WIND IN FIERCE PUFFS

SOME DAMAGE DONE IN ASHEVILLE.

A Great Change in the Weather From the Balmey Breezes of a Week Back—Damages at the New Baptist Church and Elsewhere.

The delightful Indian summer weather of the past month was rudely ended by the southeasterly gale which began last night. All the pent-up wrath of the winds, which have so long been held in enforced inaction, found vent for their fury in one unbridled holiday, and for many hours the winds and the long withered rain had unrestrained riot.

Such a storm as this is rarely marked by any material damage in this mountain section, extending little farther than the overturning of a tree here and there, and the twisting away of limbs of trees, and possibly the destruction of unfinished work and the like. But the storm is light and the damage is not compared with that which has been accumulated on the coast.

The new First Baptist Church, in course of erection on the corner of College and Spruce streets, has suffered. Three of the heavy roof trusses were blown down, and when they fell they carried with them a part of the wall on the east side of the church. The damage to the structure was about \$700. Work will not be re-commenced until the masonry is completed.

The high wind this morning demolished the billboard on South Main street below Sevier's stable. The sign in front of E. H. Barnum & Co.'s store on Court place was blown down and scattered in the streets of the new tobacco warehouses on Valley street was blown off.

The awning in front of G. A. Mead's store on South Main street was torn down. One of the panes in a show window in A. D. Cooper's store was blown in and shattered into a thousand pieces.

THE COTTON CROP.

Not Large in Yield, but Good in Quality.

WASHINGTON, Nov. 10.—The cotton returns of the Department of Agriculture for November are not favorable for a high rate of yield. The lateness of the crop, the extremes of temperature, the excess of rainfall followed by drought, causing enfeebled vitality and loss of foliage and fruit, have been unfavorable for a large crop. On the northern border of the belt, killing frosts occurred on the 29th, in some places as early as the 23rd. West of the Mississippi there has been some improvement during the past month. The season has been favorable for picking. The quality is almost everywhere reported as high, and the fiber is of good color and unusually free from trash. The yield, as averaged from county estimates is 173 pounds per acre, distributed by States as follows: Alabama, 178; Virginia, 151; North Carolina, 178; South Carolina, 169; Georgia, 155; Florida, 120; Alabama, 165; Mississippi, 190; Louisiana, 200; Texas, 195; Arkansas, 210; Tennessee, 170.

As killing frosts have not yet been general in the southern and western sections of the belt it is possible with favorable weather following, that the current expectation may be slightly exceeded.

FOUND DROWNED.

Sad and Unexplained Fatality in Land.

DUBLIN, Nov. 10.—Nears, county Kildare, nine miles southwest of this city, is the seat of Lord Cloncurry. Situated near Naas is the mansion on extensive grounds. One of the beauties of the place is an extensive lake.

Today some keepers were on the shore of the lake, and saw something in the water which proved on being got ashore to be the body of Rosa Lachlan, youngest sister of Lord Cloncurry. The family was immediately notified of the finding of the body and the remains were taken to the house of her brother.

No further details of the sad affair have been received and it is a matter of conjecture as to how the young lady met her death.

Boles' Plurality Grows.

DES MOINES, Iowa, Nov. 10.—The official canvass of the vote made yesterday by the county boards shows that Boles' plurality will be between 8,000 and 9,000.

So Soon Done For.

From the Chattanooga Times.
The third party has literally died a-lorning. It will have no sort of standing in congress, though claiming some fifty members in the house and two senators, for the good reason that their constituents have already abandoned them.

ODD; AREN'T THEY?

There is a woman in Aversboro township, Harnett county, who puts on breeches and stacks fodder as good as any man. One of her neighbors tells the Dunn Times she can jump eight feet from one stack to another and catch like a squirrel.

Henderson Gold Leaf: Old Mrs. Betsy Faulkner, who lives in Sandy Creek township, about four miles from town, came to Henderson recently and purchased the first bonnet in her life.

Concord Standard: Older citizens tell Staudard man something. They say that not more than ten years ago, at courts, that it was no trouble in counting intoxicated men right along. But now it is a drunken man; it is seldom that you see a drunken man.

Monroe Enquirer: Mrs. John Dixon, of Goose Creek township, recently killed a hawk with her eyes shut. She pointed the gun in the direction of the hawk, shut her eyes and pulled the trigger, and down came the hawk.

Raleigh News and Observer: Mr. S. W. Coats lost his running horse Preston in a race in a peculiar manner. He made his first mile beat in good time. In the second heat, after running a quarter, it seemed he was fouled in some way from behind, cutting almost off his left hind foot at the joint, and he made the last three quarters in this condition. When he reached the line his hoof was so near off that he would strike the ground on the hock of his leg. His rider did not know he was wounded. Preston showed in the last race of his life a power of endurance seldom seen in man or beast.

S. HAMMERSHLAG DEAD.

He Passes Away at 1215 This Afternoon.

Mr. Simon Hammershlag died at his late home at 12:15 today, after a wretched

ing illness of six months' duration. He was a native of the kingdom of Hanover, Liebenau, November 2, 1812. After his removal to this country he engaged in business at Salisbury and Statesville, which latter place he married Miss Lizzie Elias in 1861. Afterward he conducted business in Morganton with a branch store in Asheville. The Asheville home developed a business that attracted his whole attention, and here he moved with his family in 1879. His sterling qualities of mind and heart soon won him many friends, and a long residence had added to the number. His place will be hard to fill. In their bereavement his family have the sympathy of the entire community.

His remains are in charge of the masonic fraternity and will be taken to Chicago on Monday at 11:30 to be buried with masonic honors in that city.

Mr. Hammershlag was also a member of the Royal Arcanum and the Knights of Honor.

THE GOLD CURE.

Dr. Leslie E. Keeley and His Interesting Secret.

Few men have the same degree of newspaper notice as Dr. Leslie E. Keeley.

AN URBAN EXAMPLE.

A state habeas corpus was issued at the May term of Granville superior court in 1886. A few days ago the paper was presented to the county treasurer for payment, which he declined to do till instructed by the board of county commissioners. The holder wanted them in their official capacity. At the trial they pleaded the statute of limitation. This was an ugly example for a county to set before its people. If a county is justifiable in avoiding the payment of an obligation, every man in it is equally so.

Pennsylvania is Quays.

From the Philadelphia Times.
The prestige of the victory is Quay's; the men elected in city and State are Quay's own selections; the party organization is Quay's; the Senate is Quay's; the next delegation to the National Convention is Quay's; the next Senatorship is Quay's, unless the man who could have been elected without him to the party but didn't shall revolt next year when Republican supremacy in the nation will be at stake.
