Address by Secretary Andersen Last Evening.

Secretary Andersen, of the Y. M. C. A., gave a most interesting talk to the young men in the hall of the association last night, it being the occasion of the monthly meeting.

Mr. Andersen has just returned from attendance upon the conference of general secretaries of the Y. M. C. A. held at St. Joseph, Missouri, and of the biennial international convention of the Y. M. C. A. of the United States and Canada, held at Kansas City, Missouri.

The talk was upon the impressions gained by the speaker at these two important meetings.

The Bible studies at the conference in St. Joseph had made a profound impression upon him, showing that the association relied upon that book for its foundation and success. Seven hours had been devoted by the conference to these studies.

The loyalty of the various members of the conference to their respective churches, was another fact that impressed him much, and the marvelous growth of the work of the organization caused him to feel that its progress in the future was beyond all doubt. Its possibilities were boundless. There are thirteen million young men in this country, and 225,000 of them belong to the Y. M. C. A. There are 1,400 associations, and 1,200 general secretaries. The buildings and real estate owned by the organization are worth \$12,000,000. There is spent annually to carry on the work \$1,000,000. The railroads of the United States contribute annually for the support of the Y. M. C. A. work among their employees, \$100,000, and in salaries to its general secretaries. These railroads do this as a matter of business, showing the truthfulness of the Scripture which says that the children of this world are wiser in their generation than the children of light.

Mr. Andersen was full of enthusiasm, and his talk was listened to with very great interest.

Mr. Fitch Taylor, who was booked for a talk on Yellowstone Park, postponed it until some future occasion.

There was a good audience present, and at the conclusion of the address by Mr. Andersen refreshments were served by the ladies.

AT THE COLLEGE.

A Very Pleasant Entertainment Last Night.

One of the most delightful events of the season occurred at the Asheville Female college last night. It was the occasion of the entertainment given by the young ladies of that institution for the benefit of the college missionary society.

Nearly 200 patrons and friends of the college were present. The first part of the evening's entertainment was taken up by the rendition of literary and musical selections by students of the college.

The selections were well rendered, and that portion of the program was very enjoyable. Those who took part in these exercises were Misses Laura Newland, Virginia Arnold, Bonnie Reeves and Lilly Way.

After literary exercises, the young ladies served those present with strawberries, cake and ice cream, the latter from Kern, of Knoxville. The refreshments dispensed by fairy hands were not the least enjoyable feature of the evening. All who attended spent a very happy time, only regretting that such occasions do not occur oftener.

The entertainment netted \$40 for the society.

DEATH BETWEEN CARS.

SAD ACCIDENT AT THE W. N. C. YARD LAST NIGHT.

Albert E. Suddarth, while uncoupling freight cars, is Caught Between the Bumpers and Dies in Five Minutes.

Another terrible and distressing, as well as peculiar accident, occurred at the yard of the Western North Carolina railroad in this city yesterday afternoon.

A young man lost his life while uncoupling cars on the Asheville and Spartanburg switch, several hundred yards south of the passenger depot.

The accident occurred about 7:30 o'clock. Albert S. Suddarth, who was employed on the yard, had just gone on duty and was engaged uncoupling and uncoupling the cars of an A. and S. freight train.

Suddarth had stepped between two cars and pulled the coupling, when the cars, "taking up slack," as the railroad men express it, came together. Suddarth had no time to escape, and was caught between the bumpers of the cars.

The young man fell to the ground without a cry. The car inspector and a friend were standing near, and ran to Suddarth's aid. They carried him to Trainmaster Foster's office where he died within five minutes after the accident.

Dr. W. D. Hilliard was once sent for, but Suddarth was dead before the physician could reach him. Dr. Hilliard examined the body. He found that the abdomen of the young man had been badly crushed. But he also found that a long key which Suddarth had in his pocket had been driven endwise into his thigh, severing the femoral artery, causing internal hemorrhage, resulting in his death.

The body was brought up town and taken to Blair & Brown's undertaking establishment, where it was prepared for burial and placed in a neat casket.

Suddarth was connected with Asheville where he had made his home for some time, and was nearly 24 years of age.

He was employed as conductor on the street railway for several months. Up to two weeks ago he was known to be a religious young man, but on a trip to Salisbury he was converted by Evangelist "Bill" Eric who was then conducting a meeting at that place. Since that time Suddarth has been a changed man, and was leading an upright life. He was to have joined the church in Salisbury last Sunday, but could not be at that end of the road on account of his duties.

The remains were taken to Morganton, the old home of the deceased, on the afternoon train today. Suddarth was unmarried.

THE Y. M. C. A.

A TRIBUTE TO GORMAN.

A Splendid Testimonial to the Maryland Senator's Worth.

BALTIMORE, Md., May 16.—Fifteen thousand people crowded into fifth regiment armory last night and passed in review before United States Senator Gorman, the occasion being the presentation by the people of Maryland of a silver service to the senator for his successful efforts in the United States senate to defeat the "force bill."

There were three addresses, one by chairman Goodwin of the committee in charge of the testimonial, introducing mayor Davidson, who made an address in response to Senator Gorman. Mr. and Mrs. Gorman were on the dais erected at the end of the large armory, together with some prominent citizens of Baltimore, not all democrats. In front of them, and rallied off to prevent it from being injured by the crush, was a splendid silver service testimonial so situated that the people could examine the designs and note the elegant workmanship.

When Senator Gorman entered the armory, a mighty shout went up from thousands of throats. It was a hearty, spontaneous welcome, and did not cease until he had taken his seat beside the mayor. The Davidson band played "Hail to the Chief." The occasion was a most remarkable one.

WERE BEREAVED.

Quick Death of Englishman at the Manipur's sword.

SIMLA, May 16.—Dispatches received here from Manipur show that Chief Commissioner James W. Quinton and the officers who lost their lives at the same time as he did were not victims of a massacre brought about by the popular fury. Evidence given at the trials which have recently taken place of the prominent Manipur insurgents who were captured by the British troops, proves that the chief commissioner and his colleagues were beheaded by a public executioner under orders of the Manipur ex-sepoys who had deserted from the British ranks and who had joined the Manipur's. Both of them were found guilty by a military tribunal, which has been in session at Manipur.

AN OVERSIGHT.

The County Commissioners Will Hold a Special Meeting.

When the county commissioners made their order submitting the proposition to Asheville, Reems Creek, Flat Creek and Ivy townships to vote on the proposition to subscribe to the capital stock of the Atlanta, Asheville and Baltimore railroad company, they failed to appoint the judges to hold the election which was ordered for the 25th inst. This was an oversight but the matter will be corrected at a special meeting of the commissioners, which has been called for Tuesday next.

AN ENGLISH GUESS.

A "Standard" Authority on the Pursuit of the Itata.

LONDON, May 16.—The Standard, in an editorial this morning says:

"We can only account for America's extraordinary zeal in pursuing the Chilian steamer Itata on the assumption that the government is delighted at having an opportunity of retrospectively justifying its Alabama contention against England. It is doubtful, however, whether this ingenious behavior can establish any new dictum in international law."

Ex-Secretary Taft Dying.

SAN DIEGO, Cal., May 16.—Ex-Secretary Taft who was recently taken ill here, is very low and sinking rapidly. His son, Solicitor General Taft, arrived here from Los Angeles last evening, where he has been in charge of the Robert and Minnie case.

Terribly Afflicted.

BIG RAPIDS, Mich., 16.—The forest fire in the lower Peninsula are still burning from Manistee to Huron. The loss from these conflagrations is already estimated at \$2,000,000 with a probability that it will be doubled unless checked by rain.

A Killing Influenza.

LONDON, May 16.—The influenza is epidemic and seriously increasing in Russia. In Russia-Poland the disease has decimated the population of many villages.

Baine's Condition.

NEW YORK, May 16.—Dr. Deane states this morning that Mr. Baine had a very good night and is free from pain.

VERY ODD.

Concord Standard: Harvey Black-welder, of No. 4, showed us a few of the size of game hen, feathers like a partridge, tail like a gobbler, wings like a hawk, feet like a buzzard, head like a guinea.

Roxboro Courier: A gentleman informed us last Monday, that Mr. Henry Meadows, living in Granville county, has had all of his tobacco plants eaten up by dogs. He supposed it was on account of the fertilizer, as he had never heard of such a thing before.

N. A. Guin, who lives nine miles from Monroe, has a goose which, in the early spring, laid fourteen eggs, from which he raised ten goslings. As soon as they were large enough she left them and laid 12 more eggs, from which she raised 12 goslings. She then took the last set and joined the gander and has a gang of 21. Mr. Guin says he has mentioned the fact to several of the oldest citizens and they never remember of hearing of such an occurrence.—Charlotte Chronicle.

In the midst of life we must now look out for the ground hog as well as the pup of Dr. Caldwell's "it," the santer. The Tuskegee Democrat says: "As Mr. James Patterson was walking up the railroad track he came upon a ground hog sitting upon the end of a cross tie. Much to Mr. Patterson's surprise, instead of running away, the ground hog showed fight, growling and showing his teeth. Mr. Patterson left the railroad to gather some rocks, and upon turning to go back he found the hog had followed him and was disposed to attack him. Mr. Patterson soon dispatched him, however, with rocks."

TRIED TO MOB STANLEY.

SOCIALISTS ATTEMPT TO ASSAULT THE EXPLORER.

This Happened in Civilized Sheffield, Eng., and Stanley Had to Seek Refuge in a Cab.

LONDON, May 16.—While Henry M. Stanley was delivering a lecture at Sheffield last night, the hall was invaded by a number of socialists who began to sell among the audience pamphlets attacking the explorer.

The pamphlet was very freely bought under the belief that it contained a report of one of Stanley's lectures. When the fraud was discovered the vendors were violently expelled. They lingered around the building and as Stanley, at the conclusion of his lecture, left the hall they attempted to mob him. His friends gathered around him, and with the assistance of the police kept off his assailants. He was then hurried into a cab and driven to his hotel.
