WEAVER & MYERS,

There Was Great Sport for a Large Crowd Vesterday Afternoon on Montford Avenue-The

CLOSING CONTESTS BY THE

out on Montford avenue vesterday afternoon to see the firemen's roces were repaid for standing in the hot sunshine for

The contests were scheduled for o'clock, and they began very nearly on couple of week's practice they did briltime. After the first, however, there was an unaccountable delay between each event. But the crowd stood all this patiently, and enjoyed the waits by chinning and standing along the avenue waiting for something to turn up.

When something did turn up the wowd would yell its best, whether Asheville was in the race or not.

It was a thoroughly good natured rowd, the only trouble of the day being between a colored boy and a white boy the latter of whom had stepped on the former's toe. The colored boy took out his knife, but Chief Powell was stand ing near and had the boys hustled off the

The judges in the reel contests were R. Donnell, Greensboro, and B. T. Amerson, Wilson, starter, Dr. J. W. Griffith, Greensboro; timekeeper, W. A. Farris, Greensboro; In the foot race C. T. Rawls, Asheville, and B. T. Amerson, Wilson, were judges. W. C. Bradsher, Durham, kept time, while P. C. Petrie, Durham are starter. Durham, was starter.

The Events. The first contest was a hand hose reel race, distance 150 yards. The first money in this race was larger than any prize given during the tournament, \$150 second money, \$50. The Asheville team BOTH PARTIES AT FAULT ran first. There was a failure in putting on the nozzle and the team was ruled out. Asheville's time was 29 seconds. Durham company No. 2 ran next, mak-ing the time 32 seconds. Durham Independents No. 1 closed the race.

They were expected to beat their partner team, but couldn't make it, their time being 3314 seconds.

The next event was a hand reel gral The next event was a hand reel grab race, something the Asheville boys had never seen. The distance was 100 yards, the reel being placed 50 yards from the plug. The men had to grab the reel while running at full tilt. The time of the Ashevilles was 29 seconds, Durham No 1 did the work in 25 seconds, and Durham No 2 went them 5 better making the time 20 went them 5 better, making the time 20

seconds. First money was \$30, second \$20. The horse hose reel contest followed. There was great interest in this race. There were only two entries, Asheville and Greensboro. The rules required the horses to run 200 yards to hydrant, and the unreeling of 288 feet of hose, to show water 50 feet within the 288-foot line. The Asheville boys did the work in 1 minute 351 taken pains to explain to the men the seconds, showing water at the required distance. Greensboro made it in 1 minute 351 taken pains to explain to the men the seconds, who was a second water beyond if the Amaleamated minor had been less that the required distance.

ute 11 seconds, but showed water beyond if the Amalgamated union had been less the line. Capt. O'Donnell claimed the contentious, and had shown a disposirace for the Ashevilles on this account, merely as a matter of record, and turned the money over to Greensburo. The The 100 yards individual foot race

The 100 yards individual foot race closed the tournament. There were nine catries in this event: H. W. French and Jasper N. Burns, Asheville bose company; Chas, and W. A. decided that it should be run over, on a count of a wrong start on the part of all by the republican connention of the fifth but two men. French and Burns won, district, held here today, by a vote of French's time being 10% seconds, Rurns almost tieing him. The second race ended the same way as to winners. French making the time 11 seconds, and Burns 114 seconds. The first prize was \$15 and the second \$10. The crowd went wild over this race.

French and Burns were lifted up and carried around on the shoulders of their enthusiastic admirers. This closed the day's amusement and the crowd made its way home-
