

THE CITY DADS' MEETING.

NOTHING STARTLING WAS BROUGHT UP YESTERDAY.

The Men Who Govern Us Have a Rather Uninteresting Session-The Patton Avenue Tadpole Hatchery to be Looked After.

The city fathers hadn't much to do at their meeting yesterday. Besides the presiding officer, Mayor Blanton, Aldermen Brevard, Reynolds, Starnes, McDowell and Leonard were present.

A Sewer Extension.

B. J. Alexander argued that an extension of the sewer main was greatly needed on Bailey street, and asked the board to allow him to make the extension, 200 or 300 feet, the money thus advanced to go as city taxes for 1892.

Want the Gas House Moved.

W. C. Carmichael, Mrs. M. E. Hilliard, Chas. E. Hilliard, P. A. Hull, W. F. Soider, J. H. Loughran, J. M. Ray, Frank Loughran, G. A. Meers, Tweed Bros., B. C. Trexler, W. D. Hilliard, A. Freck, H. C. Jones and Mrs. S. G. Atkin sent a petition to the board, reciting the number of fires and an explosion occurring at the gas house near Atkin street, and asked that the authorities in view of the fact that the plant was a constant menace to life and property, have it removed to a point where it would not be so dangerous.

Some Street Stuff.

The board called up the question as to the widening of East street by the Look-out Mountain railroad company. The chief of police was instructed to notify the company to go to work within the next week, and if they fail to do this, the city will proceed to do the work of widening the street and collect the bond.

The sidewalk on Merrimon avenue, which has been complained of many times, is being repaired, as Patton avenue and Church street have been.

E. L. Holmes, secretary of the Asheville Tobacco association, reports the sales on this market during the month of October as 127,169 pounds, for \$11,549.88.

The seats for Patti Rosa's engagement at the Grand are going rapidly. They were put on sale yesterday morning, and at noon over one hundred had been sold.

There will be a meeting for boys tomorrow at the Y. M. C. A. at 3:30 o'clock. "How to be Strong" is the topic, and every boy that can should attend.

B. P. Davis, who was so seriously hurt some time ago by falling out of a chestnut tree on Town mountain, has improved a great deal, but it is thought that one foot will have to be amputated.

Rev. J. C. Postell will preach at Riverside Methodist church tomorrow morning at 11 o'clock. Sacrament of the Lord's Supper will be observed. Usual service at night by the pastor. Services will continue at this church all next week.

There will be a song service at the Y. M. C. A. tomorrow afternoon at 4:30 o'clock. In addition to the usual chorus singing, led by piano and violins there will be a soprano solo. Rev. J. C. Postell will give a gospel address. All men are invited.

The soot in a chimney of a cabin on Mountain street caught fire last night about 11 o'clock. An alarm was turned in from box 462, court place, the fire bell working like a charm. The department turned out promptly, but its services were not needed.

The following squib blew into THE CITIZEN'S office this morning from an unknown source, and is said to be Patrick Henry Winston's latest on Eastern North Carolina: "The land in Eastern North Carolina is so poor that when a man dies his friends place a bag of Beravian guano under his body to insure his final resurrection."

Recorder Miller had only four cases this morning. John Taylor, colored, for whipping his wife, \$5; J. A. Gillam, drunk, \$5; J. A. Gillam, carrying a razor, \$30; David Oaks, carrying pistol, \$30. Oaks thought he had a right to carry a pistol, as he was an officer in Tennessee, but as he had no papers on his person, the recorder put him on the list with the rest of them.

A meeting of the executive committee of the Art club was held in the clubrooms last night. President C. W. Woolsey presided. The meeting was devoted to the discussion of the articles of incorporation and constitution and by-laws of the club, as recommended by the committee. These were adopted. A meeting of the stockholders of the club will be called at an early day.

Norman C. McLoud, once THE CITIZEN'S city editor, but now doing editorial work on the Buffalo, N. Y., Times, came down to Asheville on a flying visit yesterday afternoon, and is shaking hands with his countless friends today. Mr. McLoud, by his work, is making a name for himself in newspaperdom in his new home and THE CITIZEN is glad to know it. He will leave on his return to Buffalo on Monday next.

In the steady rush for advertising space in THE CITIZEN the people never forget the popular Want columns. Everybody reads the Wantlets because they are short, terse and apt to contain something that will interest any reader. These Wantlets are one of THE CITIZEN'S many good features, and if you care to give them a trial, all right. No other paper in the city has a Want column. Paste this in your hat, and when you want anything don't forget to go to the right place.

Patti Rosa, whose engagement at the Opera house is announced for Monday night, occupies a proud position on the American stage. Her supremacy in her particular field of work is everywhere acknowledged. To a bright and winsome personal appearance, Patti Rosa adds the highest order of comedy talents and that subtle magnetism that is so rare a quality in stage workers. Her appearance here will be in her delightful play, "Dolly Varden," in which the full strength of her work is shown.

My wife has used Bradverotone for the headache with the best imaginable results. I state this without solicitation. J. W. Mashburn, Abbeville, Ga.

Brosius Brought Back.

Wm. P. Brosius, who masqueraded in Asheville as C. C. Rogers, and stole \$800 worth of jewelry from Mrs. A. Tiller's store in August, is behind "Buncombe's boasted hostile bars" at last.

Detective J. H. Hampton returned from Baltimore with his prisoner on this morning's train. Brosius was put in jail and kept there until noon when he was taken before Justice A. Summey.

He waived examination, was returned to jail and will be kept there until the next term of the criminal court. It is thought that the most of the watches and jewelry stolen by Brosius were disposed of by him between Salisbury and Baltimore. Brosius has served two terms in the penitentiary for theft.

Federal Court.

In the federal court today J. C. Pritchard, esq., counsel for the defence, secured a continuance until the next term of the case against Wiley P. Williams for robbing registered letters, on account of absence of an important witness.

The following offenders were fined \$100 and costs and imprisoned one month: L. B. Davis, R. M. Andrews, Joseph Jenkins, Cal. Adlington, George Ray, Alex. Gray, Joe Henson, Cam. Jackson and Calvin Smith.

The criminal docket has been disposed of. One hundred and ninety bills have been found at this term, a larger number than usual.

Lively Time on the Cars.

Detective Hampton, who came in this morning, tells of a shooting affair on the train near High Point. A lot of colored men got on at Greensboro. Some of them got into a row, pistols were drawn and several shots fired. Two of the combatants fell off the train, but as it did not stop it could not be told whether the men were hurt. The shooting created a sort of a panic on the train.
