A NEW YEAR'S GREETING.

Now that the rush incident to the holiday trade has partially subsided, and the proprietors of the Crystal Palace have a short season in which to breathe; now that the heavy demands of Santa Claus have been fully met; now that the young, the middle aged and the old, as well as the already happy bride and groom have been made happier still by the reception of some handsome present purchased at the Crystal Palace; now that the people of Asheville have fully shown their appreciation of our efforts to place in their midst a first class china store in every detail, we take this occasion to thank each and every one of our friends and customers, and we wish for all a bright and happy New Year. Now, if well directed energy coupled with money can do it, we promise to make the Crystal Palace in 1891 second to no house of its kind in the South

ENGLAND ALL IN WHITE.

TERribly COLD WEATHER

Dense Fogs are General—A Blizzard Raging in Illinois—Snow Eight Inches Deep—Good for the Wheat Crop.

LONDON, Jan. 12.—Throughout England the intensely cold weather continues to prevail. In addition dense fogs are general, but there has not been any more snow. In the Hebrides the temperature registered 50 degrees. The continent is still suffering from snow storms so severe that several express trains between Hamburg, Cologne, Berlin and Vienna are snowed up. The mails have been considerably delayed throughout Europe.

SNOW EIGHT INCHES DEEP.

A Great Storm Raging in Southern Illinois.

CAROLINA, Ill., Jan. 12.—Dispatches from the southern portion of Illinois state that a regular blizzard prevailed all day yesterday in that part of the state. Anna, Ill., reports the heaviest snow storm for three years, the snow being over eight inches deep. Duquense also reports a depth of eight inches. As it has been very dry for some time in that section of the state, the snow will be a very great benefit and especially to the wheat crop which now promises to be good.

PARNELL WILL RETIRE.

But not till the Future of the Irish Question is Assured.

LIMERICK, Jan. 12.—Speaking here yesterday Mr. Parnell said he could not forecast the result of the present negotiations with O'Brien without a breach of confidence. He thought, however, that O'Brien would not object to his saying, that negotiations had resulted in an agreement, and that they fully recognized that further steps will have to be taken by other men, upon whom very great responsibility will rest if O'Brien and himself are not again able to resume negotiations with an assured hope of only asked them to believe he had not been actuated by the contemptible and paltry motives attributed to him. As soon as the future of the Irish question is secured he would cheerfully retire from the leadership of the Irish party. (Cries of "No, no.") He should scarcely be asked to lend the party composed as it was at present. (Hear, hear.) He believed the future would vindicate him fully, but he certainly would never seek vindication behind the voice of the Irish people. (Cheers.)

INGALLS IS BEATEN.

That is, if the Alliance Members Stand Together.

TOPEKA, Kas., Jan. 12.—Eighty of the ninety-one alliance legislators have arrived in the city, and though the legislature does not convene till Tuesday noon. They have been interviewed by Chase, the people's party champion, who said all were opposed to Ingalls and would stand by the caucus nominee. Chairman Buchanan, of the republican central committee, still claims Ingalls certain election and loses his belief on alleged division within the alliance ranks.

No Subsidy For Them.

BALTIMORE, Jan. 12.—Nineteen Baltimore firms have sent a paper to Maryland's representatives in congress to protest against the passage of the Farquhar bill, entitled: "An act to place the American merchant marine engaged in foreign trade upon an equality with that of other nations."

Baltimore Prices.

BALTIMORE, Jan. 12.—Flour dull. Wheat—southern, firm; Feb 98c103; Longberry 100c7; western quiet. No. 2 winter red, spot and January, 97. Corn, southern, firm; white 60c1; yellow 60c2; western easy.

A Prolonged Strike Ended.

ROCHESTER, N. Y., Jan. 12.—The long strike and lockout in the shoe manufacturing trade has ended. The employees have given up the fight and are returning to work upon whatever terms the manufacturers choose to give.

A Great Talk Day.

PIKE RIDGE AGENCY, via Rushville, Neb., Jan. 12.—It is understood that a big talk between the chiefs of the hostiles and General Miles will be held to-day.

244,704 Indians.

WASHINGTON, Jan. 12.—The census bureau has issued a bulletin showing the total Indian population of the United States to be 244,704.

SELIVERSTOFF'S MURDER.

IMPORTANT ARREST MADE IN SPAIN.

The Prisoner Says the Killing, Which Occurred in Paris, Was Not a Criminal Murderer; It Was a Political Act.

MADRID, Jan. 12.—From information given out by the police officials, according to dispatches received from Olot, it is believed that a man arrested there on suspicion is the murderer of General Seliverstoff. It is also said that he is really Padlewski.

The prisoner in appearance is said to exactly answer the description of the murderer given out by the French detectives. It is also asserted that the man arrested admits he committed the murder, adding that it was for a "political object." He failed in his plan to embark for the United States at Barcelona owing to the passport regulations being so strictly enforced at that port. Consequently the prisoner says he returned to Olot because he thought he would be safe there owing to the absence of rail-roads. Padlewski declares the killing of Gen. Seliverstoff was not a crime—"not a criminal murder," but a "political act." He claims he was betrayed to the police by the custom officer, who represented himself, as being a member of the secret society. The prisoner is perfectly calm and collected.

THE AWFUL AVALANCHE.

SEVENTEEN PERSONS SMOTHERED IN SNOW.

A Number of Houses Covered and Crushed In—A Number of Those Recovered are Badly Injured.

VIENNA, Jan. 12.—Information received here from Serajevo, capital of Bosnia, show that a serious disaster visited Leona. An avalanche crashed down from the mountains close by that place and a number of houses in the town were completely buried in snow.

The immense weight of snow crushed the houses upon which it fell and their occupants were buried in the ruins of their dwellings.

Attempts were immediately made to recover the bodies of the dead and to extricate the living.

A COMPLIMENT.

A Notice of Mr. C. H. Campbell's Bottling Factory.

In the January issue of the New York National Bottler's Gazette appears an article descriptive of the well planned bottling factory of Mr. C. H. Campbell, of this place, located on Haywood street. The article has two illustrations of the factory, the first a view of the building and the second a floor plan of the factory. The Gazette says: "The factory can be accepted as a model in its way. Plenty of light and space is offered in every portion of the connecting buildings, both for manufacturing, storage and stabling purposes. * * * There appears to be a place for everything and everything is in its place."

A Young Thief.

George Carson, a colored youth of perhaps 14 years, was arrested by Police man Sams Saturday night. He was arrested for stealing \$30 from T. P. Hamilton & Co., on Patton avenue. He pleaded guilty and was put into jail to await trial at the next term of the criminal court.

The Boy had been working around the store, and had learned the day combination of the safe and taking advantage of his chance, took the money and was not discovered for several days.

Death of Mr. Thos. Owens.

Mr. Thos. Owens, of Baltimore, died at his residence on Hiawasse street Saturday night of consumption.

Mr. Owens had been living in Asheville only about one month, coming here in the last stage of consumption, hoping to secure relief from the disease. He was about 35 years of age, and leaves a wife and two children. The body was taken to Baltimore for burial on the 2:19 train yesterday afternoon.

Freight Train Accident.

HOT SPRINGS, N. C., Jan. 10.—The night freight train while switching coal cars at this place about midnight had several cars derailed at Spring creek bridge. One heavily loaded coal car had to be turned upside down in order to clear the track. It was badly smashed. The road was blocked for about eight hours, and the night east-bound passenger train was delayed here until 7:30 this morning.

Business Men's Meeting.

Rev. Mr. Smith announced on yesterday that his sermon Tuesday morning would be addressed to business men and the subject would be, "Money getting and money keeping." The force and attractiveness with which Mr. Smith speaks on every topic he has handled leads to the opinion that it will be profitable for our business men to avail themselves of this invitation.

Wanted Something to Eat.

Last night about 9 o'clock Policeman Hunter's house on Academy street was entered by four negro men, who seemed bent on getting something to eat. Mr. Hunter was on duty up town at the time. One of the boys at the house got a pistol and fired at the negroes as they made off in the darkness. Nothing was taken except some food that they found on the table in the kitchen.

STATE LEGISLATIVE NOTES.

There is no opposition to Senator Vance. The caucus is set for to-night.

A bill to charter the Greenville, Carolina and Northern railway from Greenville, Tenn., to Hot Springs, N. C., has been introduced.

Richmond Times: By Mr. McLarty, a bill has been introduced to exempt from taxation the personal property of orphan children and others.

Mr. Currie, of Moore, has introduced a bill to provide that all dogs be listed and taxed \$1 each. The tax thus levied goes to the school fund.

Delegate J. L. Bayan, of Wilkes county, created a sensation in the house refusing to occupy the seat which was assigned to him between two colored members.—Kaleigh Correspondent.

The legislature has gone to work toward securing a railroad commission in a proper way. The first steps were taken when a resolution to raise a joint committee of five senators and eight members, was passed in both houses.

Mr. Henry has introduced a resolution to require the committee on public printing to investigate the cost thereof. He said that he had seen it stated in the newspapers that the public printer received from two to three thousand dollars per annum and that the work was actually done by another house—leased out to Edwards, Broughton & Co.

THIS IS FLAT.

The Next Senator From Illinois Must Be Friendly to the Alliance.

SPRINGFIELD, Ill., Jan. 12.—Mr. Taubeneck, one of the three former representatives in the general assembly, says that he and his colleagues have made up their minds to insist on fusion from either republicans or democrats on the United States senatorship. If an United States senator is elected at this session of the legislature, he will have to be a man satisfactory to the Farmers Mutual Benevolent association representatives, and neither Palmer, Farwell, nor Oglesby are he, says, such men.

So far the rescuers have succeeded in recovering the bodies of seventeen persons crushed to death. In addition to the dead they have removed a number of persons severely injured.

VESSELS IN COLLISION.

THIRTEEN LIVES LOST BY THE ACCIDENT.

One Vessel Sinks Immediately and the Other While Being Towed Into Port.

LONDON, Jan. 12.—The steamer Britannia, from Leith, came into collision with the steamer Bear, from Grage-Mouth in Firth-of-Forth, Scotland, at an early hour yesterday morning. The Bear sank immediately, her crew having no time to launch the boat or make any effort whatsoever to save themselves. Of the fourteen men on board the Bear twelve went down with the vessel. Two others were rescued by a boat from the Britannia.

After the collision the Britannia, which was badly damaged, transferred her forty-five passengers to the steamer Thames, and was taken in tow by that vessel, the two vessels proceeding slowly in the direction of Leith. They had not gone far, however, before the hawser connecting the vessels was snapped asunder. Before another line could be carried to the damaged vessel she gave a terrific plunge and sank beneath the waves.

Fortunately the crew had put on life belts after the collision with the Bear and all, with the exception of the chief engineer, managed to keep afloat until they were picked up by a boat from the steamer Thames. The chief engineer went down with the vessel and nothing was seen of him again.

BLANCHARD'S FAIR HIT.

NEW HAMPSHIRE NEEDS ATTENDING TO.

HAS IT A REPUBLICAN FORM OF GOVERNMENT?—The Will of the People Not Carried Out.

WASHINGTON, Jan. 12.—In the house to-day, Mr. Blanchard, of Louisiana, offered for reference the following resolution:

Whereas, it is alleged and believed that certain evil-disposed persons have within the territory and jurisdiction of the state of New Hampshire by conspiracy and a show of force received and executed the will of the people as legally expressed at the polls in the recent election have been set aside, and the government of the state subverted; and

Whereas, these alleged unlawful and revolutionary proceedings involve the title to the office of the chief magistrate of the state and of an United States senatorship;

Resolved, that the committee on judiciary of this house is hereby directed to investigate the present political condition of the state of New Hampshire with a view of determining whether or not a republican form of government exists there within the meaning and intent of the constitution of the United States.

ACCIDENT AFTER ACCIDENT.

A Mine Car Dashes Two Men to Death—Powder Burned.

ELK GARDEN, W. Va., Jan. 12.—A terrible accident occurred at the Atlantic mine, near this place yesterday morning. When half way up the incline the cable broke and the car started down. Two men jumped and was saved, but the third, John Devauney, was killed. The car dashed into the group of men, killing Jeff Pough, Curtis Owens, who had three pounds of powder in his pocket, were knocked into a fire, the powder exploded, burning him terribly. Frank Hughes had an arm broken; others badly hurt.

The Irish Relief Fund.

DUBLIN, Jan. 12.—The Balfour Irish relief fund now amounts to 1,400 pounds. Among the latest contributions to the fund are £200 sent to Queen Victoria and £100 donated by Goheen, chancellor of the ex
