SATURDAY, JULY 18, 1891.

KNOXVILLE on Thursday voted nearly five to one in favor of sewers. The city ought to have had them ten years ago.

SAM SMALL, the evangelist, has decided to return to journalism in Atlanta where a fund has been raised for the establishment of a daily evening paper to be known as the Atlanta Herald.

Girl-kissing will soon be on. Some time since a Methodist preacher on one of our circuits in the South took two young ladies, they blushed on him; he was greatly damaged in his standing on the charge—his influence and his popularity.

We do not know which in the foregoing is the more astonishing—the use of such a phrase as "blown on him," or the statement that "it is all right" to "smack the girl of sweet fifteen and under."

The Marion Free Lance says: "The file Schenk difficulty of Greensboro, in which stock and pistol were used and blood spilled, was quietly dismissed without being any of the parties. Why?"

We have seen much less aggravated cases than this severely punished. It is a \$10 fine to carry concealed weapons, and to one them with deadly intent is much worse. Yet Judge Schenk's son is not punished for carrying a concealed weapon nor for attempting to use it to do deadly injury. Why?"

In the Free Lance has the factitious comment is that. Those who can be afforded to pay fines for carrying concealed weapons are least likely to have to do so.

UNITED STATES AND RUSSIA.

Col. Hatch Corrects a Report of the Evening Discussion.

EDITOR THE CITIZEN:—The charge that no millionaire could have made his money honestly excited no feeling. I rebutted it by naming Gould, Astor, Peabody, Cooper, Vanderbilt and their ilk. I also named some whom I regarded as no better than thieves or pirates.

I told the good people right now, that something must be done—some reform instituted and perpetuated—or there is going to be a mighty uprising. There is a great question now agitating the mind of the people, and especially the vegetarians.

It is a question now agitating the mind of the people, and especially the vegetarians. It is nothing more nor less than the bean question. I know some will smile, but the bean truth must be faced. The people have stood it long enough. It may not be known to everybody but it is known to heads of families and to workers of selling beans by the quart. No matter how many you want, they are measured out by the quart, and the result generally is that you get perhaps a dozen beans in each quart.

What next? Remember, though it is for the masses I speak, not for myself—I don't eat beans, that is, not often.

Then what kind of land do these champions of the poor breath in? Why that hard by railroad and deserts.

Then what kind of land do these champions of the poor breath in? Why that hard by railroad and deserts. Florida was named as the founder of their land outcrops. I will as I always do, come right up to the golden rule as we got it from the Master as our only guide as to the abuse of one of our papery or paper of any kind. Americans must settle these questions strictly under the guidance of His teaching.

THE FIELD OF HONOR.

Plato Jim Cook Gets Sensitive About Certain Articles.

FROM THE CAROLINA WATCHMAN. For some time little rifts between this paper and the Concord Standard have been of a most melancholy nature. It seems that Colonel Cook did not object to anything except an article in which we laid bare the imposition he had been practicing as to his age. He claims to be 52 and likely to remain unmarried.

Last Thursday's mail brought the following letter: "CONCORD, N. C., July 9, 1891. 'J. L. Ramsey. 'DEAR SIR: Your article last week stating that I am nearly a hundred years old was very flattering. Unless you retract the statement I will be compelled to ask you to meet me at a certain time and place. Hope this can be avoided.

To this we replied as follows: "Col. J. L. Ramsey. "DEAR SIR: Yours of this date to hand. The article in question was written without provocation, but is true, and if you wish to make a target of your ugly carcass, all right.

It is to be written as follows: "Col. J. L. Ramsey. "DEAR SIR:—Show my last I have believed that you have been stating that I can remember the battle of King's Mountain; that I have worn out two sets of false teeth; that I have repeatedly offered to trade my paw for a wife and that I have applied for a pension, stating that I served in the Revolutionary war sixteen years. Also that I remember the Atlantic ocean when it was only two miles wide. This is more than I can stand. About two miles south of China Grove Monday morning at Sunrise, weapons, pistols, distance 900 yards. Col. Al. Fairbrother will act as my second.

We telegraphed Col. Will C. Cook, of the Mecklenburg Times, to act as my second. The wire between Salisbury and Mecklenburg being down, he failed to get the message. It doesn't matter, for Colonel Fairbrother was in Omaha dodging cyphers and wires, he being a cypher specialist. Poor old Jim was lying in the woods near Mecklenburg's springs. The trouble is not over yet.

THE TATTLE.

Some Things He Seen and Hears Worth Talking About.

I would like to ask if anybody ever read a more really extraordinary simple of what might mistakenly be called common sense than the article signed by T. W. Patton in last Tuesday's CITIZEN, in relation to the interview with Dougherty, the murderer? I believe I am safe in answering that question right now myself, in the negative. The reason for the outcry against the "outrage" can easily be seen in the fact that the writer of the article is an anti-capital-punishmentist.

This being the case, of course, it is to be expected that he is opposed to anything that looks like giving "an eye for an eye, and a tooth for a tooth." One would think from the stress he puts on the fact that Dougherty had not talked with his counsel, that he himself was a lawyer and was hoping to get a fee for some work. But we all know better than that. But where on earth does he get the idea that THE CITIZEN is guilty of contempt? Surely it is not in giving the man a chance to tell the plain truth, knowing who he was talking to and what he was talking for. Then he supposes that Dougherty will tell a different tale when he is put on the stand in his own behalf, and after he has consulted with his counsel? I contend that Dougherty must tell the jury just what he told THE CITIZEN, unless, of course, it can be proven that he is mistaken mentally.

The writer of that article wants to know what right the reporter had of all the crowd to be admitted to the jail. If he knew one iota of what real, live journalism is, he never would have wanted to get into such a question. The fact is the whole business is so silly, sloppy sentiment, and sentiment don't (or shouldn't) go, when a man is to be tried for the murder of another. I for one am anxious to know what Judge Carter thinks about the matter. The indictment of THE CITIZEN for contempt would make an interesting case. But the Judge must stand low in T. W. Patton's estimation, if he for one second thinks that official would waste a thought on such an absurd idea. Hark! Who'll not call out the Light Infantry and arrest for contempt every man who climbs the court's fence instead of going around it?

Two coming up Patton avenue the other day when I met the unfortunate who are condemned to hard labor in the chain gang. They were under charge of a couple of overseers. Every man had his shackles on, and each step was punctuated by the rattling of chains, calculated to make a half-grown child weep up and down the backbone of sensitive people. I don't think it affected me very much, but I had a say in the matter; the gang should not be taken through the main streets, with their clanking chains, to jar the sensibilities of many of our visitors who never before saw such a thing.

DO YOU WANT A WATCH? Or Would You Prefer A HANDSOME PIN?

THE DAILY CITIZEN has bought, and they may be seen in the show window of A. M. Field, on South Main street.

A SOLID GOLD LADIES' WATCH AND CHAIN. The case is 14 karats, handsomely carved, with Elgin movement. The chain is gold, beautifully decorated with fine hard enamel.

Also, A BEAUTIFUL LADIES' STICK PIN, made upon special order. The Pin is what is known as the Clover Leaf design, and consists of four handsome stones—one Aquamarine, one Amethyst, one Topaz and one Diamond, set in solid gold, beautifully ornamented and engraved.

This Watch and Pin are to be given to the two ladies in Asheville who will show that they deserve them.

The Watch will be given to the lady securing the largest number of subscribers to THE DAILY CITIZEN between this date and December 1st.

The Pin will be given to the lady getting the next largest number.

A subscriber will be the name of any person in Asheville not now a subscriber to THE CITIZEN, accompanied by \$1.00. A name accompanied by \$2.00 will count two, and a name accompanied by \$3.00 will count three. And to all \$3.00 subscribers THE CITIZEN will make, in addition, a present of one of those splendid birdseye views of Asheville.

Ladies, this is your opportunity.

Any gentleman can get subscribers, but they must be counted for some lady.

Look at the splendid Watch and Pin, and see what a handsome and costly present either of them will make for your wife or young lady friend.

They are unusually costly and beautiful, and there is not a lady in Asheville but would be delighted with either for Christmas.

They will cost you nothing, except a little effort during odd moments when doing nothing else.

THE DAILY CITIZEN is the people's paper, and this unprecedented inducement is offered in order that many more people may read it each day.

There are at least 1,500 men in Asheville who do not now subscribe for THE CITIZEN, who are simply able to do so, and THE CITIZEN knows no easier way to secure them than by enlisting the efforts of the ladies in its behalf.

All names will be carefully entered in a book kept for the purpose, and the lady sending in the greatest number of names, accompanied by the money, as indicated, before December, will get the Watch on December 1st, and the one getting the next largest will get the Pin.
