So the United States Supreme Question for all Time-The Case

WASHINGTON, March 31,-The suprem court of the United States has refused to with a fine china cup and saucer. We grant the application for writ of habeas good. QUANTITY, which have a large line suitable, at different corpus in the somewhat celebrated murder case of Dick Duncan vs. McCall, sher-iff of Bexar county, state of Texas, in which it was sought to bring into ques-tion the validity of the entire penal code of the state of Texas.

Duncan was duly indicted, tried and convicted in the state of Texas of the \$11.75, it is English and is a beauty. We are still giving you a nice Japanese bread code of Texas had never been lawfully enplate with every two dollar purchase. of the State constitution and that the by the state legislature. Had Duncan's contention been sustained it would have resulted in the release of all the prisoners in the state and would have totally upset the state criminal system.

The court, in its opinion, says it was alleged in Duncan's behalf that he had been convicted without due process of law, contrary to the federal constitution. As the district court of Texas had juris-diction over the petitioner, and the of-fence with which he stood charged, it had jurisdiction to determine applicatory law, and this involved the question Tell us they have I st law, and this involved the question money by monkeying with acted in accordance with the require-Knoxville and Richmond—a ments of the state constitution. It is knoxville and Richmond—a treacherous memory and the importunity of drummers sometimes leads them astray, but they invariably find it pays them to draw their supplies of T. C. Smith & Co., in Asheville, the largest Drug Store in Western North Carolina—a saving of Freight Charges, and quick time in certain grounds are important of the invalidity of the improved and curolled can be impeached by a resort to the journals of the legislature or other evidence for the purpose of establishing the fact that it was not passed in the manner prescribed by the state constitution. The courts of the United States necessarily adopted the adjudication of the state courts on the subject. Numerous opinions are cited in support of this d-actrine. If the question of the invalidity of the code was presented to the state courts it is held that it getting goods, are important must be assumed that the must be assumed that the court sit is held that it must be assumed that the court slindged in favor of their validity and in accordance with the law of the state, when delarge purchases in the pri-
