THE BOARD FIXES THINGS.
REGULAR WEEKLY MEETING LAST NIGHT.
Mayor Blanton President—Work on the City Hall and Fire Department Will Go On—A Good Deal of Business.
Last night, for the first time in ten weeks, Mayor Chas. D. Blanton presided at the meeting of the board of aldermen. He has lost nothing of his idea of the patching business by his illness, as all who were present last night found out. Aldermen Reynolds, Starnes, Brevard, Leonard and McDowell were present. Alderman Gudgey was absent on account of ill health.
THE CITY HALL WILL GO ON.
Alderman Brevard, for the committee appointed to hear objections to the plans of the city hall and market house, made a verbal report advising the prosecution of the work as to the city hall and fire department, but asked to be continued in reference to the market house question.
A motion was made and seconded that the report be adopted.
The things began to warm up.
T. R. Ransom, esq., arose to argue a few points, not directly for the butchers, as he said, but for a private individual. He thought that the board, which was a good common sense set of gentlemen, would be making a great mistake if it put the fire department in the building with the market. He argued that it would be better to locate the fire department on another lot, and thus avoid the great danger to human life.
J. S. Adams, esq., talked about the legal aspect of the case, and said that according to the law one department could not be built unless both were built. He defied any person to point out a city that had fire department and a city hall in the same building. He offered the board a lot on Spruce street which could be used for the fire department and which could be had for \$8,000.
W. H. Deaver, a member of the fire department, said he did not see why the fire department should be moved for the pleasure of one individual. He said the milk in the coconut was that Mr. Rawls wanted a street next to his buildings. Mr. Deaver referred to several cities in which he had been and which had fire departments and city hall in the same building.
S. G. Bousie stated that several of the fire departments in Washington City were on the best and most frequented streets.
P. C. McIntire had found something new in the geography and told the board about it. He had traveled from San Francisco to the "gulf of Virginia" and had never seen a market house and fire department together.
The discussion lasted about an hour, and Mayor Blanton then quietly put the motion to adopt the report and it was carried without a dissenting vote.
SEWER AND STREET.
Several residents on Merrimon avenue asked that a sewer line be laid from that avenue down Sney Street to North Main. They proposed to advance the money without interest. The matter was referred to the sewer committee, which is to report at a special meeting Monday night.
N. B. Atkinson asked for a jury on a street to be opened from Southside avenue to Goodlake street, and showed the board the plat of the street as proposed. The matter was referred to the street committee.
COMMITTEES.
Mayor Blanton appointed the following committees to serve two years:
Sewers and water—J. D. Brevard, T. C. Starnes, C. B. Leonard.
Police—W. T. Reynolds, J. Hamp McDowell, J. M. Gudgey.
Streets—T. C. Starnes, W. T. Reynolds, C. B. Leonard.
Finance—J. D. Brevard, J. Hamp McDowell, J. M. Gudgey.
THANKS, MR. BREVARD.
Alderman Brevard made a motion that the chief of police be instructed to require the drays which have hitherto blocked the street in front of the postoffice to stand on the south side of the court house for the present. The motion was seconded and carried.
MISSION HOSPITAL.
Judge Geo. A. Shuford, for the authorities of the Mission hospital, appeared and asked that the consideration of the question of granting a permit for the erection of a hospital on corner of Woodfin and Charlotte streets be postponed for two weeks. The request was granted.
THE CITY CLERK'S STATEMENT.
City Clerk Miller suggested that the board of aldermen decide as to the publication of the itemized statement of the city's expenses and disbursements up to June 1, which would be ready in a few days. The matter was referred to the committee on finance.
THE SPECIAL TAXES.
Mayor Blanton appointed Aldermen Reynolds, Brevard and Leonard a committee to revise the special tax list to be used for the ensuing year.
MINOR MATTERS.
R. H. Cole asked that his license tax as a tobacco dealer be collected only for seven months, at the rate of \$10 per year. Refused.
N. A. Reynolds, tax collector, asked the board to authorize the city clerk to order license tags for the city drays. Granted.
R. M. Furman asked that some kind of crossing be put down at the intersection of Charlotte street and the new street between Woodfin and Chestnut. Referred to the street committee.
Rev. R. P. Ramsey asked permission to begin the erection of a church for colored people to cost about \$5,000, on Spruce street between College and Eagle. Referred to a committee composed of Aldermen Leonard, Reynolds and Brevard. The committee met this morning and decided adversely.
H. B. Brown asked the board to have some mudholes on Pine street filled up. Referred to street committee.
PERMITS.
Building permits were granted as follows: W. R. West, house on Hill street; P. C. McIntire, four 2-room cottages on Vance street. The board later, however,

instructed the city clerk to notify Mr. McIntire to postpone work on the houses until the matter was investigated.
BILLS.
The following bills were ordered paid: Chattanooga Foundry company, pipe, \$189.20; Reynolds & Spears, horse hire, \$16.50; H. T. Estabrook, record book, \$1. The board then adjourned until Monday night.
SALEM COMMENCEMENT.
It Begins With Every Promise of Being a Great Success.
WINSTON, N. C., May 30.—[Special.]—The commencement exercises of the recently opened Salem Female college began last night with a grand musical concert complimentary to Miss Katherine Evans the vocal instructor. The Moravian church was filled to its utmost and the exercises were of unusual interest and excellency. Miss Evans is a Parisian alumnus and is one of the best vocalists in the United States. At the conclusion of the exercises Dr. Roudhalter, in behalf of her class, gave to her a very handsome music box.
Visitors are arriving in the city on every train and this commencement promises to be the most noted in the history of the institution. Dr. Morrison, Atlanta, arrived to-day and will preach the baccalaureate sermon tomorrow morning.
Tomorrow will be the one hundredth anniversary of Washington's visit to old Salem.
LIME TREES.
How to Drive Away the Bugs that Eat Peaches.
Col. A. T. Davidson's compliments to Capt. W. M. Cocke, and here is what the former knows, as given to THE CITIZEN, of the bugs that ate into Col. Cocke's peaches:
These bugs are not at all like the jumble bug, but resemble more, and perhaps are akin to the lightning bug. They do not attack the earlier varieties of peaches so much as they do the smaller, longer acclimated kinds. But Col. Davidson has solved the problem of driving off these bugs, and through the information may come a little later for Col. Cocke, it may be of service to others. Any way, it should be kept on file for next year.
From the top of a high stepladder scatter over the peach trees while the leaves are damp, a quantity of air slacked lime, enough to powder the leaves pretty well. The bugs will begin to leave within a short time, if not at once. Such is Col. Davidson's experience with them, and the information he gives is undoubtedly of value.

HE GETS A TOWN.
An old, old case settled in Raleigh.
RALEIGH, N. C., May 30.—Judgment has been rendered in court in favor of James A. Bryan, plaintiff, for the recovery of James City, a village of one thousand and negroes, across Trent river from Newberne. The negroes were settled on Bryan's land by federal authority in 1862 and have held possession ever since. It is said Bryan will offer terms of amicable settlement, and let the present population continue their occupation.
AGAINST DR. BRIGGS.
His Transfer to Another Profession Vetted.
DETROIT, Mich., May 30.—At 5 o'clock last evening the great final vote on the Briggs case was taken by calling the roll, each minister and elder answering as his name was called. At its close the court stood for Dr. Patton's report, 409, against 50. This does not, except by inference, pass on the question of Dr. Briggs alleged heresy. It simply vetoes his transfer to the Robinson professorship of biblical theology.

LIFE IN NORTH CAROLINA.
—The Reidsville fertilizer factory will erect a large factory building this summer.
—The bridge work, which has been used as a false work in putting in the iron bridge over the Yadkin river on the Richmond and Danville line, was washed out Thursday. All except the two shore spans went down. It will be replaced at once.
—Some twelve or fifteen complaints had been received by the railroad commission, none of these being in regard to passenger tariffs, but nearly all being of freight overcharges. Every one of these complaints will be met by the new tariff, the clerk of the commission says.
—Winston Republican: A mule, the property of W. M. Lewis, was stung to death near Madison by bees, one day last week. The animal was tied near some stands and the little fellows perceived him so severely about the head and neck that he died next day from the effects.
—The quarries belonging to the Wadesboro brown stone company together with all machinery and equipments will be sold on the 20th day of June. The capital stock of this company is \$50,000. The stone taken from these quarries is said to be as fine as there is in the country.
—Robesonian: Rev. Haynes Leannon of Orton, N. C., is in town. He has been pastor of Antioch Baptist church for forty-nine years. He says that the late Rev. Hector McLean was the first minister that he ever saw ordained, which took place at Brown Marsh church, Bladen county, he thinks about 1832.
—Statesville Landmark: The North Statesville Land company's lots sold here placed on the 14th, as on that day there were 15 to 20 real estate speculators here who did not return for the sale on the 25th. As a matter of fact the property sold marvelously well, and the company came out with a handsome profit.
False Economy
is practiced by many people, who buy inferior articles of food because cheaper than standard goods. Surely infants are entitled to the best food obtainable. It is a fact that the Gail Borden Eagle Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.

The Hata off for Australia.

The Pennsylvania legislature adjourned sine die at noon Thursday. The ballot reform bill was passed.

A wise housewife lightens her toil and gladdens the home circle by her cheerfulness. But health is the first requisite, and her just prerogative. Health follows the use of Dr. Pierce's Favorite Prescription, which repairs the ravages caused by those peculiar diseases which afflict womanhood.
