The Supreme Mystery.

...ated News.

Why do men wear pockets? John Hamilton Reynolds, Keat's friend, knew as little why women wear pockets as he could carry tunes in his head. It was seventy years ago. The result of this deficiency is that woman keeps her cards, money, and other matters in a purse, which she ...

When we single have had three whole shirts. Now we only have one, and it is badly disgraced, but still in service. We would like for some philanthropic brother to pass around the hat and see what can be done.

If a Success, Certainly.

From the News and Observer.

Free coinage of silver, if a success, will be a great blessing not merely to this country, but to the whole civilized world.

Mittie M. Tanner, Boonville, Ind. writes: "I had blood poison from birth. Knots on my limbs were as large as hen's eggs. Doctors said I would be a cripple, but B. B. B. has cured me sound and well. I shall ever praise the men who invented Blood Balm were born."

LIFE IN NORTH CAROLINA.

—The first cotton-bloom of the season was brought to Weldon Wednesday.

—The State Board of Pharmacy is called to meet at Morehead City July 8th and 9th.

—The Young Men's Christian Association of the State will have a large tent at the encampmet of the State Guard at Wrightsville.

—Charlotte Times: Dr. Talmage's address at Morehead City last week was the same one he delivered at Trinity college ten years ago.

—A religious wave has struck Concord. Services have been held in the jail by a large number of christian ladies regardless of denominations.

—The big and peculiar land sale at Durham is declared off. The wife of A. M. Rigsbee declined to sign the deeds, but some think she will yet confirm the sale.

—Governor Holt has offered a reward of $100 for the capture of John Wilson, a negro, only 20 years old, who in Mecklenburg county murdered Sydney Bruton.

—M. E. McDowell, of the Blackwell Durham Tobacco company, is dangerously, and, it is thought, hopelessly ill at his home in Philadelphia. Mr. J. S. Carr has been with him during the last week.

—Concord Standard: One more cotton mill for Concord—this is the sixth. It is proposed to start with $75,000, $50,000 of which is already subscribed. The books are open for the remaining $25,000.

—Congressman-elect Watson, of Georgia, declares in his speeches in this State that the demands of the Ocala convention are Jeffersonian Democracy and that the Alliance expects to fight for them and win with them.

—Mrs. Margaret B. Ivey, the oldest lady in Halifax county, died at her home near Weldon last Saturday, in the ninety-fifth year of her age. She was fifty when she was married, and lived just forty-five years after her wedding day.

—The Railway Commission decides that as it has the power to regulate the charges of the express and telegraph companies it has also the power to assess their property for taxation, just as it does that of the railways and steamboat companies.

An odd thing occurred at the department of agriculture at Raleigh recently. A firm which deals in commercial fertilizers sent in some money, asking that it be placed in the "conscience fund," the firm having shipped fertilizers without tags.

—Mr. Charles M. Busbee's condition is not improved. His senior physician has officially notified the Deputy Grand Sire, Dr. Campbell of Toronto, Canada, of the mental and physical condition of the Grand Sire. The active duties of Grand Sire now devolve upon Dr. Campbell, as Mr. Busbee is now incapacetated to attend to them.

—The Charlotte Chronicle reports that Brabham, the supposed murderer of Mocca, assaulted Sheriff Smith in the jail on the evening of the 29th. Brabham broke his chain and struck the sheriff on the head as he was leaving him. The wound was painful but not serious. Later Brabham broke down completely and in tears sought Sheriff Smith's forgiveness for his attack.

The Cherokee Training School

Henry B. Carrington in Boston Traveller.

The Cherokee Training school, under the admirable management of Mr. H. W. Spray, who will, I trust, permanently retain the place, assisted by his equally competent wife as matron, is in all respects a model, for its purpose. Both, as well as every teacher, have the savor of Christian grace in all their work. On farm, in schoolroom, in lodging-house, at table, on the Sabbath, as well as through the week; in amusement, labor and study there is maturing the fruit of their patient, loving culture. Only a short time before my arrival, our friend Dr. Dorchester and Mrs. Dorchester spent three weeks at the institution, and I do not wonder that their patient and disinterested investigation into every possible phase of the management and details of its work resulted in fullest recognition of its success. The school was first conceived, or initiated, by Barnabas Hobbs, whom I once knew in Indiana both as citizen and state superintendent of schools. He, as well as Mr. Spray, also from Indiana, belongs to the Society of Friends; but Mr. Spray, exercising that wisdom and discretion which alone can fit a man for a place like this, has selected his assistants from various denominations, so that the strict forms of the Friends and their ideas as to music are not in use.

How's Your Liver?
Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.
NEVER BEEN DISAPPOINTED.
As a general family remedy for Dyspepsia Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced. It seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

DO YOU
WANT A WATCH?
Or Would You Prefer
A -:- HANDSOME -:- PIN?

THE DAILY CITIZEN has bought, and they may be seen in the show window of A. M. Field, on South Main street,

A SOLID GOLD LADIES' WATCH AND CHAIN. The case is 14 karats, handsomely carved, with Elgin movement. The chain is gold, beautifully decorated with fine hard enamel.

Also, a BEAUTIFUL LADIES' STICK PIN, made upon special order. The Pin is what is known as the Clover Leaf design, and consists of four handsome stones—one Aquamarine, one Amethyst, one Topaz and one Diamond, set in solid gold, beautifully ornamented and engraved.

This Watch and Pin are to be given to the two ladies in Asheville who will show that they deserve them.

The Watch will be given to the lady securing the largest number of subscribers to THE DAILY CITIZEN between this date and December 1st.

The Pin will be given to the lady getting the next largest number.

A subscriber will be the name of any person in Asheville not now a subscriber to THE CITIZEN, accompanied by $1.00. A name accompanied by $2.00 will count two, and a name accompanied by $3.00 will count three. And to all $3.00 subscribers THE CITIZEN will make, in addition, a present of one of those splendid birdseye views of Asheville.

Ladies, this is your opportunity.

Any gentleman can get subscribers, but they must be counted for some lady.

Look at the splendid Watch and Pin, and see what a handsome and costly present either of them will make for your wife or young lady friend.

They are unusually costly and beautiful, and there is not a lady in Asheville but would be delighted with either for Christmas.

They will cost you nothing, except a little effort during odd moments when doing nothing else.

THE DAILY CITIZEN is the people's paper, and this unprecedented inducement is offered in order that many more people may read it each day.

There are at least 1,500 men in Asheville who do not now subscribe for THE CITIZEN, who are amply able to do so, and THE CITIZEN knows no easier way to secure them than by enlisting the efforts of the ladies in its behalf.

All names will be carefully entered in a book kept for the purpose, and the lady sending in the greatest number of names, accompanied by the money, as indicated, before December, will get the Watch on December 1st, and the one getting the next largest will get the Pin.

It advertising does n't pay, why is it that the most successful merchants of every town, large and small are the heaviest advertisers? If it does n't pay to advertise, why do the heaviest business firms in the world spend millions in that way? Is it because they do not know as much about business as the six for a dollar "storekeeper" in a country town, who says money spent in advertising is thrown away?
