Although he is 60 years old age, two weeks ago a large tooth made its appearance in his jaw, cutting through the gom at the extreme end of the jaw, back of the wisdom tooth, on the left side. The cutting of the tooth was attended by the most intense pain, and when it had forced itself through the gum Pang-burn's face began to swell. The GREER & JOHNSON The cutting of the tooth was attended by the most intense pain, and when it had forced itself through the gum Pangburn's face began to swell. The pain continued. Pangburn went to a dentist, who made vain efforts to extract the tooth. These efforts aggravated the pain and soreness. Pangburn's face continued swelling, and it now measures more than a foot across. The tooth continues growing, and Pangburn cannot open his jaws, which are tightly pressed together.
