## EVERY DEPARTMENT COMPLETE.

Don't cry hard times when you can buy goods for half price. Buy everything you need in our line from us, and thereby save 25 to 50 per cent. you would pay to other houses who do a credit business.

The secret of low prices is "Spot cash for all our goods--and spot cash before they leave the house." We avoid the necessity of having a bookkeeper and then paying 10 per cent to a collector. By selling for cash we march to the tune of (Sweet Home) Cash.

Who--Cash, cash, good hard cash; There's nothing so powerful As clean, spot cash.

Try and be convinced.

## THE BIG RACKET

## A BRILLIANT RING.

We are showing some of the daintiest novelties ever displayed in jewelry. It would be easier to tell you what we haven't got than what we have. If you haven't seen our elegant trifles in gold and in silver, there is a treat awaiting you, and, whether you have purchases in mind or not, you should not miss them. It is difficult to resist going into details--we are strongly tempted to describe some of the exquisite products of the season's art, some of which show that the caprices of fashion are apt to be wonderfully charming, but you'll get a much better idea if you come and look for yourself.

## ALDERMEN AND ADVISORS

### TWO MEETINGS HELD YESTERDAY AFTERNOON.

#### The Joint Board Again Votes on the Payment of Damages, and the Deciding Vote of the Mayor Reverses Last Week's Action.

The regular monthly meeting of the joint board of aldermen and advisors was held in the mayor's office yesterday afternoon. Mayor Blanton presided and a full board, with the exception of Alderman Brevard and Advisor Bearden, was present.

It was evident before the meeting opened that there had been a counting of noses on some matter, and it was not long making itself known. Mr. Hunt moved a reconsideration of the question of the payment of damages for the widening of the streets. The board last week decided by a vote of 5 to 4 that the damages should be paid out of the general fund of the city instead of the improvement fund. Mr. Hunt's motion carried by the following vote and Mayor Blanton's deciding ballot: Ayes--Conant, Hunt, McDowell, Guder, Starves. Noes--Cummings, Waddell, Scott, Summey, Leonard.

Mr. Guder made a speech on the subject, and made a motion that damages for widening be paid from the improvement fund for the present. This was also carried, by the same vote as that on the first motion.

Mr. Waddell said that he wanted to see the improvement fund do a little work besides the widening of streets, and made a motion that a committee be appointed to recommend streets which curbing should be put. Carried.

It was ordered that estimates of E. H. Britt's culvert work be made on the 1st and 15th of each month, and that payments be made to him on these dates.

The committee on the 5 per cent. agreement with the contractors was given further time.

On motion of Mr. Starves the clerk was ordered to issue checks to parties who are given damages by reason of the widening of Depot and South Main streets.

J. D. Murphy, esq., appearing for F. R. and Geo. L. Hackney, stated that his clients thought they should have something in the way of damages to their property on Depot street. Nothing was done in the matter.

The joint street committee was empowered to let the contracts for rolling of the street several small houses on South Main street, made necessary by the widening.

The board then adjourned to Friday afternoon at 3 o'clock.

## THE ALDERMEN.

### Col Martin Allowed to Pave Between the Rails With Granite.

The board of aldermen held a special session after the joint board adjourned. Col. J. G. Martin asked the board to pass the amendment to the charter of the Asheville street railway company, allowing it to pave between the rails with granite. The amendment was made to read so that this paving shall be done at the instance of the street committee, and Mr. Waddell moved to put it on for next reading. Carried. A motion to suspend the rules was made but was lost, Mr. Starves objecting. Mr. Guder said that the law compelling the company to pave between the rails would not stand, because the company was not an abutting property owner. Shortly afterward Mr. Starves changed his vote, and under a suspension of the rules the amendment was finally adopted.

J. D. Murphy, esq., offered the city a deed from property owners living between Depot street and Jefferson Drive, to the city, for the widening of streets. Referred to the street committee.

Mr. Starves offered an ordinance declaring barb wire fences on a public street or alley a nuisance, and providing that any person keeping up such fence after three days' notice from the chief of police shall be fined \$5 for each day the nuisance is maintained. Mr. Starves told a story of how a young man had lost his coat tail by one of the wires. Mr. Waddell said Col. Lusk had been caught by one, whereupon Mr. Guder laughingly said he was in favor of barb wire fences. The ordinance was adopted, on a suspension of the rules.

The bids for plastering the city hall were handed over to the building committee to be awarded.

On motion of Mr. Leonard the use of the city water free for three years was tendered Jas. W. Patton, because of the destruction of his spring in the widening of South Main street.

Mayor Blanton brought up the matter of publishing all new ordinances, and it was ordered that the city clerk was instructed to advertise the new ordinances in both of the daily papers in the city.

Some stone steps taken from the property of Mrs. T. E. Reynolds, on North Main street were ordered put back in good condition.

Mr. Starves spoke of the ordinance against keeping news and cigar stands open on Sunday. The chief of police was instructed to require these dealers to keep their stock inside the stores and their doors shut on Sunday.

The following bills were ordered paid: C. E. Moody, material for market house, \$75; W. G. McDowell, two street juries, \$12; Chas. Waddell, help for fire alarm repairs, \$1.50; Carolina Coal Co., \$10; Penniman & Co., market house material, \$161.24; F. S. Jaquith, note due, \$441.35; clerk's office, sundries, \$15; expense of keeping lost child, \$1.

The board adjourned to meet in regular session Friday afternoon at 4 o'clock.

## 300 LIVES LOST.

### An Overloaded Steamer Goes Down in the Black Sea.

St. PETERSBURG, April 5.--It is reported here that a steamer bound from the Persian coast for Baku in the Black Sea with two hundred passengers and a cargo of cotton has been lost with all on board. It is said that the disaster was due to the fact that the steamer was greatly overloaded.

### In Republican Pennsylvania.

LANCASTER, Pa., April 5.--The new city council this morning elected Stephen J. Owens, democratic, city treasurer. The democrats also elected all the other city officers, making a clean sweep.

## THE FREE WOOL BILL.

### Opposition From the Republicans to a Limit to Debate.

WASHINGTON, April 5.--After preliminary business in the house this morning Mr. McMillin moved that the house go into committee of the whole on the free wool bill and pending that moved that all debate on the first section be limited to half an hour. This met with opposition from the republicans who, while they were willing to take a vote immediately on the pending amendment, thought that no limitation should be placed upon the debate. McMillin said that he did not wish to be unreasonable; he would amend his motion and move that debate be limited to one hour. Burrows moved to amend by making it two hours and on division the vote stood, 41 yeas, 137 nays.

## SNOW AND SLEET NORTH

### THE WORST OF THE SEASON SO FAR.

Old Winter Lingered in the Lap of Spring Where He's No Business to Be--Compare This With Asheville Weather.

WHEELING, W. Va., April 5.--A heavy rain storm in this section has damaged buildings and stock over \$100,000 worth.

OMAHA, April 5.--Reports from western and central Nebraska and South Dakota show a severe blizzard to be in progress. At Grand Island, the mercury fell 40 degrees in three hours, and a norther is prevailing. The worst snow storm of the season is reported along the Burlington in the Black Hills. At Alliance, Neb., trains are snowed in.

Heavy snow storms were reported raging between Valentine and Chadron and at Seneca, in the north portion of the state, and in eastern Colorado. The wires are down in nearly every direction and trains are delayed in the eastern part of the state. In the north and west a snow blockade is feared. A land slide in the approach to the bridge at Rulo blocked the Missouri river there. The Union Pacific has no working wires west of North Platte.

RED LAKE FALLS, Minn., April 5.--The storm is growing more violent every hour here. A furious blizzard is raging, the winds sweeping over the prairie at a tremendous velocity, accompanied by volumes of drifted snow. Over a foot of snow has fallen. Many persons had let their supply of wood run out during the recent snow storm. If many lives are sacrificed it will be providential.

RED FALLS, S. D., April 5.--The most severe storm that has ever visited this section is raging now. It commenced with rain and increased in fury till about noon yesterday when it changed to sleet and snow. The wind has practically suspended all business. It is driving the snow at a hurricane velocity. All train service on the Northwestern road is abandoned here. The snow west of here is drifted to enormous heights. Fully four inches of snow on the level has fallen. The oldest citizens say this is the greatest fall for this season of year since early in the eighties.

## THE NEW COMPANY.

### It Already Has 38 of the Necessary 40 Members.

A meeting was held last night by those interested in the organization of the new military company.

Twenty seven new members were enrolled, who, together with charter members, make a total of thirty eight of the forty necessary for organization. The company now has the following names on its roll:

Charter members--Capt. O. W. Budd, W. G. Smith, A. M. Smith, D. W. Furman, Clarence Sawyer, Roy Denison, W. R. Patterson, J. M. Hasty, C. S. Jordan, B. M. Jones, Nat. S. Rogers.

Enrolled members--Thad. W. Thrash, John Burroughs, Jack Rumbough, W. T. Gray, T. F. Malloy, A. B. Melvin, F. P. Minnifield, R. M. Clayton, G. O. Roberts, C. W. Thornburg, C. B. Atkinson, F. R. Darby, F. E. Rutledge, H. B. Stevens, J. K. Stewart, F. W. Thomas, Wayne Ray, R. W. Bingham, R. G. Hunt, J. M. Lorick, C. A. Webb, C. K. Davis, T. E. Westall, W. E. Williamson, Jr., E. C. Clayton, T. C. Westall, Jr., F. N. Rogers.

A letter was read from Capt. O. W. Budd, in response to the company's invitation to him to accept the captaincy. In this Capt. Budd gave the members wise counsel, and promised to do all he could to help make the company one of ornament to the state guard. "If you take the proper interest," he said, "and bring enthusiasm and determination to succeed, the main part is accomplished already. If you cannot take that interest and keep to your work, it would be better to stop now and not attempt it. We want no lukewarm drones."

Capt. Budd also wrote that when on duty he would require obedience, discipline and subordination, but when ranks are broken he would be one of the company, willing to enjoy all the social pleasures of friends and comrades. His letter enthused the members.

A letter was sent by C. W. Barker, saying that he would be glad to tender the company an oyster supper in commemoration of its organization. The company gratefully accepted the invitation.

The next meeting will be held at the rooms of E. M. Spencer, in the Grand opera house building on Friday evening, April 8, at 8:30 o'clock. At this meeting enough new members will be elected to fill out the number necessary for the company to organize under the state laws.

All those interested are requested to be present.

### St. Petersburg Shaken.

St. PETERSBURG, April 5.--There was an explosion last night at the state factory for the manufacture of smokeless powder. The building, in which was five tons of gun cotton, was blown to splinters and nine of the workmen killed. The shock was so great the whole city was shaken and houses swayed on their foundations as though from the effects of an earthquake.

Southport Leader: Grover Cleveland is evidently the choice of the democrats of this vicinity. Out of fifty persons questioned as to their choice, forty-nine said that they preferred Cleveland before all others.

## DISCUSSING FREE SILVER

### MORGAN'S RESOLUTION UP IN THE SENATE.

#### Not Much Public Interest Shown--A Tilt With Sherman--Indian Appropriation Bill Side Tracked for a Time.

WASHINGTON, D. C., April 5.--The expectation of an interesting discussion on the silver question, based upon Mr. Morgan's resolutions instructing the committee on finance to examine into and report upon certain phases of the subject, seemed to have no particularly attractive power to the general public, for the senate galleries had less than the usual number of spectators when the session of yesterday began.

The Vice-president having laid before the senate Morgan's silver resolutions that senator expressed his willingness to let them go over till tomorrow, so as not to stand in the way of the Indian appropriation bill, on the condition, however, that he should be allowed to call them up tomorrow to address the senate.

Mr. Sherman remarked that under the rule of the senate the senator might call up his resolution and discuss it, but that when discussion was interrupted at 2 o'clock the resolution would have to go on the calendar, and could then only be taken up upon motion. If the senator from Alabama asked that by unanimous consent the resolutions should stand in the way of other morning business for so long as any senator desired to speak on the prolific topic of silver, he had respectfully objected.

Mr. Morgan--"I most respectfully object to your taking me off the floor so as to get your bill before the senate [the bill which Sherman had asked to have taken from the calendar and acted on for a uniform standard of classification and grading of wheat, corn, oats, barley and rye]."

Sherman--"The bill which I ask the senate to take up is one to which there is no objection."

Stuart--"I object to your cutting off discussion on the silver question."

Dawes--"I do not desire to stand in the way of the universal courtesy of the senate. Therefore, if the senator from Alabama desires to go on with the discussion of his resolutions now I will not interfere the Indian appropriation bill."

Mr. Morgan therefore took the floor to address the senate, but yielded to Mr. Wolkoff, of Colorado who gave notice that he would address the senate on the silver question on Wednesday next.

Today Mr. Morgan offered an amendment to his silver resolutions instructing the finance committee to report a bill supplementary to the act of July 14, 1890, which should provide for the coinage of gold and silver bullion on equal terms as to each metal and for the issuing of treasury notes in denominations not to exceed \$500 (and upon the same terms and conditions as in the act of 1890) upon all gold and silver bullion that the United States may acquire by purchase, and that any depositor who shall deposit in the treasury gold or silver bullion in quantities of not less than \$100 in value, the product of mines in the United States which has not been previously coined, shall at his option receive coin certificates for the same at the mint value of such bullion.

## SOME POLITICAL STRAWS.

### Results of Various Contests on Local Issues.

CHICAGO, April 5.--A resume of the city elections in Michigan, Ohio, Illinois, Iowa, Kansas and North Dakota show that in the majority of places local issues took the precedence over politics and that where the party lines were drawn the republicans had the best of it. The democrats where successful secured larger majorities than did the republicans, however.

HELENA, Mont., April 5.--The democrats elected John Curtin mayor and six of the eight aldermen. The republicans elected a treasurer and police magistrate. Last year the republicans elected a mayor by 438 majority.

GRAND RAPIDS, Mich., April 5.--Returns show W. J. Stewart, republican, elected mayor by 115 plurality, and the balance of the city ticket is republican by an average of 400.

EVANSVILLE, Ind., April 5.--A municipal election was held here yesterday, resulting in a sweeping victory for the republicans and reform democrats.

INDIANAPOLIS, Ind., April 5.--Chairman Hall, of the prohibition state central committee, has pronounced against fusion with the people's party, saying the prohibitionists could gain nothing by it.

LOUISVILLE, April 5.--At Campton yesterday James McKendall was nominated by the democratic convention to succeed his father, representative J. W. Kendall, deceased.

## TWENTIETH OF MAY.

### Some of the Features of Charlotte's Celebration.

W. H. Justice, Archie R. Stokes and E. R. Dodge, committee, of Charlotte, write E. H. Falerwider, of Asheville, as follows:

"Hon. David B. Hill and other prominent speakers will assist us in our celebration on the 20th of May. There will be special rates on all railroads from the 17th inst., good for five days. There will be strong teams at baseball and celebrated players at football each day.

"Our gun club would like to have two days' shooting at traps, (18th and 19th inst.) and have written to all the teams in this state and South Carolina to join in the shoots. The team shooting will be for a purse of \$75 and there will be sweepstake shooting--experts barred.

"We would be glad to have you join us and if you can bring a team please advise at your earliest convenience."

### Killed Three Men.

CHARLESTON, W. Va., April 5.--A freight train on the C. and O. railroad struck a high rock which had fallen on the track near Konecverte Sunday morning. A dozen freight cars were completely demolished and the engine was thrown into the river. Engineer Buchanan, fireman Brown and brakeman Clarkson are reported killed.

We give you nothing but the very finest of the Armour Packing Company's meats always fresh and sweet. Our cars are in transit for Asheville daily. Finlay & Nelson.
