BISHOP LYMAN HONORED.

THE SERVICES COMMEMORATING HIS ORDINATION.

Large Audiences Present, and Every Feature of the Event Most Satisfactory to Bishop Lyman and His Friends.

RALEIGH, Dec. 22.—A religious event which has attracted more attention than any in many years in North Carolina was the celebration which ended Sunday, of the fiftieth anniversary of the ordination to the priesthood of Theodore Benedict Lyman, bishop of the Episcopal diocese of North Carolina. Exercises began Saturday at the Church of the Good Shepherd, the attendance being large.

Bishop Watson, of the Diocese of East Carolina, was prevented by severe illness from attending. There was a procession, made up of a vested choir of thirty voices, clergy and the bishop. The service was sung, in which the congregation joined. Bishop Lyman then delivered an address of an hour's length, in which he recounted the events of the last half century, covering the progress of the church where he had labored in North Carolina and America. The work to which he has devoted himself with greatest earnestness is that of missions in Western North Carolina, and he large means to further that work.

His address was heard with pleasure. At its close Rev. Dr. M. M. Marshall, rector of Christ church, Raleigh, as president of the diocesan convention, and of standing committee, presented the bishop with a pastoral staff. Dr. Marshall in so doing made an address of rare beauty and force. The gift is a very rich one and by the clergy and laity of the diocese. The bishop was not aware that it was to be presented and his emotion was evident. He thanked the people for this token of their affectionate remembrance. Services were closed by the communion, administered by the bishop.

Saturday evening the bishop held a reception at his handsome residence, and was assisted by a number of clergy and ladies. The attendance at the reception was large, and all denominations were represented. Services Sunday evening were held in Christ church, the attendance being very large. A special choir of sixty voices rendered the choral service with fine effect. A large procession of clergy and laity, made up of supplied choir, clergy and bishop, the latter preceded by a chaplain. Twenty clergy were present at the conclusion of evening prayer.

Three addresses were given—by Hon. Kemp P. Battle, ex-president of state university, on the history of the church in the past fifty years. He alluded strikingly to Bishop Lyman's bold stand while rector at Lagerstown, Md., which marked an era in the history of the church in the past fifty years. BURNED AT SEA.

Steamship Abyssinia Destroyed—All on Board Safe.

LONDON, Dec. 22.—The North German Lloyd steamer "Spre", Capt. Willgrod, which left New York December 15 for Bremen passed the Scilly islands this morning and signalled that the steamship Abyssinia of the German line, which was on her way from New York to Liverpool, had been burned at sea in latitude 49° N., longitude 29° W. The "Spre" signalled also that all on board the steamship were safe. The date of the burning of the Abyssinia, however, was not signalled.

The "Spre" did not report that the Abyssinia's passengers and crew were on board of the steamer, it is supposed that such was the case. The burned vessel was an iron bark rigged screw steamer of 2,346 tons and 3,551 tons gross. She was built in 1877, and was 262 feet long by 42 feet 7 inches wide. She had a compound engine of five hundred horse power.

ELKINS CONFIRMED.

There Was Apparently No Opposition in the Senate.

WASHINGTON, Dec. 22.—After the introduction of a number of bills the resolution heretofore offered and reported back from the committee on counting expenses for an increase of the messenger's rates was presented. The date of the objection which he had previously made to it and remarking that he found the increase asked for to be altogether unnecessary the senate was to utilize the Malby hotel property which he was very sorry had ever been bought by the government.

KANSAS SENATORSHIP.

Gov. Humphreys May Take the Cherry Himself.

TOPEKA, Kan., Dec. 22.—The list of probable successors to the late Senator Plumb is rapidly increasing. Personal enmity between Governor Humphreys and ex-Senator Plumb is believed, places Plumb out of the race. There is now some talk of Governor Humphreys resigning and making Lieutenant Governor Felt governor, who would appoint Humphreys senator.

Mrs. Janaschek Ill.

BALTIMORE, Dec. 22.—Mrs. Janaschek is still confined to her apartments at the Eutaw House here, having suffered a relapse, and will not be able to resume her tour on Monday as contemplated. The physician's attendance gives hopes that she will be in condition to travel by Thursday. Several members of her company are also suffering with the grip, including Harry H. Clayton and James M. Martin, the author of "The Harvest Moon."

Five Banks Close.

RICHMOND, Va., Dec. 22.—The bank of Washington, with its four branches, at Bass City, New Market, Warrensville and Gordonsville have all closed their doors. These banks were the private property of Rosenberger and Shirley, who are rated in mercantile directories as worth from \$75,000 to \$100,000.

A Collision in Mexico.

LANCO, Tex., Dec. 22.—An engagement has taken place at Lerrillas Llanapais between Mexican troops and insurgents. The insurgents were defeated with three men killed and a number wounded. The United States troops immediately left to prevent the crossing of the insurgents into Texas.

The Receiver Appointed.

WASHINGTON, Dec. 22.—The comptroller of currency has appointed William S. Robinson, of Goldsboro, receiver of the first national bank of Wilmington, N. C., insolvent.

DISHONEST CANADIANS.

Honore Mercier, Premier of Quebec, Expelled from Office.

Honore Mercier, Premier of Quebec, and his cabinet have been ignominiously dismissed from office, a committee of three judges having found that they received \$100,000 from a contractor for the sale of the Bay des Chaleurs railway. This amount is said by the judges to have been divided illegally and corruptly, between Premier Mercier and his fellow-ministers. There is great excitement in Canada consequent upon the dismissal of Mercier and his ministers in connection with the alleged extreme action, the disgraced statesmen controlling a majority of twenty in the House of Commons at Quebec.

MR. CHILDS' GENEROSITY.

Endows the Drexel Institute With a Valuable Collection.

PHILADELPHIA, Dec. 22.—George W. Childs has presented almost his entire collection of rare prints, manuscripts, autographs, etc., valued at \$100,000, to the library of the Drexel Institute. This is probably the finest private collection of a lifetime, and represents the work of a collector. It embraces some rare specimens, including the only complete manuscript of Thackeray in existence, and the only complete novel of Dickens in manuscript form outside the South Kensington museum. For this latter work Mr. Childs has refused \$60,000. Dickens' manuscript is that of "Our Mutual Friend"; Thackeray's, his letter on George III. This is the original copy from which he delivered his lectures. Both are in a wonderful state of preservation.

BULGARIAN TROUBLE.

A Flagrant Infringement of Capitulations.

ST. PETERSBURG, Dec. 22.—The semi-official Journal de St. Petersburg publishes an article today on the Chadoran incident. It takes the ground that, in accordance with international treaties, Bulgaria was bound to act through the French representative at Sofia in any action she may have desired to take to secure the expulsion of M. Chadoran from the country, and that her omission to do so constitutes flagrant infringement of capitulations.

CHILD OUTRAGED.

The Villain Escaped Temporarily With His Life.

BIRMINGHAM, Tenn., Dec. 22.—News has just reached here that a white man named Barker, about 30 years of age, committed a most heinous deed on a little white girl only seven years old, the daughter of the outraged child. The brute was arrested immediately after the crime was committed and brought before his victim for identification. The father of the outraged child, the wretch with a stick and he was left for dead. This fact alone kept the vile wretch from being lynched.

SHERMAN WILL WIN.

No Says One of Foraker's Prominent Followers.

ALLIANCE, O., Dec. 22.—Burt Garber, who is traveling the state in the interests of ex-Gov. Foraker, in answer to the question, "What do you think of Foraker's chances?" replied: "It looks as if he is not in it. We have Sherman credited with eight votes more than enough to elect him, and I am afraid he will be the only seven years old, as large a Foraker vote as we can, however."

A TEXAS POSTMASTER

Has a Confederate Flag Floating Over His Office.

WASHINGTON, D. C., Dec. 22.—First Assistant Postmaster General Whitefield has received information that during the past several weeks the postmaster at Baird, Calahan county, Texas, has kept the Confederate flag floating over his office. While hardly crediting the report, General Whitefield has written the postmaster for the facts in the case and asked for an explanation if the facts are as reported.

It Was Not True.

WASHINGTON, Dec. 22.—In regard to the sensational story, published that the American Legation in Chili was surrounded by an angry mob, that threats were made to burn the legation to get at the fugitive sheltered there, and that Minister Egan had so notified the Washington authorities, it is denied to be untrue.

LIFE IN NORTH CAROLINA.

—On Saturday the last spike was driven on the Roanoke and Southern railroad between Roanoke, Va., and Winston, N. C.

—Interesting religious services were held at Raleigh in commemoration of the fiftieth anniversary of the ordination of Theodore Benedict Lyman to the priesthood.

—Sillbury Herald: In quick succession, one following the other, comes the report of attempted burglaries in various parts of the town. The city is alive with the rogue and the night hawk.

—Chatham Record: Our venerable townswoman, Mr. David Turner, died at his residence, at this place, yesterday morning. He was the oldest inhabitant of our town, being in his eighty-ninth year.

—Durham Globe: "It comes to us, and we hope that it is not true, yet the story is that the Female Baptist School of Oxford is in the soup. The story is that those who are teachers have not been paid, and that the institution cannot pay out."

—Concord Standard: J. C. Gibson has received from Commissioner Ramm pension claim No. 1,059,032 in favor of David Jackson, of Flow's store. The question naturally arises, "are we going to pension the United States?" It looks as if this pension business would bankrupt us.

WILL CLEVELAND BE IN IT?

CARLISLE IS REPORTED AS SAYING HE WILL NOT BE.

The Ex-President Anxious for Democratic Success, but His Ambition is Satisfied, and he is Happy With Frankie and the Baby.

WASHINGTON, Dec. 22.—Senator Carlisle has returned from a visit to ex-President Cleveland at Lakewood. The Kentuckians are repeating a highly interesting declaration which they say the ex-president made to Mr. Carlisle. Mr. Cleveland, according to this report, said to Mr. Carlisle that he was not a candidate for the presidency. His words in effect, were:

"I have the welfare of the democratic party at heart. I desire to see our principles triumph, but I do not wish to have the presidential nomination again, and I shall take steps, if it proves necessary, to prevent such action by the convention. I have been president. My ambition is satisfied. I have a wife and a little daughter. My domestic life is complete and happy."

"I cannot bring myself to think of returning to public office. My income from the practice of my profession is ample for all my needs. Nothing but a strong sense of duty could induce me to think of accepting a nomination, and I do not think the conditions will develop that duty. No, I am not a candidate, and I am not willing to accept the nomination."

A GIFT OF \$1,600,000.

Anthony J. Drexel of Philadelphia Founder of the Drexel Institute.

The above is a portrait of the Philadelphia business man, Anthony J. Drexel, who has immortalized himself by building and endowing the Drexel Institute, recently opened in that city. The building cost \$600,000; the endowment is \$1,000,000, both the munificent gifts of Mr. Drexel. His noble generosity has for its object, "the extension and improvement of industrial education as a means of opening better and wider avenues of employment to young men and women."

IT COMES HIGH.

But the Americans Must Have It, Don't You Know.

SAN DIEGO, Cal., Dec. 22.—The first full carload of American tin ever produced from American mines was received by W. W. Steward today from Temiscal mines. The shipment consisted of over 26,000 pounds of tin. The output of the Temiscal mines is being rapidly increased and American tin will be regularly put on the market in car loads.
