West Virginia's Direct Tax—Arguments in Favor of Its Payment. WASHINGTON, July 31.-Attorney-Genral Miller and Solicitor General Taft gave a hearing today in the matter of the demand of the State of West Virginia for the payment of the amount claimed to be due that State under the direct tax retunding law. Attorney-General Alfred Caldwell, ex-Gov. E W. Wilson and Governor Fleming ap-peared on behalf of West Virginia. Mr

Kelly, of New York, a representative of the Virginia bondholders, had asked to be given a hearing, but though he had been notified of the day set he was not present. Under the relunding act it is claimed there is due to West Virginia \$181,306.93. The United States, by the secretary of the interior as trustee for the Indian tribes, holds Virginia stocks and ounds to the amount of \$541,000. The point has now been raised by the account-ing officers of the treasury depart-ment that this sum in part constitutes a set-off against. "There has been some very good Hill work done in North Carolina and con-siderable of a boom has been worked up for him in the towns and cities. In the country the proportion in favor of Cleve land is five to three, and that taking the State through, is the average way ou people feel. Personally, I am very much in favor of Cleveland. He made us a splendid president and comes nearer to voicing my sentiments than any man of our party. One thing that has hurt Cleveland with us is the opposition of Senator Vance, but even that, powerfu as Vance is in North Carolino, can not anywhere near rob Cleveland of the feelng of confidence that our people have in
