 But words are things, and a small drop of ink, falling like dew upon a thought, produces that which makes thousands, perhaps millions, think.—Byron.

CONGRESSIONAL AFFAIRS.

A PRAYER FOR SPEAKER CRISP'S RESTORATION.

The Great Congressional Excursion to Chicago Prevents Much Business Being Done—No Session in Either House Tomorrow

WASHINGTON, Feb. 19.—In the senate owing to the fact that the congressional excursion to Chicago was to start at an early hour in the afternoon, the attendance of senators at the opening of proceedings today was very small.

The vice-president laid before the senate a communication from the secretary of the treasury in answer to a senate resolution asking strong ground against the proposed transfer of the revenue marine service from the treasury.

To the navy department the secretary recommends the creation of a revived list for the revenue marine service. Referred to the committee on naval affairs with a suggestion from Mr. Cockrell that communication receive the committee's prayerful consideration.

Mr. Morrill offered a resolution that when the senate adjourns today it be to meet next Tuesday.

The senate passed a bill extending for ten years the operation of the Chinese exclusion laws.

The senate passed a bill appropriating ten thousand dollars for the improvement of the road to the national cemetery near Peascicola.

The house was called to order today by Mr. Kerr, its clerk, who read a communication from the speaker designating Mr. McMillin as speaker pro tem for the day.

In his prayer the chaplain invoked divine protection of senators, representatives and members of the press in their trip to Chicago, "the mighty city of the west, the mart of the century." He also referred to the speaker's indisposition, and prayed that his brief respite from toil and care might result in his perfect restoration to health.

On motion of Mr. Funston, of Kansas, a resolution was adopted setting apart Saturday, March 19, for the delivery of eulogies upon the late Senator Plumb.

Silver came to the front again, but this time in a form that elicited no opposition from either silver or anti-silver men. It came in the shape of a resolution from Mr. Bland providing for a reprint of the silver bill, and for printing 5,000 additional copies of the majority and minority report.

Mr. Tracey, of New York, suggested that the number be increased to 10,000 and the suggestion met with Mr. Bland's approval, and so amended the resolution was adopted.

THE LUMBER INTERESTS.

Work of the Southern Lumbermen's Association.

NEW ORLEANS, Feb. 19.—The Southern lumber manufacturers association last night adjourned sine die, after an all day session. A resolution was adopted against the evils of selling by face measure, prevalent in Alabama and Georgia.

The directors were constituted a permanent price list committee, with power to change prices. The only change in the grades was the abolition of the star rift sawed flooring.

A memorial to congress was adopted, asking for additional ports on the gulf coast.

The various vice presidents were appointed a committee to solicit subscriptions for the yellow pine exhibit at the World's fair.

Kansas city was named as the next place of meeting.

B. B. White, of Missouri, was elected president; George S. Lacey, of Louisiana, vice president; and M. F. McLeod, of Missouri, treasurer.

THE THIRD PARTY.

It Nominates a Full Ticket in Louisiana.

ALEXANDRIA, La., Feb. 19.—The state convention of the people's party of Louisiana met here yesterday. There were 171 delegates present. The following state ticket was nominated: Governor, G. W. Price; lieutenant governor, J. J. Mills; secretary of state, D. M. McStarvick; treasurer, John Mahoney; auditor, John Hendrick; superintendent education, J. D. Patton; attorney general, Judge Wade Staugh.

Mr. Gill was placed in nomination for governor, but declined the honor. The state executive committee was appointed and the convention adjourned.

CIVIL RIGHTS.

A Restaurant Keeper Can Nerve Whom he Pleases.

DES MOINES, Iowa, Feb. 19.—The Hyde-Hopewell case, involving the civil rights of the colored man, has been settled in favor of the defendant, Hopewell. The court held that Hopewell had a right to refuse to serve Hyde in his restaurant and that the fact of the latter being a colored man, did not enter into the case. In other words the restaurant business is a private one like a grocery or a dry goods store, and differs from an inn, and the proprietor may sell or not to any one who enters the store.

FORD KILLED.

The Man Who Shot Jesse James Put Away.

DENVER, Feb. 19.—Robert Ford, who acquired widespread notoriety by killing Jesse James, the Missouri outlaw, in 1882, was shot and killed in a saloon row at Creede, a new mining town some distance from here.

Ford has been drifting among the mining camps. He has been in many quarrels, but until the tragedy of today, no serious results came from his fights.

Nebraska's Governorship.

LINCOLN, Neb., Feb. 19.—Chief Justice Maxwell, of the supreme court, has handed down an opinion, holding that Gov. Thayer had no right to the office of governor, nor had he the right to issue the authority that Lieutenant Governor Majors should have held the office pending the test of Boyd's citizenship, and that when he was forced out by Boyd his tenure ceased.

Extra Session.

AUSTIN, Tex., Feb. 19.—Gov. Stagg has issued a proclamation convening the legislature in extra session March 14.

ON THE HEIGHTS.

Much Talk of Poetry and Drilling Out There.

BINGHAM HEIGHTS, Feb. 19.—[Special] And still they come. We have several new fellows every week now. Before long we will have our usual number of cadets. The general average of the cadet body is one hundred and forty. In three years from now there will be no less than three hundred cadets here each year.

Just think of the money these three hundred cadets will bring into Asheville. After figuring a little on the subject it seems to me that every man in Asheville would do all in his power to help out the school in every way, and especially in getting new fellows to come here. If you see a boy whom you think we can get, let us know, and we will send him a catalogue. In doing this you not only do the school and the boy a favor, but you do Asheville an infinite amount of good.

The spring is almost here, and the time for poetry, the time for music, the time for moonlight strolls and the time when "a young man's fancy turns to thoughts of love," are all joining in the procession. We will join in also. Ere many weeks we will commence drilling, and that is a great pleasure in store for the Asheville people. We are having fine weather for drilling, and after we commence it will not take us long to get in good trim.

It is well known that a great many Bingham cadets are in love with a great many Asheville girls. This is convincing evidence that a great deal of poetry is manufactured on the Heights. Now, if this was printed in a three inch column in broadsheet type, and sold at twelve and one-half cents a yard, it is estimated that no less than three hundred thousand dollars would be the result. Now, if it were printed similarly, but sold by the number of rhymes, it would bring no less than forty dollars. If the meters were taken into account, and if it would be valuable only as an emetic. Such is love poetry.

We are hoping to make arrangements for a football game, for today week. It will probably be played on the Kenilworth grounds. X. A. Y.

IRISH HOME RULE.

The British Government Has Introduced Its Bill.

LONDON, Feb. 19.—The long talked of Irish local government bill was introduced in the house of commons today by Balfour, amid cheers of the government supporters. In introducing the bill Balfour said that ever since the formation of the present government, and even before, the extension of the local government to every part of the United Kingdom, had been a cardinal point of the conservative's policy.

The bill passed the first reading, and Balfour fixed the second reading for March 3.

TWO BIG BRIDGES.

The Bill is Passed By The New York Assembly.

ALBANY, Feb. 19.—With only nine negative votes the big East River bill passed the assembly.

This is the bill which provides for the building of two bridges across the East river, one from Williamsburgh and the other from Fulton street, Brooklyn, to meet near the Battery and Delancey street in New York, to be extended across New York by an elevated railroad in Spring street, and to connect with the Brooklyn elevated roads, the New York elevated roads, and the proposed Hudson river tunnel. The company is to have \$25,000,000 capital stock, and it is to pay no taxes except on its real estate.

UNFORTUNATE FRENCHMAN!

His Adversary Will Not Fight a Duel.

PARIS, Feb. 19.—Laure, the Boulangist deputy who was struck by M. Constans, then minister of the interior, during a debate in the chamber of deputies, January 19 last, has resorted to law to obtain satisfaction for the indignity put on him. He has attempted to force M. Constans to fight a duel, but the latter wouldn't accept any challenge and consequently M. Laure has summoned him to answer a charge of assault before the tribunal of the Seine.

SPEAKER CRISP.

He Will Not Come to Asheville Just Now.

WASHINGTON, Feb. 19.—Speaker Crisp left Washington last night for Fort Monroe, where he will remain until Monday night unless his family can persuade him to stay a few days longer. He has not fully recovered his strength since his recent illness, and is in need of rest and quiet.

CRISIS IN FRANCE.

All the Ministry Have Tendered Their Resignations.

PARIS, Feb. 16.—All members of the French ministry have tendered their resignations to President Carnot. The cause of the resignation of the ministry was the action of the chamber of deputies in connection with the bill dealing with associations.

Endorsing Diaz for President.

MONTEREY, Mex. Feb. 19.—A mass meeting of several thousand people was held here to endorse the candidacy of Gen. Porfirio Diaz for reelection as president of Mexico. Several stirring speeches were made. Gen. Diaz will have no opposition in the state of Nueva Leon at the forthcoming election to be held next June.

Female College Entertainment.

At 8 o'clock Friday evening, February 19, the young ladies of the College education class will give an entertainment in the college chapel for the benefit of their new literary hall. They ask a liberal attendance from the friends of the college for this worthy purpose. Admission 25cts. Tickets at T. C. Smith & Co.'s drug store, and at C. W. DeVault's in front of Gazette office.

THE TARIFF OR SILVER

WHICH WILL BE GIVEN PRECEDENCE IN THE HOUSE.

If the Tariff Question Is Opened Up in Two Weeks, There Can Not Be Much Hope of Reaching the Silver Issue Soon.

WASHINGTON, D. C. Feb. 19.—It is announced today to be the intention of the ways and means committee to call up the tariff question in the house, early in the week after next. This program would to some extent defer the consideration of the silver question, for the silver bill cannot be taken up and got out of the way in advance of that time.

The announcement of the purpose to call up the tariff question about the first of March was made in the ways and means committee today. At a brief session of the full committee an agreement was reached among the members of the committee, that the minority should have until a week from tomorrow to prepare their reports against the three bills, wool, binding twine, and bagging, measures heretofore ordered favorably reported to the house by a party vote.

Chairman Springer then announced that it was intended to call up one of the three bills on Monday or Tuesday following the submission of the reports to the house.

No objection was manifested on the part of republicans to this course.

COMES OUT FOR HILL.

Perry Belmont Prefers Him to Cleveland.

WASHINGTON, February 19.—The fact Perry Belmont has come out openly for David B. Hill has caused a sensation here and it is pretty generally believed he will have a strong effect on the country at large. He is a "kid-glove" democrat and his prominence in the business world will do much for Mr. Hill.

Belmont was chairman of the house finance committee during a part of Cleveland's administration and was by him appointed minister to Spain. He asserts that Hill is as good a democrat as Cleveland, just as solid for tariff reform and good money.

North Dakota Democrats.

GRAND FORKS, N. D., Feb. 19.—The state democratic convention to select delegates to the national convention, has been called to meet here March 24.

Florida's Convention.

JACKSONVILLE, Feb. 19.—The state democratic convention will be held in Tampa on June 1. It will consist of 416 delegates.

AFFAIRS OF CONSEQUENCE.

HOMER.

There were five more cases of typhus fever discovered in New York Tuesday.

Six cases of typhus fever developed in the lewis colony in Oakdale in Worcester, Massachusetts.

New York papers are protesting against the passage of a bill pending in the legislature of that state licensing houses of ill fame in New York city.

The Chicago city council has decided that hereafter all buildings to be erected in Chicago shall be limited to a height of 150 feet, and that they shall only be constructed to that height when fronting on streets of 80 feet or more in width.

The New York Herald says the northern democrats are almost unanimously opposed to free coinage. With the cooperation of their conservative western and southern colleagues there are good prospects of the defeat of Hill's bill by from twenty to thirty majority.

Senator Gallinger, of New Hampshire, in his speech on the public printing bill, distinctly affirmed that the public printing office was not safe and ought to be condemned; that any day it may fall to the ground and bring great calamity upon the three thousand people who are employed within its walls.

FOREIGN.

In order to avoid the bankruptcy of Uruguay the national debt has been converted into a 3 1/2 per cent security.

An epidemic of small pox prevails in Corfu, capital of the island of that name in the Mediterranean belonging to Greece.

The president of France has signed a bill appropriating \$50,000 for the French exhibit at the Chicago Columbian exposition.

The police officials of Warsaw report that German agents have overruled Russian-Poland, and are secretly conducting a Pan-Germanic agitation.

It is feared in London that the foot and mouth disease, which has broken out among the cattle in England, will cause further trouble before it is stamped out.

Lord Rosebery, owner of the well-known American racing horse Foxhall, formerly the property of Mr. James R. Keene, is about to send him to the United States, where he will be offered for sale.

Experiments made at Portsmouth, England, with the Sims-Edison electric torpedo proved that the torpedo could be worked successfully when launched from a vessel in motion, with a range of one mile and a quarter and a speed of thirteen knots an hour.

"Gentle as the Summer Breeze."
 "I'd rather take a thrashing any time than a dose of pills," groaned a patient to whom the doctor has prescribed physic. "I'd as lief be sick with what ails me now, as to be sick with what you prescribe, or you wouldn't dread the prescription so," laughed the doctor. "I never use the old, inside twisters you have in mind. I use Dr. Pierce's Pleasant Pills. They always make me think of a part of an old hymn—
 Gentle as the summer breeze,
 The best thing of the kind ever invented. No danger of their making you sick. You'll hardly know you've taken them. I wouldn't use any other in my practice."

False Economy.

Is practiced by many people, who buy inferior articles of food because cheaper than standard goods. Surely infants are entitled to the best food obtainable. It is a fact that the Gail Borden "Eagle" Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.
