STILL IN THE RING.

R. B. NOLAND & SON,
GROCERS,
No. 21 N. Main Street,

Wish to announce the fact that they are sole agents for the Sparta brand steam baked bread, the only first class bread to be found in the city, and no table is complete without it. We get it fresh by express every day. Don't forget that we are wholesalers and retail dealers in potatoes, apples, onions, and all kinds of country produce. Everything kept that is usually found in a first class grocery store.

THE CITY'S IMPROVEMENT.

WHAT IS REQUIRED OF THE CONTRACTORS.

Extracts from the Specifications Which It Will Be Well for the People to Keep Close at Hand in Order That Work May Be Properly Done.

In view of the fact that work on the streets is soon to be begun THE CITIZEN reproduces some of the more important requirements of the specifications for such work.

The contractor shall have charge of and be responsible for the entire line of works until their completion and acceptance, and any unfaithful or imperfect work discovered at any time before the final completion and acceptance of the work done under this contract shall be corrected immediately on the requirement of the engineer. The contractor will be required to execute the work in such manner so as to interrupt as little as possible the public use of the street. He will be held responsible for all practical and legal notice and signals to the public, of the condition of the street while the work progresses, and shall keep a bright red light burning during the entire night at each end of the work, and at such other points as may be necessary, or the engineer directs.

All loss or damage due to negligence or arising out of the nature of the work to be done, or from any unforeseen or unusual obstructions or difficulties which may be encountered in the prosecution of the same, or from the action of the elements, will be sustained by the contractor, who will be required, without cost to the city, to replace all work displaced or injured by them, and to remove from the street all surplus material, earth, rubbish, etc., immediately after completion of the work, which must be deposited at such points as the engineer may direct, provided the average haul of same shall not exceed fifteen hundred feet. The contractor will be required to keep in repair for twelve months after its completion, the whole of the work, except in cases where the repairs may be rendered necessary by causes clearly beyond his control.

Work must be commenced within ten days after the execution of the contract. If not so completed, the pay of all inspectors employed on the work after the time fixed for its completion will, in the discretion of the board, consisting of the mayor, board of aldermen and advisory committee, be charged against and deducted from any money that may be due or become due the contractor, as well as the sum of ten dollars per diem for the same period, estimated as liquidated and fixed damages to the city, arising from failure to complete the work at the time specified—time of completion of contract being an essential element and consideration. Failure to commence the work at the time specified or to prosecute it thereafter in a satisfactory manner at a rate of progress necessary, in the opinion of the board, for its entire completion within the limits of the time fixed by the contract, will be authority for the board to suspend the contractor from the work and employ other parties to complete it.

No claim shall be made allowed for any work alleged to be extra work, unless the same shall be done in pursuance of a written order from the board, and unless also claim be made therefor to the board, at or before the first payment after the alleged work is executed, it being agreed by the parties hereto that all work of whatever character otherwise done or failed to be claimed as above stated, shall be held to be work required by this contract.

Payments will be made monthly, provided the progress of the work is satisfactory, upon estimates approved by the engineer, less 10 per cent. of each estimate, to be withheld until the final payment, which will only be made on certificate of the said engineer that the work has been completed and properly executed to the satisfaction of the board; but no claim whatever shall be made or allowed the contractor for damages or interest in the event said estimates are not promptly paid by the city, or any delay caused by the city or her agents.

Bond in the sum of one-third of the approximate amount of the contract, with two or more securities satisfactory to the board, will be required for the faithful performance of the contract.

Contractors will punctually pay the workmen who shall be employed by the work under their contract in cash current, and not in what is denominated store pay or orders, and will, from time to time, and as often as may be required by the mayor, furnish to said mayor satisfactory evidence that all persons who have done work or furnished materials have been paid as herein required. And if such evidence is not furnished, such sums as may be necessary for such payment may, in the discretion of the board be retained until such claims be fully satisfied.

No contract or any interest shall be transferred by the parties to whom the award is made. It is a condition of all contracts that such transfers will be null and void.

In any case of dispute as to the meaning of any part of these stipulations and specifications, the decision of the engineer, given in writing, shall be final and conclusive.

THE MONEY PAID.

The Check Given for the Bonds Has Been Cashied.

Mayer Blanton received a telegram at 1 o'clock today saying that the check given for Asheville's improvement bonds had been cashed in New York. The money is now in hand, and the work of improvement will go forward at once.

Let her roll!

Asheville Kindergartens.

The regular monthly meeting of the Asheville Free Kindergarten association were held in the Y. M. C. A. hall yesterday. The immediate needs of the Kindergartens were discussed and plans for the future considered. There are three months before the expiration of the term, and the association desires that friends of this worthy work will assist in carrying it forward.

Lottery Officials Arrested.

NEW ORLEANS, Feb. 16.—The lottery officials were placed under arrest today under the indictment found by the Boston grand jury, charging them with a violation of the anti-lottery postal laws.

THE TERMINAL SYSTEM.

Another Statement as to the Terms of the New Deal.

NEW YORK, February 16.—Many unofficial reports are current in regard to the plan of the organization adopted by the Richmond Terminal committee, and although the committee has completed its work, the plan has not yet been given out.

Unofficial statements are that a new company will be formed with a capital of \$150,000,000 common and \$75,000,000 preferred stock and bonded debt of \$212,000,000 first mortgage of four per cent. bonds and \$86,000,000 of four per cent. in coupons.

The present stockholders will be given share for share in new stock and 25 per cent. additional in preferred stock. The consolidated six per cent. bonds will be paid off in cash; the consolidated five per cent. will receive 80 per cent. in new fours and 20 per cent. in preferred stock. Preferred stock will be given securities estimated to be worth 10 per cent. more than those received by consolidated five per cent.

Statements are given out by insiders that the plan has been under written by a syndicate, which will undertake to buy the securities from the dissenting holders. The claim is made that the new fours will be as good as any existing four per cent. bond, and that they will sell as high as any bond paying that rate of interest.

NO SCHOOL MONEY.

No License in Charlotte Threatens to Close the Schools.

CHARLOTTE, N. C., February 16.—On the first of January all the saloons in Charlotte were closed because the board of county commissioners refused to grant licenses. There were thirteen saloons in Charlotte and they paid an annual city license tax of \$1,000 each. This license tax was appropriated to the support of the city graded schools. The refusal of the commissioners to renew the saloon licenses has cut off the source of revenue and the city aldermen at a recent meeting notified the school board that there is no money in the treasury to maintain the schools.

Papers have been served upon the commissioners to appear before Judge Flynn on Tuesday, the 23d, and show why license should not be granted to certain applicants. Commissioners in various counties have been refusing applicants for license wholly upon the ground that no man who applies for license to sell whiskey can have a good moral character, and the whole state is interested in the outcome of the Charlotte affair.

ENGLISH WEATHER.

Heavy Snow Storm and Strong Gales in the United Kingdom.

LONDON, Feb. 16.—The gales and snow storms which set in last night throughout the United Kingdom continued today. There has been a heavy fall of snow in London. Last night the weather was very cold and it continues today. The snow has been frozen into a compact mass and travel thereby greatly impeded. In the English channel a gale is blowing with great violence. A large number of vessels fearing that they might not be able to withstand the fury of the wind, and that they might lose their bearings and go ashore in the blinding snow storm, made for the mouth of the Thames for shelter.

WANT THE THIRD PARTY.

Simpson and Watkins Will Try to Control the St. Louis Meeting.

ST. LOUIS, Feb. 16.—It is understood that Messrs. Simpson and Watkins, alliance members of congress, will attend the meeting of the alliance here February 22, with the intention of forcing a third ticket into the field. Southern members of the alliance in Washington are understood to be opposed to the scheme, and Simpson and Watkins will go it alone. The scheme is to induce the meeting of the 22d at St. Louis to adopt a resolution favoring the calling of a national convention of the alliance, at which nominations are to be made of a president and vice-president.

Will Go to Mexico.

NEW ORLEANS, Feb. 16.—It is announced that the true secret of the withdrawal of the Louisiana Lottery company from attempts to procure the renewal of its charter is that arrangements have been made to remove the lottery to Mexico in 1893.

Eyes and Ears

have we that we may see and hear; brains that we may reason, and understand; so there's little excuse for much of the suffering that is tolerated. Dr. Pierce's Golden Medical Discovery is fast becoming the one recognized remedy for all diseases resulting from thin, impure and impoverished blood.

Indigestion and dyspepsia, scurfy sores and swelling, catarrh and consumption, are blood affections. With purified, enriched and vitalized blood, they flee as darkness before the light. Dr. Pierce's Golden Medical Discovery is the only guaranteed blood-purifier and liver invigorator. Sold on trial! Money refunded if it doesn't benefit or cure.

False Economy.

Is practiced by many people, who buy inferior articles of food because cheaper than standard goods. Surely infants are entitled to the best food obtainable. It is a fact that the Gail Borden "Eagle" Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.

A Chance to Make \$500—or Better

A slim chance, you fancy. Well, read and judge for yourself. You have Catarrh. \$500 is offered for an incurable case of Catarrh in the Head, by the proprietary of Dr. Sage's Catarrh Remedy.

SYMPTOMS OF CATARRH.—Headache, obstruction of the nose, discharges falling into the throat, sometimes profuse, watery and acrid, at others, thick, tenacious, mucous, purulent, bloody, putrid and offensive; eyes weak, ringing in the ears, deafness; offensive breath; smell and taste impaired, and general debility. Only a few of these symptoms likely to be present at once. Dr. Sage's Remedy cures the worst cases. Only 50 cents. Sold by druggists everywhere. \$5000 a cure. Either would be acceptable.

Attend the closing out sale at Law's. You will find no end of bargains at 61 South Main street.

Hot Chocolate and Bouillon at Pelham's pharmacy.

IT LOOKS LIKE BUSINESS.

A SHORT SESSION BUT IT DID THE WORK.

Free Wool, Free Binding Twine, Free Cotton Ties, Free Cotton Bagging and Free Machinery for Manufacturing the Same—All to be Reported Favorably.

WASHINGTON, Feb. 16.—The meeting of the ways and means committee was short and decisive this morning. Final action was taken in this very brief time on three important bills. By a strict party vote, the Springer free wool bill, the Bryan free binding twine bill, and the Turner bill placing cotton ties, cotton bagging and machinery for manufacturing the same on the free list, were all ordered favorably reported.

The committee adjourned till tomorrow morning, when it is understood Representative Cochran will call up for favorable report the bill reducing the duty on barley to the original rate in effect before the passage of the McKinley bill. Senators Hill and Bruce were in their seats when the proceedings began today. Mr. Collum has not yet returned from his visit to Illinois and Mr. Hoar is still detained by sickness.

The vice-president laid before the senate, Mr. Sherman's credentials for the term commencing March 4th, 1893, which was read and placed on file.

Mr. Vance from the finance committee reported back adversely a bill introduced by Mr. Gibson, of Louisiana, to provide an income tax to pay pensions and salaries of postmasters. Mr. Vance stated that the senate had not the constitutional power to originate such a measure. The bill was indefinitely postponed.

Speaker Crisp was at his post of duty this morning evidently none the worse for his temporary indisposition.

Mr. Brown, of Indiana, from the committee on elections, submitted a report on the contested election case of Craig against Stewart, from the 24th congressional district of Pennsylvania. The report, which finds in favor of the contestant, was placed upon the calendar, and Mr. Brown gave notice that he would call it up for action Tuesday next.

Mr. Tucker, of Virginia from the committee on the election of president, vice-president and members of congress, reported a joint resolution proposing a constitutional amendment for the election of senators by the people of the several states. Referred to the house calendar.

GRAVEYARD.

WASHINGTON, Feb. 16.—The comptroller of the currency has permitted the Early national bank, of Montgomery, Alabama, to resume business as an active national banking association. In August, 1891 the capital stock of this bank was found to be seriously impaired, and on October 7 it was placed in the hands of a receiver. The impaired capital stock has been fully restored by voluntary contributions of the share holders and the bank is now in a thoroughly solvent condition.

THE CITY'S IMPROVEMENT.

WHAT IS REQUIRED OF THE CONTRACTORS.

Extracts from the Specifications Which It Will Be Well for the People to Keep Close at Hand in Order That Work May Be Properly Done.

In view of the fact that work on the streets is soon to be begun THE CITIZEN reproduces some of the more important requirements of the specifications for such work.

The contractor shall have charge of and be responsible for the entire line of works until their completion and acceptance, and any unfaithful or imperfect work discovered at any time before the final completion and acceptance of the work done under this contract shall be corrected immediately on the requirement of the engineer. The contractor will be required to execute the work in such manner so as to interrupt as little as possible the public use of the street. He will be held responsible for all practical and legal notice and signals to the public, of the condition of the street while the work progresses, and shall keep a bright red light burning during the entire night at each end of the work, and at such other points as may be necessary, or the engineer directs.

All loss or damage due to negligence or arising out of the nature of the work to be done, or from any unforeseen or unusual obstructions or difficulties which may be encountered in the prosecution of the same, or from the action of the elements, will be sustained by the contractor, who will be required, without cost to the city, to replace all work displaced or injured by them, and to remove from the street all surplus material, earth, rubbish, etc., immediately after completion of the work, which must be deposited at such points as the engineer may direct, provided the average haul of same shall not exceed fifteen hundred feet. The contractor will be required to keep in repair for twelve months after its completion, the whole of the work, except in cases where the repairs may be rendered necessary by causes clearly beyond his control.

Work must be commenced within ten days after the execution of the contract. If not so completed, the pay of all inspectors employed on the work after the time fixed for its completion will, in the discretion of the board, consisting of the mayor, board of aldermen and advisory committee, be charged against and deducted from any money that may be due or become due the contractor, as well as the sum of ten dollars per diem for the same period, estimated as liquidated and fixed damages to the city, arising from failure to complete the work at the time specified—time of completion of contract being an essential element and consideration. Failure to commence the work at the time specified or to prosecute it thereafter in a satisfactory manner at a rate of progress necessary, in the opinion of the board, for its entire completion within the limits of the time fixed by the contract, will be authority for the board to suspend the contractor from the work and employ other parties to complete it.

No claim shall be made allowed for any work alleged to be extra work, unless the same shall be done in pursuance of a written order from the board, and unless also claim be made therefor to the board, at or before the first payment after the alleged work is executed, it being agreed by the parties hereto that all work of whatever character otherwise done or failed to be claimed as above stated, shall be held to be work required by this contract.

Mr. Tucker, of Virginia from the committee on the election of president, vice-president and members of congress, reported a joint resolution proposing a constitutional amendment for the election of senators by the people of the several states. Referred to the house calendar.

GRAVEYARD.

WASHINGTON, Feb. 16.—The comptroller of the currency has permitted the Early national bank, of Montgomery, Alabama, to resume business as an active national banking association. In August, 1891 the capital stock of this bank was found to be seriously impaired, and on October 7 it was placed in the hands of a receiver. The impaired capital stock has been fully restored by voluntary contributions of the share holders and the bank is now in a thoroughly solvent condition.
