Powell & Snider,

HOW TO MAKE MONEY.

The way to make money is to save it. And the way to save it is to have your prescriptions filled at Carmichael's drug store, and you will find by doing so you will save from 25 to 30 per cent. on every prescription. We do not take goods that the people know the price and mark down to cost, and then charge two prices for a prescription to make up the loss. You know clerk hire and house rent must be paid and the profits must be averaged some way. A hint to the wise is sufficient. A full line of De-Vault Flavoring Extracts in stock. Mr. J. Taylor Amis and Mr. Chas. W. Devault are with me and will be pleased to meet their friends and customers. Don't forget the place. Carmichael's drug store, No. 20 South Main street, Asheville, N. C.

VEGETABLES!

RECEIVED FRESH EVERY DAY AT HARE BROTHERS,

27 South Main Street.

THE REVOLVING DISC FLY FANS

ARE THE WONDER OF THE AGE. Nickel plated and very nicely finished; handsome to all others; an ornament to the table; a luxury to the sick; a pleasure to the industrious; and a necessity to all, where flies are troublesome.

The rapidly revolving discs not only frighten and drive away the flies, but cause a pleasant circulation of air, thereby adding to the enjoyment of every meal during the summer months.

No home is complete without one. Special price is offered on above described fans until July 1st. Sold only by

MEETING OF CITY FATHERS

HOW THE NEW MEETING HOUR WORKED.

Considerable Business Done— liquor License Doubled—The Street Superintendent's Bond Fixed at \$3,000—Several Bills.

The new afternoon 4 o'clock rule went into effect yesterday afternoon. The regular weekly meeting began pretty soon after that hour.

There was a considerable number of auditors, but the faces present were in the main new ones, faces that could not encourage the board except at meetings held in the afternoon.

There was likewise a falling off in the attendance of old friends who have adorned the benches in the mayor's office in rain or snow or dry weather for many months, until this new wrinkle was taken up.

Alderman Reynolds was late, but not because he forgot the hour. Beside him there were present Aldermen Guder, McDowell, Starnes and Leonard. Mayor Blanton presided.

Mayor Blanton read a bill from the Evening Journal for publishing the "Tree of Brotherhood" for \$250. Mayor Blanton said the idea was good but the printing was poor, and Alderman Reynolds thought the matter should go over until they could learn the circulation of the paper.

The meeting then adjourned.

A TERRIFIC COLLISION.

FOUR MEN KILLED IN THE WRECK.

A Mail Train Was Behind Hand and Ran at Great Speed into an Open Switch—Pitiful Stricks of the Dying.

NEW ORLEANS, June 20.—A collision on the Illinois central railroad last night resulted in a tragedy.

A freight train was side tracked and run into by the south bound fast express. Four men were killed and six severely injured.

The mail train consisted of the mail car, baggage, smoker, baggage, coach and two vestibule sleepers. The mail car ran on top of the two engines, tearing off the flooring and crushing in the sides.

The train was broken in two and the mail car was partially derailed. Two sleepers remained on the track and escaped serious injury.

The engine met the shock caused the freight train to break in two and the rear end was shoved back several hundred yards. Six cars remained attached to the freight engine and were smashed to pieces. Three of them telescoped one another, the nearest car to the engine being driven clear through the next two.

There was nothing left of them but splinters.

When the passenger train dashed in on the open switch there was a mighty crash of the two great bodies together with the sound of grinding metal, the hissing of escaping steam and the pitiful shrieks of the wounded men.

IT IS HOT DOWN EAST.

THE MOUNTAIN REGION IS HIGHLY FAVORED.

The Bureau of Sanitation Must Come Here—Real Estate Convention Postponed—The Excursion to Asheville.

RALPHIGH, June 19.—Dr. W. C. Murphy, who recently returned from a brief visit to Asheville, gives me such a tantalizing statement of the weather of the mountains as to make me feel by contrast the extent of the heat here. It is hot, but I truth I have individually suffered very little. But everybody else puffs and pants and tans in the vain attempt to keep cool. Hundreds are running away to the sea coast, few to the mountains. Morehead is crowded I should think beyond the capacity of comfort. But I imagine there are there, are thousands who would willingly suffer to say they had heard such a celebrity.

It should Come Here. Dr. Murphy was greatly pleased with his experience at Asheville, and is encouraged in hopes that the Bureau of Sanitation will be fixed at Asheville. That will depend on the liberal interest taken in it by the citizens of the city. It will be of conspicuous advantage to Asheville if she secured it. It will be emphatic enunciation of the fact that Asheville is recognized on scientific basis as the center of sanitary investigation and authority, and will draw to it, as the focus of knowledge, the interest of the scientific physicians all over the country. That it has already been so recognized as such focus by the leading physicians of the United States adds strength to the argument that it should have full recognition in the future. This will be done, it is made the headquarters of the Bureau of Sanitation.

The Agricultural College. The city has been full, so to speak, with the commissioners of agriculture, and the trustees of the agricultural college. Their sessions have been continuous, but their work is routine, and of little outside interest. The value, and also the propriety of the college was recognized, and it was ordered that additions be made immediately to the accommodations. Among the pupils at the college are two Bluncombe boys, Matthews and McCoy, of whom I heard favorable reports.

The Board of World's Fair Commissioners on the part of North Carolina, meets here today. This includes the lady commissioners, and Mrs. Charles Price, of Salisbury, has arrived, as has also Mrs. R. K. Cotten, of Pitt County.

A second death has occurred in the family of Mrs. Glennan, of diptheria. The lady, who is a daughter of the late Kenneth Rayner, once a well known politician, and who married a daughter of Col. William Polk, an old revolutionary patriot, arrived here last week to visit her old family friends, intending even to remain in Asheville. One child was taken with diptheria immediately on arrival and soon died, and another died last evening. There are two more children, both of whom are ill with the same disease.

Mr. Charles M. Busch is still extremely ill, though his condition is slightly more hopeful. He is partially paralyzed, and is also suffering most of the time.

The Six Hundred. The Yarborough hotel is being enlarged and the "six hundred" will be accommodated when they visit the exposition. That will be but a drop in the bucket. I learn that contracts have been made for one or more large temporary, but very complete structures such as were so effective at Atlanta in disposing of the crowds.

The excursion to Asheville on the 25th is looked forward to with interest. The rates are exceedingly low, only \$3.50 for the round trip, and the hope of inhaling the breath of pure cool mountain air cools those who are now gasping for dear life in this furnace heated atmosphere.

Mrs. Barney's Lecture. The Charleston Daily Sun speaks of Mrs. Barney, who will visit at the Grand Opera house Monday night at 8:30 p. m. "Mrs. Barney spoke an hour and a half, during which the audience alternately wept and laughed. She possessed the power of numbers in a remarkable degree, and uses it more in her lectures than in humor. The title of the lecture was "From Jerusalem to Jericho." It was a striking and original presentation of the temperance question. Mrs. Barney had been received with marked attention, both in this country and in Europe, and in spite of all her platform experience, Mr. Howard did the distinguished lady but ample justice when he said that her womanly modesty outshined even the glow of her intellect and the tuneful music of her tongue."

Death of Mrs. Cairns. Mrs. John Cairns, wife of the proprietor of the Reems creek woolen mills, died at her residence eight miles north of Asheville, yesterday about 10 o'clock, after an illness of only ten hours. Mrs. Cairns was a native of Scotland and a most excellent woman. She was a member of the Episcopal church, and her age was about 59 years. Mrs. Cairns leaves a husband and four children, one of whom is the wife of James Frank, the North Main street merchant in this city. The funeral will take place tomorrow at 11 o'clock.

SHOT A FRENCH SUBJECT. The Black Republic to be Called to Account. PARIS, June 20.—At the cabinet council held to-day, it was decided to demand reparation from Haiti for the shooting of M. Rigaud on Corpus Christi day, on the ground that he was a French subject.

Prominent North Carolinian Dead. CHARLOTTE, N. C., June 19.—This morning, at his home at Reidsville, N. C., David Settle Reid, who was prominent in public affairs away back in the time of President Polk, died.

Atlanta Goes Dry. ATLANTA, Ga., June 20.—Mayor Hemphill has created a big sensation by vetoing all beer licenses.

A Hundred Years to Come. Wouldn't you like to live until the year A. D. 2000, just to see the people and the world generally? Who knows but you might, if you observe the laws of health, and keep the Stomach, Liver and Bowels in full action. The best medicine known for this is Dr. Pierce's Pleasant Pellets. They are small, sugar-coated granules, but powerful to cure; produce no nausea or griping; easy to take, and a sure cure for biliousness, constipation, headache, and diseases produced by an inactive liver. A convenient vest-pocket remedy.

ABOUT TWELVE MONTHS

AGO WE SOLD In Asheville, N. C., TWO HUNDRED PAIRS OF KNICKERBOCKER SHOULDER BRACES. FOR Men, Women and Children.
