THE NEGROES A BURDEN. THEY ARE WARNED OUT OF OKLAHOMA.

An Organization in Existence of the "White Cap" Order to Turn the Negroes Back Into Mississippi.

WICHITA, Kan., March 13.-Serious rouble is brewing in Northwestern Oklanoma between the whites and negroes and while so far disagreements have been evidenced by threats only, any over action by either faction would lead to an outbreak, which would prove disas-

from in Mississippi. Warnings have been sent the negroes, but they continue to ar-rive and now consider themselves suffi-ciently strong to threaten back and they have actually, so it is reported on good authority, held meetings at which plans for the burning and sacking of the town of King Fisher were discussed.

BRILLIANT EVENT. The Cotillion at the Assembly

One of the pleasantest social events of the season was the mi careme cotillion in Assembly hall, on Patton avenue, last

The hall was beautifully decorated for the occasion. The walls were hung with rugs, tapestry and evergreens, while the corners were banked with flowers of every variety. lapanese lanterns depended from the ceiling and shed a mel-low light over the hall, in all making a vely scene.

The patronesses were Mesclames O. W. Budd, K. P. Collins, A. J. Lyman, T. W. Sharpless and S. W. Battle. The comittee were Messrs. H. L. Price and W R. King. The patronesses received in the north-east corner of the hall which spot was

banked with flowers, with a divan, rugs etc., and screens and table hung with avors. General dancing began at 10 o'clock and continued until 11:30, when an elegant supper, prepared by the Woman's Exchange, was served by Alfred Wilson. At 12 o'clock the cotillion began, led by Clarence W. Murphy, with four favor igures. The dancing was kept up until

late hour.
The music was furnished by Prof. Pearson's orchestra. The evening's pleasure was most thoroughly enjoyed by all pres nt.

Among those invited were: Mr. and Mrs. John Beatty, Mr. and Mrs. Edward Waln, Mons. and Mme. Maillard, Mr. and Mrs. Patterson: Misses Malcom, Valentine, M. BINGHAM'S SCHOOL. Achool Settled Upon.

A final adjustment of the Binghan chool matter is expected to-morrow. Major Bingham says that the site of ered by the Ashevill- Loan, construction and improvement company is the one se-

A report having become current that the Loan company was taking some undue advantage in the matter, George S. Powell, president of the company, yester day offered, on behalf of the company to make a gift of \$1,500 to the school and to take \$5,000 of Maj. Bingham's bonds if he would locate on another site. This Maj. Bingham would not do, re-garding the site and the terms the best roposed in the city.

In this acceptance Major Bingham gets about thirty-seven acres of land on the west side of the French Broad, fronting on the river, south of Pearson's bridge.
The price to be paid is \$4,200. For thirteen acres of this tract Mr. Powell's company paid \$4,200 about ten months ago. Thus it amounts to a donation to the school of twenty-four acres by the company.
A survey of the property is to be made

at once, and before Major Bingham leaves he will give out the contract for the buildings and improvements of the grounds.
The minor details, such as the water supply, etc., have not yet been definitely settled, but will be to-day or to-morrow.
