COMMONWEALTH OF MASSACHUSETTS
CERTIFICATE OF ANALYSIS
State Assayer's Office, 297 Franklin St.
BOSTON, MASS., April 21, 1891.
To Chas. H. Campbell, Asheville, North Carolina.
The sample of water submitted for analysis has been carefully examined, with the following results:—
The water shows in parts per 100,000:
Solids, volatile..... 3.00
 fixed..... 2.00
 total..... 5.00
Grains per one U. S. gallon..... 2.80
This water is almost entirely free from organic matter, showing very slight traces of iron, sulphur and lime. The water is very excellent in all respects. It is very seldom we find water so free from organic or mineral matter.

I have just bought one of the finest Soda Fountains in the South, with all modern improvements, and am now prepared to serve soda water in the best style. I will give the business my personal attention and will guarantee satisfaction in every respect or money refunded. You can rest assured that the soda and mineral water sold at my fountain are pure. I do all the work and make all the syrups, and I feel I can truthfully say they are pure. (Syrup fresh made each day.) Below I give you a partial list of the syrups used, also a few of the mineral waters:
Mineral waters on draught, Deep Rock, Vichy, Tate Springs, Congress, etc.
Soda water syrups: Lemon, Vanilla, Pineapple, Strawberry, Raspberry, Peach, Sarsaparilla, Orange, Ginger, Nectar, Blood Orange, Blood Orange with Phosphate, Banana, Catawba, Chocolate, Oxytocous, Cream and many others too numerous to mention.
Special new drinks of the season. Limeade with Phosphate, Pineapple Gem, Whipped Cream Soda, Ice Cream Soda, Malto, etc. But for the richest drink ever drawn from a soda fountain I advise the use of Carmichael Daisy Cream. This cream can be added to any syrup desired, and makes the richest soda water ever offered to the American people. Don't forget the place, Carmichael's Drug Store, No. 20 South Main Street.

THE ABINGDON SENSATION.

DR. BAKER WAVES EXAMINATION ON WEDNESDAY.

A Special Grand Jury Will Settle—The Most Sensational Case Ever Known at Abingdon.

Bristol, Tenn., May 8.—What promises to be one of the most sensational trials that has ever come off in this section of the country will take place at Abingdon this week. The case of Dr. J. A. P. Baker, the man who, it is alleged, caused the death of his wife, seduced Mrs. Gilmore, and was a participant in the poisoning of the latter's husband, was to have been tried Wednesday, but was waived a preliminary examination, and a special grand jury will set in the case.

It is now reported that the poisoning of Mr. Gilmore was planned and perfected by degrees about one year ago. Dr. Baker was treating him for stomach and nervous troubles, and called Dr. George E. Wiley in as a consulting physician, who pronounced the treatment correct, and said the patient would soon be restored to health if rightly cared for.

Dr. Gilmore, a brother of Baker Gilmore, called and said that the kind of treatment he was under would result in his death, and that it was no more than a slow process of poisoning. It is also reported that after Dr. Baker's daughter suspected that all was not right, that he threatened to poison her and get rid of her in the same way that he did his wife.

Mr. Gilmore, who is an influential and wealthy citizen of Washington county, has instituted divorce proceedings against his wife. She is now under arrest at the home of her husband, and will probably have a hearing in the near future.

Mrs. Gilmore was, previous to her marriage, a Miss Cecil, of Pulaski county, Va. She is about 33 years of age, is tall, finely formed, prepossessing appearance, of more than ordinary intelligence, dark blue eyes and a profusion of auburn hair. Besides all of these qualifications she is possessed of an address and vivacity that Cleopatra might have envied.

Dr. Baker is a man of 50 years of age, and has practiced medicine in Washington county for thirty years. He is a brother in law of Professor Davis, one of the oldest professors at Emory & Henry college.

COLONIZING THE JEWS.

Baron Rothschild's Great Wealth Back of It.

LONDON, May 8.—The Baroness Rothschild was really the prime mover in the matter of raising a great fund to provide for colonizing the expelled Russian Jews.

Baron Rothschild was but little impressed with Baron Hirsch's enthusiasm for the subject until the baroness became interested. The Hirsch scheme was then widened out into what may be called a race project, all the wealthy and influential Hebrews of Europe and America being more or less interested.

It is said that the Rothschilds have not named any limit to the amount they are willing to contribute to the enterprise, and that they practically stand in the position of having guaranteed to make up whatever deficit there may be after all others have subscribed. There can hardly be a doubt that, under this arrangement, they will ultimately be the heaviest contributors. Baron Rothschild personally favors the colonization of Palestine rather than South America, but he has acquiesced in leaving the choice of the locality to a committee of the subscribers.
