ADVERTISE. But words are things, and a small drop of ink, falling like dew upon a thought, produces that which makes thousands, perhaps millions, think.—Byron.

ADVERTISE. Many a man has attributed his success in life to peculiar talents and business capacity, when the fact is he is soiled to prosperity on the wings of an advertisement.

A BRILLIANT RING.
 We are showing some of the daintiest novelties ever displayed in jewelry. It would be easier to tell you what we haven't got than what we have. If you haven't seen our elegant trifles in gold and in silver, there is a treat awaiting you, and, whether you have purchases in mind or not, you should not miss them. It is difficult to resist going into details—we are strongly tempted to describe some of the exquisite products of the season's art, some of which show that the caprices of fashion are apt to be wonderfully charming, but you'll get a much better idea if you come and look for yourself.

A STEAMER WRECKED.
THE JOHN ELDER LOST IN THE STRAITS OF MAGELLAN.

A Rumor That the People of Chili Believe That War is Imminent—Aid Expected From England.
 LONDON, Jan. 19.—The Pacific steam navigation company's mail steamer John Elder, Valparaiso for Liverpool, has been wrecked on Carasco rock, in the straits of Magellan. All passengers and the crew were saved, but the vessel is expected to be a total loss.
 A dispatch to the Times from Santiago de Chile says the news of the wreck of the John Elder is causing much excitement in that city, owing to the fact that it is generally believed that it was by this steamer that a number of refugees who had sought safety at the American legation had left the country. It is reported that passage was secured for them under false names and the government is highly elated at the prospect of their now falling into its hands.
 Passengers are proceeding to conception a Chilean port 270 miles southwest of Santiago de Chile. The local authorities of that place have telegraphed to arrest all refugees found among shipwrecked people. All mails on board the steamer were lost.
 SAN DIEGO, Cal., Jan. 19.—Private advices from authentic sources in Chile, state that among the common people in that country the talk is that war will result. The Chileans have no idea that their government will back down or retract any word or act. They consider themselves strong and expect additional strength from England. They agree that the United States is able to wipe their vessels off the face of the ocean, but they doubt not their ability to secure recognition and aid from England.
 If the informant is correct, representatives of the Chilean government are now in England, working on both propositions.
 According to orders received today, the cruiser Charleston will sail Tuesday of Wednesday for San Francisco. She is simply waiting the arrival of the new master and surgeon, Dr. J. J. Kiser, who arrived last evening from Philadelphia, and reported to Admiral Brown. He will go with the Charleston. The paymaster was expected last night, but as he did not arrive he will be here today. The Charleston will then proceed to Marie Island.

ANOTHER CRANK.
This One Wants to Marry Jay Gould's Daughter.
 NEW YORK, Jan. 19.—Another crank admirer of Miss Helen Gould, Jay Gould's daughter, has turned up. This time it is Joseph Landaur. He is fairly well known about Wall street as a curiosity broker. He was arrested after eight o'clock last night while standing in front of Mr. Gould's house. He declared he had come to marry Miss Gould, as it would lead to a fortune. He is a German, thirty-six years old. He has been married, but his wife obtained a divorce from him last May.
 Of course no one accuses Landaur of being a crank simply because he wanted to marry Miss Helen Gould. It is the peculiar manner in which he showed his affection for that young lady that gives rise to suspicion concerning his mental balance. He spent the afternoon pacing up and down in front of the Gould mansion in a pouring rain. Every few minutes he would stop and with both hands throw kisses toward the windows of the house.

BLIZZARD IN TEXAS.
Sudden Drop in Temperature and Hurricane of Blat.
 DALLAS, Tex., Jan. 19.—A regular blizzard suddenly and unexpectedly came up Sunday night. Sunday a steady rain fell all day until 3 o'clock in the morning, when a hurricane of sleet and snow came down, the mercury dropping from 44 to 18. At this hour it is 19 above with indications that it will get down to zero before morning. The ground is frozen as hard as stone and covered with sleet. Business is at a stand still. No hauling of any kind is being done. Dispatches from El Paso, west of here, and from northwestern Texas, say the blizzard is of unprecedented severity, extending over those vast plains, and it is apprehended that cattle will be frozen by thousands.

TRAIN WRECKED.
Many Persons are Reported to Have Been Killed.
 ST. PAUL, Jan. 19.—A special from Janesville, Wis., says:
 The 6:25 northwestern vestibuled train from St. Paul to Chicago, collided at Clinton Junction this morning with a freight train. Eighteen cars on fire. It is rumored that many passengers were injured and probably killed. A train is starting from here with help.
It Will Be Arbitrated.
 INDIANAPOLIS, Jan. 19.—Bishop Chatard, of the Catholic diocese has been elected as third arbitrator to settle the dispute between the street car company and its employees. The trio will begin its duty immediately. The arbitration board is composed of Judge Hume, Hugh Hanna and Bishop Chatard. The employees promise faithfully to abide by the result.

Can Read the Papers
 PHILADELPHIA, Jan. 19.—Walt Whitman has almost recovered from his attack of pneumonia. He is able to sit up in bed and read the newspapers, and has become so cheerful that he expresses a desire to live.
France and the World's Fair.
 PARIS, Jan. 19.—M. Roche will shortly ask the Chamber of Deputies to vote the sum of 20,000,000 francs to be devoted to expenses of exhibiting at the World's Fair at Chicago.

College Burned.
 ST. JOSEPH, Mo., Jan. 19.—The college building at Tarkio, eight miles northeast of here, burned. Loss \$40,000, fully insured.

Leave name, number of residence and street and your bread, etc., will come to your door from New French Bakery, 51 College street.

THE ENGLISH SUCCESSION.
Next Heir But One to the English Throne.

Prince George, second son of the Prince and Princess of Wales, becomes heir to the English throne next after his father, his elder brother, Prince Albert Victor, having died without issue. This gives illustrious distinction to the Sailor Prince, who is a great favorite of the people, being a manly, genial young fellow, as indeed sailor men are always supposed to be. He was born on June 3, 1865, and is a lieutenant in the Royal navy, at the present time commanding the Hurlish on the North American station.

Nothing has been talked of as yet as to finding a wife for him, but, with the new dignity coming to him in consequence of the death of his brother, the choice of a mate for him will doubtless be a long and an important consideration in British statesmanship.
LOUISIANA REPUBLICANS.
Astring of Fiery Demands Made by Their Convention.
 NEW ORLEANS, Jan. 19.—The committee on credentials of the republican state convention presented its report at the session last night, and it was adopted without serious opposition. Half a dozen delegates in sympathy with the Warmount faction withdrew amid a storm of derisive cries.
 The committee on permanent organization presented the name of State Senator Thos. A. Cagge, of Terrebonne for permanent chairman, and the convention seated him by a unanimous vote.
 In taking the chair Senator Cagge declared the republican party to be the only one through which the colored race could obtain a proper recognition of their rights and their share of the equal domination which was guaranteed them by the 13th, 14th and 15th amendments.
 A committee was appointed to prepare a platform and to nominate a state ticket.
 Resolutions were offered declaring lynching unjustifiable homicide; declaring white supremacy to be a rank political heresy and an invitation to mob rule; demanding a free ballot, and a fair count; recognition of the will of the majority; equal rights to all; repeal of all class legislation and particularly of the separate coach law and the enforcement of all just rights of citizens and declaring the latter unconstitutional a democratic measure.
 The convention then adjourned until 10 o'clock this morning.

FLOOR AND WALLS OF SILVER.
A Story That Reads Like an Arabian Nights Tale.
 PETERSBURGH, Ont., Jan. 19.—Two half-breeds were arrested here some years ago for counterfeiting and were given long terms in the state prison at Kingston. Their counterfeits prove to be of pure silver. One of the men died in prison and the other escaped and was shot on the Canadian border in the north-west. Before dying he told his physician, Dr. Young, about a wonderful cave in this vicinity, whose floor and sides were said to contain large quantities of pure silver.
 This information was turned over to A. P. Cousett, of C. As a result sixty acres of timberland was bought near here and mining was begun. One of the miners recently discovered a cleft in the side of a rocky hill, and passing through a narrow passage entered a magnificent cave.
 Lights were procured and the cave was examined. The sides were found to be formed of marble, the ceiling and floor of pure silver. About fifty feet from the entrance was a subterranean lake, extending as far as the eye could reach. A dike was found upon a shelf of rock and lambed. At a distance of 200 feet the explorers found another platform leading into a second chamber.
 The roof was about twenty feet high and studded with stalactites. Twelve points of the ore have been found to contain \$11 worth of silver. Armed men are guarding the cave. The principal stockholders of the mine are A. P. Cousett, J. C. A. V. Young and A. E. Rixon, all of Petersburgh.

POWDER MILLS EXPLODE.
Seven Men Killed and Six Injured—Terroric Noise.
 CATLETTSBURG, Ky., January 19.—The powder mills at Central City exploded this morning with terrific force. The sound was heard in fronton, twenty-five miles away. Window glass was broken in Catlettsburg. Seven men were killed and six injured.
No Trouble Expected.
 NASHVILLE, Tenn., Jan. 19.—The state officials are confident that there will be no trouble at Coal Creek or Oliver Springs, and in line with their confidence have ordered Warden Laddell, of Oliver Springs, to get his fifty guards together. From the preparations being made at the man prison, it is thought the convicts will be started tomorrow, or at the latest during the week. The convicts will never be taken back to Briceville.

Miss Jennie Snyder is now in the employ of the New French Bakery, 51 College street, where she will be pleased to greet her friends.

BLAINE GETS SICK AGAIN.
THE CHILIAN WAR CLOUD IS GROWING SMALLER.
 It is stated that dispatches have been received at Washington that are satisfactory to the government.
 WASHINGTON, Jan. 19.—Secretary Blaine, while at the cabinet meeting today experienced another attack of indigestion, accompanied with nausea, and felt so uncomfortable that he left the meeting about 12:15 and went home, riding hither with Secretary Elkins in the latter's carriage.
 The cabinet meeting today was devoted almost entirely to the consideration of the Chilean question. The proceedings were only temporarily interrupted by the slight illness of Secretary Blaine.
 There is reason to believe that the government has received despatches through the Chilean minister looking to a peaceful and satisfactory solution of the questions in dispute and that they were submitted to the cabinet today.
 This will have a most important bearing on the question of submitting the correspondence to congress at present, and it may possibly do away altogether with the necessity of referring the question to congress.
 It is known that the president desires to exhaust all diplomatic means before submitting the matter to congress for action.

Is Booth a Back Number?
 A correspondent writes from New York that a recent sight he had of Edwin Booth gave him a shock, for the great actor looked "broken and patched." His step is less brisk, he bends more at the shoulders, and his eyes have lost their lustre. He is sensitive on the subject of his health, and his friends avoid talking about it.
Murder in the First Degree.
 ALEXANDRIA, Va., Jan. 19.—The jury in the case of Jefferson Phillips, indicted for murder in the killing of Geo. S. Smith in this city last July, this morning brought in a verdict for murder in the first degree.
Congressional.
 WASHINGTON, Jan. 19.—In the senate, after the introduction of bills, etc., the senate proceeded to the business of the calendar.
 The house is engaged in purely routine business.
Gorman Re-Elected.
 ANNAPOLIS, Md., Jan. 19.—Hon. Arthur P. Gorman was reelected today to succeed himself.
AFFAIRS OF CONSEQUENCE.
 FOREIGN:
 The Standard Oil company has purchased land in Berlin on which to erect tanks.
 According to the figures of the census taken last April the total population of France is 38,218,903.
 The members of all parties in the Argentine Republic have agreed that Senor Belvalle be chosen as the candidate for the president of that country.
 The Czarewitsch's famine committee, in order to enable farmers to continue their work, have decided to purchase 10,000 horses in Siberia to replace the farmers' horses killed on account of the famine.
 The collapse of the printers' strike in Germany was due partly to the influx of foreign compositors. The loss to the strikers amounts to \$150,000, while the total to men and masters is estimated over \$720,000.
HOME.
 Senators Gorman and Hill are the most sought after democrats in Washington. Both are reticent about the presidency.
 Ex-President Grover Cleveland is in Louisiana, where he will be the guest of Joseph Jefferson for a season of hunting and fishing.
 The Palmetto brewery, Charleston, S. C., was destroyed by fire Sunday. Insurance, \$48,000. The plant originally cost \$75,000. The fireman was slightly injured by falling walls.
 Rev. Thomas D. Hames, D. D., for many years president of the University of Tennessee and Episcopal minister of renown, died at his residence, in Knoxville, Saturday morning at the age of seventy-seven.
 The Falls City insurance company, of Louisville, has reinsured its \$153,500,000 risks in the London and Lancashire, and will go into liquidation. The Union insurance company, of Louisville, has reinsured in the German-American of New York and will go out of business.
