A BRILLIANT RING. We are showing some of the daintiest novelties ever displayed in jewelry. It would be easier to tell you what we haven't got than what we have. If you haven't seen our elegant trifles in gold and in silver, there is a treat awaiting you, and, whether you have purchases in mind or not, you should not miss them. It is difficult to resist going into details—we are strongly tempted to describe some of the exquisite products of the season's art, some of which show that the caprices of fashion are apt to be wonderfully charming, but you'll get a much better idea if you come and look for yourself. B. H. COSBY, JEWELER, PATTON AVENUE.

ANOTHER BLAINE LETTER. THESE ARE TRYING DAYS FOR DEMOCRATIC LEADERS. WASHINGTON, March 2.—Representative Mills is confined to his room with erysipelas in the ankle joints. He is undergoing the massage treatment with good results, but it will be some time before he is well enough to appear in the house. He had a good night's rest and is better today. Representative Springer's condition is much improved today.

THE FREE SILVER BILL. Hand's Measure Probably Not to Be Considered. WASHINGTON, March 2.—Anti-silver democrats were in frequent conference today at the house canvassing the situation and endeavoring to concert measures, by which additional strength might be secured for their side in the coming fight in the house over the silver question. As a result of these conferences it was asserted by several anti-silver democrats that they had sufficient democratic votes to defeat the adoption of the report of the rules committee giving time for the consideration of the Bland bill, provided the republicans stood by them.

THE VETERAN WILL RESIGN FROM THE SENATE NEXT WINTER. WASHINGTON, Feb. 28.—Senator John Sherman, it is said, does not expect to serve out the term to which he was elected by the Ohio legislature last January. From an inside official source it is learned that he has made up his mind to retire to private life. The date of his retirement has not been fixed indefinitely, and it may be desired for the present that he contemplate leaving such a step, but a friend of Mr. Sherman's closest friends declare that it is a fact, and the formal announcement of it will be forthcoming in due time.—New York World.

HOUSE AND SENATE WORK. CONTESTED ELECTION CASE CONSIDERED. There are Some Very Elementary Truths Stated For the Benefit of Senators—Appropriations. WASHINGTON, March 2.—In the senate today the Idaho election case was taken up and Mr. George stated the reasons which would control his own action in casting his vote for the contestant. The question, he said, was a very interesting one and its decision was of great moment, not only to the state of Idaho, but to the whole country. There was no room in the case for personal prejudices or for the consideration of party advantages, either now or in the future. The senate's sole duty and its sworn obligation was to consider the question impartially without being swayed by any consideration whatever except a desire to do right. The action of the senate should be purely judicial. It was the business of the senate, on this question, not to make law, but to ascertain the law and facts and to decide in accordance with them. In the house, Mr. O'Neill, of Missouri, from the committee on interstate and foreign commerce, reported the senate bill to fix the compensation of keepers and crews of life-saving stations. The house then went into committee of the whole, Mr. Richardson, of Tennessee, in the chair, on the District of Columbia appropriation bill, and Dockery, of Missouri, in charge of the measure, made a brief explanation as to the reductions of the appropriations proposed.

DISGRACEFUL. Was the House Turned Over to the Democrats For This? WASHINGTON, Feb. 28.—It is said the republican members of the house of representatives are contemplating the expediency of insisting upon the constant presence of a quorum for the transaction of business. This would be a very excellent move on their part, and it is sincerely to be trusted the idea will be carried out. The chronic absenteeism on the democratic side is positively disgraceful. The majority which the party unfortunately possesses, has seemed to dispare the least sense of responsibility and individual responsibility. Members have been absent from their duties by the hundred, and again be present occasionally. Comparatively insignificant republican minority have shown more strength on the floor than the democrats. It is in the power of the republicans to secure the presence of a quorum of democrats, and they will be perfectly justified in exercising that power. The democratic leadership may seek to excuse their dereliction with the plea that there has been no real necessity for their attendance up to this time.—Baltimore Sun.

MISS CASE'S LOVE WORTH \$4,000. LOUISVILLE, Ky., Feb. 28.—Lottie Sherman Case, a young lady of twenty-five years, has been awarded \$4,000 at Paris for damages sustained in her afflictions by the sudden breaking of the engagement bond that existed between her and a sixty-year farmer of Montgomery county named Jeff Bryant.—N. Y. Herald.

THE FIRST RAILWAY COMMISSIONERS REPORT. —The first annual report of the North Carolina railway commission shows that there are sixty-seven railways in operation, with a total length of 3,432 miles. Every county has twelve or more miles. The commission is \$18,500,000, the capital stock in the state being \$37,000,000; the funded debt, \$38,500,000, and current liabilities, \$3,900,000. The gross earnings for 1891 were \$8,600,000 and operating expenses \$5,500,000, all these figures being round numbers.

A RELIEF. ABINGDON, Va., March 2.—The testimony of medical experts occupied the attention of the court yesterday in the Baker trial and was of no general interest.

IT SNOWED WORMS. WASHINGTON, March 1.—A heavy gale prevailed last night and still continues along the New York and New England coast and extends to the interior of Pennsylvania and New York. At Lancaster, Pennsylvania, mixed with the snow this morning were hundreds of worms of various species.

ALL RIGHT. LONDON, March 2.—It is stated in insurance circles here that Mr. Ross, claimant of the National Marine insurance company has been appointed British arbitrator in the dispute between Great Britain and the United States.

IN DEMOCRATIC MICHIGAN. DETROIT, Mich., March 2.—At a meeting of the democratic central committee yesterday it was decided that the state convention to nominate delegates to the national convention at Chicago should be held at Muskegon, May 4th.

THE OAKLAND HEIGHTS SANATORIUM. Has received the following very flattering and voluntary notice from the pen of Dr. Henry M. Field, in the New York Evangelist: A PLEASANT PLACE TO WINTER IN. Though the winter has been mild thus far, there is no certainty that it will continue so, and many of our readers are doubtless planning to spend a few months in the south. Asheville, in Western North Carolina, is famed for beauty of situation and evenness of climate, and in Asheville the most delightful place of residence for the traveler is certainly the Oakland Heights Sanatorium. Everything is done in the house which can contribute to the comfort and cheerfulness of the visitor. No consumptives are admitted, and the visitor is therefore spared that spectacle which wrings the heart of the guest of almost every southern hotel, of men and women dying from the most dreadful of all diseases. On the other hand, the house is quiet, homelike, free from the excitements of a hotel, and therefore just the place for those who are nervous, or who are debilitated by influenza, or suffering from any sort of chronic ailment.

POSTMASTER GENERAL WANAMAKER CONTINUES HIS OPPOSITION TO LAST MAIL FACILITIES. It is said the republicans of the House are contemplating the expediency of raising the question of a quorum because of the chronic absenteeism on the democratic side. February reports from Southern Minnesota indicate that the winter when crop will be almost a total failure. Many fields appear brown and dead, owing to the light snow and constant violent changes in temperature. Congressman Jeremiah Simpson says Gen. James B. Weaver, of Iowa, will probably be the third party nominee for President of the United States, and President L. L. Polk, of the Farmers' Alliance, the vice-presidential candidate. Ex-Governor Campbell, of Ohio, has announced that he will not accept the nomination for the vice-presidency on the democratic ticket if it were tendered him. He said that he was not a candidate for the presidency, but added that no man would be likely to reuse the nomination if it were tendered to him.

FOREIGN. Herr Wermuth, German imperial commissioner to the Chicago Columbian Exposition, wants more space at the fair for German exhibits than has been allotted him. Herr Krupp, the great gun manufacturer, will have an exhibit that will involve alone 500,000 marks. There have been 150,000 bushels of corn received at Torron, Mexico, from the United States for distribution among the half-famished people of that section of the state of Durango. Heavy rains have fallen during the past several days, and it is believed the prolonged drought is now thoroughly broken.
