Who Told You So?

W. T. Crawford says that H. G. Ewart told him that he heard Jim Gudger say that Bob Vance told him that Kope Elias heard that there was no doubt that W. W. Rollins said that Tom Johnston thought that Bob Furman had told Sitting Bull that Buffalo Bill had declared to J. T. Courtney that it was generally believed that Dan Reynolds had said in plain terms that he heard Jack Worley say that his friend John L. Sullivan had said that Bill Dever informed him at the congressional convention in this city that it was a well known fact that the Housekeepers' Union had caught Gen. Clingman in saying that in his opinion it was a matter of fact and of great public interest that J. J. Mackey intimated to Jess Lowry that Bill Sye had said while attending the county convention last Saturday that anyone caught reading this shall repair at once to the store of A. D. THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN

THE INDIAN EXCITEMENT IN NORTH DAKOTA.

SITTING BULL'S INFLUENCE NOT SO GREAT AS IT WAS.

STANDING ROCK AGENCY, N. D., Nov. 20.—The news that troops have been ordered to the reservation spread rapidly among the savages and the general effect has been varied. Several hundred have since disappeared, with what object and in what direction cannot yet be learned. There is evidence of it in some quarters and the general impression is that the bucks are running away from what they regard as an impending calamity.

It may be, however, that they are bent upon pillage and murder, or have galloped across the country to unite the northern Cheyennes, the most excitable band of Indians in the west to take up arms against the whites. The aged warriors and women are frightened, over the outlook, and prefer the warmest friendship for the whites.

Major McLaughlin, agent here, has just returned from Sitting Bull's camp on Grand river and reports the dances still going on, but Sitting Bull's influence has weakened greatly in the last week. Now it has no more than a hundred or so of followers. He received Maj. McLaughlin cordially, but the young bucks scowled at the agent as though he was not welcome. He had a long talk with Sitting Bull and is satisfied that the old chief's faith in the coming Messiah is on the decline and that, unless something occurs to encourage him, there is no probability of trouble this winter and consequently no need of troops.

Gen. Roger's presence here last week and the efforts of runners visiting Sitting Bull's followers by nearly every train, seem now to have had enough hard to carry out a campaign if so wanted to.

For some months past there have been rumors of excitement on the Indian reservations in the two Dakotas, where there have been gathered, at Standing Rock and other places, some thirty thousand Indians, says the Baltimore Sun. Sitting Bull appears to be one of the chief promoters of trouble. The great danger to whites who have settled near the Indians arises from the spread of a species of religious frenzy among all the tribes on or out of reservations from Utah and Nevada to Dakota. Gathering some vague idea of the Messiah from the teachings of the missionaries, a Paiute Indian to wh m the American name of Jack Johnson is given, has set himself up for the Messiah at Walker Lake, Nevada, and has prophesied that the Indians would sweep the whites from the land and regain possession of their old hunting grounds. The Indians have been brooding ever since over this alleged advent of a Messiah who should gather the tribes together and work out their deliverance until they have wrought themselves into such a warlike frenzy that the threatened outbreak appears to take the aspect of a religious war—a war excited, it may be, by irreconcilable chiefs like Sitting Bull, by the medicine men, whose influence is very great, and by "bad Indians" playing upon the passions of the younger men of the tribes.

General Miles regards the Indian situation as very serious, and is gathering troops at different points to be ready for an emergency. Col. Corbin says: "It is possible we may see one of the bloodiest Indian wars in the northwest this winter that the country has ever known, though we hope to avert it by a display of troops that will demonstrate to the Indians the utter helplessness of the success of an uprising."

NATIONAL GRANGE.

What It Resolved About in Atlanta.

ATLANTA, Nov. 20.—The national grange closed its ten days' session yesterday.

Resolutions have been passed favoring the Conger lard bill and the Paddock pure food bill; the meat inspection bill; favoring the opening of the markets of the world to American agriculture; deprecating socialism and agrarianism; favoring the Australian ballot system; urging the necessity of closely watching the inter-state commerce bill to prevent its being annulled; urging the government to foreclose its mortgage on Pacific railroads; urging relief of cotton producers from six per cent. tax; favoring government loaning money to the people upon lands, or good security. The grange adjourned to meet in Springfield, Ohio, next year.

DEMAND AN ADVANCE.

Indiana Coal Drivers Want $2 Per Day.

BRAZIL, Ind., Nov. 20.—Drivers in the coal mines here have demanded an advance in wages to $2 per day. The operators are determined to refuse the demand. A general suspension of work throughout the block coal district is imminent. A yearly rate has been fixed, but some operators are paying $2, hence all are asked to.

DEFICIENCY OF $40,000,000.

It Comes From the Republicans Pensioning Everybody.

WASHINGTON, Nov. 20.—Commissioner Raum has compiled his estimate of the probable deficiency in the amount of the pension appropriation for the current fiscal year due in part to the pension bill passed at the last session of congress. The amount is a little less that $40,000,000.

Alabama Senatorship.

MONTGOMERY, Nov. 20.—The democratic legislative caucus met at 7:30 p. m. yesterday and resumed balloting for the candidate for United States senator. The fourteenth and last ballot resulted: Pugh, 44; Watts, 11; Seay, 38; Kolb, 33. The caucus then adjourned to 7:30 this evening.

As Made Certain Yesterday.

ATLANTA, Ga., Nov. 20.—The legislature met in joint session yesterday and formally announced the result of yesterday's election of John B. Gordon as senator for the full term of six years from March 4, 1891.

THE CONSUMPTION CURE.

Recurrence of Tuberculosis Very Rare After Treatment.

BERLIN, November 20.—As a reward for his services in the interests of medical science, the emperor will probably confer the title of nobility upon Prof. Koch. The professor states that the government must prepare the lymph used in the cure of tuberculosis.

Today's number of the German Medical Weekly contains an article signed by Drs. Bergmann Fraentzentel and Wm. Lesly and Staff Surgeon Kochl, in which they declare that after experiments in many different cases they are prepared to endorse Dr. Koch's statements regarding his remedy.

Some of the evening papers warn the public against the illusions entertained by many regarding the efficacy of Prof. Koch's remedy.

Dr. Koch has designated as his assistants, Drs. Coract, Levy and Dengler. They make several hundred injections every day upon as many patients in ten sanitary establishments. Each of these doctors treat between two hundred and two hundred and fifty patients daily. These three doctors also have the lymph. They are not assisted by any other medical men.

Prof. Koch asserts that the recurrence of tuberculosis after a treatment by his method is extremely rare.

ECUMENICAL COUNCIL.

It Will Meet at Washington, October 1891.

PHILADELPHIA, Pa., Nov. 20.—The general committee to make araangements for the assembling of the ecumenical council of the Methodist church met in Wesley hall in this city yesterday. Those present included Bishops Foss, Bowman Hurst, Hendrix, Gorman, Payne, Arnett Chancellor Garland, of the Vanderbilt university; General Superintendent Cowman, and others representing all divisions of the church and all parts of the country.

Bishop Hearst and Dr. Hamilton presented reports on the action of the Wesleyan and Irish conference relative to the coming council and asking to be fully represented in it.

On motion of Dr. Hamilton it was resolved that the representation for the churches in America should be 300 delegates and the foreign conference by 100 delegates.

It was decided that the American district provide money for the payment of the necessary expenses of four delegates and for the entertainment of foreign delegates. It was resolved to raise a fund of $12,000.

It was decided to hold the council at Washington, beginning the third Wednesday in October, 1891.

LIKE A TRUST.

One of the Largest Corporations in the World.

CHICAGO, Nov. 20.—There has been organized in this city during the past few days one of the largest corporations in its line. The charter was filed in Springfield.

The name of the new company is the American harvester company, for the manufacture of harvesting machinery with a capital stock of $35,000,000. The directors of the new company will be: C. H. McCormick, William Deering, Walter A. Wood, Lewis Miller, A. L. Conger and General A. S. Bushnell. The purpose of the new company is the building of harvesting machines. The present demoralization of business necessitated the formation of the new company. There is no intention to raise the prices of machines which will be manufactured at several different works. McCormick is to be president, Wood vice-president, and Deering chairman of the board of directors.

NOW IT'LL GO.

The Ladies Take Hold of the World's Fair.

CHICAGO, Nov. 20.—The board of lady managers of the world's Columbian exposition met here yesterday afternoon. They were called to order and welcomed to participation in the work by President T. W. Palmer, of the national commission. Then the body proceeded to the formation of a temporary organization which resulted in the selection of Mrs. Wm. H. Felton, of Georgia, temporary president, and Miss Cora Payne, Kentucky, temporary secretary.

W. C. T. U.

The Next Place of Meeting Will Be at Boston.

ATLANTA, Nov. 20.—The delegates to the Women's Christian Temperance union convention spent yesterday at Indian Springs, where it is proposed to establish an inebriate asylum. The waters there, it is claimed, furnish a sure cure for the whiskey habit. Boston has been selected as the next place of meeting, one year hence. The delegates left today.

MISS MARLOWE'S CONDITION.

She is No Worse, and There May Not Be an Operation.

PHILADELPHIA, Nov. 20.—There has been no change in Miss Marlowe's condition. The swelling in the glands of her throat has not increased, nor has it diminished. That she has not grown worse is considered by the physicians a favorable sign, and they think an operation may be possibly avoided.

Asheville Tobacco Buyers Abroad

GREENEVILLE, TENN., Nov. 20.—The regular tobacco sales to-day at the three warehouses were immense. The Farmers' warehouse sold 13,000 pounds, averaging $9 16. Adams' sold about 20,000, averaging $15. Brannan Bros. sold from 25,000 to 30,000, averaging $18. A full corps of buyers from Danville, Richmond, Lynchburg, Asheville, Durham and Bristol are here.

Bank of England Rate.

LONDON, Nov. 20.—A regular meeting of the directors of the bank of England took place to-day. They made no change in the bank's rate of discount. The rate of discount in open market is nominally seven per cent.

Printers' Home.

CHICAGO, Nov. 20.—The trustees of the Childs-Drexel printers' home to-day appointed a committee with full power to receive and accept the plans and specifications and make contracts for the building.

A SMALL RUN ON A BANK.

NEW YORK INSTITUTION BESIEGED.

The London Stock Exchange a Prey to Rumors, but There is Nothing in the Situation to Cause Uneasiness.

NEW YORK, Nov. 20.—A run was begun yesterday on the Citizens' Savings bank here and was continued this morning. As early as 9 o'clock from 15,000 to 16,000 excited Poles gathered in the vicinity. Some of them had walked up and down in the neighborhood all night.

Within the bank President Quintard and the cashier sat watching the preparations for the day, and the president said: "We made about a thousand dollars in interest money yesterday, lost by the frightened depositors. In all we paid out over $113,000 and took in about $16,000. The run will probably continue to-day and to-morrow; but we expect all the money back next week."

A dispatch from Philadelphia says the failure of Barker Bros. & Co., has just been announced on the stock exchange. The announcement of the failure has no effect in depressing the market here in New York.

LONDON, Nov. 19.—The stock exchange yesterday was the prey to rumors, none of which were founded on fact. There is nothing in the monetary situation to create uneasiness. The bank of England reserve will probably exceed 14,000,000 pounds and is expected to reach 16,000,000 pounds a week later.

DR. BATTLE GOES TOO.

He Starts for Berlin, Germany this Afternoon.

Dr. S. Westray Battle left on the two o'clock train today for New York, from which place he will sail Saturday for Berlin. He goes to the latter place under the auspices of the United States navy department to make an official investigation of Prof. Koch's discovery for the cure of consumption.

Dr. Battle says he has great faith in Prof. Koch's cure as far as its being an efficient aid in the treatment of consumption is concerned, but that he does not think it will effect a cure by itself. He says that the advantages of climate will be needed as heretofore and that he does not think Asheville will be hurt as a health resort. On the contrary he is of the opinion that institutions for administering the treatment will be established here, so that patients can have the benefit of the climate in connection with it.

He will be absent from Asheville for thirty days.

AFFAIRS OF CONSEQUENCE.

FOREIGN.

Nationalist leaders have declared their loyalty to Mr. Parnell.

One thousand men besiged the poor guardians at Schull, county Cork, Ireland, for food or employment. It was stated that thirty families in the parish were starving.

Mr. Julter, editor of a London review, charges Stanley, the explorer, with opening a box containing documents of Lieutenant Jameson confided to his care, and making extracts from a diary before he delivered it to a bank to take care of it.

HOME.

Secretary Windom denies that the treasury is empty, and says he has money to meet any emergencies.

An effort will probably be made at the approaching session of congress to pass a pension deficiency bill aggregating $30,000,000.

Governor Hill has made up his mind not to accept the New York senatorship, but to run again for governor and keep in front for 1892.

Michigan democrats hope to elect United States senators in 1893 and 1895. They claim ten out of the eleven congressmen recently elected.

Senator John G. Carlisle is quoted as saying that the rebate on tobacco omitted in the tariff bill will be restored at the next session of congress.

Judge Stewart, of Baltimore has decided that he would sentence Mary Metzdorff to be hanged. The girl, who is only fourteen years old, caused the death of two persons by poison.

Capt. Charles H. McBlair, of Maryland, who served with distinction in the United States and Confederate navies, died in Washington. He was at one time adjutant-general of Maryland.

George La Blanche, middle-weight champion of the world, was whipped by George Kessler, middle-weight champion of Montana, in a fifteen-round fight at the Butte (Montana) race track.

ANTIMIGRAINE.

—THE—

NEVER FAILING CURE FOR

HEADACHE.

TRADE MARK REGISTERED.

ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache AND NOTHING ELSE.

ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.

For its curative powers it does not descend upon the subtle influences of such poisonous drugs as

ANTIPYRINE, MORPHINE,

CHLORAL AND COCAINE,

Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.

DIRECTIONS FOR USE.

The dose for an adult is two teaspoonfuls to a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of Headache, if taken when first feeling the premonitory symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.
