ARE THEY EMPLOYED TO THE DETRIMENT OF PUBLIC SERVICE?
WASHINGTON, May 12.—In the house today Mr. Gates, a privileged question, from the committee on judiciary, reported back the substitute for the Watson Pinkerton detective investigating resolution. The substitute resolution recites the allegation that a certain organization known as Pinkerton detectives are employed unlawfully and to the detriment of the public by railroad corporations engaged in the transportation of the United States mails and interstate commerce, and directs the committee on judiciary to investigate and Pinkerton detectives, the character of their employment by the corporations engaged in the transportation of interstate commerce and of the United States mails, the number so employed and whether such employment has provoked breaches of the peace or caused destruction of property, and all material facts connected with their alleged employment. The committee is given the usual powers as to summoning witnesses. The resolution was adopted and the house went into committee of the whole on the sundry bill.

A BIGAMIST.
COLUMBIA, May 9.—E. H. Olney, a young man of respectable appearance, gave himself up to the chief of police in Augusta this evening, and confessed that he was a bigamist and had acted the part of a sounder. He says he has one wife in Paris, Tenn., another in Augusta, Kan., and a third in a small country town in Tennessee. Conversion to religion, he said, caused him to confess. He asked to be sent back to Tennessee for trial. The Augusta authorities advised him to go back of his own accord.

AN HON. PLEADS GUILTY

HE ASSAULTED A LADY IN A RAILWAY CAR.

He said at first it was blackmail, but now confesses that he is guilty—hard labor for six months.

LONDON, May 12.—A sensation was caused this morning when it became known that Hon. Patrick Greville Nugent, brother of Lord Greville, indicted for having assaulted Miss Marion S. Price in the compartment of a railway carriage, had pleaded guilty in the North London sessions, of common assault.

The accused had repeatedly insisted that the case was one of attempted blackmail, and his plea when he was arraigned was a great surprise to his friends. The prisoner was sentenced to six months in prison at hard labor; Nugent, who is forty years old, resides at 95 Eaton Terrace, Eaton square. He is deputy lieutenant and magistrate of the county of Westmeath, Ireland, and held a high social position. The

BILTMORE RIDGET.

What Goes on in That Lively Little Suburb of Asheville.

R. H. Patton, a workman on the building now going up at Biltmore, for the Biltmore ice factory, was at work on a scaffold yesterday afternoon about 2 o'clock, when the scaffold gave way, throwing Mr. Patton to the ground, a distance of twelve feet. He struck on a piece of timber, and sustained a broken rib, besides a few bruises. Dr. A. S. Whitaker is attending the injured man.

The frame of the ice factory is up and the erecting is now being put on. The machinery is being put in place and the factory will soon be ready for operation. The company is composed of M. L. Reed, S. H. Reed, C. R. Whitaker and T. J. Reed.

Frank Stevenson, the colored workman on the Vanderbilt estate, who had his foot crushed while jumping off a moving trolley, is now able to be out on crutches.

Dr. A. S. Whitaker has returned from Atlanta. While there his six-month-old grandchild, Charles Dean Grady, died of cholera infantum. The child was buried in the family plot in the cemetery at Palmetto, Ga.

CONCORD, N. H., May 12.—The democratic convention to choose delegates to the Chicago convention adopted this resolution:
"We recognize in Grover Cleveland a great leader in tariff reform, who with an energy that never failed, with a directness that never swerved, with a sublime faith that never faltered, led the way through reverses in 1888 to an overwhelming victory in 1890, and under whose continued leadership there will be

DID HE TRY

TO COMMIT SUICIDE?

The train which leaves the Asheville depot at 2:30 is rounding the bend yesterday when a man rushed to the platform and jumped off. His rash act created great excitement among the other passengers—they all thought it was a case of suicide. Ladies fainted, men rushed to the platform expecting to see his mangled form upon the track, but the fact was he had forgotten to put his boots of "Buncombe Pills" in his satchel and would not start on his journey without them. He took great chances, but he might have taken greater.

NECK AND NECK.

A beautiful scene at the Kentucky Derby.
LOUISVILLE, May 12.—In spite of the cold and threatening weather, there were 12,000 people at the derby day opening of the Churchill Downs spring meeting. The track was fair but not fast, and the sport was excellent.

A prettier race than the eighteenth Kentucky derby was never run on the Churchill Downs track. Though there were but three horses in it, it was excitement and doubt from the first jump. The money poured in on the Corrigan entry and the home plunger receded in on Azra at odds of 9 to 5 and 2 to 1. In the first race, they were sent away at the first start neatly aligned, Britton rushed the mile, Azra ahead with all confidence, Azra was second, lapped by Phil Dwyer, Overton attempted to get Phil Dwyer into the lead but the longed-for colt was done for and it was seen that the battle was to be between the leaders. Further and further away from Azra did Britton and Britton get multiple lengths separated them. As they passed the stand, Clayton had closed up on Azra slightly, Azra answered the call nobly, and as he went ahead, Britton sent Himon ahead, keeping the distance the same between him and Azra. There was not a foot's difference in this distance until they were within two hundred yards of the wire when Azra was three lengths behind Himon. Finally was that Little Clayton a straightened himself and called on Long candidate. To everybody his response was perceptible. Slowly on Corrigan's side did the colt gain, getting ahead at every stride, Neck and neck they raced as the crowd yelled itself hoarse. Both horses were along their best and it was simply a case of best jockey. Just as they got under the wire the nose of Azra was lited in front and the derby was over. Phil Dwyer was a length behind and in the bush was coming very fast. The value of the Derby to the winner was \$4,250.

DISCUSSION SHUT OFF.

A Letter to the American Bishops on Parochial Schools.
ROME, May 12.—The letter to the propaganda, addressed to the American bishops in regard to the development of Archbishop Ireland's plan in regard to parochial schools, maintains the decrees of the council of Baltimore and approves the actions of Archbishop Ireland. The letter states that the propaganda regrets the attacks that have been made upon the archbishop and forbids any further adverse discussions.

Rain Just in Time.
WILMINGTON, N. C., May 12.—Refreshing rains throughout this section have just come in time to save crops of all kinds from very serious injury. The effects of the prolonged dry spell were beginning to be felt on truck farms, and staple crops were also seriously threatened.

IN THE SENATE.

American Ship Building Our Relations With Cuba.
WASHINGTON, May 12.—In the Senate today among the bills introduced and referred were as follows:
By Dawes, authorizing the president to proclaim a general holiday, the four hundredth anniversary of the discovery of America, on Oct. 12, 1892. By H. S. Cook to encourage American ship building, extending to the steamship China of the Pacific mail steamship line the same privilege as has been extended to the city of Paris and the City of New York.
Mr. Call offered resolutions (which went over without action) for the appointment of a joint committee of two houses to inquire into the condition of Cuba and the islands known as the Greater Antilles and their commercial and political relations with the United States, to report such legislation as may be expedient and necessary to improve the commercial and political relations of the people of the United States and of those islands.

Died in the Lone Star State.
A telegram was received in this city yesterday announcing the death in Houston, Tex., of Richard B. Hare, of heart disease. He was 27 years and 6 months of age, of excellent character, and liked by all who knew him. He leaves a wife, his mother, sister and four brothers here in Asheville. His remains will be brought to Asheville for interment, arriving here probably tomorrow afternoon.

Ex-Governor St. John.
J. Norris Myers, of this city, has received a telegram from J. H. Southgate, state secretary of the prohibition party, stating that he could make arrangements for a lecture to be given here, on Wednesday evening, June 1, by John P. St. John, ex-governor of the state of Kansas, and candidate on the prohibition ticket in 1884 for president. The Grand opera house has been secured for the occasion, and the distinguished speaker will surely be here.

Suffocated to Death.
BERLIN, May 12.—Fire broke out last night in a dwelling house at Crefield, a town in Rhinisch, Prussia. They were suffocated to death and afterwards horribly burned.

England Accepts.
