A BRILLIANT RING.
We are showing some of the daintiest novelties ever displayed in jewelry. It would be easier to tell you what we haven't got than what we have. If you haven't seen our elegant trifles in gold and in silver, there is a treat awaiting you, and, whether you have purchases in mind or not, you should not miss them. It is difficult to resist going into details—we are strongly tempted to describe some of the exquisite products of the season's art, some of which show that the caprices of fashion are apt to be wonderfully charming, but you'll get a much better idea if you come and look for yourself.

FARMERS' NEW MOVEMENT
PLANTING LESS COTTON AND MORE BREAD STUFFS.
The Average Reduction For the State of South Carolina in Cotton Will be Twenty Five Per Cent—That Means a Better Price For the Great Staple.
CHARLESTON, S. C., May 4.—The News and Courier publishes special reports from every county in South Carolina in regard to the reduction of the cotton acreage. The reports show that in all sections of the state there has been a considerable reduction in acreage planted in cotton. In some sections it will not amount to more than five or ten per cent. In others it is as high as fifty per cent. and in some instances large farmers have not planted a single cotton seed. Taken altogether it is safe to say that the average reduction for the state is about twenty-five per cent.
A very gratifying feature of this new farmer's movement is that the acreage planted in bread crops is being given to bread crops.

RETRALIATE AGAINST CANADA.
Important Message Expected to be Sent to Congress.
WASHINGTON, May 1.—The message which President Harrison is expected to send to congress this week will submit to congress the report of the conference upon the subject of reciprocity between the two countries held by Messrs. Thompson and Tupper with Secretary Blaine and Gen. J. W. Foster in February last in this city. This conference was self-initiated by the Canadian visitors, and came to no conclusion. In the message transmitting the report, it is understood that the president makes some suggestions to congress, the principal one of which is that this government impose tolls upon Canadian vessels passing through the Saint Ste Marie Canal in retaliation for the discrimination made by Canada against United States vessels passing through the Welland and St. Lawrence canals.
The course of the Canadian commissioners, Messrs. Thompson and Tupper, in relation to this subject of discrimination against United States vessels, is quite limited, and that they have been powerless to carry out promises which they were understood to have made before leaving Washington. At one of their meetings, it is said, Secretary Blaine made a vigorous protest against the continuance of the practice of charging discriminating tolls against United States vessels passing through the Welland and St. Lawrence canals. His statement of the case was so convincing that the visitors practically could make no defence, and promised, according to the understanding of Secretary Blaine and Gen. Foster to have the practice discontinued with the opening of the season this year. So far as the officials here have been advised, nothing has been done by the Canadian authorities.—N. Y. Sun.

ALLIANCE PRINCIPLES.
The Support of Them the Only Test of Fealty.
BIRMINGHAM, Ala., May 4.—The Age-Herald has been furnished with the following as a correct statement of proceedings and prospects of the alliance in session here.
"The day has been spent in receiving reports from the different states upon the situation. Perfect harmony seems to prevail and a wise conservatism that will prevent any radical action governs the entire work."
"All present express a determined support of alliance principles by their constituents and seemed to be disposed to keep the order entirely free from any partisan entanglements. In all probability the resolutions to be passed will favor pressing to the membership inviolate their fullest rights and freedom to affiliate politically with any party, making the support of alliance principles the only test of fealty."

DEMOCRATIC ECONOMY.
WASHINGTON, May 1.—There is a big row brewing among the democrats in the House over the proposition of the committee on Appropriations to make a general reduction in the salaries provided for in the Legislative, Executive, and Judicial Appropriation bill. The proposed reductions have not yet been agreed upon, but several members of the committee have informed their friends what might be expected. It did not take such news long to travel all over Washington, and the consequence is that every Government official is on the anxious seat.

TWO KILLED BY A CYCLONE.
PARTISBURG, Md., May 4.—About 3:30 p. m. yesterday a cyclone passed through DeKalb in a northwesterly direction sweeping everything before it. It wrecked the house of Mr. Sharp and seriously injured him, killing his wife and a Miss Boyd.

NEW ORLEANS MASSACRE.
It Gives Rise to a Proposed New Law.
WASHINGTON, May 3.—The most interesting topic of national concern is that one of the probabilities on the senate program this week is connected with the New Orleans Italian incident. It is in the form of a bill reported from the committee on foreign relations, and its aim is to carry out the recommendations in the president's last annual message, inspired by the parish prison massacre in New Orleans. It provides that jurisdiction shall be given to the federal courts over crimes committed in any state against subjects of powers with which the United States has treaty relations.
The principal difficulty that confronted the United States in its dealings with the Italian Government over the New Orleans incident was that the men concerned in the killing of the Italians could not be tried in the United States courts, but only in the courts of the state of Louisiana. The Italian Government bitterly complained that this Government was violating its treaty agreement in making taking into its own hands the punishment of the culpable persons.
Secretary Blaine explained to Italy

BEAUJEU'S CONFESSION.
ONE OF THE WRECKERS OF COUNT MINETTE'S HOUSE.
The Bombs That Caused the Damage at Liege Were Charged With Twenty Five Kilograms of Forcible—Fresh Outrages Expected.
BRUSSELS, May 4.—The magistrate who is inquiring into the explosion that wrecked the residence of Count Minette at Liege, says that the bombs that caused the damage were charged with 25 kilograms of forcite. Fourteen kilograms more of the explosive have been stolen and fresh outrages can be expected.
The authorities have no doubt that Beaujean and Lefebvre, two men who were arrested yesterday on suspicion of having caused the explosion at Count Minette's residence, were guilty. Search was made of Beaujean's lodging and there were found a number of cartridges and a quantity of dynamite. When Beaujean learned of this discovery he made a full confession of his guilt and incriminated a number of other anarchists who were arrested today.

POOR ITALY.
She Cannot Maintain Her Present Army.
BERLIN, May 3.—The financial embarrassment of Italy continues to excite serious alarm in the grand general staff and the imperial cabinet. Several conferences were held between the Emperor and Count Caprivi on the subject, and since the departure of the latter for Carlshud the Emperor has consulted with the chief of the general staff daily.
There is little doubt that the suggestion has been made from Rome that Italy must reduce her military establishment to help her through her present financial difficulties. The proposed reduction has been estimated all the way from two army corps to one-third the present force. King Humbert and Premier di Rudini are said to have contended that the loss of two army corps would not lessen materially Italy's value to the Triple Alliance.
The moral effect of such a reduction, however it is felt here, would be very great, especially in view of the menaces of Russia on the German and Austrian frontier and the new difficulties threatened by Bulgaria's prospective demand for recognition. In case of war between Italy and France alone, the proposed change would probably be fatal to Italy.

HORRIBLE BUTCHERY.
A Woman Saves Her Honor at a Fatal Sacrifice.
CHICAGO, May 4.—Bridget Walsh, wife of Michael Walsh, a tinsmith in the employ of J. V. Farwell & Co., was murdered yesterday and mutilated in a fashion suggestive of Jack the Ripper.
Her husband when he returned from work last evening found her dead body in the bedroom with sixty-five gashes varying in length from an inch to a foot. Cuts were upon every part of her body from the crown of her head to the soles of her feet. A pair of long bladed scissors were driven into the woman's breast immediately over the heart and a broom handle had been driven through her body lengthwise from below to the throat, mauling her body in a horrible manner. Her clothing had all been cut from her body and were thrown upon her remains.
Walsh's nephew, Thomas Walsh, has been arrested for the crime and has confessed. He says he made an improper proposal to his aunt, for which she slapped his face. He drew a knife and stabbed her, and the sight of blood suddenly drove him insane with the result that he mangled and tore the poor woman as related.

CHANGE OF FAITH.
NORFOLK, Va., May 4.—The announcement is made of the formal withdrawal from the Methodist church of Rev. Wm. E. Evans, D. D., who has been pastor of Granby Street M. E. church, south, of this city. He will enter the Episcopal ministry.
Something New in Berlin.
BERLIN, May 4.—The marriage of Fen Lee, a Chinese, and Agnes Gertung of this city is being commented upon with surprise, this being the first alliance of this kind announced in Germany.

CONSOLIDATED.
NEW YORK, May 4.—With the issue of May 7th the New York Weeklyman will be consolidated with the weekly edition of the Spirit of the Times.
J. Bennett Hissell Dead.
CHARLESTON, May 4.—J. Bennett Hissell, a prominent citizen of Charleston, died yesterday morning. He was fifty-six years of age.

WANTED.
1,000 DISABLED MEN.
Must be in poor health and unable to do a good day's work. A disordered liver or any disease caused by scrofula or bad blood will be considered a qualification, but preference will be given to those suffering from "that tired feeling." Apply at Grant's Pharmacy and ask for a bottle of "Buncombe Sarasparilla;" it is the only guaranteed cure in all cases of disease for which it is recommended.
Did you ever—no, I never, see'd a feller half so yeller. How's your liver? Why, all upset, of course. Then take the remedy, "Buncombe Liver Pills," and you won't go around looking the color of a yellow fever victim. They are guaranteed to benefit or cure in every case of disease for which it is recommended or money paid for them will be refunded. For sale only at
GRANT'S PHARMACY.
BUNCOMBE LIVER PILLS are mild, yet efficient; do not cause pain or grip, and act upon the liver and bowels. They are especially valuable as after dinner pills, and readily cure constipation and costiveness, nausea, distress in the stomach, etc.
They are purely vegetable and we believe they are the best family pill yet prepared and offer them with perfect confidence, believing that whenever used it will be with the happiest results. Try them and judge for yourself. For sale only at
GRANT'S PHARMACY.

THE BANDITS.
that punishment could be had only through the state courts of Louisiana, the jurisdiction over murder in the several states being given to them. But Italy insisted that the United States had not acted in good faith, and to show its feeling, Baron Favre, the Italian minister, was recalled from Washington, although diplomatic relations were not wholly severed. In order to avert in the future any difficulty of this nature, the bill referred to was brought in by the committee on foreign relations, and it is probable that it will be passed.

SOME POLITICS.
Some of It Is Our Way and Some Isn't.
JERSEVILLE, Ill., May 4.—There is likely to be a prolonged fight in the 12th district democratic convention in session here. Four candidates are in the field for the congressional nomination. In balloting yesterday Anderson received 24 votes; McDonald, 6; Ward, 11; Wike, 74; number necessary to choice, 38.
ST. PAUL, Minn., May 4.—The elections yesterday were the hottest and bitterest in the history of this city and the result is something in the nature of a landslide. Two years ago Mayor Smith was elected to his second term by a plurality of about 1,300, while from returns so far received Col. Wright, his republican citizen's opponent, is elected by about 1,300 majority.
