We are showing some of the daintiest novelties ever displayed in jewelry. It would be easier to tell you what we haven't got than what we have. If you haven't seen our elegant trifles in gold and in silver, there is a treat awaiting you, and, whether you have purchases in mind or not, you should not miss them. It is difficult to resist going into details—we are strongly tempted to describe some of the exquisite products of the season's art, some of which show that the captives of fashion are apt to be wonderfully charming, but you'll get a much better idea if you come and look for yourself.

TO CONTESTANTS FOR OUR PRIZE.

In order that you will not be deceived by the report that some contestants have ten thousand and more words for our prize, we hereby urge on you to continue your contest, and bring your words to us. You will stand as much chance for the prize as those rumored to have so many words. In all probability a number of them will be incorrect and will have to be rejected. We are not supposed to know how many words each contestant has, as none will be counted until after the 10th. Now come on with your words. We are receiving them from other states. The name of the lucky one and others coming nearest to the greatest number of words will be published.

THE NEW YORK MUDDLE

THE MEETING AT COOPER UNION LAST NIGHT.

Resolutions Adopted Condemning the Action of the Committee in Calling the Mid Winter Convention—A Large Crowd Present.

NEW YORK, Feb. 12.—There was held last night in the large hall of the Cooper union, a mass-meeting of democrats to protest against holding a convention for sending delegates to the national convention on February 22, after only four weeks' notice.
Long before eight o'clock, the hour set for opening the meeting, every seat and every available inch of standing room in the large hall was occupied, and many of those who were tardy in seeking entrance were unable to get in. Chairs filled the large platform, and these also were occupied early.
From 7.30 to eight o'clock Gilmore's band entertained the large audience with music, and then Oswald Ottendorfer stepped forward to the speaker's stand and called the meeting to order.
Ex-United States district attorney Walker offered the following resolutions, which were warmly applauded.
Resolved, That this assembly of democrats of the city of New York now makes its respectful protest and appeal against the uncalculated and ill-advised action of the state committee in designating so early a date as Monday, February 22nd, for the meeting of the state convention, which is to elect delegates to the national convention, appointed to be held at Chicago, June 21st, 1892.
Resolved, That the right of the voters of a political party to assemble at the call of their leaders, who are its representatives and servants, to carry out its will in regard to details of party management, should not be curtailed in time, place or circumstances, in such a way as to limit or embarrass the genuine expression of popular feeling upon the question in hand; that such expression should be made in party assemblies upon subjects to be presently decided at as near a time to that when decision is reached as can be reasonably and conveniently appointed. Delegates should be fresh from the people. No body of men elected to express the will of voters, assembled in party convention, should be for an unreasonable length of time custodians of voters' rights or hold their delegated powers for a period longer than is absolutely necessary for the purpose.
Resolved, People are justified in resenting any action on the part of party leaders whereby their voices shall be suppressed or perverted.
When the chairman called for the vote only about a dozen negative voices were heard.

CONGRESSIONAL.

What the House of Representatives Did Today.

WASHINGTON, Feb. 12.—In the house Mr. Outhwaite, of Ohio, asked unanimous consent to withdraw the demand for the yeas and nays on the motion to limit debate on the last paragraph of the military academy bill to one minute, and to move to fix the limit to twenty minutes.
Mr. Walker, of Massachusetts, objected to the motion to limit the debate to one minute. Agreed to, yeas, 202; nays, 16; and the house went into the committee of the whole upon the bill.
Mr. Crosby, of Massachusetts, a member of the military committee, defended the bill. The committee, he said, has been anxious to be economical, and had cut off appropriations which at any other time would have been wise to make.
Mr. Wheeler, of Alabama, on behalf of the committee withdrew his motion to strike out the appropriation of \$150,000 for improving the drainage of barracks for enlisted men, but it was immediately renewed by Mr. Holman, of Indiana, and was carried by a vote of 108 to 59.
The committee then rose and reported the bill to the house.

DID NOT SUICIDE.

But Was Assassinated by Nihilists.

PARIS, Feb. 12.—Several newspapers of this city today publish a rumor that the Russian General Von Haffner who it was said yesterday had shot himself through the head with a revolver in the hotel Louvre, was a victim of Nihilists. The rumor has it that he had incurred the enmity of the Nihilists and that for a long time they had been waiting a chance to revenge themselves upon him. Yesterday the opportunity came, and he was assassinated by a man who had been watching his movements for some time past.

A BIG VERDICT.

\$25,636 Paid for Crushing a Child's Leg.

NEW YORK, Feb. 12.—The judgment for \$25,636 obtained by Frank W. Ehrman, an infant, in a suit against the Brooklyn City railroad company, has been affirmed by the court of appeals. At the time of the accident the boy, who is but three years old, was knocked down by a hobnail car on Throop avenue. Amputation of the leg above the knee was necessary.

RAILROAD TROUBLE.

Threatening to Break Out Anew in Texas.

SAN ANTONIO, Tex., Feb. 12.—There is a prospect of a recurrence of the trouble of San Antonio and Pass railroad. The men say that some old employes reinstated when the late strike ceased have been discharged without cause, that it is the manifest desire of the management to get rid of all old men, and that their grievance will be laid before the chiefs of the various orders and that if they get the support of the employes of the connecting lines, they will strike. Supt. Sands is at Yoakum now.

RELIEF FOR THE FARMERS

TO INVESTIGATE CAUSES OF THE PRESENT DEPRESSION.

It is Intended to Include Not Only the Cotton States, but Every Agricultural Industry—Action Will Be Taken Monday.

WASHINGTON, Feb. 12.—The senate committee on agriculture today considered the resolution of Senator George relative to the appointment of a committee to inquire into the cause of the low price of cotton and the depressed condition of agriculture in the cotton raising states, and agreed to report back to the senate an amendment in the nature of a substitute, authorizing the committee to make a general investigation for the purpose of ascertaining the present condition of agriculture in the United States, present prices of agricultural products, and if there be any of such the prices are depressed, the causes of such depression and the remedies therefor.
The line marked out by the committee is to appoint a sub-committee to investigate the agricultural condition of the cotton states, and to inquire also into the present state of agriculture in the grain and meat producing states and territories, the aim being to cover the whole subject of agriculture, with a view of determining when legislation, if any is necessary for the relief of the farmer of the country. The resolution is to be reported to the senate Monday.

ALGER IS PERPLEXED.

He Evidently Wants to Enter the Race, Yet He Hesitates.

DETROIT, Mich., Feb. 11.—The most perplexed man in the United States is Gen. Russell A. Alger. He firmly believed that Blaine would be the nominee at the Minneapolis convention. He traveled in all parts of the country recently, and on his return reported that republican sentiment was concentrating everywhere for Blaine. He also had a private interview with the secretary of state in Washington, and came away with the belief that Blaine would remain in the race to the finish. He had abandoned the hope of being nominated for president and expected to be placed second on the ticket with Blaine.
It is certain that Alger is now seriously considering the advisability of entering the contest for first place, and it is barely possible that he may make some positive announcement regarding his plans this week. He says that he wants to wait and see what effect Mr. Blaine's letter has. "It's all well till one week and peace the next," he said today. "Let us see what a few days will bring forth. Above whatever ambition I may have, I desire the success of the party."

LYNCHED IN VIRGINIA.

Negro Hanged by a Mob at Roanoke.

ROANOKE, Va., Feb. 12.—Will Laveland, the colored man who attempted an assault upon Alice Perry, a white girl Monday night, was taken from the officers about one o'clock this morning, and hanged to a tree. He was captured near the city about three o'clock yesterday afternoon and taken to the station house.
He was removed from there to a policeman's house about 8 o'clock.
He confessed to a Times reporter that he was the man who committed the assault.
The mob, numbering 150 people, searched the city over and finally located the man. He was guarded by three officers who would not let the party into the house. They broke open the door and took from the officers the negro and carried him to the river and hanged him to a tree. He made a full confession.
The crowd was very orderly and no fighting was indulged in.

EXCITEMENT IN LISBON.

A Bomb is Exploded But No Damage is Done.

LISBON, Feb. 12.—A short lived but tremendous sensation was caused in this city today by the explosion of a dynamite bomb in front of the Spanish consulate here. The noise of the explosion was terrific, but no damage beyond the smashing of windows in the consulate and in a few houses near by was done. Nobody was injured. The outrage is supposed to have been the work of some sympathizer with the anarchists executed at Xeres, in Spain.
The people are searching for the author of the outrage.

CABINET CHANGES.

It is Said that Wannamaker Will Go to Paris.

NEW YORK, Feb. 12.—There is a rumor of impending cabinet changes in circulation. Postmaster General Wannamaker is to resign within a few days and is to be sent to Paris to succeed Minister Whitelaw Reid, and General James G. Clarkson is to be appointed postmaster-general.

FAMISHING AND FREEZING

RUSSIA'S HORRIBLE CONDITION DEPICTED.

Typhus Fever, Small Pox, Diphtheria and Other Diseases are Decimating the Population—A State of Affairs in Every Way Terrible.

LONDON, Feb. 12.—A despatch from Penza, the capital of the government of that name in the southwestern part of what is known as Great Russia, is published in the Chronicle today. The despatch says the thermometer registered 58 degrees below zero and that there is terrible suffering among the peasants.
A number of men have frozen to death on the high roads, and so intensely cold is it that birds drop dead from the trees in which they have sought shelter.
None of the children in Penza are allowed to go to school.
A quantity of grain for the famine sufferers arrived at Penza, but it is impossible to distribute it around the peasants in the surrounding country, owing to the fact that nearly all horses have been killed for food or sold to procure money with which to buy the necessities of life. Five thousand horses have been killed in Penza alone. It is estimated that several draught animals have been killed throughout the empire since autumn.
Typhus fever, small pox and diphtheria are decimating the inhabitants. Around Penza two hundred of the peasants have died from these diseases.
The despatch adds that in the governments of Samara, Saratov and Nijni Novgorod, the conditions are far worse than in Penza. In these three governments thousands of peasants have fallen victims to hunger, and typhus and other epidemic diseases.
In the government of Charkov and Kazan, the typhus fever is especially terrible in its ravages. The inhabitants are dying off by hundreds. Whole families are stricken by the disease, and have died, not a single member recovering. The records show that in the vicinity of Penza, 17,986 persons, men women and children, are daily fed by charity.

SURGEON'S MOURNERS.

A Hundred Thousand People Pass Through the Tabernacle.

The body of the Rev. Charles H. Spurgeon was kept lying in the tabernacle on a platform in the open space in the centre all day Tuesday. It was covered with wreaths and flowers, and the platform upon which it rested was surrounded with palms. A steady stream of people passed through the tabernacle all day. It is estimated that 7,000 people passed hourly. At nightfall it was estimated that 100,000 people of all classes and conditions passed through the tabernacle during the day, among them being numbers of workmen carrying the tools of their trade in bags over their shoulders, members of the wealthiest business classes, clergymen of all denominations, and representatives of the richest and of the poorest classes in London.

Eight Thousand Strikers.

LONDON, Feb. 12.—On account of a dispute about wages between the coal porters and their employers a strike was ordered, and eight thousand men went out. Though no disorder has been reported, extra precautions have been taken by the police, and the coal wharves are well guarded.

Settling the Virginia Debt.

RICHMOND, Va., Feb. 12.—The legislative sub-committee, appointed to prepare a bill to carry out the provisions of the Olcott debt settlement, have completed that labor and presented a bill to the joint committee for its consideration.

All Quiet at Montevideo.

LONDON, Feb. 12.—A dispatch received here from Montevideo states that the report that the troops in the garrison in that city had revolted is without foundation. There are, and have been no disturbances in Montevideo.

In the common council of Philadelphia in special session the Quaker City elevated railroad bill, providing for a road the whole length of Market street and on the diagonal avenues, was passed, despite the efforts of several members to postpone it indefinitely.
