Just what the housekeepers of Asheville have been looking for. We have it in nearly every kitchen article used. This ware is far superior to any agate or granite ware made in this country; is more durable and freer from chemical impurities, and at prices even less than any other similar ware. Take a look at it in our window, and give us a trial order. We keep everything in the house-furnishing line, aside from our large stock of china, glass, lamps, etc., and solicit your esteemed patronage.

**LOTS OF**

**STYLISH SPRING GOODS**

Already received and several lots of the most desirable already gone. Naturally the handsomest go first, and any one in search of them late in the season has a "monkey and parrot" time of it.

Yesterday afternoon a gentleman was crossing the street from the National bank to Cooper's, when a negro on horseback came galloping across from North Court place. The negro seemed to care for nothing in front of him, and came perilously near riding the gentleman down. He had to jump to save himself and his example had to be followed by several others, as the carelessness of Hamrick's horse rode on down Patton avenue.

That would have been a good case for police interference, but if it was noticed nothing was done. Not only yesterday but every day does something of this kind occur. Pedestrians' lives are much too frequently endangered by reckless riders and drivers, and if a half dozen or more arrests were made there would likely be a stop to so much of the evil.

Wish to announce the fact that they are sole agents for the Spartans steam baked bread, the only first class bread to be found in the city, and no table is complete without it. We get it fresh by express every day. Don't forget that we are wholesale and retail dealers in potatoes, apples, onions, and all kinds of country produce. Everything kept that is usually found in a first class grocery store.

## RUN DOWN ON A TRESTLE

**JOHN BAILEY KILLED ON THE MURPHY BRANCH.**

The accident occurred yesterday on a Trestle Near "Still-house Tank"—"Another Death on the List of the "Bloody 705."

A shocking accident occurred on the Murphy division of the Western North Carolina railroad yesterday morning about 9:30 o'clock.

At that hour freight train No. 66, in charge of Engineer Locke Aldrich and Conductor Ernest Koontz, was on the trip to Asheville.

In ascending Balsam mountain trains have to "double" to get over. One-half of the train is taken to the top of the grade and sidetracked while the engine returns for the remaining half.

It was on this return trip that the accident occurred. When about a mile and a half from Addie, a small station, the engine turned a curve, and the engineer was horrified to see two men on the trestle near what is known as the "Still-house tank." The engine was near the men when they were discovered. Engineer Aldrich reversed the engine, and applied the air brakes, but efforts to stop were fruitless.

One of the men started to run toward the end of the trestle, in the direction from which the engine was coming, thinking he could reach the bank in safety. He was wrong in his calculation, for the engine struck him just as he was preparing to make the jump for the bank. His skull was crushed, killing him instantly. The other man let himself down between the ties and the engine passed over him without doing him harm.

The men were John Bailey and Dan Clayton, white, who live near the site of the accident. When it occurred they were on their way to the river on a fishing trip.

Bailey was the man killed. He was about 22 years old, and unmarried. He has relatives in this city. The remains were taken charge by the dead man's sister.

The engine was the 705, which not long ago killed a man near Marion. This is Mr. Aldrich's first fatal accident, in a running experience of six years.

**A BRACE CAUGHT.**

**A Couple of Thieves Nabbed at the Passenger Depot.**

Fred Mills, white, and James Rice, colored, were before Justice A. T. Summey yesterday afternoon, charged with stealing from the passenger depot.

On Wednesday night a valise belonging to a man living out of town was left in the waiting room at the passenger depot. Mills and Rice entered the waiting room by means of keys which they carried and took the valise out. They went into a "shanty" car standing in the freight yard where they divided the contents of the valise, which they filled the valise with rocks, took it to the French Broad river and sunk it.

The men went back, probably for more plunder, and were caught by Patrolmen Henry and Triplett, who were on the lookout for the thieves. The contents which they filled the valise with rocks, took it to the French Broad river and sunk it.

## EMPEROR WILLIAM'S MALADY

**The Trouble in His Ear Excites Fresh Anxieties.**

LONDON, March 17.—It is said the malady of the Kaiser's ear is getting worse, and is attended by frequent paroxysms of excruciating pain. The disease is incurable, and the most serious results may be expected. The Kaiser's recent extravagances and aberrations are attributed to the effect of the disease on his brain. The Kaiser is said to have ordered the discontinuance of the imperial subscription to the London Punch because it contained several allusions of a distasteful character to his recent actions.

Rumors of the progress of the disease of the emperor's ear have had a disquieting effect in official circles. Today the emperor was to have a special consultation with Caprioli on the passing of the school bill before the recess of the Landtag. The Chancellor, after waiting in the ante-chamber a half-hour, was informed that the emperor could not see him today. The inflammation which heretofore has been internal is said to have caused a painful swelling in the side of his neck and to have extended toward the base of the brain. The result is that the emperor suffers from insomnia and is exceedingly irritable. Nevertheless he attends to his duties as usual, although against the advice of his physicians.—N. Y. Sun.

## SENATE AND HOUSE.

**Free Silver, for and Against—Indian Appropriations**

WASHINGTON, March 18.—In the senate today several memorial in favor of the free and unlimited coinage of silver were presented by Wolcott from silver leagues and silver clubs in Colorado and one against it by Cockrell from citizens of Missouri.

Mr. Stanford gave notice that at 3 o'clock next Thursday he would ask the senate to consider a resolution in respect to the death of his late colleague, Mr. Hearst. Mr. Dawes gave notice that he would call up the Indian appropriation bill Monday next.

In the house McMillin, of Tennessee, from the committee on rules, reported back a resolution calling on the secretary of the treasury for information as to what amount of requisitions for payment under contract or otherwise for various branches of the public service were presented between the 3rd and 29th of February; or which warrants or drafts were not issued for payment prior to March 1, 1892.

## FIRE AND FLOOD.

**A Tobacco Factory Burned—Loss Heavy.**

ST. LOUIS, March 18.—The extensive tobacco factory of Liggett & Myers, which covers nearly one-half block, bounded by Thirteenth, St. Charles and Locust streets, took fire in the sixth story, or sweating department, at 8:30 this morning, and in an hour almost all the upper part of the building was in flames. Three alarms were turned in and the fire department came out in full force. Several hundred people, men, women and children were employed in the factory, but all appear to have escaped without injury.

Two or more streams of water were thrown on the building. The loss will be very heavy, as what the fire does not destroy the floods of water will.

## NOL PROSEDO THE CASE.

**Murderers Get a Stay of Proceedings and are Lynched.**

WARRENTON, Va., March 19.—Lee Heflin and Jos. Dye, who last fall murdered the Kines family, were this morning at 2 o'clock lynched near Gainesville, Prince William county. The men were to be hanged today, but a stay of proceedings has been secured. The Warrenton authorities, fearing violence, last night took the men from the jail and placed them in a vehicle and started them for this city. A party of sixty men was hastily formed, who overtook the authorities near Gainesville, overpowered the guard, hanged their murderers to a tree and ridged their bodies with shot.

## AGREED AT LAW.

**Congressional Distribution That Hurts Democracy.**

COLUMBUS, O., March 18.—A caucus of the house of representatives last night agreed upon a plan for congressional distribution and this practically determines the question which has been the cause of much contention during the whole session. Under the new arrangement, the republicans will have sixteen and the democrats five. The democrats at present have fourteen. Congressmen Outchwa, He and Layton are the only democrats left in the safe district that are likely to be returned. The bill will be reported to the house next week.

## RAILROAD RUMORS.

**Trains to Run Through From Salisbury to Morristown.**

There is a rumor in railroad circles here that within the next ten days an important change is to be made. The rumor is that the Western North Carolina branch of the East Tennessee, Virginia and Georgia railroad, connecting Point Rock, N. C., with Morristown, Tenn., is to pass into the control of the Richmond and Danville company, and passenger trains will run through from Salisbury to Morristown.

It is also said that Capt. V. E. McBee, so long and favorably known as the superintendent of the Western North Carolina branch of the Central of Georgia, will leave the latter road, and take a similar position on the E. T. V. and G. road, with headquarters at Knoxville.

## CAPT. MATT. H. LOVE DEAD.

**He Passes Away in Waynesville This Morning.**

A telegram received by Dr. C. E. Hilliard this morning, announced the death of Capt. Matt. H. Love, a well known citizen of Waynesville.

Nothing was known of his illness by his relatives in Asheville until the announcement of his death was received.

Capt. Love was a brother of Mrs. Dr. W. D. Hillard, of Asheville, and a member of one of the best known families in Western North Carolina. He was about 50 years of age.

## THERE'S TOO MUCH COTTON

**A PLAIN WARNING TO SOUTH-EASTERN PLANTERS.**

The Great Staple Produced in a Greater Quantity Than the World Needs—The South Must Produce New Crops.

WASHINGTON, March 18.—The March report of the statistician of the department of agriculture was issued today. It shows that the production of the cotton for the world exceeded the consumption by more than a million and a half bales in 1890, and further greatly enlarges the excess in 1891, glutting the markets, increasing the visible stocks during the past year more than 1,100,000 bales and reducing the Liverpool price of middling upland from 6 1-16 pence in January, 1890, to 4 1/2 pence in January, 1892.

The report states that in two years this country has produced an excess above normal requirement of more than two million bales and indicates a heavy reduction in acreage as the only possible remedy; otherwise, the agricultural interest of the south will suffer worse than western agriculture ever has. It declares that the cotton states must be agriculturally self-sustaining; that new crops must be introduced as the agricultural population has outgrown the capacity of cotton to support it.

## CASSELMAN'S FIGURES.

**A Bill to Enumerate the Confederate Soldiers.**

WASHINGTON, March 18.—Congressman Belknap is about to introduce a bill which has for the cause of its existence, the article on "The numerical strength of the Confederate Army," by A. B. Casseleman, in the March Century magazine. Mr. Casseleman, now a member of the board of pension appeals, was formerly a special agent of the pension bureau. During his investigations in the south, he became convinced that the numerical strength of the confederate army had never been correctly reported, perhaps because of the imperfect records kept by their officers. The bill provides that the secretary of war shall cause to be enumerated the names borne upon the muster rolls by the confederate army, which are on file in this department; to have the totals thereof tabulated by regiments and companies; and in respect to such rolls as he may have reason to believe are defective, to procure through special agents and other efficient means trustworthy information and supplemental evidence tending to show the total number of men who served in that army during the late civil war.

## FIVE PERSONS BURNED.

**One Escapes to the Street, But is Fatally Injured.**

LONDON, March 18.—Fire occurred this morning in a butcher shop in Lilliebridge road, Bromston, causing the death of four persons. The apartments over the shop were occupied by the family of the butcher, a man named Weston. The fire spread with great rapidity and cut off the escape of Mrs. Weston, her two children, and a girl named Amy Glover who was employed as cashier in the shop. After the fire the bodies were found burned to a crisp.

Another woman who was in the house was fatally burned, but managed to escape to the street.

## KILLED BY FALLING WALLS.

**Thirteen Workmen Buried in a Collapsed Building.**

ST. PETERSBURG, March 18.—A three story house in course of erection here collapsed today. A large number of workmen were employed on the building and thirteen were killed by the falling walls.

## TO REPEAL THE MAIL SUBSIDY ACT.

**Washington Postoffice Committee Bill to Repeal the Mail Subsidy Act.**

WASHINGTON, March 18.—Mr. Enloe reported from the house postoffice committee a bill to repeal the mail subsidy act. It was placed upon the calendar and the minority was granted leave to file a minority report.

Mr. Enloe, in his report, shows from Postmaster-General Wannemaker's reports to the committee that the cost of carrying the mails last year was \$600,000, and that under this act it will amount to \$3,500,000 a year. The difference, Mr. Enloe says, is a clear gratuity to the steamship companies.

## PRIZE FIGHTS IN NEW ORLEANS.

**NEW ORLEANS, March 18.—President Noel, of the Olympic club, writes that the club will accept the offer for the Sullivan-Corbett fight, the purse to be \$250,000.**

## Bank Wreckers Indicted.

**BOSTON, March 18.—The United States grand jury reported nine indictments against President Asa Potter of the Maverick bank—six against Director Jonas French and four against Director Thomas Dana. The indictments make specific charges against each, and a general charge of conspiracy, of making false entries and of misapplying funds against all.**

## RAILROAD LEASE RATIFIED.

**ROANOKE, Va., March 18.—The stockholders of the Roanoke and Southern railroad met and unanimously ratified the lease of that road to the Norfolk and Western for ninety-nine years.**

## FIVE DAYS A WORK DAY WEEK.

**LONDON, March 18.—The delegates to the conference of the miners' federation have decided that after the men resumed work Monday they should work only five days a week.**

## SOICITOR GENERAL.

**WASHINGTON, March 18.—The president has sent to the senate the nomination of Charles H. Aldrich, of Illinois, to be solicitor-general, vice W. H. Taft resigned.**

## JUDGE GILMER DEAD.

**CHROTCOTE, N. C., March 18.—Judge John Gilmer died at his home in Greensboro yesterday morning.**

## ONE BOTTLE OF

### Buncombe Sarsaparilla

Will convince the most skeptical of its real value. By its use you can save yourself from the suffering caused by the eruptions and scrofulous sores through which the system strives to rid itself of impurities. It purifies the blood, giving it renewed vitality and force.

Being an alterative it changes the action of the system, imparting fresh strength and vigorous health.

The concentrated power and curative virtues of Buncombe Sarsaparilla render it the most reliable blood purifier that can be used, while it is entirely safe for patients of all ages. For sale only at

### GRANT'S PHARMACY.

The general tendency of Buncombe Sarsaparilla is laxative, but in a number of cases it is not enough so—hence we have had many demands for a good vegetable pill.

BUNCOMBE LIVER PILLS are mild, yet efficient; do not cause pain or gripe, and act upon the liver and bowels.

They are especially valuable as after dinner pills, and readily cure constipation and costiveness, nausea, distress in the stomach, etc.

They are purely vegetable and we believe they are the best family pill yet prepared and offer them with perfect confidence, believing that whenever used it will be with the happiest results.

Try them and judge for yourself. For sale only at
