

WITH THE RAILROAD FOLK

GOSSIP GOING ROUND OF GENERAL INTEREST.

Asheville Never Had as Many Trains as are Promised From and After Next Sunday—Capt. McBeck and the Vanderbilts—Reduced Rates.

Sunday will be a red letter day for Asheville and the traveling public, as on that day the double daily passenger train service is to be resumed on all lines running into the city.

The Citizen is today enabled to give the schedules of the new trains, the information being taken from a letter received by Manager E. P. McKissick, of the Battery Park, from Col. W. A. Turk, assistant general passenger agent of the Richmond and Danville railroad.

On the main line there will be a night train, leaving Salisbury on arrival of No. 9, from the north, at 1:30 a. m., and arriving at Asheville at 8 a. m.

This train will have Pullman sleeper from Raleigh to Asheville. Returning this train, No. 10, will leave Asheville at 9 a. m., arriving at Salisbury at 4 p. m.

The Raleigh sleeper which will reach Asheville on No. 9, will return on No. 12, leaving Asheville at 2:25 p. m., and arriving at Raleigh at 3 a. m.

Trains Nos. 11 and 12 will continue to carry New York and Knoxville sleeping cars. No. 11 will reach Asheville exactly as on present schedule, leaving at 6:30 p. m., making connection for Knoxville at Point Rock. No. 12, northbound, leaves Asheville at 2:25 p. m., arriving at Salisbury at 8:05 p. m.

A passenger train is also to be put on between Charlotte and Asheville, connecting at the latter point with day trains over the Western road.

Trains from Charleston will leave about 7 a. m., arriving at Columbia about 11 a. m. The train from Savannah, over the Southland road, with through sleepers between Jacksonville and Asheville, will arrive in Columbia at 11 a. m. A train will also leave Augusta at 8:15 a. m., with parlor car from Augusta to Asheville, via Columbia, connecting train arriving in Asheville at 6:25 p. m.

This train connects at Spartanburg with Atlanta and Charlotte Air line trains Nos. 11 and 12. A train will also leave Spartanburg after arrival of the northbound limited, reaching Asheville at 10:15 p. m.

This train carries a parlor car between the two points. Returning, the train leaves Asheville at 8:15 a. m., arriving at Spartanburg at 11:25 a. m., connecting with southbound vestibule limited.

The train for Charleston and Savannah, carrying sleeper from Asheville to Jacksonville, and parlor car to Augusta, leaves Asheville at 11:15 a. m., connecting trains arriving at Charleston 10 p. m., Savannah 11 p. m., Jacksonville next morning, and Augusta 9:15 p. m.

In addition to the present schedules on the Murphy branch there will be a train from Waynesville to Asheville, leaving the former place 6:40 a. m., and arriving at Asheville 8:10 a. m. Returning, leaves Asheville 6:35 p. m., arrives at Waynesville 8:05 p. m.

There will also be a train from Asheville to Hot Springs, leaving Asheville at 9 a. m., and arriving at Hot Springs 10:30 a. m. Returning, leaves Hot Springs 5:45 p. m., arriving at Asheville 8:15 p. m.

In concluding his letter Col. Turk says: "I am satisfied these are the very best schedules ever offered to the people of Western North Carolina. Every train on the Asheville and Spartanburg road is provided with Pullman parlor cars, and every through train on the main line with Pullman palace sleeping cars."

"Buuch" McBeck Still Climbing. The Atlanta Constitution in a lengthy article prints the fact that Capt. V. E. McBeck, for a long time superintendent of the Western North Carolina railroad, with headquarters at Asheville, has resigned the superintendency of the Central railroad of Georgia, to accept a similar position on the Vanderbilt system. It is reported, the Constitution says, that about June 1, he will go to the Lake Shore or West Shore road as general superintendent.

Referring to Capt. McBeck's work on the Central, the Constitution says: "When he went to Savannah he inaugurated the weekly payments of the Central's wharf hands, who had previously been paid off monthly. He broke the strike there last September, and no complaints have been heard from his engineers or any other set of employees. He is liked by his men and is popular with the public. Capt. McBeck's friends regret the prospect of his leaving the south, but appreciate the compliment in the offer from one of the greatest systems in the world."

In the opinion of Capt. McBeck as expressed in that paragraph every man who knows that gentleman will concur heartily. No man ever made more money among his employees, and outside the ranks too, than he did while on the Western North Carolina railroad.

Mr. Kroger to Wed. Wm. Kroger, the popular College street grocer, left this afternoon for Cincinnati, his old home. On the 16th inst, Mr. Kroger will be married in the cathedral at Covington, Ky., to Miss Anna Specker, of that city. After the marriage Mr. and Mrs. Kroger will go to Old Point Comfort for a week's stay, returning from there to Asheville, their future home. The intended bride has many friends in Asheville, where she has spent several summers. The Citizen's tender congratulations in advance to the young couple.

The board of aldermen held a special meeting yesterday for the purpose of accepting the compromises offered by residents of South Main street affected by the widening of that street from the corner to Atkin street. The jury on the widening was to have gone over the street today, but on account of this being a legal holiday the jury met and adjourned to tomorrow morning. The jury is composed of A. H. Baird, D. S. Watson, E. W. Burkholder, W. S. Cushman, C. L. Lindsey and N. A. Penland.

THE "SHENANDOAH."

A Photograph of the Vessel Taken in September, 1865.

Capt. F. N. Waddell today showed THE CITIZEN what he thinks is the only photograph in existence of the Confederate warship "Shenandoah." The vessel was commanded by James Ireland Waddell, a brother of Capt. F. N. Waddell and Alderman D. C. Waddell, of this city. The vessel carried eight broadside guns and two fore and aft guns, with a crew of 135 men and five officers. The lieutenants were Whittle, of Mississippi; Lee, of Virginia; Grimble, of South Carolina, and Seales, of Mississippi.

Commander Waddell knew nothing of the close of the war until September, 1865, in which month he surrendered at Liverpool to Admiral Hope, of the British navy.

The photograph was made by Ferranti, in Liverpool, and Capt. Waddell is having it enlarged.

The Issue.

From the Franklin Times. What better platform could a candidate for governor desire than one which demanded better country roads? "Gentle as the summer breeze."

"I'd rather take a thrashing any time than a dose of pills," groaned a patient to whom the doctor has prescribed physic. "I'd as lie be sick with what ails me now, as to be sick with the pills."

"I don't think you've taken any of the pills I prescribe, or you wouldn't dread the prescription so," laughed the doctor. "I never use the old, inside twisters you have in mind. I use Dr. Pierce's Pleasant Pellets. They always make me think of a part of an old hymn—Gentle as the summer breeze. The best thing of the kind ever invented. No danger of their making you sick. You'll hardly know you've taken them. I wouldn't use any other in my practice."

GEN. VANCE'S SPEECH.

T. C. Westall Corrects the Report of the General's Remarks

EDITOR THE CITIZEN:—The report in your paper of last Saturday evening of Gen. R. B. Vance's short speech at the prohibition meeting in the court house, puts that popular gentleman in a false light before the public. But THE CITIZEN was not at fault in reporting that "he called on all well wishers of this great reform to ally themselves as workers and voters in the cause."

Now, your report would need no correction as I understood Gen. Vance, if I had not privately told me, before he left the court room, that he was not a prohibitionist outside of the democratic party. That meeting was held by prohibitionists as a party, separate and distinct from any and all other political parties, and a prohibitionist of that stripe can no more be that and a democrat than he can be a democrat and a republican at the same time. He cannot "call on all well wishers of the great reform to ally themselves as workers and voters in the cause" without calling them from one or the other of the old parties. "Ye cannot serve God and mammon."

The reason I call for the correction is, that I have been appointed chairman of the executive committee of Buncombe county for the prohibition party, and desire that there shall be no false impressions to either strengthen or weaken the cause. I delayed calling for the correction hoping Gen. Vance would make it himself. Respectfully, T. C. Westall.

A Complaint.

EDITOR THE CITIZEN:—Will THE CITIZEN allow me space in its columns to ask the school committee to explain why they advertised the bids the way they did, or how they let the job?

As one of the bidders and a contractor it is just the way it stands and a slur on my character. Gentlemen of the committee I would rather you would say as one of your number said that day, "no one voting against the subject should have any of the work if it is carried," which I did. Will my v. m. friends come to the front and correct three in number? John G. Lindsey, O'J. G. & C. L. Lindsey.

And He Will Do Nothing.

From the Baltimore Sun. President Harrison has been officially notified by a civil service commissioner of the highest personal character, for intelligence, courage and impartiality, of his own party and his own appointment, of twenty odd persons in this city, alone who were guilty of offenses against the law that warranted and called for their immediate dismissal and President Harrison has done nothing.

Col. L. J. Alfred Writes:

I am in my seventy-third year, and for fifty years I have been a great sufferer from indigestion, constipation and biliousness. I have tried all the remedies advertised for these diseases and got no permanent relief. About one year ago the disease assuming a more severe and dangerous form, I became very weak and lost flesh rapidly. I commenced using Dr. H. M. Moody's Lemon Lixir. I gained twelve pounds in three months. My strength and health, my appetite and my digestion were perfectly restored, and now I feel as young and vigorous as I ever did in my life. L. J. Alfred, Door-keeper Ga. State Senate, State Capitol, Atlanta, Ga., Aug. 5, 1891.

A Mother's Report.

Mrs. N. A. McElroy writes from Spring Place, Ga.: For many years I have been a great sufferer from indigestion, sick headache and nervous prostration. I tried many remedies, but got no permanent relief until I used Dr. Moody's Lemon Lixir. All the remedies I had used in vain. I feel in better health than for many years. My daughter has been subject to chills and fever from her infancy. My daughter has been subject to chills and fever from her infancy. I could get nothing to relieve her, until the Lemon Lixir has restored her to perfect health. Sold by Druggists, at 50c, and \$1 per bottle. Prepared by Dr. Moody, Atlanta, Ga.

A Love Song in 31 Flat.

"My modest, matchless maiden, Mark my melodious midnight moans, Much may my melody mean— My modulated monotonies— This young man stayed out too late, serenading his lady love. He caught a cold which developed into catarrh, but he cured it with Dr. Sage's Catarrh Remedy, a sovereign specific for chronic cases. "Cold in the Head," Catarrh of the Head-ache. It corrects the tainted breath, stops the offensive discharges, heals the irritated throat and nose, leaving the head clear, and smell and taste unimpaired. It costs but 50 cents, and the proprietors offer in good faith \$500 for a case they cannot cure.

KING'S WINDSOR ASBESTOS CEMENT

FOR PLASTERING

In its mixed form is superior to all other plaster, because, being mixed by machinery, the only thing left to the judgment of the man at the mortar bed is the right quantity of water. It makes walls and ceilings more elastic than any other material known for plastering. The Asbestos used renders the material a great protection against fire, and the density. The extreme density of the cement renders it vermin and germ proof. It will not scum. It is free from sand. It dries out from three to five weeks quicker than lime or chip mortar. No action takes place after setting, which is a matter of two or three hours only. Frost or water will not injure the work after it is once set. Experience has shown that ceilings well soaked from any cause will dry out as strong as ever. In fine ceilings are unknown, and the plastering will last as long as the building itself. It can be finished in any way of which ordinary plastering is capable. Walls and ceilings made from this material are second to none, and, considering the advantages named, the excess of cost above lime and hair is a small matter. The best and most convenient article known for small jobs and patching.

PROPRIETOR CAROLINA SALOON.

WE LEAD; OTHERS FOLLOW.

Why buy a poor pump when you can buy a good one? Most deep well pumps are hard to work by hand, especially in hot weather. When you buy a pump you want to get water without going into training for a prize fighter. Having been appointed sole agent for Buncombe county, North Carolina, by F. E. Myers Bros., of Ashland, Ohio, for their celebrated Force and Lift Pumps, I am able to furnish you with a pump for either hand or windmill which will not make you sweat in hot weather, but which will be "a thing of beauty and a joy forever," and which, in spite of its beauty, "will get there" (with the water). I shall be glad to furnish anyone with one of these beautiful pumps on the following conditions: 1st. I will place in wells any depth up to 200 feet a pump complete which will pump the water out. 2nd. I ask no pay until the pump does the work provided I put it in the well. 3rd. No charge for putting a pump in well beyond payment of my expenses. 4th. Pump to be paid for on completion of job. If party owning the well is not satisfied that the pump will pump water and the pump does not do the work I charge nothing for pump or time. Things to Remember:—That I absolutely guarantee the pump; that these pumps have Myers Bros. Patent Glass Valve seat; that I ask no pay if the pump does not work; this is the cheapest good pump in the United States. "Every man ought to have a pump in his well thereby avoiding cruel labor to his wife or help, dead cats and dirt from hands on well rope or chain, and other abominations too numerous to mention. E. D. HEINEMANN, Inanda P. O., Buncombe Co., N. C.
