WM. LAWRENCE SAUNDERS

BEAUTIFUL TRIBUTE TO HIS MEMORY.

His Great Services to the State Appreciated at Their Real Worth—Other Exercises at Chapel Hill Commencement.

CHAPEL HILL, June 1.—The orations by the representatives of the Diabetic and Phiantropic Literary societies were delivered in Memorial hall before a large audience last night. The speakers were: S. F. Austin, Clayton, N. C., a Phi. subject—"Saxon Ideas in America." T. J. Cooper, Murphy, N. C., a Di. subject—"Foot Prints of Individuals." F. C. Harding, Greenville, N. C., a Phi. subject—"The Conflict of Forces." W. P. Wooten, LaGrange, N. C., a Phi. subject—"The Future of Southern Europe."

Today a large and inspiring audience listened to Col. A. M. Waldell's oration on William Lawrence Saunders, of whom the speaker said:

"I begin to do justice by declaring it to be my deliberate conviction that our state has never produced a son who was more intensely North Carolinian in every fiber of his being, or one who rendered more continuous, unselfish, devoted, and valuable service to her than did William Lawrence Saunders—service, too, a large part of which was performed by him during years of ceaseless physical pain and suffering. Indeed his whole life from boyhood to the day of his death, through evil and good report, in adversity and prosperity, was devoted to the work of sustaining and defending her honor, and the welfare of her people. If, therefore, any North Carolinian ever deserved to be remembered with gratitude for his public service it was he; and if the state had not persistently refused to recognize by some permanent memorial any obligation for such services by any of her sons, we might judge the hope that she would erect a monument to his memory. She stands alone among civilized governments in this respect, for she has never erected a single memorial stone to show the world that she ever produced a son worthy of remembrance."

Col. Waldell closed as follows: "Recently I stood, at night, on the narrow peninsula where thirty-seven years ago fleet and fore proclaimed in thunder the name of Fort Fisher. To the eastward heaved the sea, on whose rolling billows the rising moon shone over the endless light, while opposite, and hanging low above the shining river in the limitless depths of the western heavens, glowed the serene orb of the evening planet, whose glories heightened as it neared the horizon. Between lay the long line of rugged mountains over which the cold, battle-chilled and flowed when the expiring hopes of a brave people were forever extinguished. Beneath wave and earth mound alike patriot bones were bleaching, mute witnesses of the horrors of civil strife and of the emptiness of human ambition. Higher rose the coldness of the night, wider grew the sheet upon the waters, lower and more luminous sank the star. A solemn stillness, unbroken save by the voice of the night wind and the sea reigned supreme.

"A more beautiful or a more impressive spectacle never greeted the gaze of one who looks reverently and wonderingly upon the physical universe, and as I watched that evening planet sinking to its rest a voice within me whispered: 'So too the patriot's eye there is no vision more grateful than the career of him who, forgetful of self, and mindful only of the rights and liberties of his fellowmen, gives his life to their service, and, with the lustre of his virtues ever brightening to the end, passes from their view.'"

FREE KINDERGARTEN.

Yearly Report of the Good Work Prosecuted in Asheville.

Mrs. O. M. Quayle, superintendent of the Asheville Free Kindergarten, makes the following yearly report of the progress of the work in the city:

"Central kindergarten was opened September 15, 1891, with an enrollment of 30, Misses Turner and Kerr, teachers. Riverside kindergarten was opened October 1, with an enrollment of 28, Misses Scott and Nelson, teachers. Enrollment at Christmas, 44. Since January the kindergarten has been under the management of Misses Slack and Hall. Southside kindergarten opened October 1, Misses Parish and Bryson, teachers. Enrollment, 27. Doubleday kindergarten opened October 19, Misses Smith and Stockton teachers. Enrollment, 28.

"In all of the kindergartens there was a steady increase in attendance until Christmas, which was celebrated by public exercises and a tree at a union meeting at the Central. The children were given a free ride on the street cars. The tree and gifts to the children were procured through the efforts of Miss Slack and the normal class. Many of the gifts were made by the children, intended for parents and friends.

"The continued wet weather in January caused a marked decrease in attendance, which was overcome in the succeeding months.

"Through the influence of Misses Slack and Scott, there is a growing interest on the part of the parents in the Riverside district. In the Doubleday district the demand for admission is greater than the capacity of the kindergarten. Much of the success of the work in the kindergarten this year is due to the untiring and faithful work of the normal class, both in securing and keeping regular and full attendance, as well as doing conscientious and effective work with the children. The kindergartens were closed May 13, with appropriate exercises.

"During the year contributions to the amount of \$1,392.65 were made by the association from citizens and friends of the cause, to whom the thanks of the association are extended for their liberal support."

Quit Your Meanness.

COLUMBIA, S. C., June 1.—A mass meeting of colored people was held yesterday afternoon at Calvary Baptist church and many speeches were made by prominent colored men. Resolutions were adopted setting forth the evils of lynchings and calling on colored men to desert from crimes that provoke them and the whites to brow beat down and let the law take its course.

THE MINE CAUGHT ON FIRE

AT LEAST FOURTEEN MINERS PERISH.

The Fire Extinguished After Long Struggle—Volunteers Heroically Go Into Mines to Rescue Their Fellow Miners.

PRAGER, June 1.—An appalling accident has occurred at the famous Hicksberg silver mine near Prager in Bohemia. The timbers used in supporting the roof of the mine caught fire. The flames spread from one part of the workings to another until the whole of the mine was a mass of fire.

The escape of the men working in the mine was cut off.

After a long struggle the fire was extinguished and volunteers went into the mine to rescue any one who might have lived through the fire. The galleries were found to be badly obstructed with charred timbers and much difficulty was found in making progress in any direction from the shaft.

The rescuing party found no trace of life, but they discovered fourteen bodies which were sent to the surface.

The volunteers are still at work in the mine.

500 men were working in the mine, and all but forty succeeded in making their escape. Many of these were seriously injured. They were brought to the surface.

NO SNAP CONVENTIONS

THAT OF HILL'S IN FEBRUARY DENOUNCED.

The Electors Chosen Then, However, Nominated and Approved by the Anti-Snap Convention—Free Silver Jumped Upon.

SYRACUSE, N. Y., June 1.—After the re-assembly of the anti-snap convention yesterday afternoon the platform was read and adopted. The denouncement of the mid-winter convention was greeted with tremendous applause. Reference to Grover Cleveland as being able to carry New York state also moved the convention to its feet in a storm of applause, while the affirmation that the convention and its constituency would support the nominee at Chicago, whoever he might be, was greeted by a burst of ringing cheers.

Judge Sumner, of Schuyler county, read the list of delegates and the delegates at large chosen by districts and by the committee on delegates to the Chicago convention. Mr. Fairchild then read the list of electors named at the Albany convention in February and those nominations were endorsed.

The work of the committee on delegates was approved and thus the question of a protest or contest had been determined and the course of the contest and demand at Chicago for the seventy-two seats of New York had been fixed upon.

The platform as adopted first denounces the republican party, its billion dollar congress and its McKinley bill and force bill, and contrasts with it Grover Cleveland's nomination. It denounces free coinage of silver and demands the repeal of the Sherman silver law of 1880.

RANSDELL AS A PROPHET.

Harrison's Friend Says Blaine Will Write Another Letter.

WASHINGTON, May 30.—"Mr. Blaine will write another letter. He will again decline to allow his name to go before the Minneapolis convention."

I quote Major Dan Ransdell, marshal of the District of Columbia, one of the closest personal friends of the president, and probably the most constant visitor at the white house, in Washington or out of it. That he enjoys the confidence of the president is well known.

When he had made the statement that Mr. Blaine would write another letter, Major Ransdell added significantly, "And there will be no contest at Minneapolis."

As the Major spoke so confidently and seriously about Mr. Blaine's intentions I remarked to him that he must have some reason for making the statement.

"I have," he said, "and I am certain of it. You can quote me as saying it, and you can put it down as certain that the president will be nominated on the first ballot."—New York Herald.

UNDER A TAMPA LIVE OAK

A WARM CONVENTION IN FLORIDA.

It Gets Too Warm the Chairman Can Readily Take to the Woods Near By—The Alliance Mightily Concerned.

TAMPA, Fla., June 1.—The democratic convention meets at 12 noon today. It will probably be in session for four days and will be the hottest fight in the political history of Florida.

Nearly all the delegates were here last night and caucusing at once began in earnest. The two greatest contests are over the gubernatorial nomination and the seating of one or the other of two contesting delegations from Duval county. The victory of one or the other means the nomination or defeat of Judge Mitchell for governor. An unexpected turn was given to affairs last night. Alliance matters have been very quiet for a year past, but last night in a caucus of the alliance delegates, numbering over one hundred, nearly half of them insisted that the convention endorse the Ocala demands and the St. Louis platform, and a hard fight has been precipitated.

If the alliance delegates can agree upon a policy they can control the convention, since they hold the balance of power between the two factions of the party. This action of the alliance makes the fight a triangular one. Mitchell will probably go before the convention with 100 votes out of 140, and he is persistent in asking a nomination only under the two-thirds rule, but his followers are divided on that matter.

At 11 o'clock this morning there was a rumor that Mitchell's friends will decline to present his name on account of his personal opposition to the majority rule.

The wigwag in which the convention is to be held is a unique affair. It is an open air structure on the Fort Brooke reservation with only a roof. In the centre of the chairman's platform is an immense forked oak whose branches afford a safe retreat, in case there is too much excitement. The pillars of the building are covered with palm-leaf and are entwined with streamers and flags. The wigwag is 125 by 100 feet. Outside there is plenty of room for the hundreds of "boomers," now in the city.

A DAMPENING EFFECT.

Small Attendance in the House of Representatives.

WASHINGTON, June 1.—The interest in the fast-approaching national conventions and speculation as to the candidates which the two great parties will present for the suffrages of the people have a very dampening effect upon the business of the house. The attendance this morning was small and the attention listless. A few private bills were passed without opposition.

The census investigating committee obtained leave to sit during the sessions of the house. Mr. Oates, of Alabama, submitted a report of the committee on judiciary in the case of Judge Boardman, of Louisiana. It was ordered printed and laid on the table.

Mr. Whiting, of Michigan, from the committee on ways and means, reported a bill limiting the amount of wearing apparel and personal effects that may be admitted free of duty. Calendar.

The house then went into committee of the whole (Mr. Buchanan, of Virginia, in the chair) on the postoffice appointment bill.

In the senate today the credentials of Epes Huntton (recently appointed by the governor of Virginia to the office made vacant by the death of Senator Harbour) were presented by Senator Daniel and when they were read at the clerk's desk the presiding officer, Mr. Manderson, invited Mr. Huntton to advance and take the oath. Thereupon Daniel and his colleague came forward, arm in arm, and the oath of office was administered by the presiding officer to Mr. Huntton. Subsequently Mr. Huntton was appointed to the committee on claims in the place of Mr. Faulkner, excused, and Mr. Faulkner appointed to the committee on immigration in the place of Daniel, excused.

Mr. Hale, from the committee on appointments, reported back the consular and diplomatic apportionment bill with amendments and gave notice that he would call it up at a very early day, perhaps tomorrow.

HE WALTZED INTO CHURCH.

Then He Proposed Three Cheers For the Preacher.

CRAWFORDSVILLE, Ind., May 30.—The Rev. R. S. Ingles was preaching at the First Presbyterian church last night when suddenly John Matthews, a member of the church in good standing, appeared at the door, and with a whoop started down the aisle. He was intoxicated, and in his hand bore a huge bouquet.

He struck the waltz step and with a vigorous glide soon landed in front of the altar, where the minister stood speechless with astonishment.

Matthews thereupon took off his hat and, with a grand flourish, proposed three cheers for the preacher, at the same time presenting him with the bouquet.

He then seized an imaginary partner about the waist, and waltzing up the aisle disappeared through the door.

The sermon was concluded with difficulty.—N. Y. World.

A PETITION.

The Green Grocers to Ask a Repeal From the Aldermen.

A petition is being circulated among the green grocers of the city, asking the board of aldermen to repeal the ordinance requiring all who handle country produce to go into the new market house.

There are about seventy produce dealers in the city, and it is believed that all will sign the petition. These dealers take the position that there is not room for all in the market, and that to force them to give up the produce trade will force many of them out of business, as their profits on their other lines of goods will not be sufficient to pay rents and other expenses.

The petition will be presented to the board on next Friday afternoon.

DID HE TRY TO COMMIT SUICIDE?

The train which leaves the Asheville depot at 3:05 was rounding the bend yesterday when a man rushed to the platform and jumped off. His rash act created great excitement among the other passengers—they all thought it was a case of suicide. Ladies fainted, men rushed to the platform expecting to see his mangled form upon the track, but the fact was he had forgotten to put his bottle of "Buncombe Pills" in his satchel and would not start on his journey without them. He took great chances, but he might have taken greater.
