Mayor Blanton and Dr. Harry

About midnight Saturday night Mayor Blanton and Dr. Harry Williams were returning from Kenilworth Inn in a buggy. When near the entrance to the grounds of the Home industrial school the horse they were driving was fright-ened by two pistol shots which had been fired by some toughs on their way out of

the city.

The horse was badly scared and reared in a frenzied way. Portions of the har-ness were broken and it was deemed unsafe to travel further in the vehicle, so the gentlemen came to the city in the carriage of a friend who caught up with them soon after the accident. The buggy

was left at the scene until yesterday.

The miscreants who fired the shots are unknown, as the darkness aided them in their escape. Reports of reckless shoot-ing in that neighborhood are frequent, and there should be some way of putting a stop to such lawlessness.

DROP OF TWENTY DEGREES. Somewhat Sudden.

CHICAGO, Aug. 10.-Yesterday was the hottest day of the year, the signal signal service thermometer marking 96 degrees. About 5 o'clock dark stormy clouds gathered and a brisk wind storm came from the northeast accompanied by rain and heavy peals of thunder. The temperature dropped twenty degrees in lifteen minutes. Several houses were As Capt. McBee advanced to the table on which lay the beautiful gifts and is tones showing the intensity of the emotion that swayed him, began his response, the applause was deafening. When quiet was restored Capt. McBee nue, throwing a number of people to the ground and severely shocking others.

IMPORTED AND DOMESTIC CIGARS THE CONDITION OF COTTON.

JULY PRACTICALLY THE SAME AS JUNE.

There Has Been Some Improve ment, But Only in South Care lina, Georgia, Alabama, Missis stppi and Arkansas.

WASHINGTON, Aug. 10 .- August returns to the department of agriculture make the condition of cotton 88.9 for the whole breadth, practically the same as last

The improvement during the mont has been confined to sections of South Carolina, Georgia, Alabama, Mississippi and Arkansas. In the other portions o the cotton belc there has been a decline in the condition. There was an exces of rainfall during the month over th whole breadth except in Louisiana and Florida and the greater part of Texas and this excess of moisture was, as rule, accompanied by temperature below the normal. The last week of the month was characterized by a further excess of rain, but accompanied by heat conditions

above the normal. The crop is quite generally late, espec-ially in the Atlantic and eastern gulf states. The plant is small and the stand is imperfect over considerable areas. In the Carolinas heavy rains caused some shedding of bolls and a failure of the plant to fruit well. In Georgia and Alabama some improvement is noted though the plant is small and late bu fruiting well. The crop in Mississippi i late, but making good growth, with favorable weather and taking on forms rapidly. Louisana returns are variable Some damage from local drought, but more from excess of rain. In some sec tions the plant has made too much growth to the injury of the bottom crop The decline in Texas is mainly the resul of drought, through rams at the clo the month may have been sufficient to prevent permanent injury.

The presence of the caterpillar and

boll worm is barely noted in a few states. Only one state Texas, reports them from more than one county, except Arkansas where the worm is noted in two counties. The state averages are: Virginia, 81, North Carolina, 75; South Carolina; 83; Georgia, 86; Florida, 94; Alabama, 89; Mississippi, 93; Louisiana, 90; Texas, 92; Arkansas, 95; Tennessee, 82. The fact that the crop is decidedly late over almost the entire breadth makes the season during August of vital impor-tance. The first week of the month shows

a continuance of the cool weather that marked July, with a rainfall above the normal over the larger portion of the SHOT BY ARP.

The Difficulty Was All About a Yoke of Steers.

ATLANTA, Aug. 10.-Hezekiah Arp nephew of the original "Bill Arp," Maj C. H. Smith, shot two men to death near the state line in Laurin county yesterday. GRANT'S PHARMACY Arp held a claim against Wm. Bramlet who was about to leave the state and had a yoke of steers attached. This pro-duced a quarrel and Arp shot, Bramlet through the heart. Bramlet's brother then took a hand in the row and was shot through the chest, subsequently dying of the wound. Arp belongs to of the leading families of this section.
