I have just bought one of the finest Soda Fountains in the South, with all modern improvements, and am now prepared to serve soda water in the best style. I will give the business my personal attention and will guarantee satisfaction in every respect or money refunded. You can rest assured that the soda and mineral water sold at my fountain are pure. I do all the work and make all the syrups, and I feel I can truthfully say they are pure. (Syrup fresh made each day.) Below I give you a partial list of the mineral waters: Mineral waters on draught, Deep Rock, Vichy, Tute Springs, Congress, etc.

Soda water syrups: Lemon, Vanilla, Pineapple, Strawberry, Raspberry, Peach, Sarsaparilla, Orange, Ginger, Nectar, Blood Orange, Blood Orange with Phosphate, Banana, Catawba, Chocolate, Oxycoocus, Cream and many others too numerous to mention.

Special new drinks of the season. Limeade with Phosphate, Pineapple Gem, Whip Cream Soda, Ice Cream Soda, Malto, etc. But for the richest drink ever drawn from a soda fountain I advise the use of Carmichael Daisy Cream. This cream can be added to any syrup desired, and makes the richest soda water ever offered to the American people. Don't forget the place, Carmichael's Drug Store, No. 20 South Main Street.

JOHN CHILDS,

A WAR ON THE HEBREWS.

THOSE IN ST. PETERSBURG TO BE IMPRISONED.

A Terrible Policy Being Carried Out—Russia's Financial Policy Discussed and Condemned.

St. Petersburg, May 25.—It is reported here that the Russian government is preparing for a wholesale series of domiciliary police visits throughout this city and its suburbs, and that all Hebrews discovered will be imprisoned and conveyed, later on, to the Hebrew pale. It is added that the program for this movement will be ready in about two weeks' time. It is stated that Gen. Ignatoff, governor of the province of Kieff, speaking to a colleague in regard to the Hebrews, said recently: "I will make Kieff too hot for the whole brood of rascals, rights or no rights."

Reports received here from Kieff indicate that this policy is in full force, and the persecutions of the Hebrews are strong. It is stated that the Hebrews are being allowed themselves to be expelled without protest rather than risk an endeavor to prove their rights.

A writer in the European Messenger commenting on the report of the Russian minister of finance for 1890, draws the gloomiest pictures of the sufferings of all classes of Russians, and says that inevitable financial ruin is bound to overtake the Russian empire. The writer referred to also declares that a repletion of the coffers of the treasury with gold is not needed in a country where paper has a forced circulation. This gold, according to the writer mentioned, has been obtained by wholesale taxation and the ruination of the people. In conclusion, the writer says the apparent financial success of Russia is a delusion because it is not based on improved economical conditions.

THE POPE'S LABOR LETTER.

To Be Distributed Among the Workmen of All Countries.

Rome, May 25.—The pope has ordered popular translations of his recent encyclical letter to be distributed among workmen of all countries. The encyclical is considered a definite expression of the tendencies of Cardinal Manning and Cardinal Gibbons as opposed to the French economic school under Freppel and as a direct development of Cardinal Gibbons' attitude in regard to the Knights of Labor. President Carnot, Emperor William and Emperor Francis Joseph have congratulated the pope on his letter.

This one paragraph perhaps indicates the tone of the pope's letter above referred to:
"Capital is powerless without work, and workmen are powerless without capital. The proletariat cannot and ought not to injure either capital or matter. But in order to obtain respect for their rights they must abstain from violence. They ought not to have recourse to sedition, nor to listen to the chimerical promises of agitators. On the other hand, masters ought to respect the individuality and dignity of the man and Christian in workmen and not abuse them inhumanly in their work nor exploit them beyond their forces. Let masters remember that the Divine and the human law forbids them to draw profits from the misery of the poor."

CONGRESSMAN HOUK DEAD.

He Had Eastern Tennessee In the Hollow of His Hand.

WASHINGTON, D. C., May 25.—A private despatch received here says that Congressman Leonidas C. Houk died at his home in Knoxville, Tenn., this morning. A "mistake in medicine" is given as the cause of his death.

Worries His Friends.

LONDON, May 25.—The health of the Prince of Wales causes grave anxiety to his relatives and intimate friends. The malady from which the prince suffered so severely in 1880, has reappeared in a different quarter, and this fact is looked upon as one of great significance. In spite of his precarious state of health, the prince continues his visits to the theatres.

Raum Will Pension Him.

LONDON, May 25.—Col. Szabad, a soldier who fought against Kossuth in Hungary and Garibaldi in Sicily, and afterward went through the American civil war, has been here for some time suffering from a painful malady. He has been under the care of Sir William McCormack, the eminent surgeon, who gives hope of an early convalescence.

Stage Drivers' Strike.

PARIS, May 25.—The stage drivers struck here today for shorter hours. The stage company made one attempt to run a few stages, but the strikers attacked them, cut the traces, pulled the drivers from their seats and left the stages in the streets. Several arrests were made among the strikers.

There's Money In It.

SAN FRANCISCO, May 25.—The directors of the California Athletic club at a meeting last evening decided to give Jim Corbett and Peter Jackson \$25,000 each for their exhibition Thursday night, and to give the men a purse of \$7,500 to fight before the club again.

The New Orleans "Dispute."

PARIS, May 25.—A dispatch from Rome says that His Holiness, the Pope, has written to Cardinal Gibbons asking the latter to furnish him with the details as to the New Orleans dispute and as to its effect upon the position of Italians.

The Presbyterian Assembly.

BIRMINGHAM, Ala., May 25.—The Presbyterian assembly meeting Saturday the committee on correspondence reported that it was not ready to recommend sending delegates to the National temperance convention.

EIGHT YEARS' GROWTH.

The Half Had Not Been Told About Asheville.

H. A. London opens a very interesting and comprehensive article on Asheville in the latest number of his paper, the Chat-ham Record, as follows:

"Asheville may truly be termed 'the Queen City of the West,' and its growth during the past ten years has been simply wonderful. It was our pleasure to visit Asheville for a few days last week—the first time since 1883, and its growth during that interval seems marvellous. We were prepared to see many changes and improvements, for such has been published about them, but after seeing them we felt like the Queen of Sheba when beholding the glories of Solomon that 'half hath not been told.'"

AND THIS IN KNOXVILLE!

WHERE IS THE POLICE FORCE OF THAT TOWN?

An Unknown Man Running at Large With a Shot Gun and "Holding Up" Whomsoever He Will.

KNOXVILLE, Tenn., May 25.—About 8 o'clock last night a man with a shot gun walked in front of two colored men sitting on Crozier street, elevated the gun and fired two shots. One took effect in the abdomen of one of the negroes and the other in the upper arm, side and face of the other. The man then ran out Crozier street and avenue about one mile and was there seen to lie down.

A large crowd had followed and had reached within three hundred yards of him, whereupon he sprang up and darted into pine thickets near by.

He was next heard of two miles to the westward and about two miles from the city. Fred L. Carpenter, son of one of the leading citizens of Knoxville, was driving towards his father's country home, when within a short distance of it he noticed a man running towards him calling him to halt. A short colloquy followed in which the unknown man demanded Carpenter's money and jewelry.

When these were refused he leveled a shot gun which he had kept behind him and fired. The evening was chilly and Carpenter had his coat collar turned up, which probably saved his life. The left side of his face is filled with shot and his wound is considered very dangerous.

A large posse is out seeking the villain. The man held up two others before he reached Carpenter, from one of whom he received twenty dollars. It is believed he was crazed by drink. He was located last night and will probably be lynched if caught.

PRIDE AND REVENUE.

What Governor Holt Urges on the County Commissioners.

EXECUTIVE OFFICE, Raleigh, N. C., May 20, 1891.
To the County Commissioners and Justices of the Peace of North Carolina: GENTLEMEN—I feel that it is to the interest of each county in the state to be fully and completely represented at the Southern Inter-States Exposition to be held in this city during October and November 1891. The exhibits sent to the exposition will show to the world what a grand state we live in. The Southern Inter-States Exposition will be visited by many thousand people, and it certainly should be a pride and a pleasure for every North Carolinian to see the great resources of his state properly shown to the visitors.

THOS. M. HOLT, Governor.

AFFAIRS OF CONSEQUENCE.

HOME.

A report that Secretary Blaine's mind is affected, is denied by his family and by Secretary Tracy.

The Pacific mail steamship Colima has arrived at San Francisco with the news that on May 15 she passed both the Itata and Charleston. They were only sixty miles apart.

The attorney general has referred the papers submitted to him by the civil service commission in the case of Green B. Raum, Jr., to the United States attorney for the District of Columbia.

Gold shipments to Europe by Saturday steamers amount to \$3,300,000, making the total \$7,550,000 for the week. Bradstreet's telegrams say that business generally has gone forward quietly.

More rottenness has been found in the pension bureau by acting secretary Chandler, and this time William H. Barker, formerly of Brooklyn, and brother-in-law of assistant secretary Bussey, is involved.

In the Presbyterian general assembly at Detroit the expected debate on the revision of the confession of faith was closed for this year by the adoption of a resolution that the report of the committee be sent down to the presbyteries for criticism.

Sickness Among Children.

especially infants, is prevalent more or less at all times, but is largely avoided by giving proper nourishment and wholesome food. The most successful and reliable of all is the Gail Borden "Eagle" Brand Condensed Milk. Your grocer and druggist keep it.

READ THE ADS.—A little girl in her prayer illustrated the value of advertising. In her innocence she said: "Lord make me pure—make me absolutely pure, like baking powder.—Keokuk Constitution."
