But words are things, and a small drop of ink, falling like dew upon a thought, produces that which makes thousands, perhaps millions, think.—Byron.

People who conduct a legitimate business and perform the same in a legitimate manner usually succeed.

## THE BAKER MURDER TRIAL

**THE GREAT ABINGDON SEN- SATION AGAIN ON.**  
**A Jury Selected From Another County—Mrs. Gilmer, the Woman in the Case, Put Upon the Stand and Tells Her Story.**  
ABINGDON, Va., Feb. 24.—When the county court met Monday morning a large crowd had already assembled in town to hear the preliminaries in the celebrated Baker case. It will be remembered that the case was continued last term on account of the sickness of one of the defence's witnesses, and that owing to the difficulty of obtaining a competent jury here a venire was summoned from Botetourt county. The venire arrived here at 2 o'clock yesterday, and all the afternoon was consumed in forming a jury and in reading the indictment. The prisoner when arraigned presented his usual cool appearance.

The court room was again crowded when the case was called yesterday. The case has taken a decided turn. Mrs. Gilmer, the paramour and accessory to the awful crimes committed, has seemingly taken the law into her own hands and tried to run the court for a while. To begin with she sent for Hon. Frank Barr this morning, a prominent lawyer, but one who has never had any connection with the case, to advise with her. She remained in his office for a considerable length of time, delaying the court. Everybody was waiting impatiently, some asking, "Where is the Cleopatra who is to do important testifying this morning?" She was then asking Mr. Barr, "Is it my Christian duty to testify against Dr. Baker, when I was implicated and when indicted as an accessory?" At last she arrived in the court room. The eager throng drew a breath of relief.

The first proceeding was one of sensation, one which has never been heard of before in this country. The fair witness, indelicately and elegantly dressed, took her seat. The court had convened and the prosecution was preparing to question her, when Barr took a seat beside her and addressed her. Then the five able lawyers exchanged looks of consternation and surprise. One of them jumped up and asked the court to stop that man and have him ejected. A discussion arose which bordered on madness. Barr swore that he was her advising counsel and proposed to protect her. Finally he was compelled by the sheriff to get behind the bar and the questioning began. Mrs. Gilmer answered them till this question was asked: "On the day after Dr. Baker buried his wife and came to see you, what did he say, how did he look, what were his actions?" At this she broke down and refused to answer. She said to answer that question would be to bring disgrace and infamy down upon her. Then a discussion among the ten lawyers began which lasted till four o'clock this afternoon. The prosecution argued, (and she was their witness) she must answer, as it would only disgrace and not eliminate her, and that until a question was asked that would eliminate if she responded, she must talk.

The defence took different grounds. Mrs. Gilmer, who testified to suit the prosecution last summer, now contradicted them. In fact she was a prisoner then, and now she is free and wants Baker free. She has soured on the prosecution. The judge finally ruled that she must answer and she burst into sobbing, but responded, "He took me in his arms, carried me and said, 'Now my darling, you are mine forever.'"  
At this point she was taken very sick and had to be removed from the court room. She said the prosecution had imposed on her from the beginning.  
At this point Col. Summers arose and said, "Then I will draw from the case," and he left the court room.  
The trial will continue to be very sensational.

**MAY BE ANOTHER SUIT.**  
**Contractor Tennent Talks About Suing the City.**  
The city of Asheville is likely to have another suit on its hands, growing out of the Mission hospital case.  
J. A. Tennent, the contractor, was arrested last August for a violation of an ordinance passed by the board of aldermen. He had a force of hands at work on the new Mission hospital building, at the intersection of Woodfin and Charlotte streets.  
When the arrest was made, work was suspended, and has not been resumed since. Nearly all of the frame work was up, and has been standing in all sorts of weather until considerably damaged.  
Mr. Tennent told THE CITIZEN this morning that he was in consultation with his attorneys, and would in all probability bring suit against the city for damages. He has not yet decided upon the amount he will sue for.  
Mr. Tennent also said that the managers of the hospital would likely institute a damage suit against the city.

**ROUNDING UP THE WOLVES.**  
**Five Thousand People Take Part and 300 Wolves are Killed.**  
KANSAS CITY, Feb. 22.—Yesterday morning an enormous wolf hunt started over Crawford and Bourbon counties in Kansas. As a result about 300 wolves lie dead. Both counties and others adjoining were scoured over by 5,000 men, women, and children armed in all conceivable ways. Two thousand jack rabbits were also captured in the general round-up. Owing to an error in signaling there was one break in the line which reduced the number of captures, but another hunt will take place on next Saturday to finally wind up the fates and wolves of southeastern Kansas. There was but one accident, Thomas Perkins, of Farlington, being very seriously bitten by a couple of wolves. He will not recover, as he was torn fearfully by the animals.

**West Virginia Convention.**  
PARKERSBURG, W. Va., Feb. 24.—The republican state executive committee has fixed the convention to select delegates to the national convention for Martinsburg, May 6, and the state convention for Huntington, August 3.

## HIPPOLYTE BORROWS.

**Ruinous Interest for Anybody But a Dictator.**  
NEW YORK, Feb. 24.—Advises from Hayti say that Hippolyte has secured a loan from the bankers of Port-au-Prince at a big shave. The bankers have agreed to lend him \$1,800,000 in monthly payments of \$150,000. Interest at the rate of 1 per cent. is to be paid, beginning with Feb. 25 and at the rate of 1 1/2 per cent. per month, beginning with Feb. 1, 1894. Capital and interest are secured and paid off monthly by a tax on the export duties, equal to \$1 on every 100 pounds of coffee, \$1.95 on every 1,000 pieces of logwood, and \$1.25 on every 100 pounds of cocoa.

## WILL BE NO THIRD PARTY

**SOUTHERN DELEGATES WILL NOT SUBMIT TO IT.**  
**Georgia, Alabama, Tennessee, Maryland, West Virginia, Virginia and North Carolina Kick—Marion Butler Wants No Third Party in His.**  
ST. LOUIS, Feb. 24.—At a caucus held yesterday it became evident that many southerners were not in favor of the third party action, holding that their secession from their old party, the democratic, would only strengthen the republicans. The logic of their argument was conceded by all, and before the caucus closed all the delegates from Georgia, including Livingston, member of congress from the fourth Georgia district, and state president of the Alliance, who announced that should the conference determine on a third party they would withdraw from the body. Four of the six Alabama delegates announced that they would do likewise, as did the delegations from Tennessee, Maryland, Virginia, West Virginia and the president of the North Carolina state alliance.

## AT THE HEIGHTS.

**What a Transpiring at the Sanatorium.**  
The beautiful weather Asheville is now having is bringing in the people, and more guests are booked at the Oakland Heights sanatorium than at any time this winter.  
Rev. R. G. Pearson preached a very instructive sermon on the authenticity of the Bible, to the guests of the Heights and others Sunday night.  
Saturday night a delightful entertainment was given in the parlors of the hotel. Mrs. Drury read a paper on southern authors. Miss Emile Vaughn recited several amusing pieces, as did Judge Drury. Mr. and Mrs. Pearson also gave humorous recitations. Dr. P. W. Neeson and Mr. Wright Steelman gave harp and guitar solos. Miss Cohen's imitation of the school girl was excellent. Altogether the night was most pleasantly spent. Twenty dollars was realized for the Mary Washington association.

## SHAKEN UP.

**San Diego, Cal., Has a Genuine Quaking of the Earth.**  
SAN DIEGO, Cal., Feb. 24.—The most violent earthquake shock ever experienced here, roused people out of bed at 11:14 last night. The movement began at that time and, contrary to usual experience, continued nearly a minute. It was very severe. The buildings swayed so much that the guests in the hotels and private houses, awakened from a sound sleep, rushed to the street in their night clothes. The shock lasted so long that the people had time to descend from the third and fourth stories, look back and see the buildings still swaying. A loud rumbling accompanied the tremble. No damage was done. The shock was also felt at Los Angeles.

## THE NATION'S LAWMAKERS

**WORK IN THE HOUSE AND SENATE TODAY.**  
**Speaker Crisp in His Seat Looking Improved After His Vacation—The Senate on the Idaho Election Case.**  
WASHINGTON, Feb. 24.—The attendance in the house was small when Speaker Crisp, looking somewhat improved from his short vacation, called the house to order.  
Mr. Tarsney, of Missouri, asked unanimous consent for present consideration of the resolution directing the committee on labor to investigate—first, whether the continuance of the eight-hour law and its enforcement is desirable; second, by what methods and to what extent the law has been evaded; third, whether amendments are required to provide for the practical enforcement of the law; fourth, whether any convict labor is being used by the United States or any contractor or sub-contractor in the construction or repair of public works; fifth, whether the product of convict labor is being furnished to any department of the government.  
There was no objection, and the resolution was adopted.  
The house then went into committee of the whole (Bynum, of Indiana, in the chair) on the Indian appropriation bill. In the senate Mr. Sherman reported a resolution requesting the president (if not incompatible with the public interests) to inform the senate of the proceedings recently had with representatives of the dominion of Canada and the British government as to arrangements for reciprocal trade with Canada.  
Mr. Harbison gave notice that Friday, March 4th, he would ask the senate to consider the resolutions in respect to the memory of the late representative Lee, of Virginia.  
The senate then resumed consideration of the Idaho election case.

## SHOT IN THE LEG.

**A Bullet Aimed at Target Strikes W. C. McConnell Instead.**  
Will C. McConnell, the North Main street confectioner, was the victim yesterday afternoon of a painful, though happily not dangerous accident.  
It occurred during the regular practice shoot of the Marlin rifle team, at the grounds on Charlotte street. Mr. McConnell and J. B. Pittman were stooping behind the target, waiting for a member of the club, L. Brown, to fire. Near the target was a board in an upright position, and Mr. Pittman had been telling Mr. McConnell that there was danger of a stray bullet striking the board, glancing off and wounding someone.  
The words were scarcely uttered when Mr. Brown fired. Instantly Mr. McConnell threw his hand to his thigh, with the cry "I've been hit," and fell into Mr. Pittman's arms.  
Dr. W. D. Hilliard was sent for at once, and found that the ball, from a 38 Remington, had entered the leg above the knee, going upward four or five inches. The wound is painful, but Mr. McConnell is resting as easily as could be expected today.  
The shooting was purely accidental.  
"CHURCH AND SCHOOL."

## PROF. CLAXTON TO ADDRESS THE EDUCATIONAL SOCIETY.

Prof. P. P. Claxton, superintendent of the city schools of Asheville, has accepted an invitation to deliver an address at the second annual convention of the Methodist Educational society of North Carolina, which meets this year at Charlotte, March 30-31. The subject assigned Prof. Claxton is a timely one—"The relation of the church to the public school." He will be equal to the occasion.  
The Rev. Dr. Candler, president of Emory College, Georgia, will make the opening address on Tuesday night, March 29, on the subject, "The educational outlook in the south."  
Mr. Fitch Taylor, of Asheville, has been asked to prepare a paper on the "Epworth League; their educational services to the church." Mr. Taylor's successful efforts with the Epworth League in Central church will enable him to speak with authority on the subject assigned him.

## MRS. BLAINE'S PLANS.

**She Will Rest—Looking Better Since Released from Her Bonds.**  
DEADWOOD, S. D., Feb. 24.—Mrs. Blaine and maid left for the Hot Springs, where she will tarry for several days before continuing her journey to Sioux Falls, S. D. After a few days' rest there she will leave for some quiet spot in the south, where she will rest for a couple of months. She denies the report of her intended marriage with Dr. Bull, of New York, also all stories that she will go on the stage. The decree of divorce received Saturday she keeps neatly tied with blue ribbon in a handsome case she had made for it. Her general health is much improved. Those who know her say she looks better now than she has for several years past.

## MICHIGAN REPUBLICANS.

**They Will Test the Legality of the New Electoral Law.**  
DETROIT, Mich., Feb. 24.—The republican state central committee has decided to hold the state convention for choosing delegates to the Minneapolis convention in this city on April 14, next. They also decided to put a full electoral ticket in the field at the coming presidential election and in case the ticket is not recognized as the regular one, to appeal to the supreme court of the state for a mandamus. In this manner the validity of the electoral law will be tested.  
**Ashore on Hog Island.**  
WASHINGTON, Feb. 24.—General Superintendent Kimball, of the life saving service, last night received the following from the superintendent of the life saving service for the fifth district between Cape Henlopen and Cape Charles, dated Exmoor, Va.: "A spanish steamship is ashore on Hog Island in a heavy sea, and is trying to make connection with the shore line."
