F. A. GRACE,

DECORATOR

WE THANK YOU

For your liberal patronage in the past, and are trying to make ourselves more worthy in the future. Never before have we had such an excellent stock to select from, having increased it wonderfully, especially in Fine Goods, and we always make prices low. In fact this is characteristic with us, and we have found some trouble with the better class of trade on account of low prices. We admit this is a great incentive to raise prices, yet we rely upon the good judgment of the masses to sustain us. Remember, we guarantee every article sold, and if not as represented, or does not give you entire satisfaction, we kindly ask you to return it and we will cheerfully give you back your money or anything we have in exchange. We keep 'most everything in the Grocery and Provision line, including Grain and Feed, and would be glad to have your trade. We deliver goods free of charge to any part of the city, and keep a two-horse wagon for delivering Groceries in large lots and for our Grain and Feed trade.

THE NEWS!

BY ASSOCIATED PRESS TO

THE CITIZEN

THE ALLIANCE FORMULATES ITS DEMANDS.

SUB-TREASURY BILL RE-ADOPTED AS IT NOW STANDS.

OCALA, Fla., Dec. 8.—In the alliance the financial policy of the order came up for discussion under the report of the committee on legislation. This report as to the financial policy contained the following amended demands:

First—We demand the abolition of national banks. We demand that the government shall establish sub-treasuries, or departments in the several states, which shall loan money direct to the people at a low rate of interest, not to exceed 2 per cent. per annum, on non-perishable farm products, and also upon real estate with proper limitations upon the quantity of land and amount of money. We demand that the circulating medium be speedily increased to not less than \$50 per capita.

Second—We demand that congress shall pass such laws as shall effectually prevent dealings in futures on all agricultural and mechanical productions.

Third—We demand the free and unlimited coinage of silver.

Fourth—We demand the passage of laws prohibiting the alien ownership of land.

Fifth—We demand that our national legislation shall be so framed in the future as not to build up one industry at the expense of another. We further demand a removal of the existing heavy tariff tax from the necessities of life that the poor of our land must have. We further demand a just and equitable system of graduated tax on incomes.

A spirited debate followed the introduction of this report. The resolution was adopted.

The convention adopted the following resolution amid tremendous applause: "Resolved, That we are opposed to the Conger bill and that we favor the passage of the Paddock pure food bill."

Just before the noon adjournment a resolution passed indorsing the sub-treasury bill and calling on congress to pass it promptly. As the bill now stands it does not include a provision for loans on land, but this appears in the formal demands as adopted. This is a seeming contradiction, but explained to mean that the passage of the present sub-treasury bill would give partial relief, and later on a land loan act would be more easily secured than at present.

Wardall, of South Dakota, moved to reconsider the vote by which the alliance protested against the passage of the election bill. Hall, of Missouri, moved to lay the motion on the table. Agreed to—56 to 32. Of the thirty-two there were five southern republicans. Of the remaining twenty-seven nearly all say that their voting to reconsider was prompted by a desire to free the alliance from the charge of partisanship.

If you are interested in the welfare of Asheville attend the citizens' meeting at the court house at 7:30 to-night.

RECEIVER FOR THREE C'S.

The Company Said to Owe About \$800,000 to Contractors.

JONESBORO, Tenn., Dec. 9.—McDonald, Shea & Co. have filed a bill in the chancery court at Jonesboro, against the Three C's railroad company. Sam Tate, jr., has been by Judge Smith appointed receiver, with bond fixed at \$50,000. They also committed a suit for \$300,000 against said railroad company in the circuit court here, in which they seek to set up and enforce a builders lien against the road.

There are thirty miles of track laid in Tennessee from the North Carolina line north. It is said that the company owes about \$800,000 to contractors and engineers.

PARNELL CRAZY.

His Associates Think Him So, at Any Rate.

LONDON, Dec. 9.—Ament the sensational disclosures recently made concerning Charles Stewart Parnell, it is now stated that as long ago as six months since quite a number of Mr. Parnell's parliamentary colleagues took the ground that his actions even at that time could be accounted for in no other way than that he was mentally deranged.

GEORGIA CYCLONE.

Several Lives Lost and Property Destroyed.

ATLANTA, Dec. 9.—Yesterday near Monroe, Walton county, a cyclone cleared a space several miles long and about 100 yards wide. Jack Henderson and wife were buried beneath the ruins of their home. Henderson was killed, but his wife was not badly hurt. Their baby was carried 300 yards and so badly injured that it died soon after being found.

A RACE TRAGEDY.

One White Man Killed and Nine Negroes—Some Wounded.

BIRMINGHAM, Ala., Dec. 9.—A bloody fight between negroes and white men is reported to have taken place near Littleton, resulting in the death of one white man, and the serious wounding of another. Two negroes were reported wounded and nine killed.

THE TOBACCO REBATE.

The Senate Will Probably soon Pass the House Bill.

WASHINGTON, Dec. 9.—The senate committee on finance to-day authorized Senator Aldrich to report favorably, and endeavor to secure speedy action upon the bill passed by the house yesterday providing for the payment of a rebate upon tobacco in stock.

Enormous Pension Deficiency.

WASHINGTON, Dec. 9.—The secretary of the treasury has sent to the house an estimate aggregating \$34,500,000 submitted by the secretary of the interior to supply the deficiency for the payment of army and navy pensions for the current year.

CITIZENS' MEETING TO-NIGHT

Everybody Will be Welcome and All are Urged to Attend.

There will be another meeting of the committee having in charge the arrangements for the reception and entertainment of delegates to the southern interstate immigration convention at the court house to-night.

The meeting will not be for the committee alone, but will be open to all the citizens of Asheville. Everybody interested in the prosperity and welfare of this section of western North Carolina should give the committee encouragement by being present to-night.

The ladies of Asheville are also earnestly invited by the committee to come out and help in this undertaking.

Half past seven o'clock is the hour.

AN EDITOR IS INDICTED.

HE VIOLATES THE LOTTERY LAW.

HE DOES IT KNOWINGLY, TOO, and After a Warning That It Would Cripple Him.

MEMPHIS, Tenn., Dec. 9.—Frank W. Gregory, manager and editor of the Evening Democrat, has been indicted by the federal grand jury for violating the lottery law.

After the last drawing of the Louisiana lottery, the Democrat's New Orleans correspondent wired that paper the winning numbers held by Memphis people. A proof slip was submitted to postmaster Patterson, who wired the attorney general at Washington. His decision was that its publication would cripple the publisher. The Democrat published not only its experience with the postoffice department, but also the objectionable list; hence the action of the grand jury.

If you are interested in the welfare of Asheville attend the citizens' meeting at the court house at 7:30 to-night.

THE TRACK CLEAR.

A Passenger's Story, as Gathered Yesterday, of the Wreck.

Passengers from west bound train No. 52, due here at 4:52 o'clock yesterday afternoon, were transferred at the scene of the wrecked freight train, 19 miles east of here, and reached Asheville about 8 o'clock last night. The mail, baggage and express, however, did not arrive until this morning's train reached here. The track was cleared this morning and the train reached Asheville about 11:15 o'clock. East bound train 51, due to leave here at 12:40 o'clock last night, was held here until through this morning about 7 o'clock.

A passenger who was on west bound train No. 52 yesterday afternoon, in conversation with THE CITIZEN this morning, gave an account of the wreck as gathered while waiting yesterday. He says that the freight train, which was heavily loaded, began to run away because of the brakes not holding and that a brake beam broke. This caused seventeen of the cars to be parted from the engine, leaving but two or three connected with it. The rear part then slung down a bank, which the passenger says must be 100 feet high and the engine with the two or three cars kept on for some distance and the locomotive was derailed. It turned over, but did not go down a bank. The cars that first left the track, he says, were badly derailed and their contents, consisting of cotton, cotton seed meal, coal and wagons, were scattered promiscuously. Some of the cotton bales were, according to his story, hurled two or three hundred yards.

GROVER'S COUSIN.

Rev. W. H. Leith is Here With His Family.

Rev. W. H. Leith, who has been stationed at Franklin and who was appointed pastor of the Methodist church at Salisbury, by the recent conference in the city with his family, en route to his new charge. They are at the Grand Central. The Charlotte Chronicle speaks thus of Mrs. Leith: "Mrs. Leith, the wife of the new pastor of the Methodist church at Salisbury, is a cousin of ex-President Grover Cleveland. She is rather to be noted, however, for her own mental acquisitions and intellectual graces, than for her kinship to the ex-president. She writes exceptionally well, with grace, force and logic. Her occasional contributions to her church paper are universally praised for their finish and style."

Mr. and Mrs. Leith leave to-morrow for their new home.

The Weather in Asheville.

At 7 o'clock this morning the thermometer at the signal service station at the Winyah house recorded a temperature of 24° above zero, 8° below freezing. Ice was abundant. The mountains around Asheville presented a beautiful appearance. The trees were covered with frost and stood out in bold relief when the sun shone on them. The effect was very beautiful. It seems that the cold wave of the north has struck Asheville, but today has been bright and pleasant.

STATE NEWS.

—It is stated that Richard A. Dougherty, of Allegheny county, has the most strength for the speakership of the house. His principal opponents are T. G. Skinner, T. H. Sulton, and R. B. Peckles.

—Messrs. Houghton, Mifflin & Co., publishers, of Boston, have issued a volume entitled "Representative Sonnets of American Poets," in which Mr. H. J. Stockard, of Graham, has been accorded liberal space.

—At Patocasi to-day (Tuesday) the state grange met in annual session. The alliance has drawn away nearly all its membership, leaving now barely 1,500, where two years ago there were 12,000. The grange will, however, maintain its organization.

—The state board of agriculture has adopted a resolution urging upon the legislature the need of a state commissioner of immigration and asking for a specific appropriation to meet the expense of its maintenance.

—Josiah Stanell, ex-postmaster at Selma, who was arrested one year ago for embezzling the contents of registered letters at the Selma postoffice, has been convicted in the United States court for the eastern district of North Carolina.

WORK IN CONGRESS TO-DAY

INFORMATION WANTED AS TO ELECTION SUPERVISORS.

The Attorney General Cannot Furnish It—Mr. Plumb on the Great Opportunity Congress Has Now.

WASHINGTON, Dec. 9.—In the senate today communications were presented from the attorney general in response to a resolution of the senate calling for information as to voting places and as to election supervisors. The attorney general states that his department has not the means of supplying the information asked.

Mr. McPherson offered a resolution (which was agreed to) calling on the secretary of the treasury for certified copies of the accounts of John I. Davenport, chief supervisor of elections for the southern district of New York for the elections of 1884, 1886 and 1888 together with reports of the corresponding election, etc.

Mr. Plumb introduced a bill to reduce the amount of United States bonds to be required of national banks and to replace their surrendered notes, and to provide for the free coinage of silver. Referred to the committee on finance. He also offered an amendment (in the same terms) to the bill now on the calendar so that the matter can be brought before the senate independently of any report from the finance committee.

In doing so he gave notice that if the elections bill were not disposed of at an early day he should move to lay it aside for the time being in order that the bill just introduced by him, and all other measures relating to the financial condition of the committee should be considered.

"Something," he said, "ought to be done. Congress has on it a responsibility which, in my judgment, it can not avoid for any great period of time without letting go by a very great opportunity for helping the country and one which will not occur again in a very great many years. If something is not done within the next two or three weeks it might as well be postponed indefinitely."

DONE IN THE HOUSE.

A Philadelphia Petition—A New Member Sworn In.

WASHINGTON, Dec. 9.—In the house Mr. O'Neill, of Pennsylvania, presented petitions from the bankers, commission merchants, and importers of Philadelphia, praying for congress to amend the tariff act by extending the time from February 1 to July 1, 1891, for the withdrawal of imported merchandise in bond October 1, 1890. Referred.

Mr. Morrow, of California, presented the credentials of Thos. J. Geary as representative-elect from the first congressional district of California, to fill the vacancy occasioned by the resignation of J. J. Dehaven. Geary appeared at the bar of the house and took the oath of office.

If you are interested in the welfare of Asheville attend the citizens' meeting at the court house at 7:30 to-night.

AFTER THE INDIANS.

The "Starving" Reds Burning Food—Killing Reported.

RAPID CITY, Dec. 9.—A band of Indians from Little Wound's camp camped about ten miles east of the Cheyenne river between the mouths of the French and Battle creeks. They have been raiding deserted ranches, killing and running off the stock, burning hay and grain and stealing household goods.

Yesterday twenty well armed men left rapidly for the Indian camp. They will be joined by a number of ranchmen and if they are not intercepted by troops will attack the Indians.

A special from Custer says that not far from Buffalo Gag T. M. Warren, a ranchman, with four of his men attacked the raiding party of Indians and killed four. This is not verified.

For Butchers and Hucksters.

The attention of the butchers and hucksters of Asheville is called to the necessity for laying in full and ample supplies in order to meet the demands which will be made upon them during the session of the inter-state immigration convention which begins on the 17th, and continues till the 19th. There will be many to feed and those men who have the forethought to make preparation will reap the harvest.

The Engine in Place.

The engine of the People's light, heat and power company has been put up and the roof of the building is being completed to-day. Secretary Dickerson says that the plant will be ready for a transfer of the power from Delemen's factory to the new engine to-morrow and that a better service may then be expected. The engine just put in is one of the largest in Asheville. Its weight is eight tons and its actual horse power is 100.

Marriage Licenses.

Marriage licenses have been issued to Joe Chambers and Venia Whittemore, J. C. Gentry and Mollie Starnes, M. L. Roberts and Nettie Swan and to P. F. Ferguson and Lizzie Cathey, Edward Houston and Lula Edwards and Jas. Mays and Hattie Brown, colored.

For All the Members.

All members of the Y. M. C. A., associate as well as active, are invited to attend the monthly meeting and social at the rooms of the association to-night at 8 o'clock. The refreshments will be furnished by the ladies committee.

AFFAIRS OF CONSEQUENCE.

FOREIGN.

The anti-Parnellites has unanimously authorized McCarthy to prepare an address to the Irish people.

Parnell will send a mission to the United States for the purpose of placing before the American people his side of the controversy that has arisen in the nationalist party.

HOME.

The total amount of money put into circulation by the treasury operations Monday is about \$6,007,300.

Washington McClenn, formerly proprietor of the Cincinnati Enquirer, died in Washington
