MINNEAPOLIS, June 4.- Supreme confi lence on the one hand; serene assurance say what faction is doomed to disap pointment. Certain it is both are taking a very roscate view of the situation and t is generally certain that a majority o the delegates who are to compose the great convention are as yet positively

mpledged. The Harrison people, acting on the in structions from state conventions, star their candidate off with nearly 300 votes assured; and their opponents are religiously relying on the intection of the "popular Blaine movement" to sweep in nearly all amostracted delegates and make serious inroads in many of the in structed delegations.

Thus it is that the figures given out by the two factions differ so widely and ire accepted so lightly by experienced oliticians. The announcement of Scere ary Phane that he would write no more letters and make no further utterance is accepted as conclusive by all and, strange o say, both factions seem to find in it source of congratulation. The Blaim men say it means their idol is in the hands of his friends and will accept the nomination when tendered him; and the Harrison leaders says it means that a forther expression is unnessary, and that the secretary of state stands by his fam-

us letter to Chairman Clarkson. No one, however, but the Harrison en thusiasts have now any doubt that Blaine's name will be presented to the convention. The assurance that he is not going to forbidi, makes that morally certain, and the calmer heads are nov applying themselves assiduously to as certaining the intentions of delegates Both sides seem to have suddenly realized that it is delegates after all who are to settle this question and every incomit delegate is promptly seized immediately upon his arrival and his allegiance carestly besought by rival leaders.

It is believed Blaine will not formally be placed in nomination at all. The plan is to allow the Harrison nominating and seconding speeches to proceed without interruption, and then, when the rall call begins, to have Alabama, Arkansas, Cobrado, and other leading states in the list east a majority of their votes fo the popoular leader. This, it is hoped, will create a stampede of the uninstructed delegates to the Secretary of State and esult in his nomination on the first bal
