ANALYSIS OF WATER

USED AT THE

ASHEVILLE SODA WATER FACTORY,

217 HAYWOOD ST.

COMMONWEALTH OF MASSACHUSETTS.
CERTIFICATE OF ANALYSIS.
State Assayer's Office, 297 Franklin St.
BOSTON, MASS., April 21, 1891.
To Charles H. Campbell, Asheville, North Carolina.

The sample of water submitted for analysis has been carefully examined, with the following results:
The water shows in parts per 100,000:
Solids, total..... 2.00
" Fixed..... 1.50
" Total..... 3.00
Grains per one U. S. gallon..... 5.00
This water is almost entirely free from organic matter, showing very slight traces of iron, sulphur and lime. It is very soft and excellent in all respects. It is very seldom we find water so free from organic or mineral matter.

I have just bought one of the finest Soda Fountains in the South, with all modern improvements, and am now prepared to serve soda water in the best style. I will give the business my personal attention and will guarantee satisfaction in every respect or money refunded. You can rest assured that the soda and mineral water sold at my fountain are pure. I do all the work and make all the syrups, and I feel I can truthfully say they are pure. (Syrup fresh made each day.) Below I give you a partial list of the syrups used, also a few of the mineral waters: Mineral water on draught, Deep Rock, Vichy, Tate Springs, Congress, etc. Soda water syrups: Lemon, Vanilla, Pineapple, Strawberry, Raspberry, Peach, Sarsaparilla, Orange, Ginger, Nectar, Blood Orange, Blood Orange with Phosphate, Banana, Catawba, Chocolate, Oxytococcus, Cream and many others too numerous to mention.

Special new drinks of the season. Limeade with Phosphate, Pineapple Gem, Whipped Cream Soda, Ice Cream Soda, Malto, etc. But for the richest drink ever drawn from a soda fountain I advise the use of Carmichael Daisy Cream. This cream can be added to any syrup desired, and makes the richest soda water ever offered to the American people. Don't forget the place, Carmichael's Drug Store, No. 20 South Main Street.

THE RIOTING IN PARIS.

STRIKERS WIN THE FIGHT FOR FEWER HOURS.

The Sympathy of Part at Least, of the Public is With Them—The Police Powerless—Blacklegs Badly Treated.

PARIS, May 27.—No sooner were the stages out of their depots yesterday than they were greeted with volley upon volley of stones, which were accompanied with a perfect storm of hooting and jeering. Though the coaches were escorted by policemen, the strikers watched their opportunity, and at a signal agreed upon, charged furiously upon the stages, swept away the police lines, dragged the "blacklegs" ["scab"] drivers from their boxes, pounded them vigorously, cut the traces of the horses and in several cases overturned and seriously damaged the stages themselves.

One case of many illustrates how well the strikers are holding their own in popular sympathy. Two stages were stopped by the strikers at a certain point and the horses were as usual unharnessed and led away amid the jeers of the crowd who witnessed the onslaught of the strikers. When the "blackleg" drivers and conductors were pulled from the stages, the inhabitants of the neighboring houses, men and women, nearly smothered them with showers of dirty water and refuse.

Squads of police attempted by repeated charges upon the strikers and their supporters, to protect the stages being from the depot on the boulevard Bonaparte, but the crowds responded by attacking and overpowering the police. The strikers then pulled the "blacklegs" from the stages, severely maltreated them and compelled the stages to return into the depot. The police, later on, were reinforced and made many arrests among the strikers who had been prominent in the rioting.

The Gaulois newspaper today says that the stage company asked M. De Freycinet, president of the council and minister of war, to allow troops to take the place of the company's drivers and thus to enable the company to run stages loaded with soldiers through the streets of Paris. M. De Freycinet, Gaulois adds, refused the company's request.

Later—Owing to the intervention of the government the strike of stage drivers is at an end and now the stages are running as usual and the drivers are victorious. Previous to the settlement of matters in dispute between the stage company and the drivers, when the newspapers of this city were raising subscriptions in order to assist the strikers, Jas. Gordon Bennett, proprietor of the New York Herald, offered \$4,000 toward the support of the striking drivers.

PERSONAL RIGHTS.

They Cannot Be Invented, the Supreme Court Says.

WASHINGTON, May 27.—The United States supreme court has in the case of the Union Pacific railway company against Clara L. Bottsford made an important ruling on the subject of the right of corporations, sued for personal injuries, to insist on examinations by their own surgeons. The cases came before the court on an appeal from the decision of the circuit court of Indiana against the railway company. Clara L. Bottsford sued the railroad company for alleged injuries to her spinal cord by the fall of a badly constructed sleeping car. Three days before the trial the company asked the court for an order requiring the suing party to submit to an examination by the company's physician, the examination to be made with as little exposure of the person as possible and in the presence of the physician of the injured woman.

The court overruled this motion on the ground that it had no legal right to enforce such an order. The case came before the supreme court on the correctness of this decision. The court, in an opinion by Justice Gray, sustains the lower court.

PRAYED FOR RAIN.

A Quick Answer to the Appeal—The Presbyterians.

BIRMINGHAM, Ala., May 27.—In the Presbyterian assembly the foreign mission committee, through Chairman Bryan, of Asheville, N. C., reported that they want \$150,000 for foreign missions, and the last Sunday in May was set aside as children's day. The assembly voted to raise \$100,000 for the committee. Last year \$112,000 was raised. It was resolved to push the work in Brazil.

It was decided to transfer the publication of the Missionary from Richmond, Va., to Nashville, and the publishers were so notified.

The home missions committee report adopted, criticized newspapers and railroads for running on Sundays. Thirty-five thousand dollars was voted for sustaining home missions; ten thousand dollars for a loan and church building fund; thirty-two thousand for work among the Indians, and twenty thousand dollars for the invalid fund.

Tuesday morning the assembly held special prayers for rain and in the afternoon a beautiful shower fell.

CALL ELECTED.

He Received 51 Votes, But was Declared Elected.

TALLAHASSEE, Fla., May 27.—There was no quorum in the senate yesterday, several members having left the city to break a quorum and prevent the election of Call as United States senator. The president of the senate has issued an order to the sergeant-at-arms to arrest the absent senators and bring them to the senate, forcibly if necessary.

Later—At noon today Call appeared in the hall of representatives and President Brown called the joint session to order. The anti-Call men in the house voted to raise \$100,000 for the committee. Call had fifty-four members duly elected to the legislature responded to their names. The vote was taken on United States Senator, and Call had 51 votes. President Brown considered him elected.

A dispatch from Pensacola quotes I. R. Mallory, a lawyer and the congress-man-elect from the First district, but an anti-Call man, as of the opinion that the absence of a quorum of members of the senate invalidates the election.

Big House Closed.

ATLANTA, Ga., May 27.—John Ryan Sons, of this city, the largest dry goods house in the South Atlantic states, was closed by the sheriff at noon to-day.

SHORTEST ON RECORD.

A One-sided Australian Prize Fight Tuesday.

MELBOURNE, May 27.—A prize fight which came off here yesterday between Choynski and Tooley was one of the shortest combats ever recorded in the history of the ring. The result showed that Tooley was the superior of Choynski, for the latter knocked him out in a minute and eleven seconds. From the moment the men entered the ring, Choynski adopted offensive tactics and in a short time he drove Tooley to the ropes. When the men faced each other in the second round it was further demonstrated that Choynski was the superior of Tooley. The latter was completely overpowered and when the 11 seconds round had expired, Choynski made a drive at Tooley and knocked him completely out. Choynski received no punishment at all.

TEN FATALLY BURNED.

SERIOUS FIRE AMONG PETROLEUM REFINERIES.

One Burned and Others Threatened—Other Buildings Destroyed—More Loss of Life Probable.

DUNKIRK, N. Y., May 27.—A serious fire broke out today in a petroleum refinery at Condequerque. Ten people have been burned to death and the flames are still spreading. Many houses which surrounded the refinery have been burned to the ground.

There are eight large petroleum reservoirs adjoining the scene of the conflagration and it is feared they will explode and cause much more damage and loss of life.

KILLED THE MURDERER.

Judge Lynch Holds Court in a Tennessee Town.

NASHVILLE, Tenn., May 27.—The little city of Columbia, Tenn., was in a state of intense excitement yesterday afternoon over the capture of the negro, Green Wells, who, on Saturday last shot and killed John Fly, a prosperous farmer in that county. The sheriff received a dispatch from Iron City that the negro was in custody there and to send officers for him. At the same time it became generally known in Columbia, and a large crowd gathered at the depot to give the officers and their prisoner a reception. Thinking there might be trouble Judge Patterson intercepted the sheriff at Lawrenceburg by a telegram advising him to stop there with his man; that it would be unwise with the present feeling and excitement to take him to Columbia.

The sheriff took the Judge's advice and stopped at Lawrenceburg, about six miles from the murdered man's home. About midnight last night a dispatch from Columbia stated that Wells was taken from the officers and hanged to a tree. The mob then fired several shots into his body.

THE GRAND DERBY.

It Was Won by Sir F. Johnston's Colt Common.

LONDON, May 27.—The great racing event of the English turf was run today at Epsom Downs. It was the race for the Derby stakes, as usual. The course was crowded with all classes and conditions of people, from members of the highest aristocracy to tipsters and hangers-on of the stables. The road from London to the course was filled with vehicles of all descriptions.

The victor was Sir F. Johnston's brown colt Common, by Isomony, out of Thistle. Melanck's chestnut colt Gouverneur, by Energy, out of Gladia, was second, and Sir James Duke's bay colt Mortemart, by Wenlock, out of Hirondeil, third.

WARNING TO CORTE.

New Orleans Won't Have Him On Any Account.

KANSAS CITY, Mo., May 27.—Mayor Shakespear, of New Orleans, passed through this city last night on the way to his home. In an interview discussing the public execution of the Italian, he said he rejoiced in the recall of Consul Cortez. He said Mr. Cortez would never again represent Italy at New Orleans, "for if he were sent back," added the mayor, "we will drive him from the city."

Representative Houk's Funeral.

WASHINGTON, May 27.—Senator Harris, of Tennessee, and possibly some other senator will represent the senate at the late Representative Houk's funeral.

The secretary of the treasury this morning telegraphed to the commander of the Rush to sail today for Alaskan waters.

Green Goods Schemers.

WASHINGTON, May 27.—A new "green goods" scheme has just been developed by the postoffice inspector in Lemay and Clayton, N. C., which has resulted in the arrest of W. J. Nelson, alias Frank Reid, of Lemay, and Joseph Ellington, alias W. H. King.

Hawkers and Peddlers.

What ear-splitting cries we hear daily in the streets of every large city! But these itinerant dealers who hawk their wares about are, when under proper restrictions, a useful portion of the community, and not such nuisances as the catarrh hawkers. This is a stubborn disease to conquer, but Dr. Sage's Catarrh Remedy does it. It is mild, soothing and antiseptic, unlike snuffs that irritate, or solutions that burn. It corrects offensive breath, and restores taste, smell and hearing. Nasal catarrh often ends in consumption. Apply the only cure in time. Price 50 cents by all druggists.

A FIVE THOUSAND DOLLAR COIN.—The oldest coin in existence is owned by Herman Gottschalk of New York and it will be exhibited at the World's fair in Chicago. It comes down from Solomon's time and has raised inscriptions of pure gold while the disc is of bronze. The British museum directors have offered Mr. Gottschalk \$5000 for this old coin. An old Rumanian rabbi bequeathed it to Mr. Gottschalk in 1878.

IT WILL BE A WATERLOO.

THE REPUBLICANS AND THE CAMPAIGN OF 1892.

Ingalls Warns His Party, But the Warning Will Not Be Heeded, For Dry Rot is all Through the Old Thing.

HURCHISON, Kan., May 27.—At a meeting of the republican editors of the Seventh congressional district a letter from ex-Senator Ingalls was read and warmly applauded. Among other things the letter said:

"The republican party is confronted with great problems which threaten its supremacy. If we are to succeed we must deal with the issues today as we dealt with slavery secession and state sovereignty thirty years ago. The republicanism of the future must readjust itself to the changed conditions of American life or it will perish. I wish to save it from this fate by recalling the spirit, the energy, the aggressive and the patriotic force of the founders of the party to the campaign of 1892. This campaign will be waged upon economic and practical questions, not upon memories or motions. Harrison will be nominated, and Cleveland will be his antagonist. If we have courage and conscience, it will be an Austere. If we dicker with popular errors, compromise with unprincipled leaders and sneer at honest differences of judgment and opinion, it will be a Waterloo."

We Shall Yet Fly.

From the Springfield Republican.

The study of aeronautics is no longer confined to ridiculed cranks. Scientific men like Prof. Langley of the Smithsonian institution, Octave Chanute, president of the American society of engineers, and Hiram J. Maxim, the famous gun-maker, tell us that the mysterious problem of navigation is nearer solution to-day than ever before. Mr. Maxim is thoroughly sane, yet he said the other day: "I can rise from the coast of France, sail through the air across the channel and drop half a ton of nitro-glycerine upon an English city; I can revolutionize the world. I believe I can do it if I live long enough. If I die some one will come after me who will be successful where I failed."

Affairs of Consequence.

Ex-Senator Warner Miller expresses the opinion that the third party movement cannot last long.

Decoration Day week in New York will be marked by special fraternization of Union and Confederate veterans.

The indications are that the Farmers' Alliance will take an active part in the legislative contest in Virginia next fall.

There is a possibility of the resignation of a number of United States district judges who are entitled to retire on full pay.

President Harrison will take part in the decoration exercises at Philadelphia next Saturday. He has issued an order for the closing of all the Government departments on that day.

The title of opinion in the Presbyterian General Assembly, at Detroit, seems to be changing in favor of vetoing Dr. Briggs's appointment or transfer to the Robinson professorship of biblical theology without touching the question of heresy.

Over 200 carloads of wheat from Minneapolis were received at Duluth, Minnesota, Monday. Such a movement from Minnesota at this season is very unusual, and is attracting a good deal of attention. It is coming forward rapidly, and it is stated that not less than 1,600,000 bushels are to be brought to Duluth elevators from Minneapolis. The wheat is all destined for direct export to Liverpool.

The supreme court of the United States has declared unconstitutional the Virginia law requiring the inspection of flour manufactured outside the state when sold within the state. In the case of the directors of the First National bank, of Buffalo, N. Y., in which it was sought to hold the directors responsible for bad debts, the court held that the directors are simply to exercise ordinary prudence, governed by usage in bank affairs, which these directors did. The court passed an order directing the receiver of the exhausted Mormon church property to hold it for charitable uses corresponding as nearly as possible with its original purpose.

Mirtle M. Tanner, Booneville, Ind., writes: "I had blood poison from birth. Knots on my limbs were as large as hen's eggs. Doctors said I would be a cripple, but B. B. B. has cured me sound and well. I shall ever praise the men who invented Blood Balm were born."

SAME OLD STRUGGLE.—"Now, John," said the pessimist's wife, who had persuaded him to go to the circus, "I do hope you will try to throw aside all care and enjoy yourself."

"I have, Maria," he replied as he gazed at the contortionist; "but there it is again, the same old struggle to make both
