That's the way all our watches run, and our clocks have the well regulated habit of doing precisely the same thing. Perhaps you have a watch that is somewhat eccentric in its movements; if you have, we will straighten it out for you in short order and we will also see to it that the expense involved in the operation is exceedingly moderate. A good way to ruin the best of clocks and watches is to let them go too long without cleaning. We not only make a specialty of cleaning, repairing and regulating, but just now we have another specialty—a special display of fine umbrellas to which we would call your attention.

STORM-SWEPT ENGLAND.

NOT TERRIBLE WEATHER KNOWN FOR YEARS.

The West Coast of Ireland Devastated by a Genuine Hurricane—Land & Sheep Destroyed and Houses and Barns Destroyed.

LONDON, October 19.—There seems to be no end to the terribly severe weather which has prevailed almost without interruption for about a week. No sooner does the wind go down for a few hours than the report is spread that the bad weather has ceased. But people have hardly commenced to congratulate themselves over this aspect of affairs than the sky again becomes a leaden color and the fury of the wind again let loose.

During the past night and this morning the Irish sea has been most severely storm-swept. The Dublin mail packet from Holyhead arrived at Kingston, landing place for Dublin, five hours late. She reports that, after being out two hours, a tremendously heavy sea smashed several of the paddles or floats of the weather-side wheel. Consequently the packet had to leave to get repairs, and hardly had the paddles been repaired when another heavy sea carried away the steering wheel and a portion of the bridge.

Passengers upon arrival at Kingston declared they had passed through really awful experiences.

The hurricane which has prevailed on the west coast of Ireland for several days past is pronounced to be the worst storm known in that part of the country in twenty years.

The river Shannon has overflowed its banks and has submerged large quantities of land in its vicinity drowning a considerable number of cattle and sheep five years ago from Dunville and established a family grocery business. Later he closed out his store, and for some time past had been conducting a commission business.

Mr. Munday was a consistent member of the Christian church, a good citizen, and a man liked by every person with whom he had even the slightest association. He was 59 years and eight months of age. He leaves a bereaved wife and hosts of friends to mourn his sad death.

Funeral services will be held at 4 o'clock tomorrow afternoon at 4 o'clock after which the body will be interred in Riverside cemetery.

MR. L. MUNDAY'S DEATH.

A Good Man Dies This Morning at the Age of 59 Years.

Mr. L. Munday died at his residence, corner of Montford avenue and Blake street, this city, this morning at 3:30 o'clock, of heart failure.

About two weeks ago Mr. Munday was taken ill with stomach trouble. Up to yesterday afternoon he was able to sit up in bed. About 5 o'clock, however, he became unconscious, remaining in that state until his death. His last words were spoken to R. L. Graham, inviting that the boatman's mate was killed, and six sailors of the cruiser Baltimore were injured during a street row in Valparaiso while ashore on liberty Friday afternoon.

Additional particulars show that there is much feeling against Americans in the city. The fight was very bloody, and knives and pistols freely used. The Chilean government has promised to do all possible to prevent further disturbance.

A dispatch to the Times from Valparaiso says that evidence from neutral sources confirms the statement made that the United States squadron in Chilean waters, both in words and in deeds, displayed enmity towards the congressional navy during the recent war in Chili.

PROF. MANGUM.

An Able and Energetic Teacher and Principal.

In the departure of Mr. E. P. Mangum, principal of the Orange street school, the schools of Asheville will sustain a great loss. Mr. Mangum has been principal of this school ever since it was established a little more than three years ago, and has shown himself in every way an efficient teacher and principal, able, energetic, careful and devoted to his work. Much of the success attained by the school under his charge has been due to his excellent management. During his connection with the schools Mr. Mangum has gained not only the affection of his pupils, but also the confidence of his fellow teachers, of parents and of the school officers. Not only has he been successful as a teacher, but as a gentleman he has gained the respect of all people and has made many friends.

He deserves fully the confidence placed in him by the Concord committee, and they could not have done more wisely than to have in choosing him to organize and develop their new system of public schools. If the people give him the support, which they should, the success of their schools is assured.

JUDGE LYNCH DOES ANOTHER JOB IN VIRGINIA.

CLIFTON FORGE, Va., Oct. 19.—A savage fight occurred between five negroes and Clifton Forge officers in a mountain pass one and a-half miles from here, near Iron Gate, Saturday afternoon, resulting in the death of one white man and a negro.

A mob of 300 men took three of the negroes from the jail Saturday night at half-past ten o'clock, and hung them and then shot them full of bullets.

A detachment of the Monticello guards, of Charlottesville, have arrived here under Capt. Keller and all is quiet. The action of the citizens last night in arming themselves is regarded as a wise precaution, but the ordering of troops is thought to have been unnecessary. It is not believed there will be any attempt at outbreak on the part of the negroes.

Cyclone in Bermuda.

NEW YORK, Oct. 19.—A despatch from Bermuda to the signal office in this city announced that a severe cyclonic storm is passing over the island, and that the barometer fell to 29.17, an almost unprecedented fall.

Sam Jones Challenged.

WILMINGTON, N. C., October 19.—Rev. P. W. E. Peasac, the Lutheran minister of this city, has challenged to a public debate the Rev. Sam Jones, the noted evangelist, who is now holding a series of meetings here.

Mrs. Allen G. Thurman Dead.

COLUMBUS, Ohio, October 19.—Mrs. Thurman, the wife of Judge Allen G. Thurman died here Saturday evening. [Mrs. Thurman was a sister of the late R. G. Dun, of Asheville.—Ed. Critz.]

GOV. HILL'S MOVEMENTS

He Reached Richmond This Morning.

RICHMOND, Va., Oct. 19.—Gov. Hill and party arrived here at 8:40 this morning, and after breakfast they took a drive over the city. At 1 o'clock an informal call was made on Gov. McKinney, and afterwards they lunched with Mayor Elyson.

ELEVENTH DAY'S SESSION.

THE ECUMENICAL COUNCIL CLOSING TOMORROW.

Statistics Showing the Member of Methodist Ministers, Numbers and Adherents—The Week of Prayer Fixed for Nov. 13 to 23.

WASHINGTON, Oct. 19.—The eleventh day's session of the Ecumenical Methodist council opened with William Warden, of the Wesley Reform Union of England, in the chair.

The committee made report upon the subject of the week of prayer, recommending that the week beginning Nov. 5th next, be set aside for that purpose. The report was adopted.

Through Mr. McLaren, the committee on Methodist statistics, made a report which in substance states that returns have been received from all churches represented in the conference and tabulated, first geographically, and second ecclesiastically.

Grand totals are as follows: Ministers, 42,695; members, 6,494,399; adherents, 5,378,104.

The report was slightly amended and adopted.

Included in every case are ministers and members as well as families connected with congregations. In some cases the estimates were made, but in no case do they exceed the figures given in the government consuls' and in some cases they are below. While no official statistics were adopted by the London Ecumenical conference there has been an increase of thirty per cent in Methodist believers.

A resolution was adopted making tomorrow's session the last of the conference.

AN AMERICAN KILLED.

Riot Between American and Chilean Sailors.

WASHINGTON, Oct. 18.—Assistant Secretary Noble has received a telegram from Captain Scoble, commanding the cruiser Baltimore at Valparaiso, saying that the boatswain's mate was killed, and six sailors of the cruiser Baltimore were injured during a street row in Valparaiso while ashore on liberty Friday afternoon.

Additional particulars show that there is much feeling against Americans in the city. The fight was very bloody, and knives and pistols freely used. The Chilean government has promised to do all possible to prevent further disturbance.

A dispatch to the Times from Valparaiso says that evidence from neutral sources confirms the statement made that the United States squadron in Chilean waters, both in words and in deeds, displayed enmity towards the congressional navy during the recent war in Chili.

THE FLORIDA SENATOR.

CALL HAS THE DROP ON THE GOVERNOR AND DAVIDSON.

Secretary of State Crawford and Attorney General Lamar Refuse to Give Call's Opponent Any Aid and Give Reasons Why.

TALLAHASSEE, Fla., Oct. 19.—On Friday last John L. Crawford, secretary of state, attached his signature and the great seal of the state of Florida to a copy of the proceedings of the joint session of the legislature from April 21st to May 28th inclusive, certifying to the correctness of the same.

This shows, of course, the proceedings of May 26th, upon which date Wilkinson Call was declared duly elected United States senator.

This is the only instrument bearing the signature of Crawford, and the seal of the state. He declined absolutely to affix them to the governor's certificate of Davidson's appointment some days ago. Governor Fleming instructed Attorney General Lamar to carry into the supreme court proceedings for the issuance of a mandamus compelling Crawford to sign and seal his appointment of Davidson. This morning Lamar filed with the governor his official reply to the governor's instructions in which he declines to institute such proceedings, giving his reasons therefor in detail.

The attorney-general holds that there is nothing in the constitution or statutes of the state or of the United States warranting such proceedings. He has from the first been of the opinion that Call was legally elected, and would be seated. Call already has in his possession this certified copy of the joint sessions of the legislature and Senator Pasco will present it to the senate on the opening day of the session.

AT TRINITY CHURCH.

Most Interesting Services Held There Yesterday.

The services at Trinity Episcopal church yesterday morning were of a very interesting character. Owing to their great length, they were divided, the regular morning services being held at half past 9 o'clock, followed by an interval of half an hour. At 11 o'clock they were resumed, a much larger congregation being present, and opened with the administration of the rite of confirmation to a class of eleven, which was presented with emphatic solemnity by the rector, Rev. DuBois, and then the rite was administered by the Bishop.

This ceremony was followed immediately by the ordination to the diaconate of Mr. Rhodes. The candidate was presented by the Rev. Dr. Buel, who, after responding affirmatively and satisfactorily to the questions propounded in the order of the service, took his seat, and then Bishop Lyman entered upon the delivery of an impressive address in the nature of a charge to the candidate on the nature and duty of the ministry, after which the ordination services were concluded, and Mr. Rhodes assumed his new official character by reading the Gospel for the day in a full, firm voice and a self-possessed manner.

The services of the morning were concluded by the administration of the holy communion.

WILLIAM NELSON DEAD.

Rev. W. A. Nelson's Son Passes Away in Macon, Ga., Today.

J. R. Patterson received a telegram from Macon, Ga., this morning about 10 o'clock, stating that William Nelson, son of Rev. and Mrs. W. A. Nelson, of this city, died this morning at 7:45 o'clock, of typhoid fever.

Mrs. Nelson had gone to Macon several weeks ago to be with her son, and Mr. Nelson went down last week in response to a telegram. Mr. Nelson had telegraphed that there were hopes for his son's recovery, but the disease took an unfavorable turn and the young man never rallied.

The deceased was about twenty years old, and a young man of excellent character. He was educated at Wake Forest college, in this state, and going to Macon engaged in business, with splendid prospects. He had spent several summers in Asheville, and had many friends here. The remains will be interred at Macon tomorrow.

The hearts of the many friends in Asheville of Mr. and Mrs. Nelson will go out in sympathy for them in this dark hour of their affliction.
