## Buyers of Drugs

Tell us they have lost money by monkeying with Knoxville and Richmond—a treacherous memory and the impertinence of drummers sometimes leads them astray, but they invariably find it pays them to draw their supplies of T. C. Smith & Co., in Asheville, the largest Drug Store in Western North Carolina—a saving of Freight Charges, and quick time in getting goods, are important items, and count up in a year's dealings—making large purchases in the primary markets, enable this House to place Druggists' articles into the hands of consumers and dealers, at prices never before enjoyed west of the Blue Ridge, customers are served by professional experts of large experience, trustworthy and competent—the stock carried by this firm covers two floors of two hundred and forty feet in total length, and fifty two feet of total width—this is the only Drug Store located on the Public Square in Asheville—no trouble to find the place—orders by mail receive prompt and careful attention—refer, if desired, to the Battery Park Bank.

THE FIRST PRESBYTERIAN CHURCH OF THIS CITY HAS JUST UNDERTAKEN AN UNUSUAL OBLIGATION IN FOREIGN MISSIONS WHICH IS NOTHING LESS THAN THE ERECTURE OF A COMPLETE STATION—SALARIES, BUILDINGS, RUNNING EXPENSES, ETC., AMOUNTING TO \$2,500 PER YEAR.

The Congo Free State in Central Africa, which is recognized as a sovereign state by the great powers, is the result of the skill and diplomacy of Leopold II. of Belgium and of the intrepidity and courage of Henry M. Stanley. The resources of this new state are fabulous and civilized nations are hurrying to establish themselves in trade there.

Christian missions were begun about twenty years ago and the Baptists especially have been very faithful in planting stations there.

The church of the south is, however, the first of the branches of the Presbyterian family to establish a station within these limits, and about a year ago the Rev. Mr. Lapsley, of Ala., and Rev. Mr. Sheppard, the latter colored, were sent out. They have just located at Boleke in the Kassov river.

The Presbyterians of Asheville have undertaken to provide for the support of this station to the amount of \$2,500 for this year, a figure which is seldom reached even by churches twice or thrice the size.

LOSS OF \$120,000.

JACKSONVILLE SCORED EARLY THIS MORNING—HOTEL THREATENED.

JACKSONVILLE, May 19.—A few minutes before twelve last night fire broke out in the Mohawk block. The third floor was used by George F. Drew for storing ash, doors and blinds. The other two floors contained oils and paints, in large quantities. At 12:45 the fire had enveloped the entire building.

On the second floor was the United States district court room, and about a dozen law and real estate offices. All the records of the United States court were burned, also all the furniture and records of the Masonic lodge in the building. The building is a total loss of \$120,000, insured for \$50,000. Drew's loss on stock is nearly \$25,000; exact insurance not known.

The firemen are now (noon) playing upon the Carleton hotel opposite and in the city market and municipal building.

RETRACTING ITALIANS.

No Country Like the United States After All, It Seems.

MARSHALLS, May 19.—The steamer Beam, from Brazilian and Argentine ports, arrived here to-day, bringing back about 700 utterly destitute Italian emigrants who had sought fortune in those countries.

During the passage from South America there were five deaths from yellow fever among the disheartened emigrants. They tell startling stories of the hardships they have suffered, and it is expected that their return will tend to stop the tide of emigration flowing from Italy towards South America and, on the other hand, increase the number of Italian emigrants who will seek employment in the United States.

RAILROAD COMMISSION.

Florida's Not Gratiifying the Legislature.

TALLAHASSEE, Fla., May 19.—The house of representatives has passed a bill repealing the railroad commission law of 1887. This law provides the appointment by the governor of three commissioners and involves an annual expense of \$15,000. Opponents of the law say that the commission has not fulfilled its mission in that it has failed to check unjust and unreasonable rates, besides being too expensive. The bill now goes to the senate.

Rich, but Killed Himself.

MOBILE, Ala., May 19.—Lloyd Bowers, aged 68 years, and for twenty years prior to January of this year cashier of the First National bank of Mobile, shot himself in the forehead early yesterday morning and died at one o'clock. Although in good financial circumstances and surrounded by a loving wife and family, he was despondent.

Blaine of Maine.

NEW YORK, May 19.—Secretary Blaine continues to improve.

## DROVE OUT THE QUEEN.

NATHALIE, OF SERBIA, DRIVEN FROM HER PALACE.

She is Defended by the Students and a Fight Follows, but the Queen Stops Further Trouble by Leaving Belgrade.

BELGRADE, May 19.—Queen Nathalie was rescued yesterday by students from the custody of the prefect who had been ordered to expel her from Serbia. At 11 o'clock last night a force of 50 gendarmes attacked the students and citizens drawn around the queen's palace, and a severe struggle followed. Many civilians and gendarmes were severely injured during the fight and the latter were finally repulsed amidst the cheers of students and citizens.

Throughout the night the city of Belgrade was in a fever of excitement and further fighting is expected should the regents persist in their determination to expel the queen.

Later.—The gendarmes afterwards made another attack upon the Queen's palace and, after a sharp fight with the Queen's defenders, succeeded in forcing their way into her bedroom. They summoned her to arise, as she must instantly leave Serbian territory.

The Queen calmly replied that she would yield to force and requested the students who had so gallantly defended her, and who were even then prepared to lay down their lives for her, to make no further resistance.

The Queen was then allowed to dress and, after bidding adieu to the leaders of her defenders, during which a most touching scene was witnessed, she was escorted to a railroad station and started for the Hungarian frontier.

The popular feeling against the minister of war is so great because of expelling the queen, that it is probable he will be compelled to resign.

During the fight which took place last night between the gendarmes and the students and citizens defending the Queen's palace, one man was killed and fifty were severely wounded.

PRESBYTERIAN CHURCH.

It has Undertaken a Noble Work and Will Carry it Out.

## GENERAL ASSEMBLY.

Proceedings Will be Reported by "The Citizen."

Just a year ago Asheville was exerting herself to entertain adequately the Presbyterian general assembly. How well she succeeded is a matter of history and from all parts of the south we have even to this day expressions of satisfaction with the efficient and handsome way in which the entertainment was conducted. Now the citizens of Birmingham are trying the same pleasure it experienced. The assembly meets in the first church of Birmingham on Thursday at 11 a. m. and will be opened with a sermon by Rev. Dr. James Park who presided here. The new moderator will be chosen immediately after and the assembly will be in working order by the next morning. Rev. W. S. P. Bryan is the first commissioner from Mecklenburg presbytery. THE CITIZEN will report the proceedings and especially any discussions of special interest to its readers.

THERE WAS A STRING TO IT

THE "HOUSE ON THE SQUARE" TO COME DOWN.

The Cry of the People Through "The Citizen" Was Heard and Heeded.

Such things should not be!

The protest of Asheville's citizens, published in THE CITIZEN yesterday, has been heard to some effect.

And the "mansion on the square" must go!

The board of county commissioners, at their session this morning, in deference to public opinion, and in their usual manly style, ordered the owner to have it removed.

That is the reason the sound of the hammer is hushed on the square, and Asheville's only park will not be appropriated to any use such as was proposed. Verily, the cry of the people has been heard—and such things shall not be.

Worked Stopped on the "House."

EDITOR THE CITIZEN:—Just as I was going to ask for the bill board to be put back in position and that the rat killing be continued to balance with that grand pavilion on court place, I saw, by the timely interference of THE CITIZEN, that a long list of protests had been gathered and published which has temporarily stopped the work. Now can't this be made unanimous, and we have no more such eye sore things on the square? We are no longer a little post town in Morgan county, but a city of too much pride to suffer such things longer to exist.

If the drays that stand in front of the postoffice could be moved to some more appropriate spot, the square which stands on the square could be arranged to wait down at the other end of the line, things would look more common sense like, to say nothing of convenience and justice.

Observer.

NEW OFFICERS.

The Names of a Number of Candidates for City Offices.

Now that the new board of aldermen have taken charge of the city's affairs, considerable interest attaches to the election of the officers who are to serve under their direction. These officers are to be elected at the meeting to be held Friday night, June 5.

A recorder, the new officer authorized by the legislature, will probably be elected. For this position the following gentlemen are candidates, to which other names may be added later: Julius C. Marrin, J. M. Green, C. J. McCape, J. B. Worsley, J. C. Campbell, W. S. Cushman and A. T. Summey.

For city clerk—F. M. Miller, the present clerk, W. B. Clayton, J. M. Broyles, J. D. Robertson, S. Bulow Erwin and J. M. Isaac, et al.

For tax collector—N. A. Reynolds, present collector, I. V. Jordan, J. M. Young, J. M. Ingle, J. P. Morgan and N. P. Corn.

For chief police—A. H. Baird, present chief, E. N. Waddell, W. G. McDowell, J. H. Hamilton, T. E. Hunter.

For city attorney—T. H. Cobb, now holding that position and Col. Reuben McBrayer.

For superintendent of streets—J. L. Murray, present superintendent, F. F. Howell and J. W. Blevins.

For sanitary inspector—Zeb Brevard, J. W. Jarvis and Howard Proffitt.

For the treasurership there are no expressed candidates, and J. E. Rankin, who holds the position, will doubtless be re-elected.

For policemen the old force are candidates, besides an almost countless number of new men.

This list will, of course, be enlarged by additions before the election occurs, and the board will be at no loss for good material.

False Economy

is practiced by many people, who buy inferior articles of food because cheaper than standard goods. Surely infants are entitled to the best food obtainable. It is a fact that the Gail Borden "Eagle" Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.

## NAT'L UNION CONFERENCE.

1,300 DELEGATES AT CINCINNATI TODAY.

One Delegation Urges the Nomination of an Independent Ticket—Objection to the Ocala Platform.

CINCINNATI, May 19.—The National union conference opened here today. There are now nearly 1,300 people here, representing at least two-thirds of the states of the union. This conference will not undertake now to make any nomination, it was decided today.

The Iowa delegation, among other acts, adopted a resolution urging the nomination of a full independent ticket in June. There was a turbulent meeting of the delegation from Kansas, due largely to the fact that it is much stronger in point of numbers than that of any other state, there being nearly 800 persons here representing the Farmers' Alliance, the Citizens' Alliance, the People's party, the Knights of labor, the National industrial alliance, the anti-monopoly party, and the single tax men.

The Farmers' alliance was called to order by McGrath, its president, and S. McCormack was chosen secretary. Objection to the Ocala declaration is strong on some questions, and there is a disposition to follow the St. Louis platform. Eastern men are quite active in regard to the position to be taken on the silver question and an "eight-hour plank."

A conference was held today with the leaders of the delegation from the west and south, and the demands of the east were fully made known and were received with favor. The eastern men want this plank adopted on the silver question. That the conference favors the "restoration of silver to the position it occupied before 1875, viz., an equality with gold is the money standard of value."

MAYOR'S COURT.

Three \$30 Fines and Several Minor Assessments.

The mayor's court was crowded this morning. Justice A. T. Summey, who had been appointed to act, heard the cases.

Emma Garrison and Mary Brazelton, colored, were up for fighting. Emma had a pistol and threatened to shoot Mary. Emma was fined \$30 for carrying the pistol and \$10 for fighting, and Mary paid \$5.

Robert Garrison had been drunk and disorderly, and was fined \$5.

G. P. Black was charged with carrying a pistol and resisting an officer. On the first charge he was fined the usual \$30 and on the second was let off with a \$5 fine.

Nick Allison and Frank Wilson, charged with fighting, were fined \$5 each and costs.

John Chapman, Dave Forney and Ed. Greenlee were found guilty of an affray and fined \$5 each.

Dave Forney was fined \$30 for shooting at Ed. Greenlee.

Justice Summey interspersed the exercises with wholesome lectures as to the carrying of pistols and unlawful conduct generally.

The American "Ripper."

NEW YORK, May 19.—The grand jury has indicted Amerer Ben Ali, alias Frenchy, for the murder of old Carrie Brown, alias Shakespeare, at East River Hotel on April 24, charging murder in the first degree.
