Buyers of Drugs

Tell us they have lost money by monkeying with Knoxville and Richmond—a treacherous memory and the impertinence of drummers sometimes leads them astray, but they invariably find it pays them to draw their supplies of T. C. Smith & Co., in Asheville, the largest Drug Store in Western North Carolina—a saving of Freight Charges, and quick time in getting goods, are important items, and count up in a year's dealings—making large purchases in the primary markets, enable this House to place Druggists' articles into the hands of consumers and dealers, at prices never before enjoyed west of the Blue Ridge, customers are served by professional experts of large experience, trustworthy and competent—the stock carried by this firm covers two floors of two hundred and forty feet in total length, and fifty two feet of total width—this is the only Drug Store located on the Public Square in Asheville—no trouble to find the place—orders by mail receive prompt and careful attention—refer, if desired, to the Battery Park Bank.

Have you inspected our stock of Medium and Fine Clothing for men, boys and children?

Some of the desirable things are much below competitors' figures.

Our late arrivals in Dress Goods and Trimmings show choice things very hard to get; the importations being already absorbed, or nearly so.

THE FARMERS' ALLIANCE.

HEN TERRELL TALKS AGAIN LAST NIGHT.

He Presents His Views on the Labor Troubles and Suggests His Remedy—Education and Not Strikes are Needed.

Ben Terrell, the alliance orator of Texas, addressed a large number of laboring and business men at the court house last night.

Mr. Terrell was delayed in reaching the court house by a delay of the west-bound train on which his wife was to reach here, and on that account did not begin his address until about 8:45 o'clock.

Before Mr. Terrell's arrival, however, the meeting was called to order by W. F. Towkinson and W. A. Campbell, of Haywood county was called to the chair.

T. P. Reeves talked for a short while on the alliance and was followed by Geo. H. Hahn, of Macon county, who made a short address on the same subject. Mr. Reeves then introduced Mr. Terrell.

Mr. Terrell said in the beginning, that he was to talk as a citizen and not as a member of the alliance. He then stated his belief that all the depression of the laborers of the country is caused by unjust legislation, and that there has always been something wrong with the finances of the country. "I also believe," he continued, "that the cause of these unjust laws is that we have forgotten our duty in the operation of the politics of the country. I hold that there is a difference between a politician and a partisan. One studies how to help his country if he is a true politician, and the other's only thought is how he may benefit his party. It is the duty of every citizen to become a student of politics. No class of men need fear the education of the masses on any subject if that subject is pure and their minds be free from wrong motives. I hold that the idea of basing the circulation of a country on gold and silver is a relic of barbarism and that it gives you oppressors a right to oppress you. Why should these be the basis of the circulation? I agree with Jefferson in that the only true money of a government is its treasury note, based on its power to study. This is not dependent on anything else, such as the production of the mines, for its issue.

This money should be equally distributed to all who could give good and sufficient security.

AGAINST STRIKES.

"Wherever you find wages are low the people and the country are less prosperous. I do not believe that the laboring men can effect anything by strikes and that the only way in which he can do any good is to strike at the financial question with his ballot, after intelligent study. The gulf between capital and labor is widening and I believe a revolution will result if the tendency is not stopped.

"I believe the best way to have the railroads and transportation lines controlled is to control them by the government and have exact justice in their operation."

Mr. Terrell urged the formation of a Citizens' Alliance for the business men to discuss subjects of importance, in a similar manner to the alliance of farmers, for the purpose of educating themselves on the issues of the day.

WANTED THE BIRD.

Chief Baird's Fortune Told by a Paroquet.

Chief of Police Baird has had his fortune told.

This morning the chief was engaged in the mayor's office a man with a strong foreign accent and breath came in and asked permission to exhibit his fortune telling birds. He brought his cage with him. In it were half a dozen parquets and Java sparrows.

He would not be satisfied until the chief consented to have his fortune told by one of the birds. Taking a parrot from the cage the man placed in on top of the cage, where there was a box filled with little slips of paper.

The bird picked out one of the slips and was handed to the chief. This is what was on it:

"You have been free with your mind, and have thereby made many enemies. Some of those who profess to be your friends are really your enemies. But you are honest and fearless, and will come Mr. Baird, and arranged matters so that the bird-man can exhibit his feathered tribe."

A FINE RESIDENCE.

It will be magnificent, and will cost \$30,000.

E. W. Burkholder, the architect, has just finished plans and specifications for a magnificent residence on Zillicoa street near Montford avenue.

When completed, this residence will be the finest in Asheville. It will be a model in completeness of appointments, having every modern convenience, and will cost \$30,000. It is to be erected for Mrs. J. E. Rumbough. Contracts for the erection of the residence will be let in a few days, possibly this week.

Mr. Burkholder is also at work on plans for a \$200,000 hotel, which is to be erected in Hendersonville by a stock company, in which Dr. C. Few, M. C. Toms and other prominent men of that town are interested.

The plans for the handsome business house of W. T. and N. A. Reynolds, adjoining the opera house, were drawn by Mr. Burkholder, and also for the new building on Water street, erected by Capt. Thos. D. Johnston.

The Car for the A. and C. M. Ry.

One of the passenger cars to be used on the Asheville and Craggy mountain railway was taken from the freight depot over the street railway last night. The trip was easily made, the car turning the curves without any trouble whatever. The car is now standing on the road near Chestnut street. It is to be taken to the corner of Charlotte and Baird streets, where it will be housed until needed. Perhaps tonight the dummy engine will be fired up and run over the street railway to the A. & C. M. line.

THE PERSECUTED JEWS.

Those Expelled Driven From Rome in Chains.

LONDON, April 30.—The priests and pastors of Moscow are overwhelmed with requests from Jews for baptism in order to avoid expulsion. The law prevents such conversions except in the case of Lutherans and Catholics and then permits conversions only in limited number.

The flight of the Jews continues. The expelled Jews are cruelly treated, being marched out of the city a-foot, chained in bands by the wrists. The Russians afterward pillage the deserted shops and houses.

FRENCH POLITICS.

Changes Announced in the Diplomatic Service.

PARIS, April 30.—The following changes are announced in the French diplomatic service: Count de Montebello, now ambassador at Constantinople, succeeds M. Laboulaye as ambassador at St. Petersburg; M. Herbet goes from Berlin to Constantinople; M. Belotte goes from Rome to Berlin; M. Cambin goes from Madrid to Rome; M. Rouston goes from Washington to Madrid, and Count Moutholan goes from Athens to Washington.

Eminent Physician Dead.

PHILADELPHIA, April 30.—Dr. Joseph Leidy, an eminent physician, scientist and naturalist, who has been living at the point of death at his residence in this city since Friday last, died this morning.

SAM JONES

Tonight at the Grand.

A noted evangelist said in a sermon in Asheville some time ago, that no one could enter the "Pearly Gate" and walk the "Golden Streets" unless he paid his honest debts.

Not being able to get in "The Swim" with the boys on real estate, I have bought two hundred and fifty tickets to Sam Jones' lecture Thursday night, and seats are on sale at No. 10 S. Main. Box seats \$2.00; balcony seats, \$1.00; standing room, 50 cents.

Respectfully,
E. L. BROWN.

CARRIE BROWN'S MURDERER

"Frenchy No. 1" Is the Man, Says Inspector Byrnes.

NEW YORK, April 30.—Inspector Byrnes has at last fastened the crime for the murder of the woman Carrie Brown. The murderer is "Frenchy No. 1," who was arrested Friday night, less than 24 hours after committing the crime, and has been under lock and key ever since.

On the night the murder was committed "Frenchy No. 1" occupied room 33 in the East River hotel with a woman by the name of Mary Ann Lapoze. This room was across the hall from that occupied by the woman Brown and her unknown companion. From information in possession of the police, it appears that the murdered woman's companion had left her some time before 1 o'clock Friday morning.

"Frenchy No. 1" had been at one time a lover of the old woman, but had become insanely jealous. He heard her companion leave the room and got up, and crossed the hall, deliberately strangled and then disemboweled his victim.

This is the story of the police. It is substantiated by the following facts: When "Frenchy No. 1" had completed his work, he crossed the hall and entered room 33, where he left evidences of his guilt. When the police made their investigation, traces of blood were found on every side. The bed clothes were found covered with blood, the murderer sometime during the night having thrown himself upon the bed. His stockings were soaked with blood and his clothing was also covered with blood. On the walls and ceiling of the little room many small spots of blood were found, the man having evidently entered the room with his hands reeking with blood.

When the fellow was arrested, Inspector Byrnes examined his hands and finger nails. The latter he carefully scraped and found plain and distinct traces of human blood. To positively establish the fact, the scraping and dirt found under his nails were submitted to a chemical analysis.

From the time the man was arrested, but little could be learned from him. He made few statements, but all have been so very contradictory that the police have been able to make but little use of them.

THE PRESIDENT.

He Hears the News About Granny Blair.

DELMONTE, CAL., April 30.—The presidential party arrived at Delmonde last evening. At the request of the President his arrival was devoid of ceremony, in order that Mrs. Harrison and the other ladies of the party, who were fatigued by the day's traveling, might be allowed time for rest and preparation for tomorrow's program. The hotel Delmonde, where the party spent the time, is beautifully decorated with flowers and bunting, the rooms assigned to the president and ladies of his household being special objects of attention. The president was informed that the Chinese emperor had notified his minister at Washington to demand the return of Mrs. Blair, the newly appointed American minister. President Harrison said it was news to him, but made no other comment.

THE GERMAN INVASION.

To be Prevented by Mating French Troops at Vital Points.

PARIS, April 30.—A newspaper of this city today announced that the French armies on the German frontier will be exercised in night military maneuvers on an immense scale early in May. All Garrison in the military district of the department Meurthe and Moselle, forming a post of the sixth army corps, will take up war positions along the frontier. Troops in Meurthe and Moselle will be reinforced by a large force of cavalry and infantry brought together by an extensive mobilization of army reserves. The troops thus placed under arms will occupy all the vital positions which they would have to hold in order to repulse the supposed invasion of the German troops.

NEW LABOR FEDERATION.

IT HAS SIXTY-FIVE THOUSAND MEMBERS.

Organized Last Sunday in St. Louis—All the Railroad Orders Join Except Two—Pledged Against Chief Arthur.

St. LOUIS, April 30.—Sunday last there was a secret meeting of railroad employees held in this city, the orders of conductors, firemen, trainmen, and switchmen's mutual aid association being represented. Not until yesterday was it learned what was accomplished at the meeting.

The four organizations formed a federation with a membership of 65,000 and took steps to induce the two orders remaining outside the brotherhood of locomotive engineers and the brotherhood of locomotive firemen to join.

Resolutions were passed commending the system of federation and pledging the organization to work against the reelection of Chief Engineer Arthur.

Arrangements with the brotherhood of locomotive engineers were entered into whereby each body would render other mutual support, and all necessary aid, if required, in case there is any trouble with the road.

The object of the federation will be to prevent strikes and settle all matters of difference by arbitration. All difficulties will be referred to the supreme council and in case the council fails to have arbitration settle all disputes, then the council has power to order a strike and not before.

PUBLIC MEETING.

To be Held in the Court House Tomorrow Night.

There will be a mass meeting held in the court house tomorrow night, at 8 o'clock, at which the appropriation bill will be discussed. Every voter of Asheville is cordially invited to attend this meeting. It is hoped that every laboring man who can well be present, as his interest in this measure will be thoroughly discussed.

Lycum Tonight.

There should be a large crowd at tonight's meeting of the Lycum. The subject is one in which every voter is interested, namely, the appropriation to be voted on next Monday for the aid of the schools of the city. Prof. P. P. Claxton, superintendent of city schools, will make the opening talk, and it will be well worth going to hear. Several other gentlemen prominent in the Lycum will talk on the question.

"Get There."

Sam Jones arrived on the afternoon train from Tennessee today, and is stopping at the Swannanoa. The famous lecturer and preacher will no doubt have a good house tonight at the Grand. E. L. Brown, who is selling balcony and gallery seats, says they are going in a hurry. He can be found at Graves & Thrash's, on South Main street.

One Hundred Bales.

RALEIGH, April 30.—One hundred bales of cotton were burned this morning about three miles from this city on the plantation of Burt Wilder. No insurance. Loss, \$3,000.

Two Killed.

TROY, Ala., April 30.—The opera house here fell in this afternoon while a party of young people were rehearsing an amateur performance. Two young ladies killed.
