom Johnston thought that Bob Purman had told Irving Bull that Buffalo Bill had declared to J. H. Courtney that it was generally believed that Van Reynolds had said in plain terms that he heard Jack Worley say that his friend John L. Sullivan had said that Bill Dever informed him at the congressional convention in this city that it was a well known fact that the House-keepers' Union had caught Gen. Clinman in saying that in his opinion it was a matter of fact and of great public interest that J. J. Mackey intimated to Jess Lowry that Bill Nye had said while attending the county convention last Saturday that anyone caught reading this shall report at once to the store of A. D. COOPER, North Court Square, and inspect his mammoth stock of all kinds of Groceries, Provisions, &c., where arrangements have been made to furnish you all kinds of Staple and Fancy Groceries of the Best Quality at the Lowest Prices.

### DR. KOCH IS CHAGRINED.

**NO PERMANENT CURE YET RECORDED.**

Doctors Returning From Berlin Express Doubts as to the New Remedy for Consumption.

VIENNA, Nov. 19.—The doctors who have returned from Berlin express doubts as to the radical cure of lupus by Koch's treatment. They say that in some of the cases declared to be cured suspicious looking pustules were seen breaking out afresh near the cicatrized wounds. Leading Austrian specialists warn the faculty against overestimating the efficacy of Koch's method, and affirm that up to the present time not a single case of undoubted permanent cure has been recorded. They also think it possible that the strong reaction of the remedy on the diseased tissue may prove dangerous to weak lungs and interfere with respiration. Three deaths, attributed to this cause, have already been reported.

BERLIN, Nov. 18.—Prof. Koch is chagrined over the reappearance of lupus in a patient reported as cured. This is the only instance, however, of a return of the disease after a supposed cure.

**JULIA MARLOWE DYING.**

Almost no Hope for the Beautiful and Talented Actress.

PHILADELPHIA, Nov. 19.—Miss Julia Marlowe, the actress, is lying at the point of death with the only hope for her life depending on an almost hopeless surgical operation.

Miss Marlowe was taken with typhoid fever three weeks ago and last Friday passed the crisis of the disease in safety and but for complications would, by this time, have been on a firm way to recovery. On Sunday the glands in her throat began to swell, and abscesses formed from which blood poisoning set in and she is now in imminent danger of death. Her physicians have hesitated to operate upon the abscesses as in her weakened condition, they considered she would not be able to survive it. This afternoon at 3 o'clock they will hold a consultation and as she will inevitably die if the operation is not performed they will probably decide to open the abscesses although her chances of living through the operation are small.

**PANICKY IN LONDON.**

The New York Market Report for To-day.

NEW YORK, Nov. 19.—10.15 a. m.—The stock market, in response to the panicky feeling in London, opened firm at at from 1 to 3/2 per cent. down. Prices, however, have since been fairly well held notwithstanding considerable excitement exists.

Joseph F. Becker, dealer in teas and coffees, who has stores on Eighth avenue, Fulton and Front streets made an assignment today to John G. Guinness without preference.

**RICHMOND TERMINAL.**

Jay Gould Has Not Bought a Controlling Interest.

NEW YORK, Nov. 19.—President Inman, of the Richmond Terminal system, says in regard to the report that Jay Gould had acquired a controlling interest in that system:

"There are 700,000 shares of stock, and of this amount Gould has bought up one seventh, or 100,000 shares."

**Railway Rates to the National Alliance.**

JACKSONVILLE, Fla., Nov. 19.—The Southern Passenger Association announces a rate of one lowest first-class limited fare for the round trip to Ocala, Fla., and return for the delegates and the general public, on the occasion of the meeting of the National Farmers' Alliance and Industrial Union in December.

**Baring Brothers' Condition.**

LONDON, Nov. 19.—Baring Bros. & Co. state that all their acceptances and other liabilities will be met as they fall due, and that the position of the firm with the Bank of England at its back is stronger than ever before. They declare their financial position to be sound now.

**Anarchists Must Go.**

BERNE, Nov. 19.—A fresh expulsion of anarchists from Switzerland is imminent.

## THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN

### MYSTERIOUS AMBASSADOR IN PARIS.

**RUSSIAN AGENT IN FRANCE SHOT IN HIS ROOMS.**

PARIS, Nov. 17.—General Schirowski, Russian agent in France, died today from the effects of a bullet wound in his head, inflicted in a manner which, at present, is a mystery.

Conflicting reports are current as to how he was shot. One report says a stranger called upon him yesterday at his rooms in the hotel Bado and that half an hour after the visitor departed General Schirowski was found by his valet lying unconscious in his room, shot in the head.

Other reports state that the General received no visitors. No weapon was found and the furniture in the room was not disarranged. The police attach some suspicion to the valet and he is carefully watched.

The judicial authorities are conducting an inquiry at the hotel Bado into the general's death and have examined a number of servants. The police have become convinced that the valet had nothing to do with shooting his master.

Evidence clearly points to assassination. A clue has been obtained which will probably lead to the detection of the murderer. Ten days ago, M. M. Bernot, owner of Franco-Russian rooms on the Rue Royale, engaged as an employee a Russian Pole named Podlaski. Podlaski was entrusted by his employers with an invitation to a ball which he was to deliver to Gen. Schirowski. This enabled him to gain access to the general's room. Podlaski has absconded.

### THE FARNELL RENOVATION.

A Reaction in His Favor Now Settling In.

LONDON, Nov. 19.—The rumor is current that Farnell will retire from active political life, and that he will marry Mrs. O'Shea as soon as the law will permit him to do so. It is also said that he has promised to give continuous advice to his successor in the leadership of the nationalist party. It is an undeniable fact that the violence against Farnell by the Tory papers in their editorials is causing a reaction of public sentiment in his favor.

The Star (O'Connor's paper) says: "Farnell does not intend to resign the leadership of the Irish parliamentary party."

The Pall Mall Gazette says: "It is Farnell's duty to the Irish people, their English allies, his own character and his cause to resign his leadership."

The Evening News says: "Ireland's unbroken king has been crowned with infamy."

The Freeman's Journal says: "It is implied that Farnell continue as the leader of the Irish parliamentary party."

### GEN. GORDON WON EASILY.

**WHERE WAS THE ALLIANCE OPPOSITION?**

A Tremendous Sensation in Atlanta—Speeches, Marching, Fire-works, and of Course, Voting.

ATLANTA, Ga., Nov. 19.—Gordon is Georgia's senator for the next six years. The vote of the house was taken amidst great excitement. The galleries and lobbies were packed with Gordon men and women, all Atlanta being for him. Every Gordon vote was cheered and other names were hissed. When roll call was completed the vote stood: Gordon, 83; opposed, 85. Then there were several changes and the vote showed that Gordon lacked one of a majority. Speaker Howell then cast his vote for Gordon. A dramatic scene followed. Men went wild, the crowds in the lobbies broke through the doors and the wildest enthusiasm prevailed. Members who had changed to Gordon were mounted on the shoulders of others and carried about the halls amid the wildest confusion and enthusiastic cheering.

Atlanta is turned inside out. A great Gordon demonstration occurred last night at the artesian well, with Gordon and other speakers; bonfires, fireworks, artillery salutes, crosses marching the streets with brass bands, tin horn brigades, and all yelling for Gordon. The total vote of the two houses was:

Gordon..... 120  
S. C. Johnson..... 45  
Cathoun..... 25  
Lines..... 13  
Hammond..... 9  
Hawkins..... 1

Hammond and Hawkins were not candidates.

The old firm has been carrying on an extensive business in Western North Carolina and have had saw mills in Buncombe, Madison and Yancey counties and elsewhere through the west.

The unsettled business of the old firm will be closed up by Cushing and Chapman at their present office. The firm going out of business has made an enviable reputation by their correct business methods, politeness and promptness in all transactions.

Mr. S. F. Chapman is a stockholder in the P. A. Demens wood working company and has been elected secretary of that company. He will devote his time to their interests. Mr. C. D. Cushing will return to St. John, N. C., with his old home, to take an interest with his father in the extensive lumber business of A. Cushing & Co.

### AS TO RAILROAD RATES.

A WELCOME CONTRIBUTION FROM AN EXPERT.

Mr. Winburn Replies to Mr. Kepler, Presenting Some Figures That Are Especially Pertinent Just Now.

EDITOR THE CITIZEN:—So far as I am informed the question of "Railroad Freight Rates" has not excited a particularly lively interest among our citizens generally, and I may possibly tax the patience of your readers by asking their attention to the matter again, but in order to furnish Mr. S. R. Kepler information on this subject, which, from his letter in yesterday's CITIZEN, the Raleigh News and Observer appears not to have given him, I desire to submit a list of the local rates charged by the different divisions of the Richmond & Danville railroad company in North Carolina, as compared with those in force in the state of Georgia.

The Western North Carolina railroad tariff, from which I quote, has been interrupted ever since September 30th, 1887, and shipments made by Mr. Kepler to and from stations between Salisbury and Paint Rock, or stations on the Murphy Branch, have been charged for in accordance with it. The North Carolina Division tariff has been in force since February 10th, 1890, and the Georgia tariff since October 15th. The latter is what is known as the standard tariff of the Georgia railroad commission, and contains the lowest freight rates that have been ever seen fit to fix, and is only imposed upon the trunk lines, the shorter or more unprofitable roads being allowed to charge much higher figures. The classification of merchandise applying in this state and in Georgia are nearly identical, which I shall be glad to demonstrate to Mr. Kepler, although it is too bulky to embrace in this statement. The following is the comparison:
