Wm. Britt and Ed Davis, white, and Ed Brown and Hilary Hudgins, colored, left the square and started towards the depot, going by way of Cripple creek. Arriving there, according to Hudgins statement, they went into the restaurant, where a dance was in progress. The party had been drinking, and Britt acted as though he would attempt to join in the dance. Another consulta-tion will be held this afternoon, at 5 o'clock, when his condition can be more

definitely determined. ANOTHER VERSION. The story told by Pollard, Hudson's partner, is very different from that of Hud gins. He says Hudson had no pistol on his person, because it was in another part of the restaurant lying on a shelf, and claims that he has numerous wit-nesses to prove that another man did the

shooting. Hudson's case is in the hands of Messrs. T. A. Jones and J. G. Merrimon. The man charged with the crime by Pollard is "Dock" Blanton, colored, wel known in police circles. He is connected in some way with every case that comes up from that shady precinct where the shooting occurred. Blanton is said to have left town, and a warrant has been

Work on the big hotel of the Asheville park and hotel company will begin soon. The annual meeting of the directors of the company was held in Superintend-Told-One of the Suspects Said ent McBee's office yesterday afternoon. The old officers of the company were re-elected as follows:

> sitions from prominent contractors for the erection of the hotel, among them one from John O. Plank, of the John O. Plank hotel system company, of Chicago, Mr. Plank left Asheville Sunday, after spending several days here. His propo-sition is in substance that his concern will build the hotel and then lease it from the hotel company, will pay the interest on the bonded indebtedness of the comoany, guaranteed by a cash deposit in the National bank of Asheville, and give the company a liberal percentage of the profits of the hotel after it is opened. Mr. Plank's proposition was more favorably considered than those of the

other parties. A small amount of the stock of the notel company remains yet to be taken, and as soon as this has been done, one of the propositions submitted will be decided on, and active work will be begun, and the big hotel pushed to a speedy comple-tion. Mr. Plank's proposal will in all probability be accepted. Mr. Plank's system is one of the largest

companies in the country. It now has a contract for the erection of a \$100,000 hotel at Panacea Springs, this state, and s also establishing a bank at Littleton, It is thought that within two or three

weeks everything will be definitely ar-ranged and the magnificent hotel propos-ed by the company will be begun. TWO ROBBERIES.
