Don't cry hard times when you can buy goods for half price. Buy everything you need in our line from us, and thereby save 25 to 50 per cent. you would pay to other houses who do a credit business.
The secret of low prices is "Spot cash for all our goods—no spot cash before they leave the house." We regard the necessity of having a bookkeeper and then paying 10 per cent to a collector. By selling for cash we march to the tune of (Sweet Home) Cash.
Who—Cash, cash, good hard cash;
There's nothing so powerful
As clean, so'd cash.
Try and be convinced.

THE BIG RACKET

A BRILLIANT RING.
We are showing some of the daintiest novelties ever displayed in jewelry. It would be easier to tell you what we haven't got than what we have. If you haven't seen our elegant trifles in gold and in silver, there is a treat awaiting you, and, whether you have purchases in mind or not, you should not miss them. It is difficult to resist going into details—we are strongly tempted to describe some of the exquisite products of the season's art, some of which show that the caprices of fashion are apt to be wonderfully charming, but you'll get a much better idea if you come and look for yourself.

BUSINESS OF TWO BOARDS

next. The board could not do this, as the new market house is soon to be ready, and the sellers of meats are expected to move into the central market. The matter was referred to the market house committee to consult with the attorney on the matter and report at next meeting.
On motion of Mr. Starnes a jury was ordered on the widening of the north sidewalk on College street, as asked for at last week's meeting.

The board then adjourned, the face of Mayor Blanton's watch showing its surprise by throwing up both hands on seeing the board adjourn before 6 o'clock.

THE WYOMING TROUBLE.

A Letter From the President of the United States.
BUFFALO, Wyo., April 23.—The following message is in reply to the appeal from the people of Buffalo to President Harrison asking that an investigation into the cattleman trouble in Wyoming be made in justice to all concerned:
EXECUTIVE MANSION,
WASHINGTON, April 22.
C. J. Haggerson and others, Buffalo, Wyoming:
The governor of your state made a call upon me in conformity with the constitution of the United States for aid in suppressing domestic violence and threatened blood shed. I could not refuse the aid of troops to preserve the peace. The prisoners will, as soon as the state authorities are prepared to receive them, be turned over to the civil authorities and all connection with the matter will end unless further called upon to aid the state authorities in preserving peace.
I do not doubt that the executive and judicial authorities of your state will, without fear or favor, bring to trial and punishment those who have violated the law by disorderly methods.
Nothing will be done should any guilty person. My council as your fellow citizen is to use every effort to allay excitement and proceed in all things peacefully and upon lawfulness. I will, of course, see any representative you may send, but you will see that I can do nothing except to act with the state to prevent violence. Everything else rests with the state authorities.
Ben. Harrison.
The people of this place are very much pleased with President Harrison's reply and are satisfied that a very thorough investigation will be made and justice meted out immediately.

ALDERMANIC SOLONS

They Get Through Their Regular Weekly Meeting Early.
Mayor Blanton called the aldermen to order as soon as the joint board had adjourned.
R. P. Walker asked the board to raise the grade of Valley street and extend a culvert across the street. He would advance the money and take the city's note or let it go as taxes. He was soon to begin the building of his large tobacco house, he said, and urged early action on the board's part. It was finally decided that the entire board should go over the grounds today, and give Mr. Walker an answer at once. The board went over the street at 10 o'clock today and decided to extend the culvert for Mr. Walker. It will cost probably \$75.
The compromise committee on South Main street was given another week in which to make a full report.
President M. H. Fletcher, of the board of health, offered a couple of ordinances which he wanted passed. One was the changing of the word "committee of health" to "board of health" wherever it may occur in the code. The second one gave the board of health authority to declare violations of the sanitary laws nuisances, and fixing a fine of \$10 for non-compliance with the board's notice to abate such nuisance. The first was passed, on a suspension of the rules, but Mayor Blanton told Dr. Fletcher that he didn't think the aldermen had a right to give the board of health such authority. Dr. Fletcher said if that was a fact, the board of health would be useless. The matter was laid over a week, to secure the advice of the city attorney.

THE BOY SOPRANO.

Master Cyril Tyler, the famous boy soprano, soloist of the Grace vested choir, of Detroit, Mich., will give two recitals next Tuesday and Wednesday evenings at the Battery Park Hotel. His wonderful voice and artistic method, together with his charming appearance (for he is a handsome little fellow) created a perfect storm of enthusiasm at the Ponce de Leon, St. Augustine, when he sang there a few weeks since.
Master Cyril will sing "Angels Ever Bright and Fair" at the morning service at Trinity Episcopal church tomorrow, and will probably sing there in the evening.

DELEGATES TO THE COUNTY CONVENTION TO BE SELECTED.

The democratic primaries for the two wards of Asheville will be held this evening at 8:30 o'clock. At these, delegates will be selected. Attend the county convention, which meets in Asheville on Saturday next, April 30.
The east ward democrats will meet in the court house, and will select thirteen delegates.
The west warders will meet in the Bannockburn warehouse and select twenty-two delegates.
Two New York Fools.
LONDON, April 23.—The latest report concerning the prospective duel between Fox and Borrowe growing out of the publication of letters in Borrowe-Drayton affair, are that the parties have fixed upon some place in Belgium as the scene of the combat.

FREE SILVER UP AGAIN

INQUIRING AS TO AN INTERNATIONAL CONFERENCE.
The Senate May Have Some Interesting Figures in Relation to the Cost of Railways, The Number of Their Employees, and Their Indebtedness.
WASHINGTON, April 23.—After routine business in the senate this morning Mr. Tuller offered a resolution requesting the president to inform the senate what steps, if any, have been taken towards securing an international conference to consider the question of the free coinage of silver at the mints of the nations participating in such conference, or as to the enlarged use of silver in the currency of such countries; also to transmit copies of all correspondence between the United States government and the governments expected to participate in the proceedings of such an international conference. The resolution was agreed to.
Call offered a resolution (which went over without action) for the appointment of a committee of nine senators to inquire into the present value per mile of the railways of the United States, their present capitalization and the difference between such capitalization and actual cost of their construction and equipment; their gross and net receipts; number of compensation of their employees; their amount of bonded indebtedness, their capital stock, the amount of stock and bonds held by the stockholders and bondholders, distinguishing between home and foreign holders.
The bill appropriating \$50,000 for a public building at Salem, Ala., was reported and placed on the calendar.
AMERICAN CHARITY.
We Are Doing More For Russia Than All Other Nations.
LONDON, April 23.—Charles Emory Smith, United States minister to Russia, who is here on his way home, said today:
"It is impossible for Americans to realize how much all the Russians, from the czar down, appreciate the American relief donations, which are practically the only foreign assistance so far received. America has given over one million dollars in food and money. We have paid attention to St. Petersburg, where the famine is the worst. We have saved the cattle and horses of 1,000 German and Russian villages, are feeding 1,200 people, and have bought seed for 10,000 acres. As for the future, with relief in sight from America and a continuance of local relief, I think the necessities of distressed human beings will be provided for through the summer. The greatest problem at present is the restocking of farms and furnishing of seed.
"One point the outside world has failed to recognize is the great work done by the Russians themselves in helping the peasantry. Several aristocratic families are taking the sole care of enormous numbers of destitute people, and many women in high St. Petersburg society have gone to the provinces and established immense soup kitchens."

MADE LOVE TO HIS RIVAL'S DAUGHTER, AND RAN AWAY TO MARRIAGE.

JARRETS, Ga., April 20.—Editor Meroney, of the Murphy Cherokee Scout, has a pretty daughter, to whom Don Towns, a rival editor made love. Meroney told the girl that she could never marry Towns with his consent, and ordered Towns to keep away from her.
Towns disposed of his property and went to Albany, Ga., where he became editor of the News and Advertiser. He joined a hunting party bound for the Nantahala mountains, but dropped out on the way.
Miss Meroney slipped away from home and joined her lover, and they were married. Today they returned to Georgia.—New York World.

A HOTEL FIRE.

Frightened Guests Have Narrow Escapes For Their Lives.
ASHLAND, Wis., April 23.—Fire at midnight partially destroyed the American hotel. There was a panic among the guests, several of whom narrowly escaped with their lives. A number were seriously injured by dropping from the windows, but it is thought all will recover. The financial loss is small.

SHOOK \$100,000 WORTH.

SAN FRANCISCO, Cal., April 23.—There has been no recurrence of earthquake shocks in the Yuba valley, and the three towns where the greatest damage occurred are rapidly recovering from the effects of the disaster. The destructive area was confined to a triangle, having sides ten to twelve miles in length with the town of Vacaville, Dixon and Winters at angles.
It is now estimated that the total damage at all points will not exceed \$100,000.

HILL'S MAN WINS.

WASHINGTON, April 23.—The house yesterday adopted a resolution declaring Rockwell entitled to his seat, yeas 128, nays 106. Then Mr. Bryan of Nebraska, made a motion to recommit, with instructions to the committee to take further testimony. This was defeated, yeas 110, nays 125, and then the resolutions as amended were agreed to without further opposition. Thus Rockwell was retained in his seat.
More Than the Chinese.
WASHINGTON, April 23.—Senator Davis in his speech against the Chinese exclusion bill said that while much had been said about Chinese immigration, he ventured to say that a more undesirable immigration came into this country every year through the port of New York and across the line from Canada, from European countries, than from China.
To Feed The Russians.
PHILADELPHIA, Pa., April 23.—The steamship Conemaugh with a cargo of about six million pounds of flour, eighty thousand pounds of rice and other provisions for the famine sufferers of Russia, sailed for Riga, Russia, today.
The Louisville Fire Bug.
LOUISVILLE, Ky., April 23.—Seven fires were reported here last night. Evidently an incendiary is at work. The total loss will not exceed ten thousand.
