## IT CANNOT BE CHANGED

**MAYOR BLANTON ABOUT HIS SALARY.**  
Likewise He Will Not Go Back to His Old Work of Trying Cases for Less Than \$1,600—He Seems to Have the Board Up a Tree.  
There was nothing remarkable about the meetings of the aldermen and advisors yesterday afternoon, excepting the newly cleaned floor of the council room. Mayor Blanton, Aldermen Leonard, Starnes, McDowell, Gudgeon and Baird, and Advisors Bearden, Scott and Cummings participated in the deliberations. The brick paving that is supposed to be under way was the most interesting topic discussed by the joint board. Mr. Starnes said that as Contractor Corpening had finished grading South Main street about two weeks ago, and the paving contractors had been notified to go to paving that street, it was high time Webb, Oates, Eskridge & Co., the contractors, were required to begin work. He made a motion, which carried, that they be notified to begin work on or before next Tuesday morning. The

street committee was instructed to make some arrangements whereby checks might come into the city while South Main street is torn up.  
**Thirty Days More!**  
Patton Avenue, which is now a thorn in the flesh of every business man on it, was discussed some. Mr. Starnes said Col. Martin had promised to go to paving between the rails of his car line Thursday, but as yet nobody had caught the Colonel in the act of doing the work. Mr. McDowell said that the Colonel had not gotten out of town, as he had represented to the board. Mr. Scott here brought out an interesting bit of news, which goes to show that, with perhaps the exception of himself, the board as well as the mayor and clerk, are poorly posted on the provisions of the improvement act. The act says that the street railway companies, before they can be made to pave between the rails, must be given thirty days' notice by the city engineer. Engineer Lee said he had given no notice because he had never been instructed to give any.

**Now, We'll See.**  
Finally Mr. Cummings made a motion that the city engineer be instructed to notify Col. Martin to put his tracks on Patton Avenue, North and South Main and Depot streets in shape for paving, or the board will proceed to take such action as may be necessary in the premises. This means a good deal. The board seriously discussed the question, and there is a disposition to declare a forfeiture of the street railway company's charter if President Martin does not do this work, as the act makes forfeiture the penalty for refusing to do the work after due notification. The motion was adopted.

The contractors said that if the sand for the foundation between the rails on Patton Avenue could be put down now they could go to paving on the outside at once. Mr. McDowell moved to have the street committee see Col. Martin, and if he will not do the work, the committee will have it done, in order to expedite the paving of the now impassable avenue.

**Some Other Matters.**  
A request made by Mrs. W. L. Hilliard, that the front of her lots on South Main street be sold and otherwise put in as good condition as before the widening, was granted.  
The city engineer was instructed to the plant for the increased water supply are printed, which will probably be Wednesday next.  
The engineer reported that the rebuilding of the retaining walls by Contractor Britt had been satisfactorily done, and the amount withheld by the city was ordered paid.  
These bills were ordered paid: J. D. Henderson, street department, \$64.25; Devan France, salary, \$50; A. E. West, balance on contract, \$20; H. M. Smith, culvert, \$579.30; N. A. Penland, house rent, \$10.  
The committee on the mayor's New York trip was not ready to report.

**"THE BIG SIX"**  
What the Aldermen Did Yesterday Afternoon.  
The nearest approach to news made by the board of aldermen in their meeting yesterday was the short discussion of the election of a recorder and the mayor's salary. Mr. Gudgeon went out and returned with a copy of the laws of the last legislature and handed it round to the board. There was a difference of opinion among the members, some thinking it was too late to elect a successor to Recorder Miller, according to law. Mr. Starnes said he had been told by

## KILLED TEN PASSENGERS

**THE FLAGMAN WAS CALLED IN TOO SOON**  
One Section of a Train on the Pennsylvania Railroad is Run Into by Another—One Woman's Head Cut Off  
HARRISBURG, Pa., June 25.—The West-ern express on the Pennsylvania railroad leaving New York at 6:30 p. m. and Philadelphia at 9:20 is due in Harrisburg at 12:15 a. m. This morning, however, it was several minutes late leaving Philadelphia, and had not made up the lost time when it reached here. The train was made up of one baggage car, one express car, three day coaches and the private car of George Westinghouse, the Pittsburgh inventor of the air brake. Robert Pittman, of Pittsburgh was also with the Westinghouse party.  
As the train rolled into Harrisburg it was stopped a few minutes at Dock street, east of the station, to allow some shifting in the yards, a flagman being sent back to signal the second section, which was following close behind. He

## DID HE TRY TO COMMIT SUICIDE?

The train which leaves the Asheville depot at 3:45 was rounding the bend yesterday when a man rushed to the platform and jumped off. His rash act created great excitement among the other passengers—they all thought it was a case of suicide. Ladies fainted, men rushed to the platform expecting to see his mangled form upon the track, but the fact was he had forgotten to put his bottle of "Huncombe Pills" in his satchel and would not start on his journey without them. He took great chances, but he might have taken greater.

## THE RECORDERSHIP

**Has the Board Sat Still While the Procession Moved By?**  
Chapter 3 of the private laws of North Carolina, passed at the session of 1891, says in part:  
"Sec. 1. That immediately after the ratification of this act the board of aldermen of the city of Asheville shall elect a city recorder, to hold office until the third Monday in June following, or until his successor is duly elected and qualified."  
"Sec. 2. That on the said third Monday in June, 1891, and on the same day in each succeeding year, the said board of aldermen shall elect a successor to the said city recorder, to hold office one year, or until his successor is elected and qualified."  
The following is taken from section 17 of the improvement act:  
" . . . But it was not the meaning of said act to deprive the mayor or mayor pro tem, of any of the jurisdiction given him under the laws of this state, prior to the passage of said act; and furthermore, that the word 'shall,' in the first and second sections of said act, shall be construed 'may,' and that the board of aldermen, in their discretion, may elect, or not, such recorder. And he is further enacted that said act, last above referred to, ratified on the 20th day of January, 1891, be, and the same is hereby amended as follows, to-wit: By adding to section four the words 'that when the board of aldermen shall elect such recorder, they shall, at the same time, elect a successor to the recorder of the mayor, as well as that of the recorder.'"

## NEVADA SILVER PARTY

**It's a Little One From a No-account State.**  
Reno, Nev., June 25.—The third party convention met here yesterday, C. C. Paving, of Reno, was elected permanent chairman. The platform demands the remonetization of silver and the free and unlimited coinage thereof. It denounces action upon the coinage question by the recent national republican and democratic conventions. It pledges the presidential electors selected by the convention to support no nominee for president who is not unqualifiedly in favor of free coinage, and confers upon the silver league of Nevada the right to direct the presidential electors for whom they shall cast their votes. The platform was adopted. The Silver party of Nevada was then selected as the name of the new organization. Three presidential electors were chosen and twelve delegates to the Omaha convention appointed, after which the convention adjourned.

## THERE ARE LYNCINGS.

**And Such Crimes as This are the Cause of Them.**  
NASHVILLE, Tenn., June 25.—Mrs. Bate, the wife of a respectable young farmer living near Shelbyville, in Bedford county, was outraged and murdered yesterday, and there is no clue to the perpetrator of the horrible crime. The corpse when found at some distance from the house was almost nude, the face was mutilated beyond recognition and the skull crushed in by a broken fence rail, which lay near.  
Mrs. Bate had been outraged and the brute had then murdered her.
