

SPECIAL DAY AT THE EXPO.

BUNCOMBE DAY WILL BE OCTOBER 8.

W. F. Tomlinson, who will superintend on that day, appoints his assistants, one from each township.

W. F. Tomlinson, who is to superintend "Buncombe day" at the Southern exposition, issues the following:

Thursday, October 8, has been selected as the Buncombe county day at the Southern exposition, and as I have been appointed to represent the "State of Buncombe" on that occasion, I would especially urge that all who have not prepared exhibits should do so at once and send to me Mr. Kepler or myself, so that we will have such a display of the products of the fertile transmontane section as will be worthy of her.

Buncombe has been assigned a prominent space in the exhibition building, and it is now being beautifully decorated by Mrs. Anne Whitcomb of Raleigh. One car load of exhibits will go from here on Friday next.

I have appointed the following gentlemen as assistants at the exposition: "Buncombe day," by authority of Commissioner John I. Patrick: Asheville—M. L. Keel, Upper Hixson—J. K. Roberts, Lower Hixson—M. N. Hixson, Fairview—R. C. Clayton, Lanesboro—R. G. Brown, Swainston—C. H. Snow, Black Mountain—J. M. McCoy, Reems Creek—E. D. Weaver, French Broad—D. A. Bascwell, Flat Creek—W. E. Roberts, Tryon—H. Woodland, Morgan Hill—J. N. Morgan, Avery's Creek—J. B. Cochran, Leicester—R. D. F. Robertson, Sandy Hook—L. L. Child, Tuckers of a mission to the grounds will be insisted to all who attend. This is important. The names of those mentioned above have been sent and signified their intention of attending. Those who cannot go will please so notify me.

INTEREST INCREASING. Tea Conventions at Mr. Tuttle's Meeting Last Night.

Rev. Mr. Tuttle's sermon last night at Central church was the strongest he has preached since he has been in Asheville. His subject was "The great white throne and judgment of the last day." His opening remarks were in keeping with the sublime theme he discussed. From the first sentence to the close of the discourse the stillness of the hearers was like death. Never perhaps has a sermon been heard here that was so powerful in convincing men and women of the awful revelations of the final accounts. One was made to see through looks and the awful record of every thought, word and deed of life, with its pages colored with the influence wielded, whether in public or private life.

Mr. Tuttle spoke plainly yet without an effort of unusual words. The record that public officials will find against them. He said the town council and board of county commissioners would have to answer for the hungers, wastes and ragged children of drunkards made in the licensed whiskey houses of the city. His picture of the board granting license to men to make criminals, and at the same time drawing the jury to try them, was most vivid. But how different is presentation of this subject from that usually met with even in the pulpit. His sentences were pregnant with love and sympathy and his appeal to sinners to have a record of guilt blotted out with the blood of Christ moved the congregation to tears, and caused a large number to declare themselves seekers of pardon. There were ten public professions of faith at the close of the service.

THE ALDERMEN. Special Meeting Held in the Mayor's Office Yesterday.

A special meeting of the board of aldermen was held in the mayor's office yesterday afternoon at 4 o'clock. Aldermen Reynolds, Starnes, Brevard and McDowell were present. Alderman Starnes presided.

The matter of disposing of a few bonds was taken up. A letter was read from W. Pinckney Mason, of Rockville, Md., regarding the city's bonds. Mr. Mason saying that he desired to invest in four bonds of the denomination of \$500 each. He wanted to know if any certain class would be preferable. The city clerk was instructed to advise Mr. Mason that while all the bonds were equally good, he might take the market bonds, as the money was desired for the purpose of completing that building.

The board ordered the release of the bondsmen of W. B. Clayton, ex-superintendent of streets, when Mr. Clayton shall have made his arrangement with the city clerk.

W. O. Wolfe told the board that the deeds called for a twelve-foot alley between Dickerson & Co.'s store and the First National bank. As it now is, Mr. Wolfe pointed out the bank and boys are putting in a wall, which narrows the alley down to eight feet. The street committee took the matter in hand, and the board adjourned to meet again on Friday afternoon.

The street committee investigated the wall of the First National bank, and found that the bank people had deeds which showed that they were building strictly on their own grounds.

THE EXHIBIT. A Shipment of Specimens to Be Made Next Thursday.

S. R. Kepler is busy now getting ready to make the first shipment of products of Buncombe county to Raleigh, for exhibition at the Southern exposition.

A number of specimens of minerals, woods, etc., have been received, enough to make a small show, but after all a very small part of what Buncombe should send down.

Mr. Kepler and his assistant, Rev. Geo. H. Bell, have worked hard to get up this exhibit. They expect considerable additions within the next few days. Buncombe's space at the exposition is 12x45 feet, and every inch should be filled with something which will interest the visitor as well as the prospective settler.

There should be an excellent display of the county woods, but as yet there are only a few samples. Those already secured however, are splendid specimens. The first shipment will be sent down Thursday, and another shipment will be made next week. Let every person who is interested bear this in mind, and bring or send anything that will add to the value of the exhibit.

Buncombe must keep up her reputation, but she will not do it if her people sit idly by, while the procession moves forward.

Everybody in general, but ladies in particular, will enjoy a visit to the Lyceum tonight, the regular weekly meeting. The feature of the evening is to be an address by Miss L. M. Curtis, of New York, on "Physical Culture." Miss Curtis has given this subject long study, and her talk will greatly benefit anyone who may attend tonight.

The traveling public will be pleased to learn that on the first of October telephone connection will be established between the city ticket office and the passenger depot. On and after that date, Clarence W. Murphy, city agent, will be empowered and pleased to furnish all inquiries with the news regarding the movements of trains. This is a much needed convenience and one that the public will not fail to appreciate.

If any section of North Carolina gets a lot of Buncombe county tall corn at the Southern exposition it will have to be looking to using a forty-foot ladder. Farmer John Carpio, one of Buncombe's best tillers of the soil, who lives on Upper Reems creek, took up a couple of acres of corn, each of which measures 17 feet in height. The seed was planted in the latter part of May. These splendid specimens will be sent to Raleigh, where they will form a part of Buncombe's exhibit.

Mrs. Lockhart, wife of Capt. John S. Lockhart, one of Buncombe's largest tobacco dealers and influential citizens, died at the Western home asylum at Morganton this morning. Capt. J. P. Sawyer, of Asheville, of the board of directors, who was also a warm personal friend of Mrs. Lockhart, received the news of her death by telegraph and a basket was sent down by R. H. & M. Howell. Mrs. Lockhart was an estimable lady, but about two weeks ago on account of the impairment of her mind, she was taken to the asylum. She died at the age of 45 years, and leaves a bereaved husband and several children.

The following change in the Richmond and Danville railroad schedule took effect on the 20th, instant: Train No. 15 from Spartanburg, which heretofore has arrived in Asheville at 5:17 p. m. now reaches here at 4:45 and is continued to Palm Rock, carrying the Charleston and Columbia express, which arrives in Cincinnati at 7:20 a. m. instead of 10:15 or formerly. This enabling passengers to take breakfast and make the many west and northwest connections at that point. Train No. 14 now leaves Asheville at 6:00 a. m., instead of 5:25 as formerly, and carries the Jersey City and Knoxville sleeper. Train No. 10, carrying Knoxville and Raleigh sleeper, now leaves at 6:49 p. m., instead of 6:25 as formerly.

Skewered and Cured. "First I was skewered and then I was cured," says Jones, and he laughs heartily over his little joke. Well, let him laugh. Let laugh who will. He was skewered through by dyspepsia and its attendant train of ills. He was cured by Dr. Pierce's Golden Discovery. Do you feel dull, languid, low-spirited, experience a sense of fullness or heaviness after eating, tongue coated, bitter or bad taste in the mouth, irregular appetite, dizziness, frequent headaches, nervous prostration or exhaustion, hot flushes alternating with chilly sensations, sharp, biting transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unresting sleep, constant and indescribable feeling of urac, or of impending calamity?

These are symptoms of Bilious Dyspepsia, or Indigestion. Dr. Pierce's Golden Medical Discovery will subdue the cause, if taken according to directions, for a reasonable length of time, or money paid for it will be cheerfully refunded.

BALMACEA'S DEATH. It Will Aid in the Restoration of Peace in Chili.

VALPARAISO, Chili, via Galveston, Texas, Sept. 20.—The suicide of Balmaceda in his bedroom at the Argentine legation in Santiago, is the one exciting topic of conversation in every part of this city.

There is a mingled feeling of savage rejoicing at his death and of bitter regret that he should have killed himself instead of falling into the clutches of the intemperate citizens, who would have delighted to read him lamb from lamb for the long list of cruelties for which they hold him responsible.

It is the general belief that Balmaceda's death will hasten, in a great degree, the restoration of peace throughout Chili. Now that the chief enemy of the victoriously Junta is no more it is likely that his followers will be shown mercy, since without Balmaceda to direct them they are very little to be feared.—N. Y.
