THE PHILADELPHIA FIRE

MORE DEVELOPMENTS CONCERNING THE BIG FIRE.

Bodies Found Burned to an Unrecognizable Mass—The Search Temporarily Stopped—The Big Presses of the "Times" Perhaps a Total Loss.

PHILADELPHIA, April 29.—Search for the victims of the Central theatre fire began at 7 o'clock this morning. Upon the belief that the bodies would be found close to where the stairway on the right leading up from the rear of the stage was located, work was begun at that point. The rear wall of the theatre and the still higher wall of the Times building being threatened over the workmen, great caution was necessary in digging around the base of the theatre wall.

After two hours and a half of slow, laborious work, the searchers had uncovered part of one body. A half hour's more work brought the body completely into view, but it was only a charred and blackened mass of flesh and bone, so little likeness to the human being that it could not be told whether it was a man or a woman. Little more than the trunk of the body was left. The head was gone, both arms were burned off to the elbows and both legs to above the knees. All of the clothing was burned away.

Beneath the spot where the body laid was found some burnt pieces of clothing, and protruding from the pile of bricks was an arm. A few minutes rapid work served to show that the arm was connected with a body, and the work of uncovering it was proceeded with. This was taken to the coroner's undertaker where it was found to be that of a woman. The clothing found beneath it was identified by the wardrobe woman of the theatre as that of Miss Flora Lorella.

As fast as bodies are removed they will be taken in charge by the coroner and when all the missing members of the company are found their friends will be given their bodies for burial.

Geo. S. Thatcher, who was in the audience who was reported as missing returned to his home late last night. Enough of the ruins of the Times building have been removed to allow a partial examination to be made of the press room. The double ceiling of the room in which so much dependence was placed in the event of just such an accident as that which occurred here today to have been crushed in by the falling building. Two of the presses are completely covered by debris, and it is feared damaged beyond repair. The third press is not so much damaged and may possibly be fit to use again. The two destroyed presses cost \$42,000 each.

The search for bodies stopped at noon because of the danger that the overhanging walls might fall on the searchers. These will be taken down at once and the search resumed.

Thos. Acheson, aged 37 years, who was burned while making his escape from the burning theatre, died today at the Pennsylvania hospital. Acheson is the first of those severely burned to die. Although several others are in a dangerous condition, it is believed they will all recover.

SOLDIERS PUNISHED.

Afghan Troops Attacked by the Indian Population.

LONDON, April 29.—A despatch from Peshwar, acity of India, near the Afghan frontier, states that troops of the Amer of Afghanistan, stationed in three villages between Herat and Bamian, have been treating the inhabitants in such an outrageous manner, holding neither their property nor their women kind sacred, that the men of the villages joined forces and made attacks upon the soldiers. The troops sustained severe defeat and at last reports were holding out against extinction behind the barricades. The populace is thoroughly aroused and determined to wipe out their long standing scores against the soldiers, who have treated the villagers far worse than an enemy would have done.

The situation is threatening and reinforcements are being hurriedly despatched from Herat, Candahar, and Kabul.

JAY GOULD GETTING FAT.

Is Said to Weigh Thirty Pounds More than He Did.

EL PASO, Tex., April 26.—Quite a sensation was caused this evening by the sudden disappearance of Jay Gould's private car. It was reported that urgent business had called him back to New York, but it was learned that he had only taken a trip out over the White Oaks railroads, and would return to El Paso at 8:30 tomorrow morning.

The weather has grown quite warm within the past few days and Mr. Gould's trip is merely to test the climate of the mesa north of this city.

Mr. Gould said that he felt better every day he remained here, especially since the setting in of warm weather, and that his visit would be prolonged indefinitely, or at least until he had fully recovered from his bronchial trouble. He has gained in strength and flesh, and weighs fully thirty pounds more than he did when he reached El Paso.—N. Y. World.

THE FLAMES DESTROY.

A Mississippi Village Almost Totally Swept Away.

REED CITY, Miss., April 29.—Last night fire destroyed all the business houses and residences on both sides of Main street. Not a business block was left standing two hours after the flames broke out in a drug store belonging to Matthews.

Among the heaviest losers are J. E. Wells, hardware; Dr. G. T. Field, John K. Nevis and the Old Fellows hall. All of the families burned out found refuge in a number of vacant houses on the outskirts of the town.

NEW YORK REPUBLICANS.

They Appoint Delegates and Endorse Harrison's Administration.

ALBANY, N. Y., April 29.—At noon the majority of the district delegates to the republican convention were seated and soon after the leaders arrived. It was twenty minutes past noon when state committee chairman Brookfield thumped up a small flag, draped stand with his gavel. Prayer was offered by Rev. I. N. Phelps after which secretary Kenyon called the roll.

When Herkimer county was reached a ruffled faced man arose near the front of the house, Mr. Mills, of Warner Miller's county. "I have to state to this convention," he began, "that Hon. Warner Miller has been unable to attend here and we wish to substitute in his place Charles Snyder. Mr. Miller has, however, written me a letter which I ask consent of this body to have read by the secretary."

There were scattered cheers at the mention of Miller's name and as Mills sat down Secretary Kenyon with his monotone voice that may be heard a distance of several city blocks, began reading the list. It was unimportant. When the call of the roll was completed, Brookfield, in behalf of the state committee, presented to the convention the name of Wm. A. Sutherland, of Rochester, as temporary chairman. He addressed the body, and when reached the words in his speech, "The splendid achievements of the present national government," there came up to him the first extended applause that had greeted his address. But when a moment later the speaker referred to the "Wisdom of the brilliant Secretary of State" there arose a tumult to which the applause for Harrison seemed but a preliminary murmur.

The tumult arose and rose again and the cheering was the expression of it. At the conclusion of Sutherland's speech the usual committees were appointed and the convention took a recess until three o'clock.

When the convention reassembled Whitelaw Reid was made permanent chairman, and delivered a lengthy speech. Mr. Reid was followed by Depew, Fassett and others.

President Harrison's administration was warmly commended.

MISSOURI REPUBLICANS.

A Full State Ticket Named Last Night.

JEFFERSON CITY, Mo., April 29.—A committee of fifteen, headed by ex-congressman Frank, appointed by the republican state convention yesterday to complete the state ticket, reported last night as follows: For lieutenant governor, Rudolph Miller, St. Charles county; for judge supreme court, W. S. Shirk, Sedalia; W. W. Edwards, St. Charles; Charles Nagle, St. Louis; for secretary of state, Henry T. Alkire, Holt county; for auditor, John N. Weeks, Jasper county; for treasurer, Fred J. Wilson, Knox county; for attorney general, David Murphy, St. Louis; for railroad and warehouse commissioner, W. S. Hathaway, Adrian county; for judge St. Louis court of appeals, W. L. Wallace, Laclede county; for judge Kansas city court of appeals, John H. Hale, of Carrollton county.

There was some demurring to swallowing the ticket at one gulp, but after some debate the report of the committee was endorsed.

Convention adjourned sine die.

WATER CASUALTIES.

Schooners go Down in a Storm Yesterday.

SAULT STE MARIE, Mich., April 28.—While making for shelter yesterday into Peninsula harbor on the north shore on Lake Superior, the Canadian steamer Glangerry, towing the schooner Gaskin and Genera lost the latter. A fearful storm was raging at the time and it is feared the Glangerry was pounded to pieces on State Island and her crew of ten men drowned. The Glangerry's wheel was found with the tow line, and the steamer went ashore on Sandy Bottom. The schooner Gaskin is safe with her.

ASHLAND, Wis., April 29.—The steamer Arizona lost her tow schooner, Plymouth, last night in a terrific storm. It is feared the Plymouth has gone to the bottom with her crew. The Arizona had a hard time making port, but has gone out again to search for the schooner.

FERDINAND WARD IN LUCK.

The Federal Authorities Decide Not to Proceed Against Him.

As the result of a conference between Judge Benedict and United States District Attorney Mitchell, it has been decided not to proceed, for the present at any rate, against Ferdinand Ward on the indictment found in the United States circuit court on Jan. 14, 1885. Ward's time will be up on Saturday and he will be released from Sing Sing then.

District Attorney Mitchell at one time contemplated arresting Ward on his release from Sing Sing, but as the sentence he will have concluded this week was for practically the same offense, he concluded it would perhaps have the appearance of persecution.—N. Y. World.

BOSTON, April 29.—In the case of Rev. W. W. Downs for slander against three members of Bowdoin Square Baptist church, this morning, the jury returned a verdict giving the plaintiff \$10,000 damages.

A CONGRESSIONAL SHERIFF

HE HAS WARRANTS FOR THE ARREST OF ABSENTEES.

Some Have Sick Families, Others Out of Town, the Remainder Promised to Be On Hand—The Speaker is Evidently Tired of Empty Seats.

WASHINGTON, April 29.—In the house this morning the speaker called attention to the fact that at the time of adjournment yesterday the sergeant at arms had been given warrants for the arrest of absentees. He would now ask the officer to make his report.

Col. Ike Hill then proceeded to the space in front of the speaker's desk to submit his report, when he was interrupted by Owens, of Ohio, with the point of order that after the adjournment of the house last night the sergeant at arms had no authority to bring in absentees.

The speaker replied that that was not a question of order. It was a question for the house to decide, but Owens persisted in his objection, declaring that the house had no right to issue such order. The speaker said that that question would arise when the sergeant at arms made his report.

Col. Hill stated that nineteen warrants had been put in his hands. Two members he had failed to find, one had been suddenly called away on account of sickness in his family, four were out of town. He had notified the other twelve and they had promised to be here this morning.

The speaker stated that the sergeant at arms had called on him last night and what he should do with the members upon whom nineteen warrants were served. The speaker had taken the liberty to instruct him to notify them to be present today.

SCOTCH IRISH CONGRESS.

The Second Days Proceedings in Atlanta Today.

ATLANTA, Ga., April 29.—The second day of the Scotch-Irish congress opened with increased attendance, the night trains having brought in a large addition to the membership. The session was opened with a melody by the United States artillery regimental band introducing the airs "Blue Bells of Scotland," "Campbell's are Coming" and other Scotch melodies. After prayer by Rev. Dr. E. H. Barnett, of Atlanta, followed by the rendition of "Palm Branches" by the orchestra. President Bonner introduced Prof. H. A. White, of Washington and Lee university who delivered an address on "The Three Ideals," the puritan, the cavalier and the Scotch-Irish. Prof. White was followed by Prof. Geo. MacLachlan, of Princeton university, Green school of science, who delivered a short address on the evolution of the Scotch-Irish race. Then followed ten minute speeches by Henry Quigg, of Georgia, and Maj. W. C. Smith (Bill Arr) on "The Georgia Cracker."

Geo. H. Frye, of Springfield, O., will invite the congress to meet at that place next year, and Henry Wallace, of Des Moines, will ask it to go to that city. Wallace says every officer of the Iowa state government is a Scotch-Irishman, including Gov. Boies. Frye offered this by nominating Gov. McKinley, of O., for membership in the Scotch-Irish society of America. Gov. McKinley was of course elected with enthusiasm.

Pat Callahan will tonight address the congress of Scotch-Irish of Georgia, showing that this state is Scotch-Irish and not Anglo-Saxon.

NOT A LADYLIKE ARGUMENT.

Woman Suffragists Storm the Platform at a Public Meeting.

LONDON, April 26.—Lady Florence Dixie presided at a meeting held in St. James' hall this evening in support of Sir Albert Rolli's woman suffrage bill. The speakers were much annoyed by a noisy minority, and toward ten o'clock, while Bernard Shaw was speaking, the platform was stormed by the malcontents. The reporters' table and the platform rails were demolished and a free fight ensued, which, after twenty minutes, ended in a victory for the malcontents. They then placed their own leader in the chair and carried a resolution declaring that Sir Albert Rolli's partial measure is unworthy of support and that full female franchise ought to be given.—New York Herald.

An Interesting Case.

It is learned at Winston that a compromise had been effected in an interesting case which had been "hanging fire" in the courts of Stoke county for two or three years. The parties interested are Mr. Thomas K. Pepper, and Miss Emma Smith of that city. The charges were a breach of contract for marriage and Miss Smith placed her claims for \$5,000. Now Mr. Pepper's lawyers have secured an acceptance of \$500, on condition that she is to give up all the jewelry, including a gold watch, rings etc., given her by Mr. Pepper. The latter married a Miss Leipter, of Virginia, about two years ago.

Big Electric Combine.

PHILADELPHIA, April 27.—The Press prints an article stating that a gigantic combination has been effected by the Thomson-Houston and Edison companies. The former, capitalized at \$10,000,000, and the latter at \$15,000,000, will, it is said, be operated after May 1 by the General Electric company, with a capital of \$50,000,000.

A Rapist Hanged.

NASHVILLE, Tenn., April 29.—Henry Grizzard, a negro and an ex-convict, was hung by crowd of avenging citizens near Goodlettsville about 10 o'clock yesterday morning, for committing rape upon Mary Bruce, white, eighteen years of age, and of respectable family.
